THE COLYUM.

Making of good things we not overlook the fact that now has a baseball team reminds one the days by when it was the pride of team in western Kentucky at a game with Marion. In baseball is a healthy sport and is boosted by any community. The people of Marion should encourage the boys by their presence at the games.

Colonel Lee Vick is installing modern crossing over the ditch at the post office. Hope it will be material enough left over to build a little pile of it by the Belleville street. It would be a good idea to live a little pile of material there so that strangers passing through Marion would at least think that a new bridge was under construction.

Some that know.

KNOWN IN MARION.

Mr. Threlkeld, of Fredonia, in an Evansville home Saturday morning as the door of a broken neck snapped Thursday when Paul Threlkeld fell under the ear of a horse.

Argument arose between the boys concerning a small store. Mr. Cohen was brought back to Fredonia Saturday afternoon. The funeral services were at the Presbyterian church in Fredonia Sunday morning with interment at the Fredonia cemetery.

Sheriff's Tax Notice

I now have the tax books for the year 1919, and am ready to receive your taxes, and I, or one of my deputies will be found at my office at all reasonable hours. Remember your tax rate this year is \$1.50 on the \$100.00 worth of taxable property, divided as follows:

| | |
|---------------|--------|
| State | 40 |
| County | 50 |
| Common School | 30 |
| Road Bond Tax | 20 |
| Court House | 15 |
| | \$1.55 |

This rate applies to all property except that in graded school districts on which the sheriff collects all the above tax except school tax.

Elzie Hard at Home--Cited for Unusual Bravery.

Elzie Hard has returned home after many months over seas. He went across on the "Celtic" nearly two years ago. He landed at Liberty, England. After a trip through England he went to France where he was in three major engagements, Saint Me-Hjel, Argonne and The Meuse. When the Armistice was signed he was at Louppy, France, en-

FISCAL COURT HOLDS SESSION

A Bridge to be Built Over Tradewater River-- Other Notes

Crittenden County Fiscal Court met Sept. 2, 1919, at 9 o'clock. The usual orders were made and the county claims audited and allowed.

County Judge, R. L. Moore, reported his efforts in trying to secure the issue of road bonds, which the last fiscal Court directed him to have issued, and submitted prices obtained by him which were considered unsatisfactory by the court, and he was instructed to make further negotiations and report at the October meeting of the court.

A bridge was ordered built across Tradewater river at Fishtrap, not to cost more than \$10,000.

Mr. Floyd W. Hargraves, Mr. Hargraves received a division citation for exceptional bravery in placing barbed wire entanglements around machine gun outposts. He landed in the States July 28th, and came home last week. He left Wednesday however for Russellville where he will accept a position.

any, and were the Troican troops to enter. They stayed in Trier until last February and were then sent to Luxemburg. There they stayed until they sailed for the States in July. The return was on the "U. S. American" which landed July 22.

Marion is proud of all her boys who did service for America, and especially for the ones who were permitted to see active service in France. Neither of the boys were wounded and it is good to see them back in Marion. Mr. Huffman will only be here a short time. He will make his home in Nashville with his father.

Grim Reaper Claims Respected Citizen

Willard F. Enoch died at his home in this county August 4th, 1919, of cancer of the liver. He has been a sufferer for several years, but until about a year ago his family thought he had stomach trouble. He was taken to Paducah a few weeks ago for an operation, but on finding his serious condition, did not operate. He leaves a wife who was Miss Belle Station, and four children: Mrs. James M. McConnell, of Arkansas, Lee Enoch, Mrs. Harvey Turley and Mrs. Burnett Belt of Rosiclare, Ill.

He was a kind husband and father, and a splendid neighbor and will be greatly missed.

Rev. and Mrs. William Savage were in the city Monday, enroute to their home at Liverpool, England. Mrs. Savage is a daughter of Mr. and Mrs. W. O. Hayden, of Salem and has many friends.

She was employed at Mussels Shoals, Ala., where she met Mr. Camp.

