## SECOND RED CROSS DRIVE

Dates Set For May 6th to 13th  
And \$100,000,000  
The Goal.

Ohio, Indiana and Kentucky will be asked to contribute \$9,400,000 in the second Red Cross War Fund Drive for \$100,000,000 R. F. Grant director of the drive in the Lake Division, announced Friday. The drive dates are May 6th to 13th.

Ohio's quota is \$6,400,000, Indiana's \$2,100,000 and Kentucky, \$900,000.

Mr. Grant of M. A. Hanna & Co. of Cleveland, appointed to the War Fund directorship by Division Manager James R. Garfield, states the Lake Division will have its own drive manager. Names of the drive managers will be announced within a few days.

At division headquarters in Cleveland C. B. Dyer is executive secretary. Franklin B. Sanders is campaign supervisor; W. W. Wheeler manager of advertising; D. C. Dougherty, manager of the news bureau, and R. G. Frisbee, manager of the speakers bureau. Mr. Dyer will also have charge of the distribution of supplies.

Prominent cartoonists and artists have contributed poster drawings. Authors and advertising men have written advertising copy. Seasoned campaigners and accountants have prepared drive instructions and accounting manuals.

"Performances and expenditures of the American Red Cross abroad and at home during the first year of the war will be placed before the public before the second drive begins," Mr. Grant said today.

Last summer with but little organization, the Red Cross secured subscriptions amounting to \$119,000,000. And now with a membership of 22,000,000 we have every reason to believe that the \$100,000,000 fund will be oversubscribed.

Within a few days chapter campaign managers will be advised of the dates of a series of state meetings at which campaign purposes and methods will be explained.

## Income Tax Officer Coming

Mr. Josh T. Griffith, Collector of Internal Revenue wishes to advise the people of this City and County that owing to the severe weather, which rendered it impossible for a great many farmers and others to visit the Income Tax Agent who was here recently to assist the public in making Income Tax reports, that the time for filing the same has been extended to April 1, 1918 and that an Income Tax officer will be here from March 11th to 16th inclusive at the Court House to give every assistance to those who have not made report and are due to make same.

He wishes to urge upon all who should make reports to call and see the officer and to attend to same at once, as the penalty for failing to make returns is severe and that the Department will prosecute all delinquents.

Be patriotic. Don't be a slacker.

## To Cure a Cold in One Day.

## TIMES UNION ALBANY N. Y.'S

Greatest Newspaper Says Senator Ollie M. James, Pulverizes The Critics.

In his great speech in the United States Senate on Thursday, Senator, Ollie James, of Kentucky, fairly pulverized into dust the captious critics of the war policies of the Wilson Administration. As Senator James marshalled uncontrovertible and undisputable fact after fact in that rhetorical and succinct manner of which he is such a master, the senatorial critics must have felt the mantle of shame fall over them, the odium of confusion surround them. In a way the critics cannot answer the eloquent Senator showed the admirable work the War Department has done, the fine service the Navy Department has rendered, the general efficiency of the whole Administration, and in support of his statements he quoted laudatory commendation from some of the leading men of France and England. How Chamberlain must have smarted, how Hitchcock must have squirmed, how Wadsworth must have wiggled under the ironical thrusts and the unanswerable arguments of the eloquent Senator from Kentucky. Senator James has fired some big oratorical guns in his time, but never a bigger oratorical gun than the one he fired in the Senate Thursday. It was a great speech. It was a great tribute to the statesmanship of Woodrow Wilson, it is a service to the country for which we all owe a debt of thanks to Senator James, who is a mountain of a man mentally as well as physically. Senator James, we salute you, our hat is off to you! Your eloquence is as great as your personality and your personality makes you a king among men. Again, we salute you—as a magnificent type of Kentucky manhood, of Southern chivalry, of American citizenship.—Times-Union, Albany N. Y.

## Mrs. Mollie McNeely

Passes to Her Reward

Mrs. Mollie McNeely, wife of J. B. McNeely, died at their home on Bellville street in this city Tuesday night at 8 o'clock of tuberculosis. The remains were buried at Piney Fork Wednesday at noon.

Besides her husband she is survived by one daughter, Pearl, wife of Burk Crider, and three sons, Rev. Sidney, of this county; Allie, of this city, and Hodge S., who is with the U. S. army in France.

## The Dycusburg Red Cross.

The Dycusburg Branch of the Crittenden county American Red Cross Chapter sent to the headquarters at Marion another box containing 8 sweaters, 8 pair of wristlets and 7 pair of socks to be sent to our division headquarters.

This is the second generous contribution of the Dycusburg Branch.

Dycusburg now has 54 active wide awake members and expects to have more before the next big drive May 6-13. Mr. J. A. Graves is the chairman, Mrs. Ida Yancy the vice chairman, Miss Mary Finley, treasurer, and Miss Ola Charles, secretary.

## BIG ATTRACTION TO VISIT MARION

Will Be Given By The Red Cross At The School Auditorium On Tuesday March 12th.

Big Hawaiian attraction to visit this city.

Far across the Pacific to the land of the tuneful ukalele and merry Hula maidens is the trip that Rev. Mr. Short has secured for a visit to this city for one day afternoon and evening, March 12th. When Bell's Famous Hawaiians will present their Hawaiian-American musical satire, a masterpiece from the western isles.

Many patrons of the Opera will no doubt, recollect the pleasing musical offering, "The Bird of Paradise," Bell's Famous Hawaiians are considered by both the press and public as equal to this wonderful success.

The scenery is most elaborate, showing the beach at Waikiki which is one of the most beautiful scenic beaches in the world. It faithfully reproduces the beautiful bay of Honolulu and in the distance may be seen the heights of Diamond head mountain. This scene is most realistic as the smoke is seen issuing from the crater in the distance, and floating across the landscape. Native cottages nestle comfortably around its base in the shadow of numerous palm trees, and the rippling waters may be seen as they break on the smooth white beach of Waikiki. The ancient how trees is also faithfully reproduced in the shadow of which the Hawaiian monarchs used to sit and listen to the soothing music of the native musicians. Large plantations of coconuts, pine apples and bananas have their places in the scenery. Princess Lei Lehalu, an attractive dark skin maiden, who is the daughter of a famous Hawaiian chief, adds color and realism to the Hawaiian dances. While Bell's Famous Hawaiians will transport the patrons to their Pacific paradise, with the mysterious, charming strains of their melodious Hawaiian instruments. Mark Twain once said there was no foreign land held any charm for him except Hawaii. It is a bit of this illusive charm which entrances all those who have visited Hawaii, that will be reproduced, and those who have the pleasure of enjoying this novel attraction will not forget the visit of these artists to this city.

## An Immense Otter Slain in Camp Creek Near Mt Zion

Ewin McDowell who lives on the land he purchased from W. T. Fowler on Camp Creek, killed an otter last Thursday night about 9 o'clock, which measured five feet and six inches from tip to tip. It was a male otter and was about 20 years old. Its color was a rich brown, and Mr. McDowell prizes its hide very much and talks of having it mounted by a taxidermist.

