

The Crittenden Press

Volume 42.

Marion, Crittenden County, Kentucky, Friday, Sept. 5, 1919.

Number 6.

THE COLYUM.

Making of good things we not overlook the fact that now is a baseball team reminding one the days by when it was the pride of team in western Kentucky. In a game with Marion, the baseball is a healthy sport boosted by any community. The people of Marion should encourage the boys by their presence at the games.

Colonel Lee Vick is installing modern crossing over the ditch at the post office. Hope he has material enough left over to get little pile of it by the old has been down by the railroad at Belleville street. It would be good idea to live a little pile of material so that strangers passing through Marion would at least think that a new bridge was going to be built.

Something says to tell me that Marion is the verge of rapidly becoming the commercial center of territory between the Cumberland river and Morgantown. It needs to bring this about a little push and advertising. A live commercial club would help a lot. The columns of the Press are rapidly being filled by the merchants who are beginning to see this opportunity and these are the ones who will be on the ground floor in getting this business.

He that tootheth his own horn the same shall not be toothed. Keep your eye in the Crittenden Press. Some day the railroad company will deliver that linotype we should have had some weeks ago and we will get a room big enough for our new press to print an eight page paper on—and then you'll be sorry if you are not getting the Press. Better step and subscribe now so as not to miss any of the good things to come.

Jeff Travis has promised to take me out over the county on one of his trips on these days and when I get back expect to have enough material to keep the Colyum going some time—and I have not on up hope that some day I'll have some help on this. Send in your funny stories—must be for people of things in Crittenden county—that can be printed without hurting anyone's feelings.

And remember there is a big meeting with or on the grounds anywhere in county without inviting more is going to be somebody off my visiting list. That'd be the unpardonable sin and this place.

Of course I don't care anything about the of myself but there are a lot of people go there who do and I to get around and see them.

Temperance Mfg.

Last Sunday afternoon three o'clock the temperance forces of Marion held a meeting at the Baptist church.

Rev. J. B. Trotter of the meeting with a few remarks after which C. S. Nunn, B. Yates talked for a time was decided to perfect an organization to put over the agent for statewide prohibition election this fall and J. B. Trotter was selected as secretary. An aggressive campaign be made before the election November in an endeavor to make a saloonless Kentucky sure.

H. L. Wilson was in business Saturday.

FISCAL COURT HOLDS SESSION

A Bridge to be Built Over Tradewater River—Other Notes

Crittenden County Fiscal Court met Sept. 2, 1919, at 9 o'clock. The usual orders were made and the county claims audited and allowed.

County Judge, R. L. Moore, reported his efforts in trying to secure the issue of road bonds, which the last fiscal Court directed him to have issued, and submitted prices obtained by him which were considered unsatisfactory by the court, and he was instructed to make further negotiations and report at the October meeting of the court.

A bridge was ordered built across Tradewater river at Fishtrap, not to cost more than \$7,000, to be paid jointly by this and Webster county, and it is estimated that Crittenden county's part will be 38 per cent, and that of Webster's will be 62 per cent.

County Attorney, John A. Moore and Esq. W. D. Drennan were appointed a purchasing committee, to co-operate with a similar committee, to be appointed by the Webster Fiscal Court, to purchase and have erected the bridge as soon as possible.

It is the opinion of some who have investigated the matter that said bridge can be built for \$6,000, but the Fiscal Court made a liberal allowance in order that the work might not be hindered by the lack of funds.

There had been two sites suggested for the location of the bridge, and J. E. Sullinger and Esq. L. E. Waddell were appointed some time ago by the Crittenden County Court to make a survey and a plot of the two proposed sites, and to make a written report to this meeting of the Fiscal Court of their findings and to designate which location they considered the most suitable. This committee did its work well, filing with the court a splendid map and written report and suggested to the court that the one known as the lower site was the most suitable for the bridge. The Court adopting the committee's suggestion, ordered the bridge built on what is known as the lower site.

County Road Engineer, E. J. Travis was ordered to buy a strip of land from S. A. Asher for the purpose of changing Rural Route No. 1 on better ground. Two hundred dollars was appropriated for the purpose of paying for the land needed. There was also an appropriation to pay for the necessary fence.

The next meeting of the Fiscal Court will be Tuesday, Oct. 7, 1919.

Forte-Camp

Miss Pearl Virginia Forte of Dyersburg, Ky., and Mr. Joseph T. Camp, of Covington, Ky., were united in marriage at Dayton, Ohio, Aug. 16th, at 6:30 P. M. by the Rev. Chas. A. Hickey, pastor of the Sacred Heart Church. The ring ceremony was used.

The bride wore a beautiful dark blue suit, and the groom the conventional black.

Mrs. Camp was reared in Dyersburg and is the second daughter of Mrs. Virginia Cothran.

She was employed at Mussels Shoals, Ala., where she met Mr. Camp.

NOTICE.

I have sold my business and ask that all persons who are indebted to me come in and settle before Oct. 15th.

W. E. COX,
Fredonia, Ky.

NOTICE

The Electric Light franchise for the city of Marion as published in The Crittenden Press issues of July 25th, August 1st, and August 8th, will be offered for sale at 1 o'clock p. m., at the Council room in the city of Marion, Ky., Monday, Sept. 8th, 1919.

E. L. Harpending,
City Clerk.

Lightning And Wind do Damage Near Repton.

Jeff Brantley and Curby Stephens were going home from church Saturday night, when the electrical storm which visited this section of the county, became so violent as to make it necessary for them to seek a shelter some where.

They stopped in a barn on L. W. Jenkins' farm near Repton, and had only been there about five minutes when the lightning struck it. The barn did not burn, but both of the men were knocked down and Brantley was unconscious for two hours. As soon as Stephens recovered he went for help and they took Brantley home.

Several people who had been to church, had their buggies turned over by the wind that night.

Sailor Home

Harvey Clarke, who lives in the Forest Grove neighborhood came home on a short furlough last Wednesday. He has been on the U. S. S. "George Washington" for over a year and has made four round trips across the Atlantic. He was on the ship which brought President and Mrs. Wilson home from Europe.

Changes By Business Firms

The Marion Hardware Co., which has been without a room since the fire, has moved to the room next to Moore & Pickens Millinery Shop.

This was previously used by W. O. Tucker, as a furniture store, but he has recently moved his furniture to the room over his garage and has built steps at the side of the garage, as means of entrance to his new furniture store.

For Sale

One of the best business locations in Rosiclare, Ill., can be rented by buying all or a part of the present stock of mdse. Stock consists of "Star Brand shoes," dry goods, men's work clothing, notions and groceries. Furniture stock all closed out except a few pieces. Store building is 25 x 75 ft., with a 15 x 75 ft., side room and a 18 x 40 ft., furniture room in the rear. Rent very reasonable. Stock free from old stock and from 33 to 50% under present wholesale prices, with the exception of groceries which have been bought on today's values. Have a well established, paying business. Will give my reasons for selling to anyone interested. Stock can be reduced to suit purchaser. For further information, address

W. E. COX,
Fredonia, Ky.

Mrs. Cameron Injured.

Mrs. T. E. Cameron was badly injured Saturday night when she was run over by a horse and buggy.

She was crossing the street between Yandell-Gugenheim's and the Farmers Bank, when Odell Elkins drove around the corner of the bank and ran over her. The horse struck her with his foot, knocking her down, and then the wheels ran over her twice.

Mrs. Cameron was taken to her home, nearby, and a physician called. She is improving slowly.

Marion Wins at Caseyville.

The Marion Baseball team went to Caseyville last Sunday and came back victors, the score being 6 to 4. This is the seventh game won out of eight played, which is a mighty good record.

The line up was: Frazer, catcher; E. Conyer, pitcher; Rankin, 1st base; Kemsey, 2nd base; B. Wheeler, short-stop; Felix, 3rd base; Threlkeld, left field; Lamb, center field; R. Conyer, right field.

Win Another.

