THE COLYUM.

Making of good things we not overlook the fact that now has a baseball team reminds, one the days by when it was the pride of team in western Kentucky at a game with Marion. Marion baseball is a healthy sport boosted by any community and the people of Marion should encourage the boys by their presence at the games.

Colonel Lee Wick is installing modern crossing over the ditch at the post office. Hope was material enough left over the little pile of it by the railroad. It would be a good idea to live a little pile of material that so that strangers passing through Marion would at least link that a new bridge was a little feed, cow feed at Wheelers.

Some that know.

KNOWN IN MARION.

Mr. Threlkeld, of Evansville, Ind., was in Marion Saturday morning as a broken neck suspect. Thursday when Paul charged him under the ear this morning. A comment arose between boys concerning a small that Threlkeld had made. Mr. Cox is said to have presented a remark which Threlkeld made concerning Cox's father to the effect that he lied about the purchase of a charged account. It is said that Threlkeld was well after the daily terrible hardships and privations he endured.

No better soldier ever came from Crittenden county than Walter Hughes. Big, strong, quick and active, a wonderful marksman with plenty of nerve, he possessed all of the necessary qualifications of the invincible American soldier, who had the daring courage to cross the ocean and whip the Germans in their own positions.

Republican Party Favors Improvement of the Public School System and Better Pay for Teachers.

Below is published two paragraphs of the Republican party platform relating to public schools, which was unanimously adopted at a Mass Convention of delegates from every county in the State held at Lexington ON MAY 14th, which platform and the reforms promised therein, EVERY Republican candidate in the State and the Republican party is pledged to support:

"Second. - We denounce the ludicrous common school textbook law and its operation by the present State Text Book Commission, under the direct control of its acting chairman, and we demand the appointment of a qualified and independent commission to protect the interests of the school children of the State. We call specific attention to the willful violation of the platform pledge of the Democratic party on this subject.

"Fifth. - We stand for better schools and school houses, for improvement of rural schools, and for a substantial increase in the pay of rural school teachers. We favor an efficient public school system from the first grade to the university, with modern equipment and qualified teachers so that the youths of our commonwealth may be adequately trained for the competition of life. To that end we recommend a survey of the school system for the purpose of giving a wise basis for school legislation. In addition we favor the elimination of the office of Superintendent of Public Instruction and of County Superintendents from politics by constitutional amendment, providing for their election or re-election under non-partisan emblems or designations and the creation of a State Board of Education composed of representative citizens of the State."

Elect the entire Republican ticket this fall and bring about improved schools, better pay for teachers and other reforms for the public good as advocated by the Republican party platform as adopted at Lexington, May 14th, 1919.

The Tolu orchestra made merry with music, old and long familiar songs were sung by all, and special selections were rendered by Billy Yates and wife, the noted singers who have charge of the song service of the Hurricane camp meeting which is now in progress.

Through the entire day it seemed that the spirit of God touched the hearts of the entire people assembled. Those who have passed the meridian of life were seen to turn back life's pages and to meditate upon those good old days when man lived nearer to his God and gave more of his heart, soul and substance to the pleasure and happiness of his fellow-man. Those of a younger generation viewed with awe the striking contrast of older and better days, with the present day of a growing tendency toward a less useful and more unhappy, selfish life.

All too soon the time came to say good-bye, each refusing to go without a word of thanks to those who had made such a day possible. The host, hostess and that noble character of ninety years, Grandma Franklin, sat while one by one the young and old took them each by the hand in token of love and appreciation and departed.

Thank God that such people as John Franklin and his good wife who have each devoted their lives to ministering unto the sick and needy, the rearing and education of so many helpless orphan children and such lives of devotion.

Corbet Gilbert Hurt. Corbet Gilbert, of Tribune, while playing base ball last week was struck over the head with a bat and came near being seriously hurt. Badly Burned.

The little three-year-old Loe, Truitt, of Mattoon, was badly burned last Tuesday morning when his mother dropped a pot of hot cocoa on him. Mabel Truitt was cooking breakfast, having made the cocoa, and was taking it from the stove to put it on the table when it slipped from her hands and fell on the child, burning his right arm and side badly. The doctor was called to dress the burns and now he is doing nicely.

and Misses K. and L. Gilchrist, of all districts, his father, collecting money for the collection of the 20,000 loaves. Mrs. Gilchrist, of Marion, Ky., is the wife of the pastor, the centenary of the church, the chairman of the mission, the Sunday school superintendent and the president of the Woman's Missionary Society. This cabinet will do all the actual work of collecting the individual pledges.

The persons who made subscriptions will be divided into lists of twenty-five and the lists will be placed in charge of a certain member of the church cabinet who will collect all pledges as they come due.

One feature of the standard plan is that the local church will be responsible for collecting the full amount of its subscription. If any subscriber dies or meets with misfortune such as to render it impossible for him to pay his pledge, it will be the duty of the church cabinet to secure another person to take the place of the one thus become delinquent.

It is also proposed that every new member who comes into the church shall also be asked to make a contribution to the Centenary fund. The Centenary fund of \$25,000,000 will be used for the church in an extension of its missionary work throughout the world. Several millions will be spent in the devastated regions of France, Belgium, Poland and Russia. Other millions will go to the seven foreign fields occupied by the church—Mexico, Brazil, Cuba, Africa, China, Japan and Korea. Other millions will be spent in the industrial sections of the great cities, in the mountains, among the immigrants, the negroes and the Indians, and in building churches in the missionary territory of the United States.

PROMINENT LODGE WORKER NOW EVER MINDFUL OF DUTY

Mrs. Isenman Thinks It Wrong if She Didn't Publicly Praise Trutona.

Paducah, Ky., Aug. 22. Practically everyone in Paducah and vicinity knows, likes and esteems Mrs. A. L. Isenman, 402 Washington street, Paducah. She has been prominent in lodge circles here for many years, having held several high positions in the local W. O. W. Circle.

"I must admit that I was almost ready to 'hand in my cheeks' when I began taking Trutona," she said. "I had been suffering from a complication of troubles for several years. My bladder and kidneys were out of shape and my nerves were in bad condition. I had scarcely any appetite and found it hard to sleep well at night.

"I do not like publicity and consequently not enthusiastic over having my name used, but I feel that I owe this statement to the general public, and this time I am willing to give it. I am not nervous any more and my kidney and bladder troubles have vanished. I have a splendid appetite, too, and sleep well at night now. Trutona is the finest medicine for liver trouble I've ever found. My complexion has cleared up and I've gained in weight during the past two months. Trutona seems to have made a new woman of me."

Trutona is now being introduced and explained in Marion at Jas. H. Orme's drug store.