The animal was evidently out of its course, and had probably lost its hearing as it was three miles from the Ohio river and one and one-half miles from Crooked Creek.

Mr. McDowell lives on the Marion and Weston road about three quarters of a mile from Mt Zion church.

## FARM FOR SALE!

I WILL, ON  
MONDAY, MARCH 11th, 1918

Sell to the highest and best bidders, the farm known as the J. L. Wyatt farm at Fredonia, Ky., 320 acres, more or less, and located within the city limits, 1-4 mile from graded school, 3 churches, I. C. station and all modern town conveniences. The above farm has 4 of the best tenant houses in the county, weatherboarded and ceiled inside, a weatherboarded tobacco barn, capacity 28 acres of tobacco, a fine and well arranged cow barn and silo, mule barn and granary, several ponds and an ever-flowing spring. I say without fear of contradiction this is the best stock farm for sale in the county. The above described land will be sold in pieces and parcels and then as a whole, on liberal terms, terms made known on day of sale. If you are hunting for a well located and improved stock farm you can't afford to overlook this place. Parties wishing to see this farm before date of sale will apply to J. A. Wilson, Fredonia, Ky. A two-story, 7-room residence in the town of Fredonia and one of the best houses and locations in town.

## AMERICANS WIN IN NEW GERMAN RAID

THREE RECENT RAIDS PROVE STAYING QUALITIES AND GRIT OF SAMMIES.

### GERMANS USE SHOCK TROOPS

American and French Artillery Shells Enemy and Causes Hun's Most Noted Fighters To Quickly Abandon Their Attack.

With the American Army in France—Another German raid on the American line was made in the Chemin-des-Dames sector. After sharp fighting the enemy retired, leaving four prisoners, two of whom were wounded.

The Americans lost some killed and a number slightly wounded or missing. All are New Englanders.

Three companies of shock troops, one of which had been brought from Leon by motor cars for the attack, came up behind a heavy barrage which had been put down along the left flank of the American forces.

The American and French artillery effectively counter shelled the enemy during the attack, which was localized, and during his retirement.

One of the prisoners captured said this was the beginning of a series of similar raids on a large scale along the western front.

The three recent raids, one in the Toul sector and two along the Chemin-des-Dames, have demonstrated that the American soldier, notwithstanding his previous inexperience, now is perfectly at home in a gas mask and able to fight just as well with as without it. In so quickly reaching this stage the Americans have shown their usual adaptability. Gas was used in all three attacks in just sufficient quantities to make masks necessary, as the Germans in their later attacks did not desire to encounter quantities of their gas.

There were many other instances of personal bravery. A lieutenant, a sergeant and two privates were in a dugout when some Germans looked in. One cried out in good English: "Come out, Americans."

The four Americans blazed away with their automatics, then rushed the entrance to stumble over the bodies of the men, who they had killed by their quick resistance.

Although the army has been curing the weather and the mud for days, there is one man in the line who is glad it was muddy, for he owes his life to the slippery "duck boards," or the flooring in the trenches. With pistol in hand, he rounded a trench corner looking for the Germans. A Prussian saw him first and fired but at the same moment the American slipped and fell on his face. The Prussian thought him dead, and turned away. He was quickly dropped in his tracks by the prone American, who fired accurately from the trench bottom. There were men in the fight from virtually all the states from New York to Texas. With one or two exceptions, all the wounded are expected to recover.

#### Sugar Famine in Montreal.

Montreal.—Montreal is in the grip of a refined sugar famine and information received from reliable sources is to the effect that conditions are not likely to improve much during the next six or seven weeks.

May His Concerts Be Resumed Soon. Chicago.—Not until Poland is a free independent country will Ignace Jan Paderewski again play the piano.

#### ENFORCING FOOD LAW.

Bald Knob, Ark., Concern Ordered To Quit Business.

Washington.—W. A. Hodges & Co., wholesale jobbers of foodstuffs at Bald Knob, Ark., have been ordered out of business by the United States food administration. The federal food administrator for Arkansas recently reported to the administration that Hodges & Co. were doing business without a license and had been selling sugar in excessive quantities.

#### Briton Defends the Czar.

London.—Speaking at a dinner given in his honor in London, Sir George Buchanan, British ambassador to Russia, who is now on leave, took occasion to correct the widespread report that at the time of his abdication Emperor Nicholas was ready to conclude a separate peace. Sir George said there was not a word of truth in this report. Doubtless Nicholas had much to answer for, he remarked, but he would never have betrayed the cause of the allies and was always a loyal friend to England.

#### Bandits Rob Paymaster.

Toledo, O.—Four bandits in a high-powered automobile held up and robbed the paymaster of the Doehler Die Castings company of \$8,900 in cash near the factory in the western outskirts of the city.

#### Brig.-Gen. Smith Dies.

San Diego, Cal.—Brig.-Gen. Jacob Hurd Smith, U. S. A., retired veteran of the civil war, died here. His home was at Garrison-on-the-Hudson, New York. He was decorated for gallantry at the battle of Shiloh.

## GERMANY TO LEARN U. S. NOT BLUFFING

ALIEN PROPERTY CUSTODIAN A MITCHELL PALMER TO TAKE CHARGE OF BIG SHIP LINES.

### BODY BLOW AT HUN TRADE

Action of President Should Prove to German People Only by Trustworthy Government Can Trade Be Recouped.

Washington.—America is about to take a step that ought to make Germany think twice about whether or not the United States is in earnest in her determination to use her trade power as a means of forcing a democratic peace. For the government of the United States, through the alien property custodian, A. Mitchell Palmer, is arranging to take legal possession of the Hamburg-American and North German Lloyd Steamship lines, and if congress says the word the enormously valuable dock facilities in the port of New York will be sold to the highest bidder, preferably American interests.

This step, which has long been in contemplation, has the personal approval of President Wilson. It does not mean that the sale of the dock facilities, which incidentally could be replaced by Germany only after years of building and the payment of high prices for other water front property, is to be consummated immediately. It does mean, however, that the government of the United States is about to take over the administration of the two big steamship lines and control of their stock and that an after-the-war question of prime importance has been raised.

The value of the German line docks has been estimated to run away up in the millions. Certainly if Germany should lose them it would be a body blow to her trade, which she expects to recover promptly after peace is declared. But if her boats have no docking space Germany cannot resume trade relations the day peace is declared, as she has been planning to do. Her statesmen have quieted the fears of Germany's business men by saying that America was bluffing and that American selfishness would prevent any discrimination against Germany after the war.

Of course, the treaty of peace, if it is the right kind of peace, as Mr. Wilson himself hinted in a recent message to congress, could prevent any discrimination against Germany.

### CARRY MAIL IN AIRPLANES

Aero Mail Service Between New York and Washington To Begin April 15.

Washington.—Airplane mail service between New York and Washington will be in daily operation beginning April 15, as announced by the post-office department. Eight machines will be furnished by the war department.

By arrangement between Postmaster-General Burleson and Secretary Baker the aerial postal service will be conducted for one year as part of the aviation training system of the army. The machines will be piloted by army fliers.