The Marion baseball team won the game played with Ford's Ferry last Monday afternoon by the score of 8 to 2. The game was much closer than the score indicates as it was anybody's game for several innings, Ford's Ferry having a lead of two runs to work on during the early part of the game. When Marion tied the score on a couple of wild throws the visitors seemed to lose their heads and couldn't run bases worth shux after that fortunate episode. Marion plays two games at Earlington Saturday and Sunday.

Soldier Returns

Wathan Rankin, son of Ben Rankin, near Ford's Ferry has received his discharge, and came home Saturday morning.

He was gone about a year and a half, and served several months of the time in France.

Birthday Dinner

In honor of his 38rd birthday, Mr. Pleasant Coleman Moore was given a surprise birthday dinner at his home, Tuesday, Aug. 26th.

A large table was built out in the yard, and was loaded with every thing good to eat, that can be thought of.

All of Mr. Moore's children and many of his friends were present, and it was a very happy day for him.

Messrs. Other Towery, Glenon Cash and Philip Stephens motion to be held in Louisville, and these delegates to vote as

MASS MEETING OF DEMOCRATS

Delegates to State Convention at Louisville Are Selected

At a meeting of the Democrats of Crittenden county, Kentucky, held in the courthouse, at Marion, Kentucky, at two o'clock, p. m., August 30, 1919, pursuant to a call by the Hon. J. I. Clement, Chairman of the Democratic committee for Crittenden county, the meeting was called to order by the chairman, who read the call from Judge Charles Hardin, chairman State Executive committee, and stated the object of the meeting; and thereupon, J. I. Clement was elected temporary chairman of the meeting, and Hugh Wilborn, Secretary.

On motion of Jesse Olive, seconded by C. S. Nunn, the following resolutions were unanimously adopted:

BE IT RESOLVED: By the Democrats of Crittenden county, in convention assembled:

FIRST: That we approve the calling of this convention, and the calling of the convention to meet at Louisville, Kentucky, on September 4th, to draft a platform and declare the principles of the Democratic Party in the Commonwealth of Kentucky.

SECOND: We endorse without reservation the splendid administration of the Federal government during the time it has been entrusted to Democratic hands under the matchless leadership of President Woodrow Wilson.

THIRD: We call attention to the voters of the State to the fact that the Democrats in convention assembled in 1915 promised the people of this State to enact into laws certain definite recommendations made in the Democratic platform then adopted.

Among the promises of reform was the enactment of such legislation as would procure the efficient enforcement of the Temperance Law; an advanced system of road building; legislation of useless offices in the Commonwealth, and other vital reforms. Of the seventeen definite declarations made in that platform looking to the advancement and well being of the Commonwealth, we have seen every such recommendation and promise enacted into law, so that today the State of Kentucky stands in the forefront among the sisterhood of states in her modern and efficient legislation effecting the well being of her people; and we declare that the Democratic Party of the State may be trusted by the voters to carry forward the good work thus begun, and further safeguard and uphold the cherished traditions and the high ideals of a true democracy.

FOURTH: To the assembly of Democrats which is to convene in the city of Louisville and declare the policies of the party in the State campaign we entrust the declaration of principles upon which we shall appeal to the voters throughout the Commonwealth at the coming November election. To the support of the nominees and the defense of old time Democratic principles we pledge the united Democracy of Crittenden county, and we hereby appoint,

C. S. Nunn, T. C. Hugh Wilborn, Jim Lawson, W. P. Hogard, W. R. Cruce, J. I. Clement, T. H. Cochran, J. W. Blue, Jr., Frank Adams, W. B. Binkley, V. L. Christian, W. O. Wicker, W. U. Howerton, J. F. Dorroh, James H. Orme, J. A. Graves, P. B. Croft, W. E. Dowell, T. F. Harris and J. S. Ainsworth, delegates to represent the Democracy of Crittenden county in the State convention to be held in Louisville, and these delegates to vote as

a unite upon all questions which may come before that convention.

On motion the following resolution was adopted by a standing vote in memory of Hon. Ollie M. James:

"As we are today assembled in a Democratic convention in Crittenden county, we are reminded that one year ago we were called to mourn the death of our beloved friend and leader, Hon. Ollie M. James; and that in his death our nation has lost one of her strongest statesmen, and most aggressive fighters for true Democracy; that we will ever miss his counsel and help, and it behooves each of us to put forth increased effort in the sacred cause of which he was so great a champion."

There being no further business, the meeting was on motion adjourned.

Attest
HUGH WILBORN J. I. CLEMENT
Secretary Chairman.

Democrats Convene.

There were quite a number of the prominent democrats of the county in attendance at the convention Saturday.

J. I. Clement was elected chairman of the convention and Hugh Wilborn, secretary. After the usual business had been transacted Judge C. S. Nunn talked at some length on the two proposed amendments to the state constitution, viz: The statewide prohibition amendment and the amendment making it possible for the state executives to remove from office any sheriff or jailer who negligently or otherwise permitted a mob to remove a prisoner from his custody and lynch him. The convention was much impressed with Judge Nunn's talk and all present were in accord with him in support of these two amendments.

Resolutions were also introduced and passed in memory of Ollie James, it being just a year since his remains lay in state here.

The names of the delegates to the state convention follow:

C. S. Nunn, T. C. Bennett, Hugh Wilborn, James Lawson, W. P. Hogard, W. R. Cruce, J. I. Clement, T. H. Cochran, J. W. Blue, Jr., Frank Adams, W. B. Binkley, V. L. Christian, W. O. Wicker, W. U. Howerton, J. F. Dorroh, J. H. Orme, J. A. Graves, P. B. Croft, W. E. Dowell, T. F. Harris and J. S. Ainsworth.

Real Estate Changes.

W. K. Powell has sold his farm near Repton to I. W. Jenkins, and has bought the George Foster place just north of town. Frank Gray, mining man, has the place rented until January. Mr. Powell has also purchased the property known as the old Nunn place just beyond the Marion mill. He intends to move there this week and stay until January, when he will move to the Foster place.

Mrs. Edgar Threlkeld has purchased the house on Belleville and Walker streets, belonging to J. V. Thomas, and will move to it about the middle of the month. Mr. Thomas has purchased the property belonging to Mrs. Ada Crawford on Depot street. Mrs. Crawford has bought Joe Farmer's property on North Walker street, and will move there as soon as the Farmers go to Florida, where they intend to spend the winter.

Accident At Mines

W. B. Clement, an employee at the Holly Ore Mine got his hand badly hurt last Thursday night. Two oil barrels rolled together against his left hand, breaking two bones, and throwing two fingers out of place. The accident, though painful, was not serious.

BURNS TO DEATH

Four Year Old Child of Mr. and Mrs. J. R. Robinson Loses Life

The little four year old son of Mr. and Mrs. J. R. Robinson, of the Franklin Mine neighborhood, died Sept. 1st, as a result of being severely burned the previous day.

On the afternoon of August 31st the child had gone out to a smoke house, or some other out house to play, and had taken some matches with him.

Later, his cries were heard, and his mother rushed out to see what was the trouble.

He had in some way gotten his clothing afire while playing with the matches. But he had fastened the door of the smoke house on the inside, and was fatally burned before help could reach him. He was buried at Pilot Knob, Sept., 2nd.

Letter From Former Citizen

Editor Crittenden-Press,
Marion, Ky.

Dear Sir:

Last Saturday I had the pleasure of spending the afternoon with Clarence Gilliland and Creed Taylor with their pretty and jolly wives. I am always glad to see a Kentuckian, especially if they are from old Marion and I certainly enjoyed being with them and was sorry their visit was so short in Denver. I was told by them that you are issuing the Record-Press again and sending it to all subscribers whose addresses you have. To remember, your list having been burned in the recent fire. My address is 630 Clarkson, and if you happen to have the back issues that I have missed I will be very glad to have them, if it is entirely convenient for you. I want to congratulate you on your efforts to make the paper worth while and up to the time of the fire you were succeeding along this line, and I feel sure with your energy and enterprising spirit you will put Marion and Crittenden on the map. After two disastrous fires it is to be hoped that the people of Marion will make provision to combat the third one. If you can't have waterworks you can have chemical engines and "organize a Volunteer Fire Dept.," having a certain place to keep the engine and have it charged and ready for immediate action. You now have a chemical engine but I understand that it could not be found during the fire.

