By Crew In Attendance Despite His Illness. His Father Aged And Father's Death Reported.

Marion, June 5th.

P. H. B. Jenkins.

The day the heavens opened up in tears of rain and wind, many men in Marion and its environs were moved to tears of joy and gratitude. The day was dedicated to the memory of their loved ones, who had given all for their country. The day was marked by a somber procession, with flags at half-mast and the sound of bugles. The day was a fitting tribute to the valor of those who had fallen in battle.

IMPORTANT NOTICE

May 31, 1918.

The Federal Food Administration has recommended that all meat shall be sold at the same price. This recommendation is in line with the policy of the government to ensure fair prices to all consumers. The public is urged to support this policy and to purchase meat wisely.

ROBERT JENKINS
RADIO OPERATOR

Will soon complete course and be ready to see in wireless operator.

Letters from Robert Jenkins, one of the best operators in Marion county, state that he will soon complete his course at the Veterans Hospital, Ashtabula, Ohio, and will report to the standard, where he will be of great service to the military establishmen.

The news of his promotion came as a surprise to many, but it is believed that he will do his best to live up to the expectations that have been placed on him.

REMEMBER THE DATE, JUNE 5TH.

On the 5th of June, 1918, Marion County, Ohio, celebrated the commemoration of the 5th anniversary of the end of World War I. The day was marked by a ceremony, with speeches and songs, and the laying of a wreath at the memorial.

G. H. DAVIS

The editor of the Marion Daily News.

PLEDGE WEEK—JUNE 24 TO 28

The War Savings Stamp Will Prove the Last Straw

Upon advice of National Chairman F. A. Tidforst and Federal Director J. H. B. Aramby of the National War Savings Council, the Department of Justice is hereby notified that the War Savings Stamp will be promoted as the last straw in the campaign to stimulate savings and aid the war effort.

Every citizen is urged to purchase as many stamps as possible and to encourage others to do the same. The stamps will be sold at all post offices and can be redeemed for cash or United States Savings Bonds.

COPLEY PLACE, June 24, 1918.

SURE, BILL NEEDS HELP!

In Wisconsin, June 26, 1918.

TAKE ADVANTAGE OF MEETINGS OF KENTUCKY COUNCIL OF DEFENSE

War savings drives throughout Kentucky will take place during the entire week of June 24 to 28. These drives are designed to increase the savings of the people and provide funds for the support of the war effort.

The meetings will be held in various cities and towns throughout the state. The public is invited to attend and learn more about the war savings programs.

SCHOOLS DO GOOD WORK

In Louisville, June 26, 1918.

Mr. J. B. Mays, Secretary, Kentucky State Board of Education, Louisville, says:

"The schools are doing a good job in promoting the war savings campaign. We have had a number of successful drives and the students are actively participating in the effort.

HAVE A THRIFT POCKET

A thrift pocket is a character builder. It will teach patience, self-control and thrift. Every child can supplement the family income by selling stamps and contributing to the war effort.

ALLIES DEMAND MORE CEREALS

ARGENTINE ARRIVALS SHORT.

UNITED STATES FOOD ADMINISTRATION REPORTS "V" GRAIN SHORTAGES.

The allies have made further and substantial demands for wheat from Argentine. A large wheat consignment has been ordered in consequence of the current crop of Argentine. It is therefore necessary that the U.S. Food Administration demand "V" grain from Argentina for this purpose. It is expected that the consignment will arrive in New York about the middle of March. This wheat is of the highest quality and will be in full condition.

U. S. Must Cut Use

Of Wheat by One-9th

America Consumed 42,000,000 Bushels Monthly. From New Until Harvest Must Use Only 21,000,000.

RATION PER PERSON IS 1 POUNDS OF WHEAT PRODUCTS WEEKLY.

Military Secretary Calls for Greater Sacrifice Here-Aligned War Bread Must Be Maintained.--Our Soldiers and Sailors to Have Full Allowance.

If we are to furnish the Allies with the necessary provisions of wheat to augment their food supply until the next harvest, and this is a military necessity, we must reduce our monthly consumption to 21,000,000 bushels as a maximum. This is a reduction of approximately 50 per cent of our normal consumption. This is the amount we are asked to reduce by the U.S. Food Administration as a contribution to the Allied cause.