#### Thanks American Women.

Washington.—The woman's committee of the Council of National Defense has received a letter from the President of France, thanking the women of America for a message sent by Dr. Anne Howard Shaw, chairman of the committee.

### NEXT LIBERTY LOAN APRIL 6

Washington.—On April 6, the first anniversary of the United States' entry into the war, the third Liberty loan will open. There will be a campaign of three or four weeks. In announcing the date Secretary McAdoo said the amount of the loan, the interest rate and other features, such as convertibility of bonds of previous issues, maturity and terms of payment, are yet to be determined, and that new legislation will be necessary before plans can be completed.

The fact that the amount of the loan is dependent on further legislation indicates that it will be for more than \$3,600,000,000, the remainder of authorized but unissued bonds, and the fact that certificates of indebtedness now being sold in anticipation of the loan bear 4½ per cent affords some indication of the interest rate.

How large the loan shall be depends largely, however, on the fate of the pending war finance bill carrying an appropriation of a half billion dollars and action on the railroad bill, with its appropriation of a similar amount.

#### SCANNING SECURITIES.

Only Issues Based on Essential Industries Encouraged.

Washington.—Members of the Federal Reserve Board's capital issues committee, conferring with representatives of state public utilities commissions, urged them to scan carefully every application for approval of proposed securities with a view of determining whether it is essential to conduct of the war. They were told that non-essential enterprises should be curtailed.

## JAPAN TROOPS TO MOVE INTO RUSSIA

INTERESTS OF FRIENDLY ALLIES IN DEMORALIZED COUNTRY WILL BE SAFEGUARDED.

### WILL NOT BE HOSTILE MOVE

Advance of Germans Into Russia Will Be Stopped by Advent of Japanese—Fear That Russians May Resist.

London.—According to the Daily Mail, it is understood that the allies have decided to ask the Japanese to take steps necessary for the protection of the allies in the Far East.

Stress is laid on the fact that the British and Japanese governments hold that Japan's intervention in the Russian affairs is not to be construed as an act of hostility to Russia or the Russian government. Its purpose is to safeguard menaced allied interests and to protect stores and munitions at Vladivostok and to assist Russia to lighten and eventually lift the burden of the German yoke.

Premier Lloyd George visited the American embassy and had an important conference with Ambassador Page, according to the Daily News, which believes the meeting was in connection with Japan's intervention in Siberia.

It is quite unusual for a premier to visit foreign embassies. Such calls are usually made by the foreign minister.

Accumulated at Vladivostok are military supplies of all kinds, much of American manufacture, and even great quantities of Japanese origin, delivered long before the Bolsheviks took possession of the Russian government.

The Stevens commission of American engineers made extraordinary efforts to improve the facilities to the Siberian railroad so that these stores could be transported to the Russian army and much of the accumulation was removed. The great quantities remaining, however, suffers seriously from deterioration due to exposure to the weather and other causes. Some of the supplies are on the docks and in warehouses and even in the open both at Vladivostok and at points westerly on the railroad.

This situation is regarded by the Japanese as warranting some measures to secure these stores, even if this involves military action on their part.

### AMERICANS DEFEAT ATTACK

Heavy Artillery and Machine Guns Inflict Heavy Punishment on Attacking Germans.

With the American Army in France—A strong German attack following a heavy barrage fire against the American trenches in the Chemin-des-Dames sector was repulsed with heavy losses to the attackers. The well placed American machine guns sent streams of bullets into the advancing enemy and as the German barrage fire lifted the American artillery quickly laid down a curtain of fire, the Germans retiring without a single prisoner.

The Americans stayed in their dugouts until the proper time, when they jumped to the guns and fought like veterans.

#### Noted Historian Dies.

San Francisco.—Hubert Howe Bancroft, famous American historian, died at Walnut Creek, aged 86. Mr. Bancroft in recent years had lived quietly at his home near here, continuing his historical writings.

#### Princeton Student Wins Medal.

Washington.—R. L. Nourse, Jr., of Boise, Idaho, a Princeton student serving with the American ambulance in France, has been cited by the French government to receive the cross of war for bravery under fire and devotion to duty while wounded.

#### Troops and Strikers Mix.

Buenos Aires.—Two persons were killed and several others were injured during fighting between troops and strikers at two points on the Pacific railway.

## WILL DEPORT ALIEN I. W. W. AGITATORS

SECRETARY WILSON ORDERS BIG ROUNDUP IN DETERMINATION TO STOP SABOTAGE.

### UNREST IN THE NORTHWEST

Agitators Will Be Detained and Deported Even Though No Overt Act Committed—Guilty Americans To Be Punished.

Washington.—A vigorous policy for the suppression of anarchists and alien agitators was announced by Secretary Wilson in orders to immigration officials in the northwest to proceed immediately to arrest aliens guilty of spreading such doctrines. Even though they may not commit any overt act, they will be detained and deported.

The secretary's action was in answer to requests from employers and civic organizations of Seattle and other cities that the department undertake the wholesale internment of industrial workers of the world, who were blamed for industrial unrest, particularly in the logging camps. Mr. Wilson held that membership in the I. W. W. organization was not itself cause for arrest or deportation, but aliens who preach overthrow of the government by force, assassination, or who are in any other manner subject to deportation under the immigration laws should be taken into custody at once.

The department stands ready to support the round-up of anarchistic agitation by supplying funds to obtain additional quarters if the Seattle section proves inadequate for internment them.

Orders for the suppression of radical propaganda by aliens are regarded by officials as the final step in the government's determination to put a stop to extremists who seek to interfere with the prosecution of the war from motives sincere or otherwise. Citizens of the United States who preach anarchy will be handled by the Department of Justice, which brought about the arrest of scores of I. W. W.'s in the nation-wide raids last year.

Secretary Wilson's order was issued with a full personal knowledge of the situation in the northwest.

### HUNS GET SEVERE DRUBBING.

American Troops Prove Their Superiority in Trench Fighting.

American Front in France.—The first American officer to be killed in action was shot at close range by a German in the raid northwest of Toul. Immediately the German was killed by another American officer.

They left behind three prisoners and 19 dead, including a captain and a lieutenant, and were thoroughly beaten in the hand to hand fighting which raged fiercely throughout that section of trenches which they attempted to sweep.

#### Warning To Coal Producers.

Washington.—A general warning was issued by the fuel administration to coal producers that where they are selling their output under contracts made prior to the fixing of coal prices by President Wilson they will not be permitted to charge the 45 cents additional given to operators to meet increased wage costs.

#### Workmen Kick on Near Beer.

Toronto, Ontario.—A large procession of workmen marched to the parliament buildings and asked for an increase in the strength of prohibition beer. The request was refused by the provincial premier.

#### Bulgarians Denationalize Servia.

Washington.—The campaign of the Bulgarians to denationalize occupied parts of Servia was detailed by the Servian minister of foreign affairs in a communication made public by the director of the Servian Press Bureau.