I suppose I'm a fixture in Colorado, but I will always think of Marion as home, and feel greatly interested in the people of my native town and county. Roast the "City Dads" until they wake up to the needs of fire protection. I don't think I remember a junior member of your organization. I remember the preacher's younger days when he was a promising young man. I am sure he has, like many Kentucky products, "improved with age."

You should have the hearty support of the business men of Marion and here is hoping you will get it.

I will endeavor to ascertain about when my subscription expires and advise you.

Yours Respectfully,

JOHN T. FRANKS,
630 Clarkson St.,
Denver, Col.

For Sale

My farm—half mile town on road, with 200 acres. Also my house on S. E. corner of S. E. 1/4 of Sec. 16, T. 1 N., R. 1 E., well and clean. Also vacant lot 8-22-23

SCHOOL WANTED!

THE CRITTENDEN PRESS

Marion, Ky., Sept. 5, 1919.

W. F. and W. P. HOGARD,
Editors and Publishers.

Entered as second-class matter February 9th, 1878, at the postoffice at Marion, Kentucky, under the Act of Congress of March 3rd, 1877.

SUBSCRIPTION RATES
\$1.50 per year cash in advance.

OUR COUNTRY SCHOOLS

Quite a number of the country schools in Crittenden and other counties in Kentucky have been in session for a month now—the major portion of them with a mere handful of students in attendance. This seems to be a deplorable waste of teaching energy, especially when this energy is so hard to get, thereby making it an almost precious commodity.

There is nothing in Kentucky as important as the education of her youth. There is no one single thing that has as much to do with their education as the public schools, commonly called the "Country Schools" and it is utterly impossible for them to "produce" at their highest efficiency as long as the school terms begin in the middle of the summer, when every one large enough to work is needed on the farm. This is especially true now when farm labor is so hard to get.

The Press would suggest that more attention be paid to the pupils and the efficiency of the schools for a while now and let agitation on some of the other matters rest for a time.

It would be also a mighty fine thing for the future citizens to start the schools a little later in the summer to give the larger children an opportunity to attend school the entire term, which is entirely to short as it is.

WHAT NEXT?

Under the caption of "Easy Existence of the Average Country Paper," the Elmore (Minn.) Eye in a recent edition editorially portrayed the editor's viewpoint on the existing conditions and the need of reconstruction.

"An invoice of our condition following the recent and yet present strenuous times of war and reconstruction, discloses the fact that the newspapers are yet a great power for good despite the fact that we have been held up, held down, sandbagged, walked on, sat on, flattened out and squeezed—first by the United States government for publicity during the war tax, Liberty loan bonds, excess profits and income tax; for state, county and city highway tax; for auto tax and every other tax and syntax; and by every society and organization that the inventive mind of man can invent to extract from the newspapers their stock in trade free for nothing; by the Society of John the Baptist, the G. A. R., the Woman's Relief, the Men's Relief, Relief for Stomach Ache; the Navy League, the Red Cross, the Iron Cross, the Double Cross and every other cross of all colors, until a newspaper looks like a Maltese Cross; by the Y. M. C. A., the O. K. Folks' home, the Children's home, the Aid soci-

ety and every hospital in the country.

"The government has so governed our business that we do not know who owns it. We have been inspected, suspected, examined and re-examined, informed, required and commanded until we don't know who, where or why we are."

"All we know is that we are supposed to be possessed of an inexhaustible supply of 'white space' for every known need, desire or hope of the human race, and because we will not give it all away and go out and beg, borrow or steal money to live on we are cursed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, robbed and nearly ruined, and the only reason we keep grinding on and getting out the old sheet is to see what in heck they'll ask for next."

THE CONVENIENCE OF WATERWORKS.

This will not be of particular interest to the men in Marion unless some of them are "baching" or are good enough to their women folks to bring in all the water for them and empty the waste water.

Although almost every one large enough to carry a bucket of water has been in places where there was city water and undoubtedly knows as much about the conveniences of running water in the house as the writer still the fact remains that Marion is without water, undoubtedly the largest and wealthiest town in all the country without it.

It may be a pleasant pastime for some of the stalwarts to get out on an icy porch of a winter morning when the thermometer is flirting with the little circle near the bottom of the tube but to most human beings the shiver thoughts of it will send a shiver down their spine. Sometimes the well or cistern is farther away than the porch too. And just call to your mind what a nice job it is to draw or even pump enough to do the week's washing in—doesn't that bring pleasant memories flitting thru your mind? Or do you let the women do it? If you do there is not another word to be said, but the writer was never able to get away with anything like that.

Seriously speaking city water in Marion would save many hours of genuine drudgery every week, even if you have a pump of the most modern type—and you all know it—and have known it for years—so why be content to just drift along satisfied with things as they are. Why not get busy and get something done.

KILLING A TOWN

An exchange prints the following receipt for killing a town.

"Underrate every present and prospective enterprise, speak ill of the churches and schools; enlarge the vices of the people; withhold patronage from your merchants and tradesmen, and buy your goods and groceries at some other place; never subscribe or support your local papers, and if you are in business, never spend a penny for advertising."

SHERIDAN

Ode Conyer and family attended church at New Salem Saturday night and Sunday.

Clifton Enoch who was wounded in France and has been in a hospital in Georgia for several months, is at home on a 30 day furlough.

Misses Mary and Sue Moore began school at Boaz, near Dycusburg Monday.

A. J. Bebout and son, Richard, and family, have moved to their handsome new residence here, and James Sharp, who purchased the Bebout home, has moved to it. Francis Martin and family also reside there.

Barnett Humphrey, of this place, and Miss Gilliland, of New Salem, were united in marriage Sunday, Aug. 31st.

Geo. Conditt is teaching our school and had a box supper Friday night. The weather being bad, he only made a little over \$5.00, but hopes to do better in the near future. He also expects to organize a Literary society Friday night, Sept. 12th. Let the people join Mr. Conditt in his efforts to help build up the neighborhood for better things.

Some of our people attended Quarterly meeting at Hurricane Sunday and heard some splendid sermons by Dr. Hulise, the presiding Elder.

GOOD FARMS!

300 acres of land. All cleared and tillable, except 40 acres in timber. Well improved, good five room residence, stock barn and tobacco barn. Best fenced farm in Kentucky. 1 1/2 miles from Sheridan. Known as the Gus Terry farm. 7 miles from Marion. Price, \$25.00 per acre.

187 acres. 8 miles from Fredonia, in Caldwell Co. 100 acres in cultivation, balance in timber. 50 acres of fine bottom land. Good residence of 5 rooms, fine stock and tobacco barns and all necessary out buildings. Price \$7000. Known as the J. L. Brown farm.

165 acres. 8 miles from Marion, land in Caldwell county. All cleared and in cultivation except 3 or 4 acres. A good tenant house, stock barn 30 x 40 feet, tobacco barn 20 x 20, shedded all around. Well watered. Price \$4,500. Known as the Harry Austin farm.

234 acres. Within 3 miles of Fredonia, Ky. and in Caldwell county. All tillable land and in cultivation. Well improved. Price \$10,000. Known as the J. R. Wilson farm.

295 acres. 8 miles from Marion, 150 acres in Piney Creek bottom, 50 acres in timber. Well improved. Good 5 room residence. Good stock barn and tobacco barn. Known as the Henry Brown farm. Price \$11,250. 00.

45 acres at mouth of Cypress, near Sturgis. 25 acres in cultivation, balance timber. Good 3 room dwelling. Known as the J. D. Brown farm. Price \$1,835.00

We have other farms and some desirable town property in Marion for sale.

J. G. ROCHESTER & M. A. MCCARTHY.

FORD'S FERRY

Miss Martha Hughes and her brother, Walter, were the guests of C. M. Clift one day last week.

Quintin Nation, who has been suffering from lung trouble for some time at the home of his mother, left last week for New Mexico, where he hopes to regain his good health.