NOTICE

The Electric Light franchise for the city of Marion as published in The Crittenden Press issues of July 25th, August 1st, and August 8th, will be offered for sale at 1 o'clock p. m., at the Council room in the city of Marion, Ky., Monday, Sept. 8th, 1919.

E. L. Ebers should not fail to see what she has to say. The moving pictures which will be used at the farmers meeting are very much out of the ordinary.

Such a varied, instructive and delightful program cannot come to our county without great interest being manifested. Don't forget the date. August, 21st, 22nd and 23rd!

CRITTENDEN COUNTY INVITED

The Farmers Chautauqua or community meeting will be held in Marion, Ky., on August 21, 22 and 23rd.

Health is Wealth. Dr. I. N. Wittenberg, State Board of Health.

Home Making. Dora Sonnerday, Extension Division, College of Agriculture.

Managing the Farm. M. C. Kroft, College of Agriculture.

Rural Relief Work. Dr. S. E. Brewster, American Red Cross.

Motion Pictures. Making of a Nurse, Government Poultry Farm and Road Making.

This splendid program cannot be missed. The hours have been arranged conveniently for the farmers in the county. No program will be before 3 o'clock in the afternoon, so that those busy with their farm work can manage to hear the many good, instructive and valuable things that will be said.

Every one in the town and county is expected to be at this Farmers Chautauqua. Not only farmers but every one. The University Quartette will sing songs that are old and songs that are new. They are merely college boys full of snap, pep and the buoyancy of youth. They will prove wonderfully attractive to their audience.

E. F. Farquhar, University of Kentucky, has selected "Imagination" as his topic, Friday, so his audience will have to imagine what he is going to talk about concerning education of the youth of the State. It will be hard to imagine how good his instructive and splendid his lecture will be.

On Saturday Miss Dora Sonnerday of the extension division of the College of Agriculture, will

QUIET WEDDING OF POPULAR COUPLE.

Miss Opal Davidson and Mr. Albert Shelby Marry in Evansville.

Miss Opal Davidson and Mr. Albert Shelby were married in Evansville last Thursday afternoon at 3 o'clock at the home of the minister of the First Baptist Church. The only one present was Mr. A. A. Huffman, manager of the Laib Company, of Evansville, who is a boyhood friend of Mr. Shelby's.

The bride was gowned in a handsome dark blue coat suit. She is the attractive daughter of Mr. and Mrs. Marion Davidson, of Marion.

She has gone to Johnson's, Marion and has many friends. She is a girl of the home of the Evansville, Mr. and Mrs. J. J. May, of Johnson's, Marion and has many friends.

Short officiating, with only members of the immediate family present. There were no attendants and the couple met at the improvised altar, where Rev. Short performed the ring ceremony. Miss Josie Paris played the wedding march.

The house was beautifully decorated with plotted plants and cut flowers. The color scheme of pink and white was carried out in the flowers and candles which furnished the light.

The bride's dress was a beautiful creation of white georgette and Satin. The groom wore the conventional black.

Miss May is the oldest daughter of Mr. and Mrs. J. J. May and is a graduate of the high school here and Rusk College.

Mr. Johnson is the youngest son of Mr. and Mrs. Will Johnson. He has recently returned from the army and is a deserving young man.

Mr. and Mrs. Johnson left soon after the wedding for a trip to the Mammoth Cave. They motored through and were accompanied as far as Princeton by Rev. Short.

Institute Ended Friday.

The Crittenden Co., Teachers' Institute ended last Friday afternoon at four o'clock. It was the best Institute ever held in Marion, and more than usual interest was manifested.

The program Wednesday morning was opened with devotional exercises by Rev. Raglan. Then followed:--announcements, Supt., J. L. F. Paris.

Good morning Mr. Zip Zip, With your hair cut just as short as mine.

Good morning Mr. Zip Zip, You're surely looking fine. Ashes to ashes, and dust to dust, If the school don't get you the Institute must.