We must also reduce our consumption to 1 bushel per month for our soldiers and sailors, and this is a reduction of approximately 50 per cent of our normal consumption. This is the amount we are asked to reduce by the U.S. Food Administration as a contribution to the Allied cause.

Plan Your War Garden Now, Save Time and Money.

BLOOD OF BREAD

Others are giving their blood. You will send in the one and only saving life if you can. Plan your War Garden now. Only a little time is left. The time is short. The work must be done now.

Great Wheat Stocks Isolated.

The wheat situation is now such that the Allies are in danger of being starved. The United States, with a large wheat surplus, is isolated. The Allies must look to themselves for their wheat supply. The United States, with a large wheat surplus, is isolated. The Allies must look to themselves for their wheat supply.

A TEXAS WONDER.

The Texas Wonder was born and
brought up in Texas, and at
nineteen years of age, she
was the best girl in the
world, beautiful, good-natured,
and full of vitality. Her
parents were both born in
Texas, and she was the pride

Red Blood and Courage!

Wood drove the men right to the edge of the forest and there they stood. Wood said to them, “Listen, my friends, I have something to tell you. I have seen the signs of the times and I have decided that we must act now.”

You must be careful not to act too hastily, he said. You must have patience and diligence, and be patient with yourself. You must trust your instincts and follow your heart. And most important of all, you must always remember that you are not alone.

The signs of the times are clear. The world is changing and we must change with it. We must be prepared to face whatever challenges come our way. And we must do it together.

Let us stand together and be strong. Let us be the change we wish to see in the world. Let us be the light that guides the way.

INVEST IN HUMANITY

By JOHN OLIVER LA GORCE

American lecturer, American Geographical Society

"SIEVEN Little Children" to come unto me," declared the compassionate Christ. But never since the Christ in flesh upon the earth has there been so many "Little Children" in need of protection and help as are the children in Europe today. There are the "Little Children" who have gone to France for food and fuel for fertilizer and for going-Vedas to the cities for the sake of the food and clothing and the hope for the future. How can we help the "Little Children" in these days of war? Here are some suggestions for how you can help.

1. Donate money to organizations that provide aid to children in need.
2. Volunteer your time to help children in shelters or orphanages.
3. Provide clothing, food, and other necessities to children in need.

DYNAMIC RED CROSS MONEY

By FRANKLIN K. LANG

OFF, the $100,000,000,000 given last June by the American people to the Red Cross, nearly one half ($20,000,000,000) has gone to help the refugees, the orphaned children, the war-torn and wounded of the French, Belgian, Italian, Serbian, Russian people and others. The Red Cross has spent more than $30,000,000,000 in France alone in the establishment of canteens for the soldiers, the reconstruction of devastated districts, the care of homeless children, the housing of refugees, the feeding of food, clothes and supplies to the war-ravaged civilian population. More than $2,000,000,000 has been spent in fighting tuberculosis, one of the worst of wars' by-products. $8,149,000 has been expended for the shelter of war orphans. $7,200,000 has been appropriated for the reconstruction of villages and general relief work in the devastated areas.

In Italy a great work of relief was organized after the Austro-German drive of last fall, and the thousands of refugees that came pouring over the Po and the Piave were aided by a business-like and far-reaching supply and service organization. With the exception of the Red Cross, war has been spent for its Italy.

American funds will soon make the Red Cross a principal power through the importation of work and agricultural implements. In this section of Serbia more than twenty thousand refugees have been brought to their homes and the Red Cross is now preparing food for them.

A most delightful career was given Thursday evening at the Junior League, so it was not only for the girls and young ladies of the town but also for the very old who were having refreshments and socializing. The program was presented by the Junior League and included a variety of activities. Some of these included:

- Music and dance - a band played classic music and guests danced in a group.
- Art show - various artworks were displayed, including paintings and sculptures.
- Fashion show - models walked down the runway wearing the latest fashion trends.
- Silent film screening - an old silent film was shown, adding a nostalgic touch.

A special thanks to the Junior League for the wonderful evening they provided.
