 SHIPPING STRIKE SETTLED BY WILSON

WORLD WORK WITH NON-UNIONISTS

NEW YORK—Without a word of demurrer, President Wilson yesterday took off for an important trip to Europe, by which he is to visit the Allied capitals. The trip is to be a private visit and not a formal state visit. The President left New York this morning for Paris by the 11 o'clock train.

The labor settlement yesterday was the result of a long series of negotiations between the President and the international union leaders. The settlement was reached without any strike or lockout, and was announced in a joint statement made by the President and the union leaders.

The British and Allied navies may be in greater danger of damage from friendly fire than from enemy fire. The statement was made in a report on the subject by a committee of experts.