Quite a number of people of this section, attended the cream supper at O'possum Ridge Saturday night, which was given by its teacher, Miss Glenna Rankin, for the benefit of the school.

CASTORIA

In Use For Over 30 Years

Always bears the Signature of

Dr. J. C. Hutchins

Funeral Notice

The funeral of Mrs. Will Boswell will be preached at Dunn Springs, Sunday, Sept. 14th, at 11 o'clock, a. m., by Rev. Rufus Robinson. Mrs. Boswell died last November but on account of the "flu ban" the funeral was not held at that time.

Notice.

All accounts over 30 days old not settled by Sept. 15, will be placed with our attorney for collection. Come in and settle up, thereby saving cost and perhaps hard feelings. We must collect.

Yours truly,

5-3 A. J. BEBOUT & SON

Registered Herefords For Sale.

The famous Beau Donalds and Fairfax blood lines can not be excelled. Now is your chance to buy bull calves six to twelve months old.

W. R. CRUCE

621 Crayne, Ky.

For Sale.

I have for sale a mare and mule colt, also a mule two and one half years old. At a bargain. See S. H. Ramare, 740 St Marion, Ky.

Step On It!

Insurance is no excuse for carelessness. A fire loss is your loss because insurance never fully repays. Insurance in the Hartford Fire Insurance Company entitles you to its fire prevention service as well. It reduces fire risk to a minimum. You ought to know about it. Let us explain it.

C. G. THOMPSON, Agent
MARION, KY.

"GOD SAVE CHINA FROM FRIENDS"

SENATOR McCUMBER PROTESTS IN SENATE AGAINST SHANTUNG AMENDMENT TO TREATY.

"AGAINST INTEREST CHINA"

Republican Senate Asserts That Opponents of the Peace Treaty in the Senate Are Trying to Kill It.

Washington, Aug. 26.—Senator McCumber, for twenty years republican senator from North Dakota, in a speech in the Senate today, charged that the majority of the foreign relations committee is trying to kill the peace treaty and the League of Nations.

Senator McCumber spoke after his second breach with the opponents of the treaty on the Senate committee on foreign relations.

In the present breach Senator McCumber voted alone with the supporters of the treaty and against the majority of the committee, which voted to strike out "Japan" and insert "China" in the three sections awarding the Shantung peninsula.

"Why did the majority of this committee pause in the midst of their hearings to make this particular amendment?" asked Senator McCumber.

"The purpose is apparent. It is to signify to the country that the Senate hostile to this treaty. It is to put Japan in position where she cannot without an appearance of being coerced to do what she promised to do. It is to create trouble between this country and Japan, and thereby send the first dagger thrust into the body of this treaty. I am satisfied that no greater blow could ever be struck against the real interests of China than by such an amendment. 'Is it an act of true friendship toward China or a more political move to defeat the treaty? If its sponsors now fall to come forward and openly pledge that if Japan is driven out of this treaty then the United States will proceed single-handed and all alone to drive Japan out of China, will we not this world-war and send our soldiers into the Orient to fight for her, then by this act they are betraying China with a false kiss.'"

"If, on the other hand, they declare they will make war to drive Japan out of China to prevent Japan receiving only those rights which the other great nations of the world have received, then they are proclaiming a policy which they have assailed as being the most wicked part of the League of Nations—a policy of interference with the quarrels of the old world."

"Worse than that, while they violently condemn a joint agreement with the other great white nations of the world to shield the greater white races from annihilation, they would send our sons to death to defend the inferior yellow races whom we claim to be so inferior as to be unfit to associate with us."

"Either we will bring both Japan and China into this League of Nations, which by the very terms of its provisions will compel Japan to return to China all the German rights acquired by Japan, not only by conquest, but by the solemn agreement made by her with China herself, or you will drive Japan out of this treaty wherein she will not be bound by the obligations which she would assume by joining the League, and where she will be holding the German territory and the German interests by the right of conquest and with the broken word of China, she can work her way to the very limit of subjugation of all the Chinese territory not now within and all the German interests by the sea. With this League of Nations China obtains an assurance which is tantamount to a guaranty by all the world that not only will Japan return to China what Germany wrested from her in 1918, but henceforth and so long as this League shall last no other nation shall rob China of one inch of her territory or exercise any control over her people inconsistent with the claims of complete independence and sovereignty."

Senator McCumber then recited the history of the several treaties under which Japan took over the German rights in Shantung, promising to restore them to China.

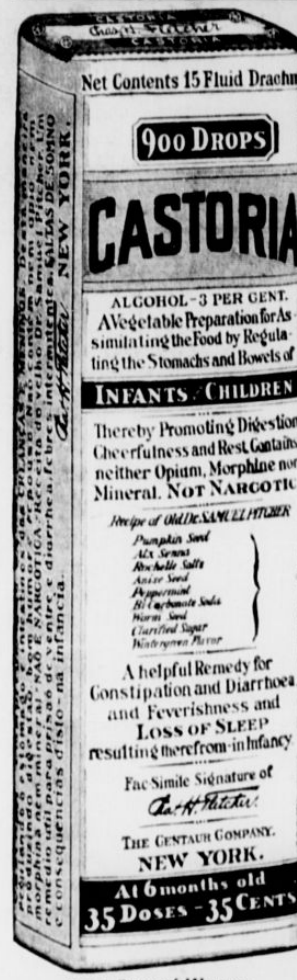

"He then said: 'By this agreement you declare that Japan cannot be trusted to keep sacred her word, given not only to China alone, but also given to the United States and every other important nation by reiterated declarations.

"There is but one honorable, upright and proper course to be pursued by all the great nations of the world, including China and Japan. Let China keep her treaty. Give Japan an opportunity to do what she has pledged her national honor to do. Cease this attempt to juggle the country into war with Japan. Defeat this proposed amendment which arrogates to ourselves the right to annul a treaty between China and Japan and set at naught a treaty made during the stress of battle between our co-belligerents and Japan before we entered into the war. Bring Japan and China into this world league, and as sure as the sun shall rise tomorrow Japan will keep her pledged faith. China will receive complete present justice and assured future protection.

"On the other hand, force this breach of contract by China, drive Japan out of this league by insulting her honor, renege her from her treaty by first breaking it yourselves and thereby installing her in her impregnable position of right of conquest and China is doomed. The other European nations cannot help her because they are tied by their own treaties and you will not make war on Japan to help China after she has broken her treaty. If these be friends of China, they had save China from her friends."

Mrs. W. N. Rochester came home Tuesday afternoon. She has been the guest of Mrs. N. E. Calmes, of Sturgis.

Prof. E. C. Boyd and daughter, Miss Myra Lee, will leave Saturday for Barlow, Ky., where Miss Boyd will enter school. The rest of the family will move there later.

Miss Elizabeth Rochester left Friday for Paducah where she will be the guest of Miss Vivian Kelly until Tuesday. She will then go to the home of Miss Irene Moredock, also of Paducah, where she will be a member of Miss Moredock's house party.

Miss R. Moore left Wednesday for Elizabethtown and Rosiclar, where she will be the guest of relatives for two weeks.

Mr. and Mrs. S. B. Thomas of Smithland were guests Saturday and Sunday of Earnest Butler and family.

Auction Sale

We will offer for sale auction to the highest bidder, one car load, horses at—

Fredonia, Saturday, Sept. 6.

Also a car load at—

Marion, Monday Sept. 8.

This lot of horses will consist of yearling colts and horses and mares from three to six years in age, ranging in height from 15 1/2 to 16 hands and weighing from 900 to 1150.

There will absolutely be no by-bid and each and every horse offered will be sold for the high bid.

WOODS, HUBBARD BROWN.

SCHOOL SUPPLIES

Another school year is upon and many of you are now preparing the children for the coming term.

We have all the necessities to fit them out except the books, which have not yet. Pencils, pens, ink, erasers, tablets, in fact all paraphernalia necessary for students.

We will be glad of the opportunity to supply your needs.

J. H. ORME

DRUGIST

"All that this implies."

