A natural fortification

If you catch colds easily, trouble with colds, and feel on edge during severe weather, don't miss this opportunity. You can now build it yourself with a few simple steps.

SCOTS EMULSION

A concentrated medicinal food and a practical tonic for the health... and when you use it, you'll feel better and live longer.

You can start today—and we'll show you how. It's easy and natural—just follow our instructions.

One of the saddest and most distressing conditions in today's world is the feeling of helplessness, the loss of confidence in our ability to do anything for ourselves. Many of us have given up hope for a better future.

But there is an answer. By building this natural fortification, you can regain your health and strength, and feel confident that you are doing something positive for your future.

FRENCH MAKING A TRENCH RAID IN THE SNOW

The material, in France, has been severely tested and the soldiers in the rear have an opportunity, besides, the figure of the weather, while in many cases are hotter in the sun. In the photo shown, the Frenche are not letting up on the Boche, further in the rear and the end. They are making a new line in the zone, crossing the more centered line in the Boche zone. The fact is the Boche are being successfully repulsed.

"HE IS A GERMAN PRISONER OF WAR"

The war has been a war of emaciation and waste, it is eating up the life of every country, and the absences between the front lines and the advance of the enemy are fighting to hold on to their gains at the conclusion of the war.

Letter From Hattieville, Ills.

Mar 21, 1904.

Dear M. J. Jenkins,

I will write you a few lines to find how every body is getting along at Marion. I hope they have a good time and every body has a good time.

I have been here about four months now and am enjoying myself very well. I am glad to hear from you. Thank you for your letter.

Very truly yours,

Hattieville, Ills.
