DECLAMATORY AND ORATORICAL

Contest Will Be Held in The School Auditorium Friday Evening April 27.

For years, one of the best of the many good entertainments given annually by the school, has been the Declamatory Contest and the contest to be held at the School Auditorium next Friday night, promises to be one of the liveliest in the history of the school. Five young ladies have volunteered for the Declamatory contest and two young men will compete for the medal in the Oratorical contest.

The speakers and their subjects follow:

Miss Wilma Wright, "The May Bug"; Miss Nellie Stone, "The Lion and the Mouse"; Miss Katherine Reed, "Gazelle and Swan"; Miss Viva Shuttlesworth, "Sergius the Lion"; Miss Gladys Hardy, "The Miracle 'From Ben Hur'"; Owen Davenport, "Our Republic"; Ellis Boaz, "Weighed in the balances and found wanting."

Weather Forecast.

For Ohio and Tennessee: Except showers Tuesday or Wednesday generally fair with normal temperature.

GOOD INTEREST IN REVIVAL

Rev. Wood of Mayfield is Delivering Some Fine Sermons at The First Baptist Church

The Baptist revival increases in interest at each service. The afternoon discourses are especially good, and are enjoyed by all christian people, regardless of creed. Tuesday evening seven joined the church, and there are now a dozen more under conviction.

Dr. W. M. Wood of Mayfield, who is doing the preaching is a power in the christian world and an able exponent of the Baptist faith. No one, who can attend, should miss any of these services as each one is a rare treat. Dr. Wood is ably assisted by a large choir led by J. B. Wheeler a song evangelist of Hannibal, Mo. At the opening of each service the singing of several familiar and beautiful hymns by the choir or of a quartett by male voice is a fitting prelude and furnishes an inspiration to all who are fortunate enough to hear it.

The singers have able accompanists in Misses Lucile Pope, organist; Elizabeth Cook, cornet; Juliet Cook, 2nd cornet; W. D. Cannan, violin; and Mrs. Ernest Butler, 2nd violin.

PLOT TO BLOW UP BRIDGE

Boys at Blackford Discover Wires Attached to Dynamite Caps Under Railroad Bridge

Two boys, fishing on the bank of Tradewater river at Blackford Monday morning, made a discovery which looked very suspicious, to say the least of it.

The boys noticed a strand of wire protruding from the water near the northern pier of the Railroad bridge and began pulling it out. When they drew it all out of the water a dynamite cap was found attached to the end of the wire. Proceeding with their investigation the boys discovered more wires and pulled out sixteen more all with dynamite caps attached to the end.

They reported the matter to the people in the town and soon a large crowd gathered around in an effort to solve the mystery, but when this was written no further evidence had been obtained.

Mr. W. W. Lee, the I. C. agent at Blackford who reported the matter to the Enterprise, stated that the caps had every appearance of having been attached to sticks of dynamite, but how they all came detached is not accounted for. He stated that a complete investigation of the

DR. J. D. THREL- KELD SEEKS SEAT

In House of Representatives.—The Livingston Enterprise Says This of His Candidacy

The Livingstone Enterprise of 1st week in announcing Dr. J. D. Threlkeld's candidacy for the legislature had this to say of him: "The many friends of Dr. J. D. Threlkeld in this county will be glad to know that they will be given an opportunity to vote for the Doctor, who is now before the people of this and Crittenden county, asking for the democratic nomination for Representative. Dr. Threlkeld is now a citizen of Marion, but formerly lived at Salem, this county where he practiced medicine. He is well known in both counties and will doubtless make a popular candidate for the office he seeks."

There has been an understanding between this county and Crittenden for a long time by which each county furnishes the candidate alternately, and under that agreement, it is Crittenden's time to furnish the nominee, which will probably not be asked for by any democrat from this county this year.

Dr. Threlkeld is a life-long democrat, a man of experience among men and has much valuable knowledge from which to draw, if he should be commissioned to Frankfort as our representative and law maker.

His card will appear in the next issue of the Enterprise, in which he will set forth his views on matters which will constitute the topics for discussion during the present campaign and to be solved out by the next Kentucky Assembly.

The Enterprise places his authorized announcement in this issue, asking its many readers to give him and his candidacy due consideration in the primary to which he submits his candidacy, desiring the support of every democrat in the two counties."

matter would be made by his company. Up to this time the Blackford bridge has not been guarded.

The ends of the wires found were imbedded in the bank of the river under water, in close proximity to the pier of the bridge. The pieces of wire ranged from 15 to 20 feet in length.

It is believed that unless they have been washed away dynamite sticks will be found on the bottom of the river. Where the wire was found the water is only about waist deep, but no search has yet been made for dynamite.

Two suspicious looking characters, one evidently a German, were in Blackford Friday. This man was sharpening razors.

CULTIVATE YOUR VACANT LOTS

Our County Agent's Appeal to Crittenden County People to Plant Something

To the people of Crittenden County: You have no doubt seen the call to duty from our President thru all the news papers. Each one of us has an important part. The most important part of our Country in this war is the production of food stuff of all kinds. If each and every family in this County would supply their own needs and have a little to spare, we will have done our part; this means everything to eat. This can be done and should be done.

Every Mining Company have your foremen see that every employee in your service plants a garden, and in it have every vegetable both for summer and winter use.

All the vacant lots around the towns should be put into use, we have lots of people in our midst that have not sufficient ground to raise a garden. Help these people and your Country by looking them up and making arrangements with and for them to have a good garden.

Farmers, it has been proven that 16 per cent acid phosphate will increase your yield on the soil in this County, and so by all means use it this year. This commodity is the only thing I know of at this writing that is cheaper this year than last. Thru cooperation we have been able to buy this fertilizer for the farmers, handled by the Marion Milling Company, for 85 cents per 100 lbs. or \$17.00 per ton; this is \$1.60 cheaper than a year ago.

Bankers, the foundation stone was laid April 9th in the distribution of the Heifers for the prosperity of this county, but do not stop with the foundation. We have lots of farmers who are unable to buy what they need to produce a good crop. You have your vaults "loaded to the guards" with coin; you can help by getting in touch with the people who need your assistance.

Business men other than farmers. In other Counties thru their Associations the Business men are reaching every quarter of their county by appointed committees to see that nothing is left undone in the way of helping the farmer in need and I know the Business men of Crittenden are willing and will reach out and show their Patriotism in this time of need. We need cans by the car load to be sold at cost by the business men of this county.

Women of the County see that more and better garden stuff is produced and then that not one thing goes to waste, try it, form your neighborhood clubs and can everything. I believe that we will be able to get cans to hold our products. If every family has plenty and a few cans to spare we have done our part towards feeding the world.