THE UPSTAIRS FURNITURE STORE

We have been compelled to seek new quarters on account of the building we formerly occupied having been sold. Having no other place to go we moved our stock upstairs over the Tucker & Foster Garage, where you will now find us ready to supply your furniture needs.

We have no rent to pay here—the building belongs to us—and all that we save on rent we are going to pass on to our customers—this is going to mean a considerable saving to you—and it will not be much trouble for you to walk upstairs to save this money.

This furniture stock of ours is the most complete that has ever been shown in Marion, and the quality is there as well as the quantity—this we will be glad to prove to you—only one flight of steps up to see.

Make no difference if you only want one piece, or a whole outfit, we can supply your demands at the right price.

The DIXIE Flyer

**-a Distinctive Exhibit
For Kentucky's Premier Occasion**

On the eighth of September the Kentucky State Fair will open for its seventeenth annual exhibition. Among the many attractive exhibits will be the Dixie Flyer, a passenger car that is truly distinctive. The Dixie is a car that appeals to people everywhere. Its fine appearance and honest service and the satisfaction of knowing it is backed by an organization of permanence, give car lovers unusual pride of ownership. The Dixie Flyer, Model H-50, satisfies the discriminating taste. And the dealer who will value direct factory connection will realize in this car a greater opportunity. Sales territory open. Inquire about it.

Oil Development

W. S. Lowery has transferred to Southern capitalists on interest in thousands of acres of oil leases, to be developed at once with up-to-date well drilling machinery, and deep wells. These leases cover one of the best formations to be had for oil and gas.

IN SOCIETY

Mr. and Mrs. F. F. Charles were hosts Saturday night at a theatre party, in honor of their nephew, Jim Burks, of Dallas, Texas.

After the show the guests were taken back to the host's house, where refreshments were served. Those present were: Misses, Ruth Moore, Elva Pickens, Gusie Burgett, Mary Dollar and Lena Holsclaw. Messrs. Jim Burks, Ray Duvall, Emmet Clifton, Isam Morse and Joe Walker, and Mr. and Mrs. Weems Croft.

The S. D. Club gave a delightful picnic Tuesday evening at Tusekora Park, in honor of Jim Burks and Albert Mitchel. Those invited were: Misses, Lena Holsclaw, Elva Pickens, Ruth Moore and Mary Dollar. Messrs. Jim Burks, Joe Walker, Isam Morse, Albert Mitchel and Ray Duvall. Messdames, F. F. Charles, Burks, Guy Conyer. Mr. and Mrs. J. A. Hughes and Mr. and Mrs. Wems Croft.

TOLU

Mr. and Mrs. Grimes and Mr. and Mrs. Woolf were guests of Mrs. Sallie Threlkeld, Sunday.

Misses, Fossie Shemwell, Gladys Franks and Mrs. Jene Clark, chaperoned 'the Hustlers' Sunday School Class on a picnic Sunday evening at the river landing.

Mrs. Clyde Lucas and son Paul, are both sick with typhoid fever.

John W. Guess, who has been under the care of a nurse for two weeks is improving daily.

Mrs. J. C. Hardin and children spent several days in Crayne last week.

Mrs. Mark Gibson and children, of Rosiclare, Ill., were guests of Mrs. Sherman Rushing of Tolu, and Mrs. Burnett Moore, of Marion, last week.

School will begin here Sept. 8, with Prof. J. A. Wathen of Golconda, Ill., and Misses Clara Love and Vada Cain, of Carrsville, as teachers.

Harry Stone's home is almost completed, and he will soon get to move to it. Grover Winders will occupy the house vacated by Stone, and Charley Wright will move to the Winders place.

**\$75,000,000 TO BE
RAISED IN SOUTH**

BAPTISTS ANNOUNCE PURPOSES
TO WHICH VAST SUM THEY
SEEK WILL BE GIVEN.

STRENGTHEN CHURCH WORK

Special Effort of Denomination Along
General Lines Will Be Enlarged
And Made Stronger As Result
Of This Campaign.

Every general interest fostered by Southern Baptists will be strengthened and enlarged through the success of the Baptist 75 Million Campaign which is now well under way, and which will reach its climax in the final drive to secure this sum in cash and subscriptions during the eight days of November 20 to December 7. A period of five years will be provided for the final payment of these subscriptions but for the campaign to succeed, the sum of \$75,000,000 must be subscribed within the eight days. Many have expressed the belief that the subscriptions will run to \$100,000,000.

At a meeting of the Executive Committee of the Southern Baptist Convention the \$75,000,000 to be raised was apportioned among the general inter-

J. H. Anderson, Wealthy Knoxville Merchant, Who is Chairman of the Campaign in the Baptist 75 Million Campaign.

ests fostered by the Convention, as follows: Foreign missions, \$20,000,000; home missions, \$12,000,000; Christian education, \$20,000,000; state missions, \$11,000,000; ministerial relief, \$2,500,000; orphanages, \$4,700,000; and hospitals, \$1,125,000.

The apportionment of this sum among the several states within the territory of the Convention has been announced as follows: Alabama, \$4,000,000; Arkansas, \$3,200,000; District of Columbia, \$200,000; Florida, \$1,000,000; Georgia, \$7,500,000; Southern Illinois, \$1,200,000; Kentucky, \$6,500,000; Louisiana, \$3,325,000; Maryland, \$750,000; Mississippi, \$2,350,000; Missouri, \$2,925,000; New Mexico, \$350,000; North Carolina, \$6,000,000; Oklahoma, \$2,250,000; South Carolina, \$6,000,000; Tennessee, \$4,600,000; Texas, \$16,000,000; and Virginia, \$7,000,000.

Here is what this big sum of money will help Southern Baptists do for the Master, as set forth by the Campaign Commission:

"It will equip more adequately and multiply manifold the 1,099 missionary workers of the Foreign Mission Board, and the more than 2,000 Home and State Board Missionaries.

"It will enlarge and raise to a better efficiency the 132 Baptist schools in the South.

"It will go far towards meeting the expanding needs of the Southern Baptist Theological Seminary and the Women's Missionary Training School in Louisville, Ky., the Southwestern Baptist Theological Seminary and Women's Training School in Fort Worth, the Baptist Bible School in New Orleans, La., a Theological Seminary for the Negroes, and will provide a first-class college for boys and girls of the mountain region.

"It will increase greatly our hospital service to the sick, open wider our arms to the orphans and provide a strong support for our aged ministers of the gospel.

"It will put Southern Baptists in position to assume a considerable share in the reconstruction of war-torn Europe and embrace many of the marvelous opportunities for service which thrust themselves upon us from all parts of the world, at home and abroad."

While \$20,000,000 of this sum will go to foreign missions and thus be expended in carrying the gospel and its blessings to other lands, the remaining \$55,000,000 will be expended at home in building up home mission, educational and benevolent institutions and projects, of which there are a number in every state within the boundaries of the convention.

THE EXPLANATION
Nature placed the growth-promoting "vitamins" in the oil of the cod-fish--this explains why

Scott's Emulsion
is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needed for normal growth. Scott's Emulsion will help any child grow.

**POLICE OFFICER
UNHESITATINGLY
ANSWERS CALL**

**Duty, No Doubt, Prompted
Bowling Green Man's
Glowing Tribute to
Trutona.**

Bowling Green, Ky., Aug. 29. —Sam Dunnary, 640 Tenth St., Bowling Green, has been a popular and efficient member of the local police force for many years. His devotion to duty together with a pleasant personality has won for him the respect and admiration of hundreds of friends. This genial officer of the peace has but one regret in dwelling reminiscently upon his years of service and that—poor health. How he has finally overcome this difficulty, Mr. Dunnary tells in the following manner:

"It seemed that every time I ate I had to be annoyed by an uneasy, heavy feeling in my stomach, followed by a shortness of breath. I was unusually constipated. Supper seemed to hurt me the worst and caused me to experience many a sleepless night.

"Trutona quickly relieved the heavy feeling in my stomach and shortness of breath that formerly followed my meals. The constipation has also been relieved to a great extent. In fact, I sleep better, eat better—eat anything I want, too—without bad after effects, since taking Trutona. It is a tonic of real merit in rebuilding weakened and run down systems and I'm trying to get everyone, suffering as I was, to take it."