STATE MEMORIAL

For The Boys Who Lost Their Lives in The Great War.

A patriotic movement is now being organized in Kentucky for the purpose of erecting a State Memorial building to perpetuate the memory of those Kentuckians who lost their lives in the service of the country in the European war.

The proposed building is to be erected on the grounds of the University of Kentucky, of dimensions sufficiently ample to house all the student activities of the institution and to establish in the rotunda, tablets bearing the name of the entire list of Kentucky's soldiers who died in the supreme sacrifice.

Harry W. Jones, James Edgerton, and others are working for the memorial.

A splendid monument to the boys who died in the European War is being erected on the grounds of the University of Kentucky.

This work was erected by the firm of Henry & Henry, Ky.

PROMINENT LODGE WORKER NOW EVER MINDFUL OF DUTY

Mrs. Iseman Thinks It Wrong if She Didn't Publicly Praise Trutona.

Paducah, Ky., Aug. 22. Practically everyone in Paducah and vicinity knows, likes and esteems Mrs. A. L. Iseman, 402 Washington street, Paducah. She has been prominent in lodge circles here for many years, having held several high positions in the local W. O. W. Circle.

"I must admit that I was almost ready to 'hand in my cheeks' when I began taking Trutona," she said. "I had been suffering from a complication of troubles for several years. My bladder and kidneys were out of shape and my nerves were in bad condition. I had scarcely any appetite and found it hard to sleep well at night."

"I do not like publicity and consequently not enthusiastic over having my name used, but I feel that I owe this statement to the general public, and this time I am willing to give it. I am not nervous any more and my kidney and bladder troubles have vanished. I have a splendid appetite, too, and sleep well at night now. Trutona is the finest medicine for liver trouble I've ever found. My complexion has cleared up and I've gained in weight during the past two months. Trutona seems to have made a new woman of me."

Trutona is now being introduced and explained in Marion at Jas. H. Orme's drug store.

John Brasher and family and Mrs. Nancy Jane Wheeler, of near Mexico, were guests of Jake Campbell last week.

Will Eaton and Mr. Peterson, of Dycusburg, were here the second Sunday.

Mrs. Sadie Holoman and children, of near Salem, visited relatives here Saturday and Sunday.

ECONOMY OF WATERWORKS.

Forgetting all about all other phases of this question, which we shall take up later, a system of waterworks would pay for itself in a very short time, more than likely before a bond issue would become due.

The Press would suggest that the business men of Marion get together sometime in the very near future and figure up what they are paying for fire insurance now and what it would cost them if they had water protection. More than likely the result of such a meeting would be an immediate start on some plan to get the water. We believe that it is perfectly safe to make the assertion that the saving of the business insurance alone would pay for this necessity and all that was gained in a lower insurance rate on the homes and household goods would be enough to pay the water bills of the users of the service. This would not only make the insurance companies pay for putting in the system but pay for the water we use.

Of course the insurance rates are high here now—they are every where when there is no protection. And also of course the people of Marion are financially able to pay these high rates. They are also at liberty to carry their own risk—but only a few do so. But we should like to have the logic of going without water explained to us when the insurance companies are willing to make the proposition.

for us—in lower rates. The columns of the Press are open to anyone who cares to show us why we should go along from one year's end to the next—without this fire protection.

THE COLYUM.

Back again—we hope to stay this time. Had enough to do the last few weeks though without getting foolish.

It sure pays to advertise. If you don't believe it ask Guy Givens. He is feeding a lot of people around on the north side of the square these days. I tell Guy that it is because he advertises regularly in the Press. Guy thinks the quality of his meals has something to do with it. And we agree with each other that both factors have a lot to do with it.

This week's paper would not be complete without something about the Hurricane camp meeting. Was down there Sunday making good my threat to be at all the meeting places in the county where they had dinner on the grounds. Typical Crittenden county basket dinner and that is the highest praise possible for the good cooks of any community. Wasn't the only thing I went down for but the material things of life are not to be overlooked.

