HOLLAND VESSELS TURNED TO ALLIES

DEALERS, PRODUCERS AND JIBS MIGHT SURELY GIVE JAPAR." 

BECOMES EFFECTIVE APRIL 1

OFFICERS OF RATING WILL BE PUNISHED

WASHINGTON—The coal industry—up to now with the United States and Great Britain—has decided to turn to its allies for coal, the Pittsburgh Press reports.

The decision was made by the American bituminous coal industry, which represents nearly all the coal produced in the United States. The move was prompted by the war with Japan, which has caused a shortage of coal in the United States.

The coal industry has already begun to ship coal to its allies, and it is expected that the shipment will continue until the war is over.

The coal industry has also decided to increase its production, in order to meet the demands of its allies.

The move has been welcomed by the Allies, who have been dependent on coal from the United States.

The coal industry has also promised to keep the Allies informed of its progress, and to make every effort to meet the demands of its allies.

A Word About Our Annual Spring Fashion Review

Each season—Spring and Autumn—we have held a Style Show and FASHION REVIEW on the third Friday of April and the third Monday of September. This year we have extended our invitation to you, both from the standpoint of having pleased all who attended and from the standpoint of having obtained an enthusiastic response.

This Spring, we have prepared a truly magnificent Show. The third floor is a Florida Garden, replanted in nature's own decoration brought from the South. The Garden is the work of the landscaping department of the Phipps Conservatory in Florida and is all the more appreciated because it has never been attempted in this part of the country and we ourselves desire your presence. You will be away pleased beyond words and I feel sure you will find a Fashion Review worth seeing of any cities such as St. Louis, Chicago, Denver and New York.

Letter From Cozy Schrey.

Came home on farm March 29th, 1918, in Marion County. Cincinnati Friends.

I hope to see the Friends here in a few days and to write a letter to you so you know how we are getting along. The light is coming on in the hills and the trees at the foot of the mountains are beginning to bud. Everything is spring like. The weather is fine and we have plenty of flowers and the birds are singing. Let the people be happy and let the people be happy.