FOR SCHOOL SUPERINTENDENT

Jas. L. F. Paris Asks For Nomination in Coming Republican Primary, Aug. 4

In order that it may be more generally known I hereby make my announcement as candidate for the office of Superintendent of Crittenden county schools.

This is the first time for me to ask for an office of any kind, and it is only after numerous solicitations that I come now before the voters and ask for your consideration, with a great desire to help you in further promoting the educational interests of our County, and to all who remember me with a kind word or thought I offer my sincerest gratitude.

I desire not to give testimony of myself, but as voters who have the right to select your public servants, it is your privilege and your duty to know the qualifications of the one whom you place as leader for the schools of the county. My record as a citizen is open for your inspection, and to the following sources. I ask you to make investigations when deciding who to vote for.

Practically, I have lived on the same farm all my life, toiling in its fields, using every opportunity to study, that I might secure an education. To those who live around me and have known me from childhood, I refer the voter when making your decision.

For the last sixteen years, I have taught in the districts nearest my home. Teaching seven years of this time at one place, and five at another. For a record of my work I invite you to ask the parents or the boys and girls who have had any vital interest in my school.

To my former pupils and patrons who have of their own accord so loyally offered their support. I wish to express my appreciation.

I hope to see you personally and discuss the matter with you. If I am successful in the Republican primary on August 4, if I have an opponent, I expect to try in a fair and honest way to win in November, and it shall be my great desire and endeavor if elected, to fill the office with credit to myself and to those who elect me. No matter what party or race you belong to our school interests are the same, and every person concerned in better schools and every district in Crittenden County shall receive my best services.

Erects Tabernacle in One Day.

Henderson, Ky., April 24.—This city witnessed today for the first time in its history, the erection of a building 88 by 144 feet. The building is the tabernacle for the Bulkin revival, which begins on Sunday and continues for five weeks. One hundred and forty men assisted in its erection.

PATRIOTIC SPEECH

Delivered by John A. Moore at The
Flag Raising Monday Apr 16
In School Yard

Mr. Chairman, Ladies and
friends.

We meet to day under what
many believe to be the greatest
crisis that has ever confronted
our country. For more than two
years all of Europe has been en-
gaged in one of the most cruel
wars known to history; a ver-
itable battle of death, resulting
in the most awful carnage
known to war.

As a result of this great con-
flict and from questions growing
out of it, we as a Christian nation
have for more than a year borne
the various insults hurled at us
by a foreign foe, in order to
maintain peace and it possible to
eventually establish peace for the
warring nations; during this
period our ships of commerce
have been attacked and untold
millions of our wealth sent to the
bottom of the ocean. Our citi-
zens, men, women and children
have been murdered upon the
sea without warning by German
submarines, that too, while en-
gaged in peaceful and lawful
pursuits, and in many instances
while going to aid and succor
the wounded and dying in a
foreign land.

After every effort known to
diplomacy and to Christian civi-
lization to avoid it, we today
find our country engaged in war
with a foreign power. A war
not of our choosing; a war not
of conquest; a war not of hatred,
but a righteous and a holy war.
A war for humanity; a war for
civilization, a war for liberty and
freedom, a war for the right of
every human being to travel
the high ways of the seas un-
disturbed and unmolested; a war
that when finally ended, will
end with it forever Prussian
Militarism, then and not till then
will the highways of the seas
again be free for unmolested
travel.

In this case and for these
purposes, that sacred ensign
floats at the British front, side
by side with the flags of England
and France, it has been raised
by true Americans, who have
offered their services and their
lives in this cause. To day our
banner is borne aloft by Ameri-
can soldiers, wearing American
uniforms but fighting in the
armies of England and France.

It is but fitting, then my
friends, that we to day, as patri-
otic, American citizens, should
meet here and united to the

breast and lift high toward the
heavens, that sacred ensign,
there to signify as it does, the
protection of this great country
for each and all of its citizens
wherever they may be.

As we gather here to proclaim
our loyalty and show our devo-
tion to our country, may the
crisis in the heart of each citi-
zen of the nation, such a wave
of patriotism such love for our
country, that there may not be a
slacker left within our borders,
that fathers and mothers may
give to the cause of our country,
that which is nearest and dearest
their hearts, their sons and
their daughters.

By such heroism and acts of
sacrifice by our forefathers, they
handed down to us our freedom
and our liberty, today we are
called upon to make the same
great sacrifice that our govern-
ment and its institutions may be
perpetuated and passed down to
future generations as it was to
us. Will we do it?

Let me answer that question in
the language of another.

"Are we cowards that we flinch
when insulted by a foe?

Will we meekly stand and
whimper, and await an other
blow?

Are we cravens that we argue
while our flag meets with dis-
grace?

Are we but a set of weaklings,
that our honor we debase?

Shame on those who talk of
peace, shame on those who
prate of peace?

They are traitors to the Nation
and their cringing they must
cease.

They are ready to surrender,
they would welcome an attack.

They would paint our navy
yellow, they would paint our
Whitehouse black.

We are ready for the crisis,
we are ready for the test.

We are one from North to
Southland, we are one from East
to West.

We will sacrifice our every-
thing, our nation to defend.

But we'll keep OLD GLORY
flying till the world comes to an
end."

So long my friends, as that
proud emblem of our country's
liberties, with its stars and
stripes, shall wave in the halls
of American Legislation and over
the schools and colleges of this
country, just so long shall it
cast its sacred protection over
the rights of every American
citizen. So long as it shall bear
its glittering stars, bearing them
amidst the din of battle and
waiving them triumphantly over
the oceans storm, just so long I
trust that the rights of American
citizens will be preserved, safe
and unimpaired and transmitted
as a sacred legacy from one
generation to another, until dis-
cord shall wreck this Sphere and
the march of time shall cease.

At Mrs Latham's Bier. - Members of
Many Patriotic Organizations
Attend Funeral

From the Memphis Commer-
cial Appeal we clip the following
items touching the life, death
and funeral of Mrs. Mary Lath-
am who was known to some of
our people, as she visited her
consin, Mrs. Lizzie Finley here at
intervals for many years.

"An unusually affecting trib-
ute was paid Mrs. Thomas J.
Latham when funeral services
were conducted over her body at
3 o'clock yesterday afternoon at
her home on Rayburn Boulevard
when hundreds of devoted friends
paid their last homage to the
memory of the noble woman who
for more than 50 years was a
splendid figure in the social and
civic life of Memphis.

The funeral services were con-
ducted at the home by Rev. Wal-
ter M. Whit, pastor of the Lin-
den Avenue Christian Church,
of which Mrs. Latham was a
member, assisted by Rev. Ben
Cox, pastor of the Central Bap-
tist Church, chaplain of the Mary
Latham Chapter, United
Daughters of Confederacy.

Tribute was paid by Dr. White
to Mrs. Latham's faithful devo-
tion to her husband, Judge Thos.
J. Latham, and of the ideal mar-
ried life spent by them.