## U. S. SOLDIERS TAKE SWIFT RETALIATION

U. S. ARTILLERY WIPES OUT HUN POSITIONS THAT MADE GAS SHELL ATTACKS.

### BOMBARD ENEMY BATTERIES

Timbers Thrown High in Air and Explosions of Enemy Ammunition Directly After Being Hit With American Shells.

With the American Army in France.—Swift retribution has fallen upon the German batteries which bombarded American trenches northwest of Toul with gas shells. American heavy artillery concentrated its fire on the German Minnenwerfer batteries and obliterated the position.

Many direct hits with high explosive shells were made by the American gunners. Timbers were thrown high in the air, and explosions, probably of enemy ammunition and gas, resulted. The ground about the German batteries was churned upside down, and if there were any German soldiers there, they certainly suffered death.

Thus far six men have died from the effects of the German gas shells. More than 50 are in hospitals suffering from gas poisoning. Most of the cases, however, are slight, and only one man is reported in a grave condition.

Airplane photographs aided American gunners in their destructive fire against the German batteries. The photographs disclosed the exact location of the Minnenwerfers, with the result that it did not take the gunners long to even up the score with the enemy.

The American artillery has kept up a constant, harassing and destructive fire on many vital enemy points, such as cross roads and towns. German working parties were dispersed effectively, and once the 75s fired vigorously on a number of Germans in a first line trench, blowing in the entire trench system.

### RUSSIANS TO FIGHT TO END

People Living in Interior of Russia Will Fight To Finish in Behalf of Liberty.

Vologda, Russia.—The interior of Russia, following the example of Moscow, declares strongly against a separate peace with Germany. Workmen's and soldiers' councils in many provisional centers are issuing mobilization orders, proclaiming a fight to the finish in behalf of the revolution.

An example of the tendency being shown in interior Russia to follow the example of Moscow and declare against a separate peace with Germany and for a fight to the limit for the revolution is furnished by the action of the council of soldiers' and workmen's delegates at Penza, some 250 miles southeast of Moscow. This council has declined to approve the signing of a peace treaty with the central powers and has declared for a holy war. The council at Narva, by a vote of 40 to 18, called for general mobilization and against a separate peace.

General mobilization orders have been issued in Kazan Province. In these orders all the soviets are urged to fight Germany to the bitter end. Similar action has been taken by the councils at Voronezh, in South Central Russia, and in other cities.

### \$30,155,000.00 DEFICIENCIES

War Department Asks Congress to Add Big Sum to Urgent Deficiency Bill.

Washington.—Congress was asked to include an additional appropriation of \$30,155,000 for the military establishment in the urgent deficiency bill now being considered by the senate appropriations committee. Of this amount, \$12,660,000 would be used for barracks and quarters for troops, \$5,040,000 for quartermaster corps supplies, \$6,180,000 for water and sewer systems at military posts, \$2,525,000 for roads and wharves, \$3,250,000 for the construction and repair of hospitals and \$500,000 for shooting galleries and ranges.

#### Millionaire Must Go To Prison.

Chicago.—John F. Jelks, millionaire oleomargarine manufacturer, under sentence to serve two years in prison and pay a fine of \$10,000 on charges of conspiring to defraud the government of taxes, must serve his sentence, according to a decision of the United States circuit court of appeals.

### 18 BRITISH VESSELS SUNK

London.—Eighteen British merchantmen were sunk by mine or submarine in the past week, according to the British admiralty report. Of these 14 were vessels of 1,600 tons or over and four were under that tonnage. Seven fishing vessels also were sunk.

The losses to British shipping in the past week shows a considerable increase over the previous week, when the vessels destroyed numbered 18, 12 of them over 1,600 tons.

To drive a tank, handle the guns, and sweep over the enemy trenches, takes strong nerves, good rich blood, a good stomach, liver and kidneys. When the time comes, the man with red blood in his veins "is up and at it." He has iron nerves for hardships—an interest in his work grips him. That's the way you feel when you have taken a blood and nerve tonic, made up of Blood Root, Golden Seal root, Stone root, Cherry bark, and rolled into a sugar-coated tablet and sold in sixty-cent vials by almost all druggists for past fifty years as Dr. Pierce's Golden Medical Discovery. This tonic, in liquid or tablet form, is just what you need this spring to give you vim, vigor and vitality. At the far end of a hard winter, no wonder you feel "run-down," blue, out of sorts. Try this "Medical Discovery" of Dr. Pierce's. Don't wait! To-day is the day to begin! A little "pep," and you laugh and live.

The best means to oil the machinery of the body, put tone into the liver, kidneys and circulatory system, is to first practice a good house-cleaning. I know of nothing better as a laxative than a vegetable pill made up of May-apple, leaves of aloe and jalap. This is commonly sold by all druggists as Dr. Pierce's Pleasant Pellets, and should be taken at least once a week to clear the twenty-five feet of intestines. You will thus clean the system—expel the poisons and keep well. Now is the time to clean house. Give yourself a spring house cleaning—Adv.

What Crittenden County people also want is a refund of the \$500.00 corruption fund said to have been "spent" in Caldwell County to defeat Senator Clem S. Nunn.

It is enough to ask of each of us that he should be faithful to his own opportunities and make the most of his blessings, without presuming to regulate the rest of the vast field.—James.

He learned that man is made for happiness, and that this happiness is in him, in the satisfaction of the daily needs of existence, and that unhappiness is the fatal result, not of our need, but of our abundance.—Tolstoi.

The State Senate has passed a bill giving to counties with less than five million dollars worth of taxable property 75 per cent of State road fund where such county appropriates 25 per cent, which is 25 cents on the dollar better for this county than the old law. Under this new law, our county can put up \$100 and get \$300 from the state, or a proportionate sum for any amount up to 2 per cent of the entire state fund.—Livingston Enterprise.

The same is true of Crittenden county.

Mr. T. H. Cochran,  
County Food Administrator,  
Marion, Ky.

Dear Sir:—  
Mr. T. R. Moss, State Director of the Food Administration, will be in your city on Wednesday, March 13th, as previously advised.

Kindly arrange with Mrs. W. B. Yandell, Chairman of Conservation, for a meeting at two o'clock in the afternoon at the Court House.

Please give the widest publicity possible to Mr. Moss's advent and obtain the assistance of all patriotic organizations in making the meeting a great success. Mr. Moss will come direct to you from Washington and will bring an interesting message from Mr. Hoover.

Very truly yours,  
Fred M. Sackett,

Federal Food Administrator for Kentucky.

## KENTUCKY MOTHERS

### Prepare for Trouble!

When a girl becomes a woman, when a woman becomes a mother, and when a woman passes through the changes of middle life, are the three periods of life when health and strength are needed to withstand the pain and distress often caused by severe organic disturbances. Many thousands in Kentucky would testify as to the following:

WALTON, KY.—"I take great pleasure in announcing to the public the great benefit I received from the use of Dr. Pierce's medicine. I had that dreadful disease, woman's trouble, which caused such bearing-down pains, burning sensation, and dull feeling in my head that I became a nervous wreck. I had five doctors to treat me, all to no avail. I all to no avail. I had given up to die and to leave my dear husband and five little girls to the mercy of this world, when at last my husband urged me to try Dr. Pierce's medicine. I weighed 115 pounds when I began their use. I used 15 bottles of 'Favorite Prescription' and 'Golden Medical Discovery' and four or five boxes of 'Lotion Tablets.' At the end of the treatment I was well and weighed 163 pounds."—Mrs. RACHAEL TACKITT.