Trutona is now being introduced and explained in Marion at J. H. Orme's Drug Store. Adv.

Home Project Work
English
American History and Civics.

This High School course in Agriculture is made possible by the provision of the Smith-Hughes bill providing Federal Aid and is under the supervision of the Federal and State Boards of Vocational Education.

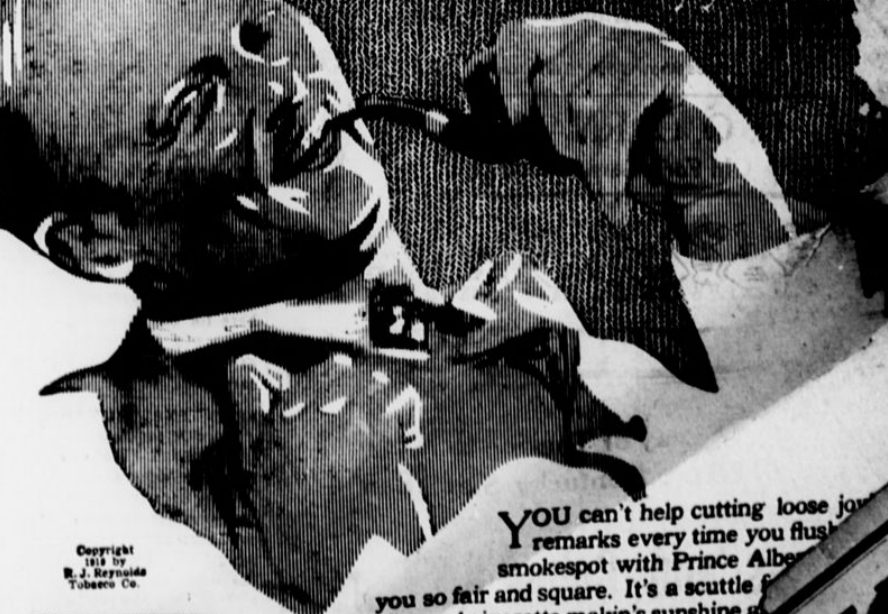

It is no longer necessary for the farm boy to go to the agricultural college to study the scientific agriculture that is needed on the farm because this four years' course will fit him to farm as efficiently and as scientifically as the college graduate. One-half the student's time will be spent in our well equipped laboratory and in the field. The work will be made as practical as possible, *doing real things, doing real things*, rather than studying about things. Every student each year will be required to carry out, under the supervision of the instructor, on his farm Project Work which will be a practical application of knowledge gained in the class room.

The satisfactory completion of this four years' course entitles the student to graduation from High School with a diploma in agriculture. In case it is impossible for a student to spend four years in High School, arrangement can be made with the Principal and Instructor to complete the purely agricultural work in two years.

Any one in the county 14 years old or over is eligible for this course and no one in Crittenden county who expects to be a farmer can afford to miss this opportunity.

G. M. GUMBERT,
Instructor in Agriculture.

Not A Tack—Not A Nail. Billiken Shoes

Are made without a tack or nail, of the softest, toughest leather known, on broad, sensible, improved foot-form last—the most perfect child's shoe ever made—The one shoe a child outgrows.

Buy "Billiken" Shoes and let the children romp and play to their heart's content without annoyance to you, injury to the home or discomfort to themselves.

The growing feet of children are easily irritated by stiff soles or narrow shoes. "Billiken" Shoes are made by specialists in the largest shoe factory in the world, devoted exclusively to the manufacture of Children's High Grade Shoes.

The soles on "Billiken" Shoes are Pure Oak Flexible Leather—the softest and most pliable leather known, being especially prepared to withstand hard service. The absence of nails, tacks, etc., prevents the children scarring the floors and furniture. The soft soles render the shoes noiseless. Flexible soles make them as comfortable as a moccasin. The durable leather makes them as lasting as a man's heavy shoes. And they are extremely stylish.

Let Us Show You "Billikens".

BAPTISTS LAUNCH WORLD PROGRAM

PLAN TO RAISE \$75,000,000 FOR
GENERAL PURPOSES WITH-
IN NEXT FIVE YEARS.

WHOLE SOUTH TO CO-OPERATE

Each State Is Given Definite Task To
Perform In Raising Huge Sum
For Denomination's New
Budget—Drive Is On.

Recognizing the need of the world for more religion and christian service along general lines, the Baptists of the South have resolved to contribute \$75,000,000 to a program of reconstruction following the war, and have laid plans to subscribe this sum during the week of November 30-December 7, a period of five years to be given in which to complete the payment of these subscriptions.

The decision to inaugurate this world program was reached at the meeting of the Southern Baptist Convention in Atlanta last May, when the more than 4,000 delegates present voted unanimously to undertake the

Dr. L. R. Scarborough of Fort Worth, Tex., General Director of Campaign.

task. The campaign has now been organized with the general headquarters in Nashville, Tenn., where Dr. L. R. Scarborough, president of the Southwestern Baptist Theological Seminary at Fort Worth, is in charge as general director for the South. He is assisted by a number of men in charge of special divisions of the work, while each of the eighteen states in the territory of the Southern Baptist Convention has in turn perfected a state organization, including a State Director, a State Organizer and State Publicity Director. Each association, or district, within each of the states has likewise gotten busy by naming its association or district directors, and the work of organization has been carried into the local churches to the extent that practically all of the more than 36,000 local Baptist congregations in the South have their workers named to help out over the biggest church drive that has ever been attempted in this section of the country. There are 3,000,000 white Baptists holding church membership in the South, and it is hoped to reach every man, woman and child among them with the message of this campaign and give each of them a part in the plan of saving the world by giving to the extent of their ability to this vast conservation fund.

Christian education, home and foreign missions, state missions, ministerial relief, orphanages and hospitals, are among the various general interests of the denomination that will be cared for in this campaign, the matter of local church expenses, and local church equipment not being included.

Between now and November 30th every effort will be put forth in organizing and mobilizing the Baptist forces in the South, preparatory to the launching of the big drive for the subscriptions and cash payments. July was known as preparation month, August was designated as information month, during which time every effort has been put forth in informing the people on every phase of the campaign, while September has been designated as intercession month, October as enlistment month, November as stewardship month, and the period from November 30 to December 7 as victory week.

"We have undertaken a big task," Dr. Scarborough, the General Director, says, "but we have undertaken it in God's name and for His glory, and by trusting in God and doing our whole duty, we will succeed. There is work here for all, and glory enough for all if we win, but we cannot succeed except we labor diligently and pray earnestly."

AGED TEXAS WOMAN MAKES GIFT
From Matagorda, Texas, comes the story of the devotion of Mrs. M. J. Bruce, an aged saint of that vicinity, to the Baptist 75 Million Campaign. She gave her pastor \$6 to apply on the campaign and was informed that subscriptions would not be taken until the week of November 30. "But I am getting old," she replied, "and may not live till the end of September, and I do not want to pass away without having had a part in this great campaign."

FOR SALE

My farm of 103 acres of ridge land, well watered and well fenced, in a good community, on the headwaters of Repton and lying between the Fishtrap and Repton road and the Fishtrap and Marion road, with outlet to both.

St. Route 2, Repton, Ky.

AFTER WAR ACTIVITIES OF THE AMERICAN RED CROSS

THE DEPARTMENT OF NURSING
Promotes Public Health Nursing in communities where none is established.

Organizes classes in Home Hygiene, and Care of the Sick and in Dietetics.

Encourages girls to take training to fit them to be nurses.

Enrolls nurses.

THE DEPARTMENT OF MILITARY RELIEF.

Trains men and boys, women and girls in the prevention of accidents.

Organizes and conducts classes in First Aid and Life Saving.

Arouses public opinion to the value of "safety first" and prevention of disease through personal and community hygiene.

Gives instruction in rules governing the conduct of Red Cross classes in First Aid.

THE DEPARTMENT OF JUNIOR MEMBERSHIP.