The same funeral services as
said over the body of her lament-
ed husband were conducted over
Mrs. Latham at her special
request. Mrs. Eugene Daugh-
lass sang "O Burial Me in the
Sunshine," and the quartett se-

lections were rendered by Mrs.
Douglass, M. W. Josey, Ben Car
and Richard Martin, "Asleep in
Jesus" and "Somewhere the
Sun is Shining."

Around the casket in the beau-
tiful parlour of the Latham home
a company of Confederate veter-
ans sat as a guard of honor in
the expression of their devotion
to the untiring efforts of the
mourning leader of the daughters
who always strove to keep alive
the memory of the lost cause.
The veterans formed a guard as
the pall bearers placed the cas-
ket in its final resting place in
Elmwood Cemetery.

Conspicuous among the beau-
tiful floral tributes received at the
services was a magnificent sheaf
of American Beauty roses sent
by the United Sons of Confed-
erate Veterans. An emblem of the
Hermitage Chapter, Daughters
of the Revolution, which Mrs.
Latham served for 20 years as
regent and an emblem from the
Sarah Law Chapter, United
Daughters of Confederacy, of
which Mrs. Latham was for many
years president were also con-
spicuous for their exquisite
beauty.

The beautiful pall of snowy
blossoms was the tribute of the
Mary Latham Chapter, United
Daughters of Confederacy,
which bears her name. Floral
tributes were received from all
parts of the south from friends
who remembered Mrs. Latham's
untiring activities in social and
civic life.

Although she had reached a
ripe old age, when the end came
at her home Wednesday after-
noon Mrs. Latham was active
and energetic in her social and
club work.

Mrs. Latham's closest friends
knew of many charities which
she never allowed to become
public. She gave liberally to
many institutions during her life
and while she was considered an
unusually good business woman,
an appeal to her heart seldom
went unanswered.

It was made known yesterday
that she gave a free deed to her
magnificent home on Rayburn
Boulevard more than a month
ago to the board of managers of
the old man's home. The deed
was placed of record yesterday
and bears date March 13.

Mrs. Latham was preparing to
attend the Confederate reunion
to be held at Washington. Only
last week the official announce-
ment was made that Mrs. Lath-
am would be the chaperon-in-
chief for the Sons of Confed-
erate Veterans. Though she was
prominently identified with the
club life of Memphis and Tenn.,
for many years, it is probable
that as a daughter of the Con-
federacy she found greatest love
and about which centered most
of her interest.

Mrs. Latham is survived by a
sister, Mrs. I. F. Peters now of
Los Angeles, Cal., and a brother
W. H. Woodridge, of Memphis.

SEVEN SPRINGS

(delayed from last week.)

Uncle Joe Matthews, of Fran-
ces, who has been so afflicted
for the past year with cancer,
was able to attend church at
Seven Springs Sunday. We
were proud to have Uncle Joe
with us again.

Rev. Cunningham filled his
appointments Saturday and Sun-
day and Sunday night, and
preached three excellent sermons.

Mrs. Nellie Bennett and Mrs.
Jeffords, of Dycusburg, attended
services here Saturday.

Saint Griffith was called near
Crittenden last week on account of
the death of his brother, Elder
Griffith. His remains were
brought to Dycusburg for burial.

Miss Ola Charles, of Dycus-
burg, attended services here
Sunday afternoon.

Spring birds are singing, vege-
tation is springing up, turtle
doves are saying: "coo coo." Everything
is indicating the presence of a divine and higher
power than man.

George Daughtrey, of Cald-
well Springs, was in this vicinity
Monday.

Albert Turley was in Fredonia
Friday.

Miss Grace Yandell, a hand-
some young lady of near Frances
attended services here Saturday.

Brice McKinney, of near Til-
line, visited his parents, Mr. and
Mrs. J. N. McKinney, in this
vicinity this week.

The church at Seven Springs
will have their ordination meet-
ing for the purpose of ordaining
some more deacons for this
church, the third Sunday after-
noon in May at 3 o'clock.

Raymond Patton was in Fredonia
Monday.

Audry Brown, of Emmus,
makes regular trips and attend-
church on Sunday. We have
some pretty girls around Seven
Springs.

Matthew Henry and wife gave
the young people an Easter egg
hunt at their home Easter Sun-
day. It was a very pleasant
affair and especially by those
who found the most eggs.

M. L. Patton, Corbet and Del-
near McKinney, Elihu Dalton,
Jake Campbell and son, Roy,
were in Paducah shopping last
week.

Riley Braher was in Fredonia
shopping last week.

Leghorns

We have the S. C. White Leg-
horn, eggs \$1.00 per 15.

Will be glad to show you my
chickens they are the best.

Diet and Morals.

Famous dietitians and doctors who
have given careful study to foods and
their effects upon the morals and dis-
position of human beings and animals,
claim that they can determine the char-
acter of food eaten by the physiog-
nomy. This being true, it behooves
us, in the interest of our right to
beauty, to confine our diet to such
foods as are the allies of beauty, and
not its demonstrated enemies.

CROW BLACKBIRD

(Quiscalus quiscula)

Length, twelve inches. Shorter by
at least three inches than the other
grackles with trough-shaped tails.
Black, with purplish, bluish, and
bronze reflections.

Range. Breeds throughout the
United States west to Texas, Colorado,
and Montana, and in southern Can-
ada; winters in the southern half of
the breeding range.

Habits and economic status: This
blackbird is a beautiful species, and is
well known from its habit of congregat-
ing in city parks and nesting there
year after year. Like other species
which habitually assemble in great
flocks, it is capable of inflicting much
damage on any crop it attacks, and
where it is harmful a judicious re-
duction of numbers is probably sound
policy.

It shares with the crow and blue jay
the evil habit of pillaging the nests of
small birds of eggs and young. Never-
theless it does much good by de-
stroying insect pests, especially white
grubs, weevils, grasshoppers, and cat-
erpillars. Among the caterpillars are
army worms and other cutworms.
When blackbirds gather in large
flocks, as in the Mississippi valley,
they may greatly damage grain, either
when first sown or when in the milk.
In winter they subsist mostly on weed
seed and waste grain.

COMMISSIONER'S SALE

Crittenden Circuit Court, Kentucky

WILLIAM ELLIOTT, Plf
Against
W. B. RANSEN, Trustee, Dfs

By virtue of a Judgment and Order
of Sale of the Crittenden Circuit Court,
rendered at the March term thereof,
1917, in the above cause for the sum
of \$14,697.50 with interest at the rate
of 6 per cent. per annum from the 22nd
day of March, 1917, until paid, and
\$100.00 costs herein, I shall proceed to
offer for sale at Court-house door in
Marion to the highest bidder, at Pub-
lic Auction, on Monday, the 14th day

Muscle Soreness Believed

Unusual work, bending and lifting
or strenuous exercise is a strain on the
muscles, they become sore and stiff,
you are crippled and in pain. Sloan's
Liniment brings you quick relief, easy
to apply, it penetrates without rubbing
and drives out the soreness. A clear
liquid, cleaner than musky plasters or
ointments, it does not stain the skin or
clog the pores. Always have a bottle
handy for the pains or aches of rheu-
matism, cold, lambo, grippe, bruises,
stiffness, lumbago and all external
pains. At your druggist 25c.