Saw many nice fields of corn and tobacco between here and the camp ground. The worst feature of this trip is the abominable roads one must needs pass over in order to get there. Of course it won't be long before this county is going to have real roads and then a trip out in the country will be a pleasure instead of near murder.

As a by the way the last time I was at Hurricane until Sunday was eighteen years ago. At that time I had never even heard of an automobile. There were a lot of fine cars there Sunday and some few 4ds. Sure looked like prosperity to see them too. Why not? Crittenden county farmers work as hard as anybody—some of them a lot harder than necessary—So why shouldn't they

May the time soon come when there will not be a stock barn in Crittenden county that hasn't a silo at the end of it—they pay and pay big.

Business matters called me to Smithland Monday. Some four and twenty years ago my father was stationed on that work and I have many pleasant memories of boyhood days in that quaint little town. A number of the good folks I remember there have passed into the great beyond but there are some mighty fine ones left. To those Crittenden county people who are acquainted there the names, Davis, Scyster, Robertson, Able, etc., need not be mentioned the second time.

While there I was entertained at the home of an old time family friend who is however comparatively new in Smithland, Editor John L. Smith of the Livingston Enterprise, than whom there is not a better newspaper man in western Kentucky and I might say that there is not a place in Kentucky, the place where hospitality originated, where the guest is more graciously entertained than in the home of these fine people.

To the casual visitor Smithland would probably appear to be about the deadiest town on the face of the earth, in fact it was supposed to have breathed its last as a commercial center many years ago. True there is probably not much business there but in one way the old town is some nineteen years ahead of Marion. They have electricity there twenty-four hours a day. Same day possibly we will have some of the modern conveniences that other towns around of less than one-fourth the size of Marion have now—and a new culvert to take the place that disgraceful bridge—no need to mention the locality—you all know where it is now.—W. SUFFRAGE PLAN OF WORK OF FEDERATED CLUBS OF KENTUCKY.

Whereas, The conditions of war have revealed the problems of peace, and whereas, these problems demand for their solution the same concentration of public spirit on the part of individual women and the same hearty co-operation among groups of women, the same high patriotism in fact, as was displayed by our women during the war, be it resolved, that we, the resolutions committee with these purposes in view, offer the following recommendations:

Whereas, The Federal Amendment for woman suffrage has been passed by the Congress of the United States, and whereas, the 1920 session of the Kentucky Legislature will have the opportunity of ratifying this amendment, we recommend to the Federated Clubs and to the individual members that they at once take steps to pledge all candidates for the Legislature before the August primaries if possible to the ratification of the Federal Amendment and to the passage of all other Legislation securing the political rights of women.

We further recommend that the Political Science Committee of the Federation work in close co-operation with the Kentucky Equal Rights Association in securing the proposed legislation, and that, since the time is now so short until the women of Kentucky will be full citizens, we recommend that the clubs of the Federation take up actively the work of preparing women to use conscientiously and intelligently their new political rights.

Notice.

All accounts over 30 days old not settled by Sept. 15, will be placed with our attorney for collection. Come in and settle up, thereby saving cost and perhaps hard feelings. We must collect. Yours truly,

KENTUCKY MUST NOT FAIL TO DO JUSTICE

Mrs. Breckenridge Tells of Progress of Equal Rights In Other States

Kentucky has been a state for 127 years. The men of Kentucky have been able during that entire time to grant suffrage to Kentucky women by the states rights route. They have failed to do so. This, in spite of the fact that the women of Kentucky have been working for over a quarter of a century to get the men to grant them suffrage by the states rights route. In all that time they have never even succeeded in getting a bill through the Legislature. Therefore the voters of Kentucky have never had a chance to pass upon the question. The man who talks about states rights now is usually a man who has been an anti-suffragist during all the time that Kentucky women were trying to get suffrage by the states rights route.

