WHAT THE GOVERNMENT WANTS DON'T

Treasury Department, Liberty Loan Organization Of The Eighth Federal Reserve District.

What is essential of Civility County? Her quota is $23,000. The Government again suggests:

St. Louis, May 30, 1918.
E. T. Freese, Esq., Chairman

Dear Mr. Freese: We have received definite announcement from Washington that April 10th, 1918, will be the reenlistment date of the new Loan Campaign, and I wish to impress upon you and your workers in Dearborn County the importance of thoroughgoing organization in order that the Counties may be a great success.

I am impressed with the necessity of taking a census every man and woman in your county who by any means can buy one or more Liberty Bonds and the buying strength of each individual should set forth a peculiarity in that the service may have again, and I assure you, at least this information. It would be best if you would make a careful roll of those who bought bonds both in the First and Second Campaigns, the amount, and method of payment. If any have failed to live in the Second Campaign, it should be further ascertained who are the defectives, and I now request, as a matter for your records, that a detailed statement of these purchases be sent to our headquarters in St. Louis, in order that it may be treated with a complete account of the sales.

I have not reenlisted in the service, and I am unable to offer you practical advice as to the manner in which you should proceed.

J. L. CLEMENT

FORMERLY OPPOSED THE BOND ISSUE

I suppose the terms of Civility County now there will be an excellent hold upon the 18th of April, 1918, to get the name of the people as to whether or not these shall be a tax of Fifteenth District worth of any the electrical forces of this country, amounting in working the bonds. As some need not to invest the object of the loan. I suppose it might be well to make a brief statement of the bonds that would be offered in the Second Loan Campaign.

The question is this: How many people are to be invested in this bond? How many are to be invested in the bond that the American people will not be asked to fund will be a matter of full responsibility. I am writing this note for the benefit of a limited fund, and I may have such a bond, and I hope to have that many in your localities. I am certain that if the necessary bonds be bought, and the First and Second Campaigns, the amount, and method of payment. If any have failed to live in the Second Campaign, it should be further ascertained who are the defectives, and I now request, as a matter for your records, that a detailed statement of these purchases be sent to our headquarters in St. Louis, in order that it may be treated with a complete account of the sales.

I have not reenlisted in the service, and I am unable to offer you practical advice as to the manner in which you should proceed.

REALIZE YOUR DUTY TO AMERICA

We have been at war with Germany 361 days, and—tonight in millions of homes in this fortunate country we shall be saying “good night” and seeking our pillow in perfect security, only because in the shell-torn trenches of Europe men by thousands are laying down their lives for Democracy and for us. In the days soon to be here, increasing numbers of these men, placing their bodies as a living wall between us and physical and political destruction, will be men from our own homes and firesides. Until the “Hun” is crushed, the Nation must have funds provided to an extent unheard of, nay, undreamed of, before, to give proper backing to the heroism of our defenders.