Heat Spots.

The white spots caused by hot
dishes can be removed by rubbing
fresh oil on them. The bird should
be rubbed in with the fingers. If the
spots are very bad it will be neces-
sary to leave the bird on a few hours.
It is then rubbed off with a soft cloth.
The bird will not injure the finish of
the table. A finely polished dining
table, otherwise ruined by hot dishes,
can be thus reclaimed.

Don't be Crippled with RHEUMATISM!

ALLEN YOUNG IS HONORED

Our readers will rejoice in the honor recently conferred upon Allen Young, who is the son of T. W. Young of this county. Mr. Young is now attending the Bowling Green Business University at Bowling Green, Kentucky and has just been elected one of the three speakers for this literary society to meet three other speakers from a neighboring society at the same institution. For ten years the two societies have been meeting each other in annual debate, and a new trophy after a decade's struggle for the possession of the orange wood, gold-bound gavel that is offered as a trophy for the victorious side.

The subject this year is, "Resolved: That the President of the United States should be elected only once in six years, and be ineligible to re-election." Mr. Young and his colleagues take the affirmative. The debate will be held on the evening of April 23, in the City Opera House at Bowling Green. The audience is admitted on a ticket and every year hundreds of people are turned away for want of room. The event is looked forward to from year to year, and many people journey from far and near to enjoy it.

Mr. Young has proved himself to be one of the best students in the institution. He is a hard worker, a faithful conscientious student, and a young gentleman of unquestionable character and habits, and was unanimously chosen to represent it. Our people will await with much interest, and shall hope the decision will go to our Crittenden County boy. Burrah for Allen of the good county of Crittenden.

DANGERS REAL AND FANCIED.

The average woman will scream with terror at the sight of an innocent little mouse, and then complacently sit down and suffer in silence with diseases that are destroying her youth, her beauty, her very life. She will unconsciously resign herself to the woes and miseries of female troubles, which are to be dreaded a thousand times more than a tiny mouse. It is gratifying to know that untold numbers of women are being restored to perfect vigor and strength by Dr. Pierce's Favorite Prescription. The exact name of the disease doesn't amount to a row of pins. It is in the womanly organs, "Favorite Prescription" will hunt it out and benefit it. It can be a drain, a pain, an inflammation, an irregularity or a weakness, and this medicine will act as a true tonic and help restore the organs to healthy action. It prepares the girl to become a woman, the wife to become a mother, the middle-aged to pass the "turn of life" in safety. It is not a "cure-all" but a medicine for women only, and is the prescription of Dr. Pierce, Buffalo, N. Y., the world-famed specialist in the treatment of disorders of women. Any reader of this paper may consult Dr. Pierce free by mail.

Covington, Ky.—"I had 'Favorite Prescription' recommended to me. I had to overcome some conditions of nervousness and was run down. When I began using 'Favorite Prescription' I lacked ambition and strength. I used two bottles and it proved a strengthening and in every way beneficial medicine."—Miss MOLLIE KENTON, 1233 Greenwood St.

SEEK MEASURE OF SAFETY

Reasons Why Accident Insurance Is More Popular in This Country Than in Any Other.

In this age of rapid transportation, with automobiles and trolley cars vying in speed with the railroads, and with the great congestion in our popular cities, it is not surprising that one person in every half dozen suffers from an accident every year, nor is it surprising, in view of this fact, that accident insurance has become more popular in the United States than in any other country in the world. Hermit writes in Leslie's. Some of the largest concerns make a specialty of different forms of accident and disability insurance with policies ranging in cost from about 10 cents a week and upward, according to the liability involved. An accident policy can be had that will not only provide the payment of a weekly sum during disability, but also yield a life insurance benefit and promote other attractive features. Considering the amount of traveling we do in the United States every thoughtful person should have an accident policy as well as a life policy. Life insurance is objected to by some on the ground that "one must die to win," but an accident policy gives the beneficiary the benefit when he needs it the most. There is every reason, therefore, for the unexampled growth of the accident insurance business in this country. It promises to extend much further.

GETTING A START

By
Nathaniel C. Fowler, Jr.

(Copyright, 1915, by the McClure Newspaper Syndicate.)
YES OR NO.

Mr. C. E. E. Ussher is the passenger traffic manager of the Canadian Pacific railway, the longest railroad in the world. He could not help being loaded with experience, for his activities extend across the continent and over two oceans.

The other day I asked him to say a few words before one of my business classes. He made the shortest speech of the year—just sixty words—and every one of them weighed a ton. He said:

"Young ladies are popularly supposed to be concerned chiefly with the words 'Yes' and 'No,' but, judging by my forty years' experience, you, who will be stenographers, are chiefly concerned with the word 'Not.' If it be omitted, and the stenographer makes one say 'I am willing,' when he really said 'I am not willing,' great trouble results."

Millions of dollars have been lost because a telegraph operator wired a stock broker to buy, when the message read not to buy.

Even more millions of dollars have been sidetracked because some stenographer wrote "I will" instead of "I will not," and her employer signed the letter without reading it—careless of him, of course—with a resultant tremendous loss.

The moral world, as well as the business world, swings on "Yes" and "No." "I will" and "I will not."

Saying "yes" at the right time may stand for success, and saying "No" at the wrong time may encourage failure.

"I will do it" may be the phrase which carries you into prominence, and "I will not do it" may save your money and your reputation.

If you are a stenographer, learn the use of "yes" and "no." "I will" and "I will not," and never write them into a letter, or repeat them, unless you are sure that you understood your employer aright; and then, if you are certain that you did, but have a suspicion that what he said was not what he meant, be careful.

The clerks who rise from the ranks are those who do not follow directions blindly. They understand the why, and when they write out what is told them, or speak the words which they have been ordered to deliver, they have back of them the certainty that they are following directions, and the further guaranty, due to their judgment, that what their employer said he meant to say.

First of all be accurate. In taking shorthand notes, use the utmost care. In delivering messages, use the utmost care. In carrying out the most important orders, in carrying out the least important orders, use the utmost care. And with that care, employ your brains.