SLAUGHTER, KY.—"I had nervous trouble, heart affection and severe pains in my head. I took two bottles of 'Favorite Prescription' and was relieved. I have taken it several times in the last few years and always with perfect results. I can recommend it to anyone as being all it is represented to be."—Mrs. S. P. COLLINGS, Lock Box 112.

## Senator James Speech

### Indorsed By Upper House.

Frankfort, Ky., March 5.—The patriotic utterances of the senator from Kentucky, Ollie James, in defence of the national administration's war policy received the unanimous indorsement today of the Kentucky senate, which adopted a resolution introduced by Senator Jay W. Harlan, of Danville.

## WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA  
A DIGESTIVE LAXATIVE  
CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine and is composed of the following:

OLD-FASHIONED ROOTS AND HERBS:  
CASCARA BARK  
BLUE FLAG ROOT  
RHUBARB ROOT  
BLACK ROOT  
MAY APPLE ROOT  
SENNA LEAVES  
AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

Multimillionaire: Strikes It Rich  
In Big Gusher At Billings  
Oklahoma

The largest well completed in Oklahoma in the last year is the Humphreys Petroleum company No. 3 Neil Sec. 15-23 2w, at Billings which is now flowing at the rate of 4,300 bbls. to 4,500 bbls. This well off set the Mid-Co. Petroleum company's 1,500 bbl. well in the same section.

The Humphreys well touched the sand four days ago and drilled ten feet in. It showed for a 400 or 500 bbl well. The board of directors decided Saturday morning to drill five feet further, making a total depth of 2,051 feet. The few feet of additional drilling brought astonishing results. The well is now flowing between 180 bbls. and 190 bbls per hour. The top of the sand was touched at 2023 feet, and the total penetration is 28 feet.

This is the Humphreys company's second completion at Billings, No. 1 Neil, half a mile north, was completed August 19, and is still producing about 450 bbls. daily.

None of the Billings wells on the top of the structure have been drilled through sand, and as tests to the north have shown more than 110 feet of sand at about the same depth, it is possible that even larger wells will be obtained.

President of the Humphreys petroleum Co., is A. E. Humphreys of Denver, Colo., who organized other famous oil successes, including Duluth and Oklahoma at Beckwith; Merritt Oil and Gas at Boynton; Merritt Oil Corporation of Wyoming; Thos. A. Merritt of Duluth Okla., vice-president of the Humphreys Co., was associated with Mr. Humphreys in most of the other companies.

The largest local stockholder in the Humphreys Petroleum Co. is F. Julius Fohs of Tulsa prominent geologist, whose percentage of the stock is fully as large as Mr. Humphreys. Mr. Fohs also shared largely in the success of the Merritt Oil Corporation, and Duluth and Oklahoma. He is now a multimillionaire.

Other large local stockholders are E. I. Newblock, J. B. Means and N. J. Gubser.

Capital stock of the Humphreys Petroleum Co., is one million dollars authorized, of which a little more than half has been issued.

The Humphreys company discovered the Billings structure and has approximately 6,800 acres of leases there.—Tulsa Oklahoma Telegram.

## AN OLD PRESS

Interesting Letter From The Late  
Rev. James W. Bigham.

Our friend Thomas Burklow brought us in a copy of the Crittenden Press of Aug. 23, 1882.

In it are the advertisements of many now gone from us forever and many who are living in other states. A. C. Gilbert and son were saddlers, Stewart and Moore liverymen, C. E. Doss saloonist, Dean and Deboe physicians, Nunn and Cruce attorneys.

The Chesapeake, Ohio & South Western Railroad was at Princeton 21 miles away, our nearest railroad station. Pierce, Akin & Co. were experimenting in the new hardware store, an innovation for Marion. B. J. Hartfield had a big store at Caseyville and Sam Gugenheim was clerking for him. Richard B. Dorr had a furniture factory and coffin shop and Ralaz Dorr was his chief clerk and apprentice.

J. J. Nail was principal of Marion Academy, Rev. W. B. Crichtlow of the Marion Academic District school. Rev. J. M. Halsell of the Fredoni Seminary and Rev. Heman H. Allen of the Princeton Collegiate Institute, and all four of the school had paid advertisements in the Press. A. M. Gilbert, A. C. Moore, W. E. Flanary and George Mayer were examined the week before and given certificates as teachers in the county schools. An amusing and characteristic letter reproduced from Rev. James V. Bigham who was preaching the

Lafayette, Ky.,

Aug. 15th., 1882.

The Press arrived Saturday and brought tidings of the grass so to speak, in Crittenden and I saw clearly that the terrified of blessed old Crittenden had raised their Ebenezer, and the inflated balloon of coalition, and to the dignified and important office of chief council of the county, elevated by the virtuous and gifted Joseph, the youngest of his brethren, who David, (not the Psalmist) is again appointed chief scribe of the temple. Praise the Lord and his friend Jonathan (Gardner) is to number the people and frustrate the deadly machination of an evil minded Saul against the safety and continued safety of the sweet sinner of our race.

Why do my people reject the councils of my servant Aaron, (To wery). I suppose because he has been fooling with that calf, coalition, or (Orr) something of the kind over Piney. Didn't Henry run a good line, P. or Bill Johnson, he chews to bacco, I reckon that is the reason he had such pickings (Pickings) never mind, Will, wipe off your chin, and try'em again, that doubting Thomas who is he, tis said, "To doubt is to be damned," he must have doubted.

You say they are still voting for Eb at the Ferry. Tell them to keep it up. Did the boys hold them down at Marion and whoop'em up all around the country? I should smile. Did Old Field Sam bring the Bells Mines poll book in that night?

What's the matter with Union? Must be something wrong on Kirks ridge, is uncle Fed alive?

Did the Watsons turn out at Hurricane? Where were the Sullengers? I reckon Will Barnett, the Threikeld boys and Foster Threikeld were there, you see Eb and Joe went to school with them, and then I expect uncle P. C. B. was around.

Have you heard from Dycusburg? the Koons, Glenns, and Bennetts still live about Caldwell Springs, and Dr. Joe and well Springs, and Dr. Joe and Sam, and John Gelately and Dr. Graves and all the boys must have made it red hot down there they always do. Where was Jno Yandell. Now let us have peace Who is co-Al-ition what did he run for? is he dead? Whoopla wasn't it nice? How is uncle Jack?

Tell Eb, Joe and Henry come up, and let this people's specimen of young American untried red hot, starsprang banner Democracy. Glory! too full for utterance. Tell Henry to kiss Dave and the baby, Pierce to stay more with his wife, Dave woods to enjoy elegant Havannah, and J. Gardner swell the county list as many little gardeners as can find, while Joe and Eb quit the shades of single come up to Christian and double harnes with some of fair Christian girls and troously through together.