Organizes children for community activities through school auxiliaries.

Furnishes relief for suffering children in all parts of the world by contributing a part of membership fees.

THE DEPARTMENT OF CIVILIAN RELIEF.

Provides aid for families of soldiers, sailors and marines.

Helps returned soldiers, sailors and marines.

Organizes and gives family social service, for a temporary period, in communities which have no other agencies to perform such service.

Administers disaster relief.

Provides an information service which makes available knowledge of facilities offered by the government and private agencies.

Encourages community organization to meet the common needs of a locality.

THE RED CROSS

Is carrying to a conclusion service to soldiers, sailors and marines still in camps and hospitals at home and abroad.

Is relieving the suffering of civilians in foreign countries with donations of clothing materials, food and medicines and sending medical and nursing aid to such countries.

RED CROSS ANNOUNCES ITS ANNUAL CAMPAIGN FOR FUNDS AND MEMBERS

To carry out its war-time obligations in countries overseas and to launch its peace program at home, the American Red Cross will conduct its annual campaign for members and funds between November 3 and November 11, Armistice Day. Fifteen million dollars is the national quota, asked in addition to 1,920 members.

MacKenzie R. Todd has been appointed campaign manager for Ohio, Indiana and Kentucky, the three states of the Lake Division, by D. C. Dougherty, acting manager of the Division. Mr. Todd is now in Cleveland working on plans for the drive at the general campaign headquarters.

Mr. Todd has appointed campaign managers for the division: R. F. Grant, Ohio State Manager; Clarence Stanley, Indiana State Manager; and John R. Downing, Kentucky State Manager.

EXECUTIVES DETAIL PLANS AND OBLIGATIONS OF THE PEACE TIME RED CROSS

ACTING Lake Division Manager D. C. Dougherty calls attention to the fact that Congress recently prolonged the responsibilities of the Red Cross abroad when it authorized the transfer to the Red Cross of such medical and surgical supplies and supplementary and dietary foodstuffs now in Europe as are not needed by the army abroad or at home. These the Red Cross is to administer to relieve and supply the pressing needs of the countries involved in the war.

While many Americans may believe that Red Cross foreign obligations are at an end, Dr. Livingston Farrand, chairman of the central committee of the American Red Cross, calls attention to the fact that our Allies suffered far more hardships with war than did we and that we have incurred obligations which honor demands shall be discharged, and furthermore, the vast territory of the far east, cut off from aid during the war, has looked to America since the cessation of hostilities.

The Red Cross is now turning its attention to home needs and has worked out a program covering home service, nursing, preparation for disaster relief and a Junior Membership "Service to Americans" will be a Red Cross slogan henceforth.

"Service to Americans" will be the Red Cross slogan henceforth.

Your Public Schools-- The Community's Greatest Asset

EDUCATION AND LIFE

Education is true development only when it trains the faculties to cope successfully with the vital activities of life.

A school system which emphasizes so-called "academic" training and neglects "vocational" training is one-sided, as is the school system which reverses this emphasis.

A thoroughly efficient educational plan provides for all types of mind and talent, recognizing the equal importance of the boy who seeks to prepare for a profession and the boy who desires to enter business or acquire skill in mechanics.

The Marion public school system is organized as far possible on this plan. Thorough instruction in fundamentals is provided for in the Graded School. In the High School two distinct, carefully planned courses are offered; one leads to a broad future work in college and professional school and lays the foundation for a broad general education; the other provides for thorough training in modern scientific agriculture. All instruction has constantly in view the development of strong ethical character and efficient citizenship.

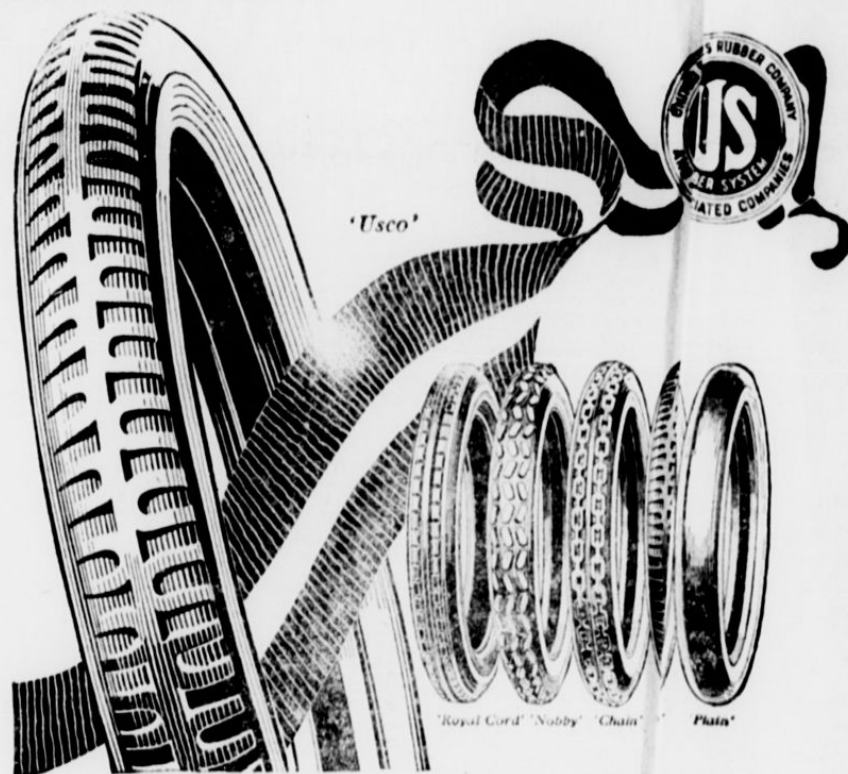

There comes a time in the development of every youth when he must "find" himself. It is the time for self-discovery, self-determination and self-direction.

Marion Public Schools are well prepared to meet the demands of the youth of the community at this important development period.

Session of 1919-1920 Opens Monday, September 8th

Reasonable tuition rates in Graded School for pupils residing outside first graded school district.

Tuition in High School free to all pupils residing in Crittenden County.
V. L. CHRISTIAN, Prin.

We Vouch for The

Of all the tires that are made, —why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense

facilities,—employ many exclusive mds.

They can to greater lengths in tg, improving and perfecting things that make good.

We find business to sell United's Tires.

And—yet find it good business to them. They are here—for every need.

E. P. Morrow.

J. D. Black.

J. D. Carroll.

Hon. Edwin P. Morrow, Republican candidate for governor, who strongly favors suffrage for women.
Governor James D. Black, who has long been an ardent supporter of "votes for women."
Chief Justice John D. Carroll, who will vote for suffrage for Kentucky women.

KENTUCKY'S STATESMEN TAKE STAND FOR EQUAL RIGHTS AT BALLOT BOX

Ratification of Amendment to Constitution Giving Women of Nation Full Voice in Affairs Is Favored By Prominent Men of the State In Both Parties

Why Kentucky Should Ratify the Federal Amendment for Woman Suffrage.

Nearly two years ago, it was my privilege as a member of the Committee on Rules of the House of Representatives, to make the motion in committee which provided for a Committee on Woman Suffrage in the House of Representatives. This important question of woman suffrage had never had a committee to consider the Federal Amendment.

It was also my pleasure to make the motion in committee which brought out a committee with a favorable report and made it in order on the floor of the House for consideration of the Federal Amendment, giving suffrage to women, which nearly two years ago passed the House of Representatives by exactly the required constitutional majority.

When the Federal Amendment was before the House, a short time ago, it gave me pleasure to support the amendment with my vote. I sincerely hope that the suffrage amendment will very shortly be ratified by the number of states required to make it a part of our Federal Constitution. The more I have studied the question of woman suffrage and the more attention I have given to the wonderful activity displayed by the women of the United States during the last few years, I am strongly convinced that ever that women are as fully competent to take part in affairs of state as are the men. Therefore, they should be entitled to equal privileges as citizens and as voters so that their influence could have a potent effect at the ballot box, for the uplift of humanity and the betterment of the United States Government.