Think! If a note, if a message, if an order, seems strange to you, think it over quietly. If it still seems strange after you have given it thought, if you can see no reason for it, go to the one who is responsible for it and learn the why, or at least be assured that you have made no mistake. No man wants an employee who does not think, nor does he want one who will follow orders blindly. He is not infallible. Some day he may make a mistake, and he will then appreciate—perhaps substantially—the clerk who thinks, and shows that he thinks.

Rainfall in Hawaii.

The rainfall on the island of Hawaii varies greatly, ranging from the enormous downpour of 353 inches a year in the upper Waipio valley to 20 inches a year on the northeast coast between Hilo and Kohala. The Waipio surface streams on the island are found along the northeast coast between Hilo and Kohala. The only river, according to the United States geological survey, is the largest stream on the island, and has been partly developed for irrigation. At Kapoho, on the east point of the island, warm water flows from seams in the rocks. These "warm springs" flow into a pool about 100 feet long, 25 feet wide and 20 feet deep. The pool is entirely surrounded by rocks and its color varies in shade from a beautiful blue to violet. Waialeale, or Green Lake, is a body of fresh water in the pit of an old crater near Kapoho. This lake covers an area of about five acres and is fed by springs below the surface. A pumping plant takes water from this lake for domestic use and for irrigation.

Birds That Have Their Own Way.

The ways of birds are hard to understand. For years the Canadian authorities have been trying in vain to introduce the American quail, or bobwhite, into British Columbia. Last year a few pairs, perhaps half a dozen, migrated of their own accord from the state of Washington into the province, and have survived and bred there, and now bid fair to multiply rapidly. On the other hand, the willow grouse, which used to be very plentiful in that region, have almost wholly disappeared.—Youth's Companion.

SALIM

J. A. Farris, accompanied by Dr. Threlkeld of Marion went to Louisville for treatment by a specialist last week.

Mrs. Dr. Waddell visited relatives in Marion Saturday and Sunday and attended the Baptist meeting.

C. R. Ball and wife visited Harry Harpening and family Sunday.

E. L. Franklin and wife visited friends in Smithland Sunday afternoon.

Our school closed last week and the teachers have returned to their homes. We have had one of the best schools in the county and we shall be very fortunate to have them with us again.

Roy Conyer, of Providence, and Grady Waddell, of Marion, spent Sunday with friends and loved ones here. Salem is not lacking patriotism. Three of our boys have responded to the call to arms viz John Lee, Ben Richardson and Walter McDaniels.

C. B. Ellis and family, Leonard Lowery and wife were guests of J. D. Farris and family Sunday.

Walter Pierce spent Sunday with Curtis Teer near New Salem. Mr. Teer is in very bad health.

Frank Taylor and family visited in Marion Saturday and Sunday, and attended services at the Baptist church.

Miss Carrie Harpening attended services here Sunday evening and visited friends.

BELLMONT

Some few have planted corn in this vicinity.

Mrs. Beulah Alexander is the guest of her sister, Mrs. Mattie Crider, at present.

Henry Brown, Jim Bugg and John A. have just had telephones put in their homes on the 52 line, and they

say they are going to hear the news—the phone is a new thing to them.

Fred James and family were guests of Walter James Sunday.

Robert Traylor and sister, Mrs. Ada Felker, were guests of Ed Deboe and family Saturday and Sunday. Mrs. Felker is contemplating spending the summer with Mrs. Deboe.

Piney Fork Sunday school is having good attendance and good interest is being manifested. Classes numbered 64 Sunday. May 6th is Sunday school day and we hope to number 100 that day, so everybody come and bring some one with you.

Vernon Crayne went to Marion Monday on business.

Bradley, the little son of Jim Wilson, is quite sick at present. Dr. Cook is attending him.

Mrs. Boucher and daughter, Anna Blondel, visited Mrs. Harry Austin Sunday.

There was a little mistake made in last week's. It was the little baby of Mr. and Mrs. Burk Crider which died and was buried at Piney Fork, April 24th. The paper did not state which Crider it was. Mrs. Crider is a daughter of Rev. J. B. McNeely, of Fredonia.

Ed Thurman has bought the Frank Crider farm near Mrs. Alexander's and will move to it. Cecil Alexander will move to the house vacated by Ed Thurman.

Bill Boyd will move to John McConnelly's and will work for him this summer. —Snowdrop.

Charles Reed Hurt.

Charles Reed the bright and interesting son of Mr. and Mrs. A. H. Reed had the misfortune to get his foot and ankle pretty badly hurt Thursday while at play at the school house. His ankle turned and tore loose some of the ligaments and bruised his foot. A physician was called to treat the member and put it in a cast. While the young man will be confined to his room for some time, his friends hope the injury will be only temporary.

Document 40 Years Old.

A most interesting and valuable document was received by the editor last week from Mrs. Carrie Thomas now of Redland, Cal., in the shape of a catalog of the Marion Academy 1877 and 1878, 40 years ago this fall.

It was printed by Davis & Kehoe of Maysville, Ky., there being no job office here then. The name of John J. Nall appears as principal and professor of mathematics, and Robert H. Adams professor of ancient Languages and English Philology. Earnest Wagner professor of German, Miss Lizzie T. Adams teacher in primary department, Mrs. Lucy A. Glascock vocal and instrument music.

The board of trustees were J. N. Woods President, J. W. Blue, R. W. Wilson, S. Hojge and D. Woods.

The list of students contains names of many who have long since crossed the dark river, and of many whose names are now different from what they were then. Some of the young ladies who attended still live here.

To The Young Men of Crittenden County.

Congress will in all probability pass the draft bill today which will call all men between the ages of 18 to 25 to compulsory military service. My advice would be to volunteer and join the Marion company and go with the fellows you know. Come on and join the Marion company at once so you will be exempt from conscription.

Loyd's Brain Leaks.

Albert Elder says. About the only way to make your wife obey you is to tell her to go ahead and do as she pleases.

Diddy says. The more we think it over the more we wonder how Eve ever managed to get along without a box of talcum powder.

Billy Cox says. If the price of meat keeps on going up it will take a mighty brave man to eat nash a year from now.

Uncle Duck Green says. If you really want to do something to make other people happy, you might start in by minding your own business and letting them alone.

Miss Mattie Smith says. Nature is a mean cuss. Why can't she be more liberal with dimples and not so dog gone liberal with pimples.

John Travis says. Some preachers insist that we are mere worms. Maybe we are, but I have sense enough to hang on to the butt end of the fishing tackle.

Dan Patton says. They say the "Wages of sin is death" and there is one pay day that no man is anxious to see come around.

Dick Crowe says. When some men join a lodge they take the next day off and practice the signal of distress.

Albert Elder says. When a single man is wrong he is the last to find it out, but it is different with a married man.

Ed Baker says. The reason why some society women haven't any children is because they gad so much that the stork never finds them at home.

Charley Byrd says. It makes a woman who raised a dozen children snort with indignation when a highly educated old maid tries to tell her that babies do not cut their teeth, but cut their gums.