Now boys, do your duty, the interests of the dear be faithful and fearless you can do it again. The crats of Christian county been hacked so long that have been afraid to try, but did make just a little effort and have beaten the time and have beaten the of the Radical Ticket by Winfree county judge over

## Warning To Fertilizer Users.

On account of the shortage of Fertilizer, and shortage of cars, the farmer must bear in mind if he would be sure of getting fertilizer for the spring crops to buy early. We honestly believe if you wait, until you get ready to use the fertilizer, you will be disappointed.

Please let us have your orders and we will fill them as fast as we can get the goods. We have fertilizer ordered and will give notice in this paper when it arrives. This is not a scare, but to help the farmer to be on the safe side.

Big crops will win the war, Fertilizer will make big crops don't fail to use it liberally.

## SEVEN SPRINGS

Riley Jones and Miss Iva Griffith were united in marriage at the residence of Rev. J. C. Kinsolving, Feb. 24th, Rev. Kinsolving officiating. The bride is a handsome and much refined and industrious young lady of Seven Springs. The groom formerly lived here, but has been in Cairo, Ill., for the past year, having employment there. We heartily congratulate this popular young couple and they have our best wishes for a happy and a prosperous journey through life.

M. L. Patton and family visited relatives near Emmaus Saturday night and Sunday.

Several from here attended Charlie Smith's sale near Tiffin Thursday.

Miss Ruby Dean, our popular school teacher at Boaz, closed her school last Friday. Miss Ruby taught a good school, notwithstanding the severe cold weather we had the past winter. She was ever at her post of duty. She did not dismiss her school as many of our teachers did. She gave a prize for every day attendance which was won by Collin Patton. He being the only pupil who attended every day during the seven months' school. She gave some nice books to the other little folks. We wish Miss Ruby success wherever duty calls her in this life.

Ben O'Brien and family visited Tom Patton and family Saturday night and Sunday.

Misses Mabel and Ialene Patton visited relatives here Wednesday.

## Marion Housewife Changed From Gloom to Cheer

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayr's Wonder Remedy and I took a course of it. I have since been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

MARION

Is the Champion Cream Saver

## THE NEW DE LAVAL

There is no machine made in which proper lubrication is more vitally important than it is in a cream separator. A separator that is not properly oiled will turn hard and soon wear out. The old-fashioned method of oiling through a number of little holes with a squirt-can was unsatisfactory for the reason that some would oil too much and too often, while others would not oil enough.

## The NEW De Laval is automatically oiled

Don't have to fuss around a NEW De Laval separator. Simply keep the sight-feed lubricator filled with oil and the automatic oiling will see that every gear and bearing in the separator has just the right amount of fresh, clean oil all times.

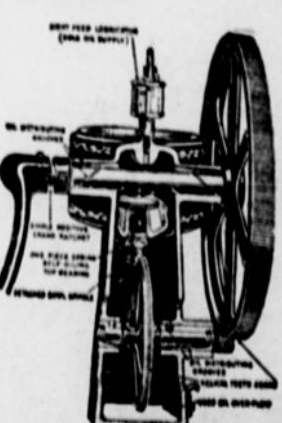

The automatic oiling system saves time and trouble, makes the machine run easier and longer to its life.

De Laval oiling system has been greatly improved by the addition in the NEW De Laval of an automatically oiled neck bearing which insures operation at the most important point of the tube formerly carried oil to this most important point.

There has never been a cream separator that had so many improvements as the NEW De Laval.

The new self-centering bowl with its improved milk-distributing device, and the bell indicator which insures operation at the most important point of the tube formerly carried oil to this most important point.

## Card of Thanks

Words cannot express our thanks to our friends for their many, many acts of kindness to us in our dark hour of sorrow and bereavement. That Heaven may reward each one, who in any way showed sympathy or brought words of cheer and comfort, is our prayer.

W. T. McConnell and family.

A pretty home wedding occurred at the residence of Mr. and Mrs. D. F. Brightwell, on February 20th, when they gave their daughter, Lois, in marriage to Mr. James C. Boaz, of Dycusburg, in the presence of about 50 guests. The ceremony was performed by Rev. W. E. Sutherland, of Kuttawa, in his usual impressive manner. Mrs. Isabel Brown presided at the piano and played a very beautiful wedding march.

The bride is the attractive daughter of Mr. and Mrs. D. F. Brightwell, of Glenn's Chapel, and one of the most prominent teachers of the county, and was very popular among the younger people. She was the recipient of many beautiful presents.

The groom was reared near Dycusburg and for several years held an important position with the Cairo Street Railway Co.

After the ceremony was performed light refreshments were served and the afternoon spent in entertainment, R. S. Jones furnishing music with his fiddle. The young couple have our heartiest congratulations for a long and happy life.—Lyon Co., Herald.

A quiet wedding took place in our town Wednesday Feb. 27, at 8 o'clock p. m. at the residence of Mr. and Mrs. H. C. Frayser. The contracting parties, Mr. Jessie Newcomb of Sullivan, Ky., and Miss Gertrude Rankin, of Weston, Ky. Esq. I. A. Caltin officiating.

Mr. Newcomb is a prosperous young farmer of Crittenden, or Sullivan route one. Miss Gertrude is a young lady honored and respected by her many friends and schoolmates, and the daughter of the late Geo. L. Rankins, deceased, and a niece of Mr. and Mrs. H. C. Frayser of Cave in Rock, Ill.

The invited guest were: Mr. and Mrs. Wathen Ledbetter, Mrs. Sarah J. Oldham, Mr. and Mrs. Harry Frayser, and family, Mr. and Mrs. John Pritchard, Mrs. Harriet Gregory, Misses

## An Appeal To God

God help our boys to lend a helping hand  
To save our dear land.  
For we must be saved from this downfall.  
If it takes our life and all.  
Our soldiers are brave.  
To wear smiles on their sweet faces.

Which may soon be covered by the dusts on their graves  
Yet; their courage is kept by Gods own grace.  
God keep their hearts bright.  
For we are afraid, they will have to fight.  
And kept them safe in the trench.  
With their friends, "the French."

God help the mothers to pray.  
For their sons today.  
And that the war may close, at least this year  
Though it may cost many a life so dear.

God help us to save food,  
For our boys must be feed good,  
For the hours are long to work,  
And none are allowed to shirk.

God help their sisters not to grieve,  
To see their dear brothers leave.  
For without them, I dont believe  
Our country should never be freed.

God help us to write our soldiers with cheer.  
For their thoughts are of dear parents, sisters, and friends

here,  
No other on earth to their heart so near.  
We will thank god when we have won.  
Although we may loose quite a sum,  
But we will feel free and brave.  
When we know the Kaiser is sleeping in his grave.

