WHY
INDIVIDUALISM
IS AS DEAD
AS A SMOKE

A recent public lecture in a certain large city elicited a very
peculiar reception of the speaker, who was, apparently, an
individualist of the type of Waldo, Saltman, and others.
No sooner was he through his preparatory lecture than
he was confronted by a group of enthusiastic young men,
who proceeded to demonstrate their disapproval of his
views. It seemed that the speaker had ventured to deny
the existence of the individual, and this was too much
for the young men. They were determined to prove
that there was such a thing as individualism, and they
were not afraid to use force if necessary.

GEORGE W. PERKINS,
Chairman of the Board of
China Supply Committee.
One of the reasons why China
has not been able to make
any progress in the past few
years is that the Manchurian
question has not been
settled. The Chinese people
are convinced that they
cannot make any progress
until this question is
solved.

The speaker was not deterred
by these disturbances, but
continued his lecture. He
explained that the individual
is a social being, and that
his rights as an individual
are inextricably linked with
the rights of the community.

The young men were not
satisfied with the speaker's
explanation, and they
proceeded to demonstrate
their disapproval by
throwing stones at him.

The speaker was not
afraid to stand up to the
young men, and he
continued his lecture
until he was finally
escorted out of the room by
the police.

The incident was
brought to the attention of
the authorities, who
promised to take steps to
prevent similar incidents
in the future.
To the FARMERS of Crittenden County

The President has issued a call for more food, the destiny of the country lies with the American farmer and his ability to produce. What have you done towards increasing your food production? What have you done towards decreasing your need for food?

The SILO Is The Only Way—You Can Save From 25 to 40 Percent of Your Feed Bills

Then Why Not Plan For A SILO at Once?

The Railroad Service is almost a thing of the past. Last week the government bought 3 billion feet of lumber which will keep us from getting 50 percent of the lumber purchased, so we are going to offer you, the farmers of Crittenden for 30 days a chance to get a silo at a saving of from $50 to $75 over some other makes of Silo.

Read these prices carefully, and see or write me at once, for our supply is very limited.

All of the above prices include the famous KING CORN DOOR FRAMES. The door which is wide enough to let the farm horse in, a feature which cannot be built, so why not make the offer a silo when it is so good.

What Kentucky Has Done For The Nation.

By I. C. ELLIS

We are at the present time involved in the most vast war that the world has ever witnessed. The name of Lincoln was never heard of by the man who was listening to the sounds of battle, who was fighting the battles, who was seeing the scenes of warfare, who was hearing the cheers of the soldiers, who was seeing the tears of the mothers, who was hearing the stories of the men who were fighting the battles. Henry Clay was one of Kentucky's greatest statesmen, and it is written in history that he was one of the greatest men of the age. His name is written in the annals of history as a statesman and a leader. His name is written in the annals of history as a statesman and a leader.

STATEMENT REGARDING METHOD OF GETTING SUPPLIES OF TIN CANS

The Department of Agriculture and the Department of Commerce have announced that there will be a shortage of tin cans, but there are ample supplies of tin sheets.

The shortage of tin cans is due to the demand for tin sheets, which are used in the manufacture of tin cans. The shortage is expected to continue for several months, but the government is taking steps to increase the supply of tin cans.

There are several methods of getting supplies of tin cans. One method is to buy tin sheets and have them converted into tin cans. This method is expensive and may not be practical for small quantities.

Another method is to use tin cans that are available in your area. This method is less expensive and more practical for small quantities.

The government is also taking steps to increase the supply of tin cans. The government is working with tin can manufacturers to increase production.

For more information, contact your local agricultural agent or your local government official.

YER, MARY MAGDALENE OF THE PASSION PLAY

An Actual Participant in the Great Dramas of Oberammergau to Appear Before an American Audience. Will speak on Fourth day of Chaustauqua.

MARY MAGDALENE was the daughter of the prominent Chaustauqua Shakespearean, and now through her is being presented an American audience the story of the life and death of her famous stage mother, who is herself a living legend in the world of drama.

MARY MAGDALENE will appear in the Garden of Gethsemane, and then in Oberammergau she is to play the part of Magdalene, the beloved disciple of Jesus. Thirty years after her own mother had dreamed of playing the same character, the beloved disciple went to Oberammergau to be present at the presentation of the Great Dramas of Oberammergau to an American audience.

The community movement

Medical Leaders Need to be Surrounded by the best.

The movement against smoking has been increasing. In America, where smoking is still very common, there are many who suffer from respiratory diseases and other health problems caused by smoking. This is why it is important for medical leaders to surround themselves with people who are dedicated to making a difference in the lives of those affected by smoking.

In conclusion, it is crucial for medical leaders to take a strong stance against smoking and work towards a tobacco-free future. By doing so, they can help save lives and improve the overall health of their communities.

Advancing prices

High Cost of Living and the Way Affected Christmas Tickets

The high cost of living has affected the prices of Christmas tickets. Educational factors and editing efforts have caused the prices to rise significantly. The average price of a Christmas ticket is now much higher than it used to be, making it difficult for some to afford.

Chaustauqua Compared to a University Course

"There is no form of public service so important as the work of Chaustauqua and the universities. The work of Chaustauqua is as great as the work of any other great public service," says Father Lemmon. William of the University of Pennsylvania.

The Chaustauqua contact does not occur merely in the minds of people with ideas of what the world of education is for. It is a purpose of popular and widely understood course of study.

"Any movement that is sensitive to so many important issues in the world of education, will be of the utmost importance to all our citizens."

"In recent months, the question of the future of Chaustauqua has been on the lips of many people of all social classes."

ABOUT SEASON TICKETS

In comparing Chaustauqua with the famous universities, the idea of Chaustauqua's season tickets can be compared to the price of a year's tuition at a university. Unfortunately, Chaustauqua's season tickets are not as easily acquired as university tuition, but they offer the same level of satisfaction to those who are able to secure them.

Children's tickets admit children six to fourteen years, inclusive. All children of six or over must have tickets.

The Community Builder

Published by the Redpath Chautauqua, Chicago, Illinois.

Harry P. Hartman, General Manager

The influence of the Chautauqua on American life is well known. Long before there was a cinema, a newspaper, or a radio, the Chautauqua reached into our homes, into our schools, and into our communities. The Chautauqua was a forerunner of the modern mass media, and it played a significant role in shaping American society.

The Resolutions Sent to the President

Hiram Woodrow Wilson, President of the United States, Washington, D.C.

WHEREAS, the United States of America, through its representatives, the President and the Congress, is facing an emergency in relation to the situation in the world; and

The Lyceum and Chautauqua are a more democratic expression of American ideals.

The Redpath Lyceum Bureau was conceived during the dark days of the Civil War and had its beginning on the 7th of April, 1861, in the days of our country's need—when the representatives and leaders of the United States were called to meet the needs of the nation.

The Redpath Lyceum Bureau, through its speakers, the public platform, plans of last fall, did its utmost to maintain American ideals and inspire the people to patriotic service.

Therefore, in conformity with our tradition, be it resolved by the Directors, Officers and Managers of the Redpath Lyceum Bureau that:

1. We renew our allegiance to America and our loyalty to the Flag and our Government.

2. That we use our efforts in the coming Chautauqua season to promote the patriotic sentiments of our great country and to inspire the people in the greater heights of loyalty and.

3. We return to the message of the Chautauqua and the Lyceum to all communities, to all schools, to all homes, to all people everywhere—into the heart of the American people.
