APRIL 1 LAST DAY FOR FEDERAL RETURNS

PENALTY FOR INCOME DEDUCTIONS ARE SEVERE IN 1935

If You Are LIABLE

April 15, 1935, is the last day of the federal tax year for individuals and the government is to have all the income tax returns in the government's hands by that date. If you are liable for income tax, you must file your return by April 15 or face a penalty of ten percent of the amount of tax due, plus a $50 fine. The penalty is in addition to any interest which may be due. Taxable income includes wages, salaries, dividends, interest, and other sources of income. Income tax returns must be filed even if you did not receive a notice. If you have not yet filed your return, you should do so as soon as possible.

The Penalty Bar

The penalty applies to all income tax returns, including those filed by corporations. If you have not filed your return by April 15, you must pay the penalty in addition to the tax due. The penalty is calculated on the amount of tax due, plus a five percent interest on the unpaid tax. If you have not yet filed your return, you should do so as soon as possible.

But in this case, the high tide is not coming. I have been waiting for the high tide for a long time, but it is not coming. I am not sure what to do.