Sallie Sullenger,  
Union School.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Sent for full particulars. Address P. J. CURENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

## I Recommend Peruna To All Sufferers Of Catarrh—

I Do Not Think I Ever Felt Much Better

Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

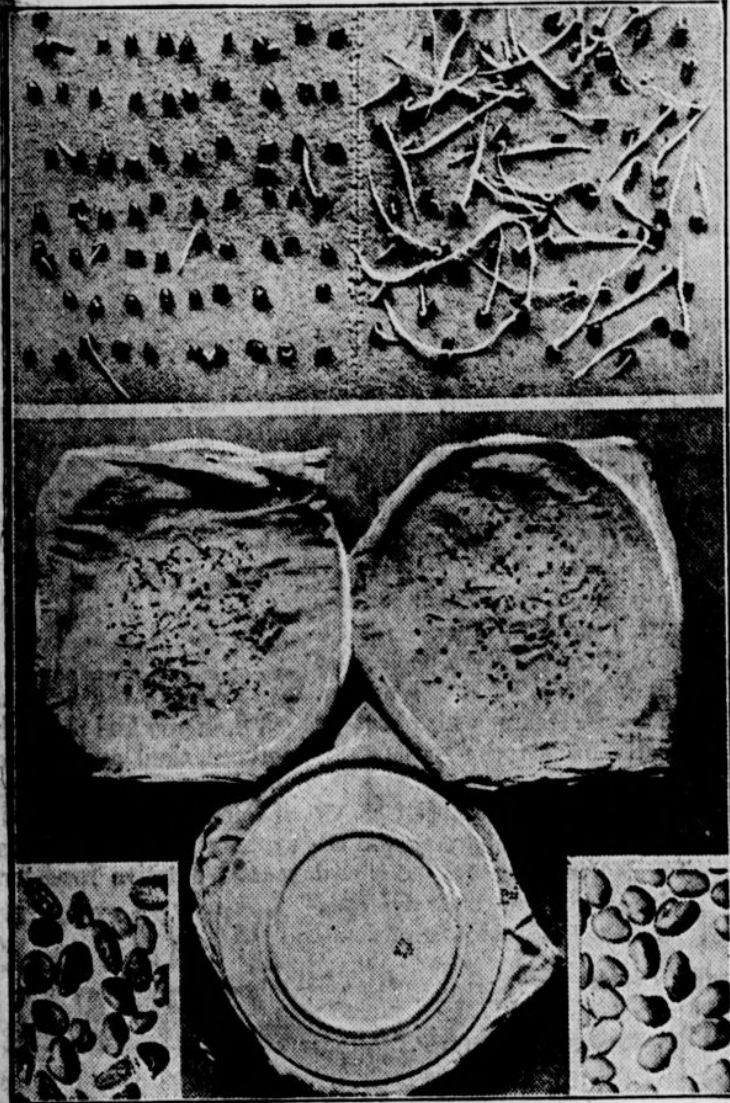

Those who object to liquid medicine can procure Peruna Tablets.

The seed trade has voluntarily agreed to label all field seeds with the percentage of pure seed that will grow, giving the purchaser exact information as to quality. The United States Department of Agriculture urges all farmers to buy their seeds only from dealers who comply with this agreement and not to run the risk of buying high-priced, unlabeled seed that will not give a stand in the field.

**Make Germination Test.**  
Get your seed early and make a germination test of it before sowing. Count out 100 seeds; put them between folds of moist paper or cloth between two dinner plates and keep at room temperature for four days; then count the sprouted seeds. If 95 seeds sprout the seed is good; if only a small part of them sprout the seed is either poor or the test was not properly made. If in doubt as to the value of the seed send a sample to your state agricultural experiment station or to the Seed Laboratory, United States Department of Agriculture, Washington, D. SCREENING SEED MAY PRE-  
VENT NEW DISEASE.

Screening out the shriveled grains from wheat seed before planting will remove one cause of spreading the new bacterial disease of wheat which has been discovered in many states of the middle West. This has been learned by specialists of the United States Department of Agriculture who, in co-operation with the experiment stations of Kansas and Wisconsin, are studying the problem of controlling this disease. Wheat kernels that are plump do not contain bacterial cavities, but shriveled ones often do.

Don't take any chances with the quality of the red clover seed you sow this spring.

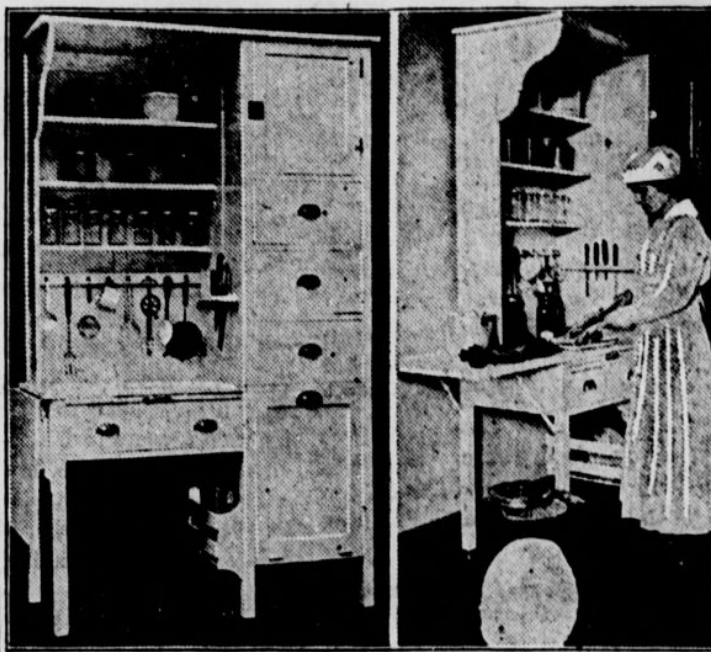

**High Price of Seed.**  
Never before has the price of red clover seed been so high as it is at the present time, and never has the quantity of seed on hand been so small in proportion to the acreage to be seeded.

In years when the demand for any kind of seed exceeds the supply, all available seed is put on the market

CABINET IS HOUSEWIFE'S WORKING PARTNER.

A Homemade Cabinet That Is Sanitary, Convenient and Attractive—Not Expensive.

KITCHEN HELPER  
FOR HOUSEWIVESCabinet Saves Walking To and  
Fro Necessary in Prepara-  
tion of Food.

## WELL-SEASONED WOOD BEST

Convenience Especially Suitable Where  
Space Is Limited—Place Provided  
for Fireless Cooker When  
Not in Use.

A kitchen cabinet is just as important to the housekeeper as the bench to the workman or the laboratory desk to the chemist. With it the housekeeper can sit down comfortably with her whole kitchen workshop easily within her reach. It saves walking to and fro to gather this thing and that to prepare the food. And every kitchen should have a stool of the right height to enable the worker to sit at her work at the cabinet. The home-made cabinet shown in the illustration is sanitary, convenient, and attractive. It is especially suitable and compact for kitchens in which cabinet space is limited.

A home-made cabinet can be built with moderate expense if outside labor need not be employed. If both lumber and labor must be purchased, the cost will equal that of a ready-made cabinet. The cabinet must be made of good wood, well seasoned. That is the most important consideration. Poorly seasoned wood warps and swells and is a constant annoyance in opening and closing doors and drawers.

