2 CENT DROP

In The Price Of Coal!

At last that long looked for drop in the price of COAL has come. I am now selling my Best Lump Coal at 14 cents at the car. This will be a saving to you of 2 cents on the bushel.

As I see it, I believe it would be a good idea to begin at once to lay in your winter's supply, as it is going to be harder to get than it was last year.

Remember that my yards are still at the same place. I have increased my yard room and will do my best to have plenty of coal at all times.

Yours For Better Coal

MAURIE NUNN THE COAL MAN.

NOTICE OF REMOVAL.

At Sept. 5, we will occupy the corner store forcibly occupied by Carnahan Bros. and Dodge. Cordially invite our friends and patrons to call us at the new place.

The Slacker

The situation with respect to the sale of gasoline as discussed in the last issue of THE SLACKER, concerning the limited quantities supplied, has been brought to the attention of the management of the company. It has been decided that the policy of rationing will continue until such time as conditions improve. The company still believes that the rationing system is necessary to ensure an equitable distribution of gasoline and to conserve supplies for essential activities.

Collection on Your Account

As a reminder, all outstanding accounts are due and payable. Failure to pay in a timely manner may result in the imposition of late fees and potential legal action. It is important to ensure that all payments are made promptly to avoid any inconvenience.

COAL PRICES FIXED

The prices of coal has been fixed and under the present high prices, freight rates being increased, fuel stuff being advanced over 100 per cent, hundreds 50 per cent, it is impossible for us to sell coal at less than 14 cents at Yard or Car, and make a living out of our business.

We handle only the celebrated "TRADEMARKED" coal from the West Kentucky Coal Company at Sturgis and no other, if we can possibly get it, because a "TRADEMARKED" Coal customer is a satisfied customer, and one that will stay.

Come on now and get your winter coal before the roads get bad and becomes impossible to get car service.

Yours for good Trademarked Coal.

Josef's German Vegetable Crop

Disproving Anomalous, Aug. 28. The field crop of vegetables was

found to be greater than the average crop grown in the same area.

The vegetables included:

Beans.

Carrots.

Cucumbers.

Lettuce.

Onions.

Potatoes.

Tomatoes.

Cabbage.

The vegetables were harvested on September 10th and the results were as follows:

Beans: 1200 pounds

Carrots: 750 pounds

Cucumbers: 500 pounds

Lettuce: 200 pounds

Onions: 300 pounds

Potatoes: 1500 pounds

Tomatoes: 1000 pounds

Cabbage: 500 pounds

The average yield for the entire field was 1200 pounds per acre.

The vegetables were then sold at the local market and the profit was $100 per acre.

The yield was doubled compared to previous years due to the use of new farming techniques.

The vegetables were of excellent quality and sold very quickly.

In conclusion, the vegetable crop was a success and the farmer was pleased with the results.

Universal Military Service in Line
With All the Nation’s Traditions

By CHARLES J. REYNOLDS, Former Assistant to the

It is often said, and yet very few people seem to realize, that the compulsory military service is something new and not very familiar to our generation. In the olden days, the men and women of every nation went off to fight and to bear arms, but by and by the whole of society was affected. This is the spirit in which the country is discussing the subject now.

The proposal of the President is quite reasonable, and there is no reason why we should not look upon it as a step in the right direction.

3. That the laws on the forms be considered as of equal importance with the laws on the forms of our national, as regards appliances of science.

The country is in form machinery, because it is composed of parts. This is the idea on which the country has served of late.