Albert Elder says. A man may argue with his wife for a while but he soon finds out that she can think of more mean things to say than he can.

Byrd Guess says. A man looks his worst when he hasn't had a shave for a week. A girl looks her worst when she is chewing gum.

A friend asked Charley Byrd one day: "Could you lend me a dollar till Tuesday?"

"I could, but there are so many Tuesdays, and I'm afraid you may be thinking of one ten years from now."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; otherwise out of the ear are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

A Warning

We are Advised by the
West Ky. Coal Co.

That the car situation is very serious and that labor at the mines has advanced 20 percent and also that coal would be higher than at present. The Vice Pres't. told us to insist that people begin putting in coal for next winter, now. We said to him, "Can you furnish all the coal we would need, if the people here should get in the notion to put in their winter coal?" His answer was, "No, but the people would have more time in which to get a supply."

We Assure you that this is no scheme to sell, we are only doing what we felt our duty, in giving you this timely warning.

Officials Do Tax

Payers Some Good.

The Crittenden County officials who went to Frankfort to look after the peoples interests in getting the raise, of 10 per cent made by the State board of equalization, taken off, succeeded extreme well on their mission. They convinced the officials at Frankfort, who had to do with these matters, that the raise on town lots should be cut half

in two or reduced from 10 per cent to 5 per cent and that the 10 per cent raise on our farm land and personalty should be cut down to 2 per cent which is a saving there of 8 per cent. The Crittenden County Committee consisted of Judge Asher Learner Guess, Clarence Thompson and Dick Cruce. In dollars and cents the County saves \$2500.00 by these reductions which was a good days work by these gentlemen. Thanks.

Greater and better Sunday Schools for a greater and better Kentucky. "Go to Sunday School Day," for all Kentucky is May 6, 1917. One million people will attend! Come, let us go to Sunday School! Kentucky Sunday School Association.

Dear Mr. Jenkins:

In a large measure the splendid success of the three Go To Sunday School Days in Kentucky and vicinity has had is due to your help in giving publicity to the movement. Interest in the day has increased each year and this year should be larger than ever before. Please help us make it a big day for all Kentucky by using the above notice as often as you can spare the space for it between now and May 6th.

Thanking you for your co-operation in this movement,

Very truly yours,

WORKING A MODERN GUN

How the Men Who Serve the Deadly Weapons in the Field Get the Correct Range.

In action, the quick-firing field-guns of the opposing European armies are generally concealed from the enemy; the gunners often never see the target at all, and the guns are laid by clinometer elevation. The gunner determines how far to elevate his gun in order to reach the target by means of a spirit level on the sight, which can be set at any desired angle; the gunner has merely to lift the muzzle of his gun until the bubble of the spirit level is in the center. The battery commander who, posted at the observing station perhaps half a mile away, is the only man on the battery who can see the target, either by telephone or signals the correct elevation to the gunners. To obtain the distance, or range, he uses two instruments. One is the director. That is a telephone mounted on a circular graduated base plate, a simple form of theodolite with which he measures the angle between the guns and the target. The other is the range-finder, with which he gets the distance, or range, of the guns and of the target. That is a telescope with two object glasses about thirty inches apart; it gives two half images in the eyepiece, which can be made to coincide by turning a drum. When the two images coincide the graduation opposite the pointer on the drum shows the range in yards. The battery commander now has two sides of the triangle formed by the target, the observing station, and the nearest gun, and the angle between them. From them he is able to fix the range from the guns to the target, and the angle at which the guns should be laid.

URGES GLOVES FOR THE FEET

Omaha Doctor Vehemently Condemns the Modern Shoes and Stockings.

Gloves for the feet—yes, actual gloves, with separate compartments for every one of the five toes—is what is advocated by Dr. D. T. Quigley of Omaha, according to the Bee of that city.

The skin of the feet is constantly the prey of bacteria, according to the doctor. "The greatest enemy of bacteria is sunlight," he says, "whereas the foot in a modern shoe is constantly in total darkness."

Doctor Quigley startled society last summer by organizing a phalanx of barefooted golf players. He got his friends out to the various field and country clubs and had them chasing golf balls barefooted, digging their toes into the dewy grass and mud as they ran.

They got results, too. They felt better. Their feet felt easier. And they were able to assail the day's work with more vim after this scamper over the hills, a la Adam.

So now Doctor Quigley says we should wear sandals in summer; that we should kick even those off after we get home at night, and that when the cold winter compels us to put on a modern shoe, it should be a very thin shoe, and that the stockings should be made like gloves, a separate compartment for every toe.

MORE THAN LIKELY.

"Think of a man being able to study botany when Europe is drenched with blood!" exclaimed the exultant individual.

"Who's doing that?"

"Professor Plodders."

"Oh, well. Maybe he doesn't know that there is a war in Europe."

GRANDMA JOINS CHILDREN'S PLAY

She Used to Be Cross Before Tanlac Cheered Her Up.

CAN WALK UP STAIRS NOW

"My daughters and grandchildren think I'm a different woman. I am. I even get down on the floor and romp with the little ones. A short time ago I was so cross I wasn't company for anyone."

This is the tribute that Mrs. H. E. Hill, 3551 West 63rd St., Cleveland paid to Tanlac.

"There was a time when I couldn't walk up to the corner store without fear I wouldn't be able to get back

MRS. H. E. HILL.

alone," she said. "But that time has passed—thanks to Tanlac. I was run-down for years and couldn't do my housework. I had to leave most of the work to my two daughters. Last winter was the worst and I was told that unless I got better I would not have long to live."

Lived in Damp Quarters.

"Our house, too, might have made my condition worse. For it was on low ground and was a trifle damp. That made me worse. Before taking Tanlac I couldn't walk up and down the stairs. I had to sleep downstairs. I can get up without any help now."

"My back used to hurt me so bad that I couldn't stoop over. Now I can get down and mop the floors."

Was All Run Down.

"My stomach gave me no end of trouble. No matter what I ate, gas formed and I had a heavy, bloated feeling. I was nervous, and even the noise made by my two little grandchildren in their play annoyed me."

"I surely am thankful for what Tanlac has done for me. And I feel so happy over it that I have already told several friends about the results it brings."

Get Tanlac today if you are not feeling right. Delay in health matters is dangerous.

Tanlac, the master medicine and reconstructive tonic, is sold exclusively by J. H. ORME, Marion. Other exclusive agents in nearby towns are as follows:

To Farmers, Bankers And Business Men In The South.

For nearly three years I have done my best to warn you to prepare for the present emergency. For years we have tried to encourage diversification in the South as a basis for greater safety, both agricultural and economic. Since the war began in Europe we have urged safe farming. When prices were low you did well and made great progress. When cotton went to eighteen cents and over you made large profits because of your progress in safe farming, but some were tempted to go back to cotton. In common with many other men, I have tried to warn you of that danger. Cotton has not been high but has only increased in somewhat less proportion than food and feed.