For in the meantime the women of Kentucky and of the other states of the Union have succeeded in getting a bill through the United States Congress to grant suffrage by Federal Amendment. It is now up to the states to ratify this amendment. Though the Federal Bill only passed on the last day of May, seven states, having regular sessions of the legislature this year, have already ratified it. Four states have ratified at the special sessions called for the purpose, and nine others have already called special sessions to do so. Kansas

legislators came together for the day, waiving mileage and per diem, and ratified the amendment. This was merely an act of chivalry to the women of the unfranchised states, since Kansas men had already granted suffrage to their own women by state amendment. Iowa put through her ratification in the record-breaking time of one hour and forty-nine minutes.

The men of Kentucky are to have the chance, either at a special legislative session called for the purpose, or at the regular session next January to repair the injustice that is now being done Kentucky women. Already the women of twenty-nine states more than fifteen and a half million women—are eligible to vote in the next presidential election. Are the women of Kentucky inferior to the women of California, Illinois, Colorado or New York that they should be excluded from voting for the next president? Do the men of Kentucky desire that Kentucky should be allowed to poll only one-half of her adult population in the next presidential election while these other states are voting their full strength?

Suffrage has been granted to the women of nearly all civilized countries. The United States is the only great nation inhabited by English speaking people which has not already granted suffrage by national act to its women. Great Britain, England, Ireland, Scotland, Wales, Canada, Australia and New Zealand have all granted full political rights to their women. There is no question that the United States will eventually be as fair to her women.

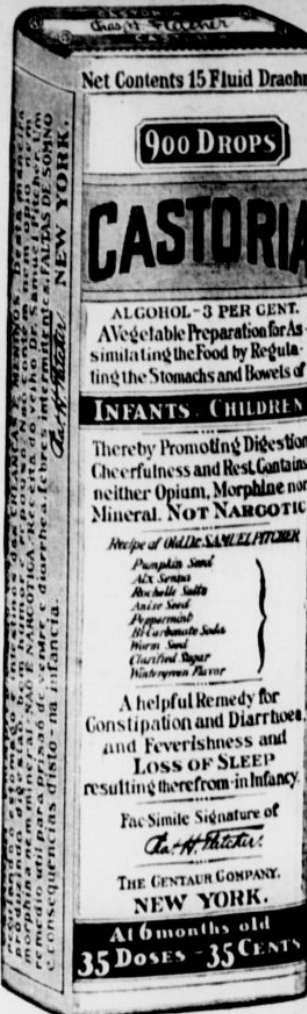

The only question now before the legislators of Kentucky is whether they prefer to delay or to speed up the process of doing justice to American women. In all likelihood the Federal Suffrage Amendment will be ratified by the necessary 36 states even should Kentucky fail to take advantage of her opportunity to ratify. Were it possible for Kentucky legislators by a reactionary policy to defeat the Amendment, and insist that the women must get suffrage by the states rights route, all they could do would be to increase the labors and prolong the efforts of Kentucky women, many of whom have already labored for the greater part of their adult life to get the men of Kentucky to grant them suffrage by the states rights route.

Gentlemen, save your own time and patience and that of your women! Act promptly and generously by these your helpmeets, instead of waiting still longer for your hands to be forced! The Lord loveth a cheerful giver.

MRS. DESHA BRECKINRIDGE.

TO MEET NEEDS OF RURAL COMMUNITIES

TO BRING about the development of the American rural community is the purpose of the Bureau of Rural Organization, a newly created department of the American Relief Department of the American Red Cross. Prof. E. L. Morgan of the Massachusetts College of Agriculture has been appointed director. Already there are 3,700 Red Cross Home Service sections operating in the United States, three-fourths of them in places of less than 5,000 population. The needs of the rural districts have been found to be so many and the organized attempts to remedy so very few that it will be a part of the Bureau's work to put the community in touch with the organization that can best meet its needs, whether it be the Red Cross or another agency.

PROMINENT LODGE WORKER NOW EVER MINDFUL OF DUTY

Mrs. Iseman Thinks It Wrong if She Didn't Publicly Praise Trutona.