No man will deny that the women of this generation are fully the equal of the men in education and in training for the handling of public affairs. They pay taxes upon their property at the same rate that the men pay taxes on theirs, and by every rule of reason and in fairness, there is no reason why they should longer be kept from the ballot box in the United States. The influence of the women of the country has always been for the betterment of the country, and I feel sure that when they have fully secured the ballot in the United States that it will be a step in the right direction.

I hope that Kentucky will do herself the honor at the very first possible moment possible, of ratifying the Federal Amendment, so that the glorious women of Kentucky can stand side by side with the great manhood of our native state, to up-build Kentucky and to do our full share in the preservation of our glorious Union.

J. C. CANTRILL.

See Justice in Amendment.

I am now, and have for many years, been in favor of equal suffrage for the women of America and of Kentucky. I do not believe that one-half of the people have the right to do all of the voting, all of the law-making, and have all of the control of the affairs of government.

The denial of the ballot to women enforces upon them government without their participation, taxes without their consent, and is in no way a government of the people or by the people. I can conceive of no reason which gives me the right to cast a ballot which is denied to my mother, my wife or my daughter.

I believe that the participation of women in the politics of Kentucky, and the power of their ballot, will, and can only mean an infinite, moral power for good. The suffrage states of the Union furnish a demonstration that women are not stained, destroyed, or injured by the equal use of the ballot. I believe in the intelligence and the

patriotism of Kentucky's women, and that they will exercise the great right of citizenship for the good of Kentucky, and the welfare of its people.

EDWIN P. MORROW.

Congressman Ogden Favors It.

Under our form of government, which has endured for more than a century and a quarter of time with every assurance of existing as long as time shall last, we have become, and will continue, the foremost nation in the world.

The use of the suffrage right as a means of conferring authority upon servants to administer public affairs and direct the nation's destinies is the great factor in bringing about this achievement and in extending this right to include women, the system, instead of suffering injury, will be given broader and truer meaning, as all of our citizens who are affected by the laws made and charged with the responsibility of citizenship will have an equal vote.

CHARLES F. OGDEN.

Believes State Will Ratify.

I think there will be no doubt about our legislature ratifying this constitutional amendment, and when this is done, it is my sincere hope that the good, white women of Kentucky will take advantage of this opportunity and go to the polls and vote at each election.

D. H. KISCHELOE.

Stanley Supported Amendment.

I am more than pleased to advise that I unhesitatingly supported the President in his urgent request that this amendment be passed by the Federal Congress and submitted to the states for proper action. I weighed very carefully the cogent reasons given by the great leader of my party and concurred in the propriety of the conduct suggested, and as you are advised, acted accordingly.

A. O. STANLEY.

Believes Women Should Vote.

I will vote for it upon the ground that women in this state have for many years had the right to vote in all school elections, and this being so, I do not find any sound reason why the privilege should not be extended to all other elections. I am confirmed in this opinion by the fact that woman suffrage has long since passed its experimental stage in many states of the union and the results have not been unsatisfactory.

JOHN D. CARROLL.

Kentucky Should Ratify the Federal Amendment.

I favor votes for women because they are entitled to a voice in the government which they serve and to which they submit; because every worthy cause is advanced when woman espouses it; because our government must deal constantly and more and more with the moral and social relationships of our complex civilization, and the co-operation of the nation's women is needed in the solution of these problems.

I favor it because we are coming, I hope, into a broader and firmer democracy, and the devotion of the womanhood of the nation and of the world to the cause of freedom and Christian civilization during the recent Great War has demonstrated again their understanding and appreciation of the fundamental principles of human society and government, and their willingness to sacrifice to the utmost for their preservation.

I favor it because, as a matter of justice and principle I am convinced that we have no rights to withhold it from them. We enjoy their partnership in the home, the school, the church, and in every good thing we attempt from the cradle to the grave.

I am not afraid to trust her judgment on her high ideals in matters of state. Besides, a large portion of the women of this country already have the right of suffrage and may determine the complexion and policies of the national and many state administrations. It seems unfair that the same right should be denied the rest of the women of the country; and, therefore, I trust the amendment will be ratified speedily and become a part of the Constitution.

ALBEN W. BARKLEY.

Langley An Early Convert.

My interest in Woman Suffrage dates back to my boyhood, when I was fortunate enough to form the acquaintance, through my Congressman, of Susan B. Anthony. I was assisting the Congressman in addressing documents and garden-seed labels in his room when a card was sent in, and glancing at it he said: "Now, John, I am going to introduce you to the greatest woman in the United States." In a moment she was ushered in and I was introduced to her. Raising her spectacles a little, and glancing at me in that austere manner for which she was noted, and without either bowing or extending her hand, she said: "Is this one of your Kentucky mountaineers that I have heard so much about?" I recall that my pride was somewhat wounded by her manner. She evidently noticed it, and then cordially shaking my hand, engaged me in conversation for a few moments, to show me, I think, that she meant no reflection upon the people of the Kentucky mountains. My acquaintance with her continued as long as she remained in active life, and I am the proud possessor of a number of autograph letters from her discussing the great cause which she so ably espoused.

A few years later, when I was a student at a law university, I wrote a graduating thesis on the subject of "The Status of Married Women under the English Common Law." In the extensive research that I made in the preparation of that thesis, covering one entire winter, I became convinced that the fiction of the English Common Law, that the personality of the wife was merged in that of the husband, or in other words, that the husband and wife constituted but one person and that one person was the husband, was an utter absurdity, and that sooner or later the world would so regard it. As a result of that conviction I have, ever since I entered public life, supported every measure designed to place women upon an equality with men, not only in the matter of the ownership of property, but in the exercise of the privilege of suffrage. When I was a member of the Kentucky House, more than a quarter of a century ago, I introduced and pressed for passage a bill granting married women the right to hold a separate estate.

I may add that another conclusive reason why I am for Woman Suffrage is that my study of our form of government long ago convinced me that the perpetuity of a democracy depends, not upon the sex of its voters, but upon their intelligence, integrity and patriotism, and that it is a travesty upon justice, and repugnant to every true conception of a republican form of government, to base the right to vote upon the question of sex, including those who do not possess those qualifications, and at the same time deny it to the other half of the human race, most of whom do possess them.

The unparalleled exhibition which the women of the world gave in aiding to meet and solve the great problems of the recent war, has, in my judgment, rendered it certain that the ballot will soon be placed in the hands of all the women of America.

JNO. W. LANGLEY.

Why Should Kentucky Ratify the Federal Amendment?

No. 1.—The intelligent, patriotic and devoted mothers of Kentucky helped to furnish the sons to make up the proudest and best army that fought on European soil in the recent world war.

No. 2.—The loyal and devoted mothers and sisters of these splendid young men of Kentucky contributed in a large measure to the support, care and comfort of the Kentucky soldier boys.

No. 3.—In their zeal, love and earnestness for the cause of our country, flag and humanity they never ceased to serve and pray until Kentucky's sons returned with the stars and stripes in honor and in victory.

No. 4.—Kentucky mothers and sisters are as intelligent, as loyal and true as Kentucky fathers and sons.

No. 5.—We have given the right to vote to millions of foreigners who are not as intelligent, loyal and true as the mothers and sisters of Kentucky.

No. 6.—Full suffrage is now enjoyed by the women of a great many of the states of the Union and they have had this right for many years and this has brought good results in those states.

No. 7.—So long as women are denied the right to vote, in thousands of instances we have taxation without representation.

No. 8.—My party in the state has approved equal suffrage for men and women. I am opposed to the intelligent and patriotic women of Kentucky longer being classed with the criminals, lunatics and idiots. I feel that practically every state in the Union will ratify this amendment and I do not want to see Kentucky behind her sister states in this great movement. For the foregoing and many other reasons I am heartily in favor of Kentucky ratifying this amendment to the Federal Constitution.

Respectfully,
J. M. ROBSON.

Commercial Job Printing

The Crittenden Press

Has the Best Equipped Job Department in Western Kentucky.

We Also Have the Best Job Printer in the Same Territory.