Now the crisis is here! This great Nation must arouse herself for a mighty struggle for liberty. People without food and armies without rations are conquered before they can begin to fight. Our greatest safety now lies in food production and in saving the waste products.

If the South is to be strong she must have food. If this country is to be strong she must be well fed and have an abundance to sustain those friendly people who are even now fighting our battles for liberty and democracy.

Transportation may be disturbed. Your own defense requires you to produce and conserve your food supply. Don't fail now! It is a National problem of defense as important as men and guns, ships and cannon.

Business men, if seed is short canvass the situation like patriots and get the seed for farmers. Arrange the credits. Furnish farmers seed corn, soy beans, cowpeas, velvet beans, peanuts, sorghum, etc., at cost. See that all things necessary to help farmers are done. Of course, we must produce cotton, but with a moderate acreage and a good season there will be enough. Do not sacrifice acres of food to increase your acreage in cotton. Look ahead! Get the warehouses, the feed mills, shellers, clearing stations, creameries, packing plants, etc. ready. You must do your share and co-operate with farmers. They must do their share and tend the crops faithfully.

Farmers, in your Unions, clubs and other organizations, resolve to use the best methods now. When the Nation faces a crisis we must have the best farming in its history. Labor is short, hence the best tools all labor saving devices must be used to make it possible for every farm laborer to cover as much ground as possible and do the most efficient work. Farm women and girls have important work to do in the garden, the orchard, in raising poultry, and especially in canning, preserving and conserving our food supply.

Your County Agent and Home Demonstration Agent become more important officers now than ever before. Your State Extension Division at the Agricultural College will have still more important duties. Look to these for counsel and advice in this new burden of extra work. The County Agent will, without doubt, have new duties and responsibilities in the near future.

Farmers and business men, save the breeding stock. Don't sell cows, heifers, mares, sows, gilts, ewes or hens. Keep them for breeding. If the breeding stock is sold where will you get the means to supply the meat of this country?

Let us forget all past difficulties and join in a mighty effort to feed the South. What can you do in the next sixty days?

Respectfully yours,

Bradford Knapp.

Chief.

MOTHER.

(By Cora E. Chft.)

Blessed Mother—Who can fill her place, the dearest of all earthly friends. Who will love and care for us, as mother does, though we may wander from the path of right, and perhaps bring shame, and disgrace upon her stainless name, her endless love is ours always, and daily she is earnestly supplicating her heavenly Father to bring us under the fold of Christ.

Words can not tell the value of a true mother, nothing can out weigh her influence. Mother, "the divinity of infancy." The memory of our mother is sacred while she lives, and becomes a perpetual inspiration, even after her dear face is seen no more on earth, and her pure soul has passed on to its home on high.

When we are small, we often become rebellious at times, but she rules us with marvelous patience, winning tenderness and undying love.

The remembrance of a Godly mother's prayers, has been the means of bringing to Christ many a prodigal boy and girl.

Fortunate is the child who has a pious mother, to teach them the love of God and the value of character.

I am proud to say that I am the child of a true and Godly woman; one who has always stood out for the right, above all things, and taught me to do the same, not only with words but by deeds also.

How well I remember of times when I would be ill, mother with her tired hands would care for me, and attend to my every want, until I would regain my health, never thinking of her self, as her only thought was for my recovery.

There was a time when I was wandering in darkness and sin, but the teachings of mother followed me through it all, yes when others would seek to get me to do wrong and disobey her will, her face would seem to rise up before me, and her voice, telling me to turn a deaf ear to those who wanted to lead me off into sin.

And it was mostly through my mother's prayers and her true and upright life, that got me to turn my back on sin, and gladly except Jesus Christ as my Savior.

There is none of us who can ever repay our mother for what she has done for us, when poverty or affliction overtakes us, and we get unable to help our selves, and all others forsake us in our wretchedness, mother stands by us through it all with out one murmur.

Blessed mother, the dearest of all earthly friends, may God bless her.

LEVIAS

There are several cases of measles in this neighborhood.

Clarence Settles was in Wheatcroft last week on business.

Elza Gilles was kicked in the mouth by one of Chas. LaRue's mules Friday, but was not seriously hurt. There was one tooth broken off, and some of them loose, but not even a scratch on his lips or face.

Mrs. Mayo Taylor and Miss Leece LaRue were in Marion shopping Thursday.

Mrs. Bettie Hodge and sons, Rebt. and Dunk, of near Sulphur Springs, passed through Levias Friday enroute to the home of her daughter, Mrs. Ollie Wiggins, whose daughter, Lucy, had died of the measles. She was buried Friday, but we did not learn where her remains were laid to rest.

Ruben Wheeler and Clarence Settles are in Marion this week.

Mrs. Mary Franklin is at the home of her son, John, of Tolu, for a few weeks.

Mrs. Nannie Moore was the guest of Mesdames Ada Watson and Florence Price.

Carter McDowell has moved from the Hopewell mines to Will Sisco's place near Sisco's Chapel.

Dr. Dallas LaRue, of Burnside, Ill., attended his mother's funeral at Union Wednesday.

Mr. and Mrs. Ernest Taylor were guests of her mother, Mrs. Maggie Love, of near Siloam, Sunday.

Mesdames Grace Franks and Nelle Summers, of near Salem, visited Miss Adaline Carter recently.

O. G. Threlkeld and family were guests of relatives here last week.

Mrs. Nelle Franklin was the guest of her brother, Geo. McKinney, Wednesday.

Listen Patmore has moved to Levias.

J. H. Price and wife spent Sunday with his daughter, Zetta Clark.

Jesse Manley and family, of Repton, spent the week-end with his brother, Gil.

Rudell Price was the guest of Clarence and Howard Settles Sunday.

In a letter from Mr. Huston, U. S. Sec. of Agriculture, he wants to know what we are willing to do in Crittenden County in the next sixty days.

To the boys and girls. What are you going to do for your Country's food supply? Raise 100 bushels of corn on your acre? Raise tomatoes, chickens, and other necessary food stuffs. I want 150 volunteers to raise and feed one or more red barrow pigs in the Pig Club this year. Just a red barrow, farrowed in 1917, begin feeding by May 15th. Send me your name or see me, I will be in my office every Saturday afternoon. We want to sell at least one car load of hogs all alike.

The teachers of Crittenden County were all supplied with contracts for Club Members, but to date, only a few have been returned to me. The teachers that have been assigned to their respective school please help with this work in your school district now.

Miss Iva Dillard, who has been confined to her home with a severe case of measles, is slowly improving.