Paducah, Ky., Aug. 22.—Practically everyone in Paducah and vicinity knows, likes and esteems Mrs. A. L. Iseman, 402 Washington street, Paducah. She has been prominent in lodge circles here for many years, having held several high positions in the local W. O. W. Circle.

"I must admit that I was almost ready to 'hand in my cheeks' when I began taking Trutona," she said. "I had been suffering from a complication of troubles for several years. My bladder and kidneys were out of shape and my nerves were in bad condition. I had scarcely any appetite and found it hard to sleep well at night."

"I do not like publicity and consequently not enthusiastic over having my name used, but I feel that I owe this statement to the general public, and this time I am willing to give it. I am not nervous any more and my kidney and bladder troubles have vanished. I have a splendid appetite, too, and sleep well at night now. Trutona is the finest medicine for liver trouble I've ever found. My complexion has cleared up and I've gained in weight during the past two months. Trutona seems to have made a new woman of me."

Trutona is now being introduced and explained in Marion at Jas. H. Orme's drug store.

We Vouch for Them

Of all the tires that are made, why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense

facilities,—they employ many exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

United States Tires are Good Tires

We know United States Tires are GOOD TIRES. That's why we sell them.

Notice from a Coal Company

A number of our customers have complained at not being able to find our NAME in the TELEPHONE DIRECTORY. You will find us listed in the "M's" and not the "N's" as our NAME is the MAURIE NUNN COAL CO., NOT Nunn Coal Co. You will find our number to be 225-2 rings. If you want to call at night call 225-3 ring. A call at night may save a long drive the next morning without getting any coal for coal is now hard to get and we do not have it at all times.

PROMINENT LODGE WORKER NOW EVER MINDFUL OF DUTY

Mrs. Iseman Thinks It Wrong if She Didn't Publicly Praise Trutona.

Paducah, Ky., Aug. 22.—Practically everyone in Paducah and vicinity knows, likes and esteems Mrs. A. L. Iseman, 402 Washington street, Paducah. She has been prominent in lodge circles here for many years, having held several high positions in the local W. O. W. Circle.

"I must admit that I was almost ready to 'hand in my cheeks' when I began taking Trutona," she said. "I had been suffering from a complication of troubles for several years. My bladder and kidneys were out of shape and my nerves were in bad condition. I had scarcely any appetite and found it hard to sleep well at night."

"I do not like publicity and consequently not enthusiastic over having my name used, but I feel that I owe this statement to the general public, and this time I am willing to give it. I am not nervous any more and my kidney and bladder troubles have vanished. I have a splendid appetite, too, and sleep well at night now. Trutona is the finest medicine for liver trouble I've ever found. My complexion has cleared up and I've gained in weight during the past two months. Trutona seems to have made a new woman of me."

Trutona is now being introduced and explained in Marion at Jas. H. Orme's drug store.

BLACKFORD ITEMS.

Since the sultry days have somewhat subsided and the prospect for the growing crops brighter, we approach the front with greetings to the new editors of the Crittenden Press.

The victims of cupid's darts, Carl Dilbeck and Miss Jimmie Asher have forsaken the realm of blessed singleness and have joined in the bonds of holy matrimony.

Mrs. Lillian Anderson, wife of C. B. Anderson, who has been visiting her parents, Mr. and Mrs. W. L. Slayton of Central City has returned home.

Our boys who have recently returned from service overseas are Albert Pickens, James L. Litchfield, Enoch Crowell, Sam DeHaven, Marion Crowell, Jonas Boucher, Homer Morgan, Jefferson Burgess, Roy Lawson and Highland Boucher.

Our enterprising merchant, H. L. Lamb, has sold a half interest in his mercantile business to L. E. Ringo. Both men are comparatively young, considerable hustlers and will doubtless do a thriving business. Friend Lamb has not only bought property at Blackford but is improving same by building a very snug little garage with a concrete floor and basement.