## Dimensions of the Cabinet.

The cabinet shown in the illustration is 6 feet 3 inches high to the top of the closet, 31 inches high to the top of the table. It is 21 inches deep and 48 inches wide. The part of the cabinet below the table contains the flour bin, large drawer, rack and dough or pastry board. The bin is fastened to the frame with loose-pin hinges. By removing the pins the entire bin can be removed, cleaned, and replaced. The bin can be lined with tin to make

This is the first of a series of articles which will describe household conveniences. The difference between the tired, over-worked housekeeper and one who has some time and energy left for reading and recreation after the day's work is done, often may be accounted for by the kind of equipment used in the kitchen. Under the direction of the state and county home demonstration agents of the United States Department of Agriculture, home conveniences already have been installed in several thousand country homes. Such conveniences not only effect a real saving in the work of the home, but they help the farm woman to get a greater amount of happiness out of her daily tasks. Many of the improvements that will be described can be used as well in village and city homes.

It moisture, insect, and mouse proof. The dough board should be made of a wood that is tasteless and odorless and should be fitted well in the opening just below the table. A batten is tongued and grooved on each side of the board to prevent it from warping. The roomy drawer can be used for small utensils. The open space below the drawer can be occupied by the kitchen stool or the home-made fireless cooker when they are not in use. Pie pans, lids, and covers have a most convenient place in the rack be-

SAVE A LITTLE SUGAR TO-  
DAY.

**Candy at Meal Time Only.**  
Candy is a concentrated food, and should be eaten with moderation. Though we like it, it is not a necessity. It is always best to eat candy as a part of the meal to replace some other food. Eating it between meals not only means needless use of sugar, but often causes a loss of appetite for other foods. Apply this suggestion to the children. If they are to eat candy it should be a part of the meal. Between meals let them have bread and butter, a cracker, or fruit.

low the drawer. A drop table 21 inches wide and 19 inches long increases the table surface. This table is supported by inexpensive folding brackets.

## Provisions for Many Things.

The upper part of the cabinet consists of a closed compartment, three drawers, three open shelves, knife rack, and row of screw hooks for hanging utensils. The closed compartment is for package goods and large utensils. The drawers are for kitchen linen and other things needed in daily use. The lower shelf is 5 inches in depth, while the upper shelves are 7 1/2 inches. On these shelves are kept coffee, tea, sugar, and spice jars. Three inches below the lower shelf is a strip 1 1/2 inches wide which holds the screw hooks. The knife rack is made by sawing slashes 1 inch deep in a piece of material 2 inches wide.

The cabinet is finished with two coats of white paint and one coat of white enamel. It can be easily kept clean and sanitary. Metal or wooden handles may be used.

## APPLE SCRAPPLE IS GOOD.

Fried apples are good with fried scrapple. Yes, answers the healthy appetite, even though it be not acquainted with fried scrapple. Every cook knows how to fry apples, many do not know how to make scrapple—excellent at any meal.

## Ingredients.

Whole hog heads.....pounds.. 10  
Hog livers and hearts.....do..... 2 1/2  
(A small quantity of beef can be used also if desired.)  
Corn meal (yellow or mixed).....pounds 4  
Buckwheat or rye flour.....do..... 4  
Spices, as marjoram, sage, thyme, and pepper in proportion as desired, or omit those not desired.....do..... 1  
Salt.....pounds..... 1/2  
Liquid in which meat is boiled; use a quantity equal to the total weight of the combined solids.

The proportion of ingredients may be varied to individual taste.

## Directions for Preparing.

Clean the hog heads thoroughly, removing the eyes and ear tubes. Split the head lengthwise and remove the teeth and the soft bones in and near the nasal cavities. Place the hog heads and other meat into a large kettle or caldron with a liberal quantity of water and cook until the meat falls off the bones. Remove all of the meat and soft tissues from the bones and chop the meat by passing it through a meat grinder. Strain the cooking liquid to remove any small pieces of bone. Place the liquid back into the original kettle. Heat to boiling point, at which time the original darkens your hair in time slowly add the meat and fowl, and stir constantly to prevent the meat from forming into lumps and also avoid scorching. Boil and stir until the mass becomes thick, and then add the salt, spices, and chopped meat. Boil ten minutes, and while still pour the product into deep wet bread pans will do. Pour two large spoonfuls of melted butter over the product in the pans. As the product has cooled it is ready for use.

The usual way of serving scrapple is to cut it into slices about one inch thick, dust the slices with cracker dust, or dry cornmeal, fry until the outside is somewhat brown.

I went over to see a neighbor for one day and I had a terrible cough and my eyes were sore. She gave me half a bottle of Peruna last November, and it did me so much good that I bought a bottle, and then when I had finished that I got another, and so on until I have taken almost six bottles and I feel like a new woman. I am fifty-nine years

old, and since I have taken the Peruna, I feel as I did twenty years ago. I will always keep Peruna in my house."

Eight years ago, I began to feel not quite so well as usual. . . . I was not able to do anything. It seemed like I was wasting away, and kept getting mopey every day. I was weak and could not stand on my feet. . . . I had no doctor but I knew my feelings that I had womanly illness.

After I decided to try Cardul, I bought a bottle. It seemed as if the very first doses began to help me. I was surprised that anything could begin to help so quickly. But it helped me right away. I know it did because I began to get strong.

After I had that first bottle, I bought another. When I had finished that second bottle, I was all right. I did not need a third bottle. I kept right on going until I was as strong as ever, and I have kept so. . . . I was well and as strong and able to do my work as I ever was before.

## WATCH OUT FOR PNEUMONIA!

Your very best preventive against a bad cold, catarrh, pneumonia, or rheumatism, is a strong vitality. With your body in fine trim, you are practically proof against taking a cold or having pneumonia or other diseases so prevalent this time of year. But with your vitality all run down and your blood impoverished, you are susceptible to such diseases. Avoid them all by keeping your system in perfect trim with Nature's wise provision for such purposes, Vin Hepatica, the Universal Purifying Tonic. We recommend it.

Not only will it make you proof against disease, but make you feel like your old self again.

Mahala Clark, widow of Pres Clark, formerly of this city, died at Uniontown Thursday, Feb. 28th, of diseases incident to old age.

She was born and reared in middle Tennessee, and was a Miss McCormick. She moved to Crittenden county when a girl of seventeen years of age and lived here about for over sixty years. Six years ago she moved to Henderson with her son, Flanagan, and lived there and in Uniontown until her death. Had she lived until July 30th, next, she would have been eighty-four years old. She is survived by one son, Flanagan, with whom she lived, and one daughter, Mrs. Viola Lynn, wife of Willis C. Lynn.

The remains, accompanied by her son and other relatives, arrived here Friday and were taken to the Love graveyard for burial beside the remains of her husband who was laid to rest there nine years ago.

Mrs. Clark was a member of the Methodist church in this city and had been a Christian since early life.