Mrs. Elizabeth Douglas who passed the 95th mile stone April 1st, has been under the care of Mrs. Asher, a trained nurse, for several weeks. She is growing weaker each day, no special disease or complaint, just wearing out gradually. Her friends, and they are legion, had hoped she would round out the century and she may rally and recuperate but at present it seems doubtful.

The Flour Spar Mines

Now Making Millionaires.

To the Editor of The Courier.
Noticing in this morning's Courier an article dated Chicago stating that the Illinois Central was to build a railroad from near Golconda to Rosiclar in order to transport the flour spar to the steel mills and other users.

There is already a short rail road in Hardin County consisting of a very good road bed, locomotive and freight cars. This road was established several years ago to transport the loaded cars of flour spar from the mine to Fairview landing to the car barge whence it was taken to the Golconda landing. This was the work of John Mulholland of New York, who early and late labored to make this mine the success it is today.

John Mulholland was one of the kindest, most generous men that ever had a shmrock pinned on his breast and this year would have ended all of the miners' financial troubles unquestionably.

The flourspar country is being drawn upon to the fullest extent not only by the metal plants but many thousands of tons are required in the production of aluminum, in the enameling of bath tubs and other toilet furniture as well as enameling of the kitchen furniture. The production of hydrofluoric acid required many thousands of tons of best grade of the mineral and there are dozens of uses for which flourspar is now absolutely necessary. Just before a large part of Europe descended from civilization to barbarism an order was received in Marion, Ky., from a Berlin optical house for 200 lbs. of optical crystals of flourspar for which they offered \$25 per pound. Ground flour spar is also used at a plant in Niagara Falls in drawing nitrogen from the atmosphere for agricultural purposes.

The receipts from the sales of this mineral will increase the bank accounts of Crittenden county, Ky., and Hardin county, Ill., this year very near \$3,000,000.00.

As an old newspaper man laid up here in this most modern hospital by the firm of paralysis company I wish to congratulate the citizens of Evansville on the superb clean cut newsy morning paper that you have given them so many years. It is to me more like that splendid condensed newspaper "The New York Sun," when Englan was its publisher. Indeed I admire the artistic work of the display advertising, because many times this copy is simply a poem in every respect.

Spring Colds Are the Worst

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Tonic your system up with a regular course of the liquid Peruna, fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well.

Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.

IS IT "JUST A COLD"?

Marion People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints. Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak. First break the cold;

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Marion resident tell you about them.

Mrs. Callie Cook, E. Depot street, says: "About five years ago I suffered considerably with kidney trouble. It came on after a severe cold, which settled in my kidneys. My back was in a terrible condition, aching constantly and was so sore and stiff that I could hardly get up when down. As another of the family had used Doan's Kidney Pills with good results, I tried them. This medicine soon cured me and I can say that it is the best remedy I have used for kidney trouble."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cook had. Foster-Milburn Co., Props., Buffalo, N. Y. 69

Will Uncle Sam Get His Army Without Drafting.

Washington, April 25.—Here is what will happen when the Draft Bill, reported to the Senate today, becomes a law.

1. The President will designate by proclamation a day of registration, the voting precinct being used as the smallest unit for enrollment. The Governors of the various States will be asked to have the Sheriffs of the counties appoint registers to take the names of all males between the ages of 21 and 46.

These who refuse to enroll, will be arrested.

2. The State officers will exempt from military service persons engaged in industries, including agricultural, found to be necessary to the maintenance of the military establishment or the effective operation of the military forces, or the maintenance of national interests during the emergency.

3. Those not exempted will be reported to the War Department, which will make further exemptions.

4. It is estimated that by Aug 1 the 500,000 men desired will be in training camps. In the mean time the Government must provide equipment for the recruits.

5. It is estimated that the registration will result in an enrollment of 7,000,000, and about 40 per cent. of this number will be weeded out on account of physical disabilities. The 500,000 to be selected from the remaining 60 per cent. will be chosen by lot.

A Letter From The Judges of The Court of Appeals of Ky

Frankfort, Ky., April 10, 1917.

To the People of Kentucky:—
We believe that the study of God's Word is necessary to develop strong Christian character, that every person ought to have the blessings that result from such study, and that the Sunday School is an efficient agency for the promotion of systematic Bible Study.

We note with interest the fact that the Kentucky Sunday School Association has designated Sunday, May 6th, as the Fourth "Go-To-Sunday-School Day" when it is expected that again One Million People will attend the Sunday Schools of the State. We congratulate this Association upon the great work it has done in making Greater and Better Sunday School for a Greater and a Better Kentucky. Believing implicitly in the great work that is being done in our Sunday Schools, and desirous of encouraging the efforts of those who are contributing their time, energy and money to this great cause we unite in the invitation to all Kentuckians as well as the visitors within our borders, to attend the Sunday School of their choice on May 6th, 1917.

We hope that every Sunday School will so carefully observe this day that there will be the largest attendance ever known in the State, and that all visitors will receive such a cordial welcome they will become regular members of the Sunday School. Let us make this the beginning of a new era in the Sunday School work of Kentucky. — W. E. Settle, Flem D. Sammons, John D. Carroll, Shackelford Miller, Gus Thomas, Rollin Hurt, Ernest S. Clarke, Wm. Rogers Clay.

FORD'S FERRY

Luther Clift went to Marion Friday. Sig Holman, of Marion, will work for Jimmy Daughtrey during the present spring and summer.

Jim Riley, who lives near Shawneetown, Ill., has recently been visiting friends at Ford's Ferry.

Roe Wofford was the guest of Luther Clift Saturday.

Herschel Franklin was in Ford's Ferry Saturday.

Jimmy Daughtrey, a very industrious and enterprising farmer of this vicinity, will cultivate the Tom Rankin island during the present year. This island, which contains 150 acres of unusually fertile river bottom land, is situated in the Ohio river between Ford's Ferry and Cave-in-Rock. The land is especially adapted for the production of corn and it generally yields more than 3,000 bushels per year. Tom Rankin, who is a well known citizen of Marion, is especially fortunate in owning such a rich, fertile piece of ground, and having such a large income.

GROWING HOGS.

For a hog to be profitable he must be kept growing from birth to marketing age. He can not be profitable unless he is healthy. He can always be in a profit producing condition if he is fed B. A. Thomas' Hog Powder. We positively tell you that this remedy prevents cholera, removes worms and cures thumps. If the powder does not make good, we will. — J. H. Orme.

5 Pound 3 Inch Shell

Found In The Press Room.

New York, April 25.—A loaded 3-inch shell, weighing 12 pounds made in the United States, was found to night in the pressroom of the New York Globe after the last edition had gone to press. According to the police, and the shell was leaning against one of the presses in such a position it would have been exploded had the machinery been started. The discovery was made by an employee of the newspaper. An investigation is being made.
