The content of the document appears to be a mixture of local news and personal correspondence. There is a letter from a police officer regarding the arrest of an individual and a notice from a newspaper regarding a court case. The document also contains a notice from the government regarding a military event in the Philippines and a notice from a local government regarding a sale.

In terms of style, the document is written in a formal tone, typical of the early 20th century. The language is clear and direct, with a focus on conveying information and updates about local events and people.

A Change in the Coal Business

On January 8, 1918, I sold an interest in my Coal business to Ira T. Pierce and from that date the business has been conducted under the firm of Maurice Nunn Coal Co.

We find that if we stay in the coal business we will have to sell for cash, so

Beginning February 1st We Will Sell Only for Cash

This applies to every one alike. You are required to sign a declaration before you receive the coal, stating how much you have on hand etc., and it will be an easy matter for you to pay for the coal at the time you sign the declaration.

At the time you order coal state how many dollars you want and if you don’t pay for it at the time the order is placed, be prepared to pay on delivery.

Yours for better coal,
Maurice Nunn Coal Co.

PARIS again gay; clothes change.

New fashions in clothes have a way of changing the aspect of a city. In Paris, one of the things that is changed during the change of clothes is the aspect of the shops. As soon as the new fashions are seen, the stores are decorated with the new styles, and the houses are painted in new colors. The streets are illuminated with electric lights, and the windows of the houses are open, so that the people may see the new clothes.
