THE COLYUM.

Some one told me the other day that there was a rumor out that a petition would be circulated around this county for a nine foot federal road instead of the sixteen foot as planned. I presume the idea is to save money. If saving money by being cheap is all that is necessary, I would suggest that we build a concrete walk all over the county and save a lot of money. This walk would be nearly as much benefit to the county as a nine foot road, as the only way you could travel on either would be on a bicycle.

Too bad the lot available for circus purposes is not out beyond the railroad tracks going toward Tribune. Some weeks ago there was a circus wanted to come here and the bridge out north of town on the Fords Ferry road was not strong enough to hold their wagons. Pronto there is a concrete bridge in course of construction. 'Course we all like to see a circus and don't blame the city dads for fixing things so one can come next year but I sure would like to see a new concrete bridge down on Bellville street.

Jeff Travis will hardly speak to me now. From the way he acts every road overseer in the county must have hopped on him about the piece in the "colyum" a few weeks ago. Of course if they all fix their roads with humps and the like, they ought to howl.

While this is not to be taken as election dope nor politics, I was very favorably impressed with the talk that Mr. Morrow made here a few days ago. He sure has the nerve to say right where he stands on what he says are the issues of this campaign.

Dr. Fazer was in this week to see our new linotype work. He admitted that if it became necessary to cut it up that we would have to send for another doctor.

Some one has said that this part of the paper has been misnamed; that I should have called it the "Knocker." Maybe so but you will have to admit that I haven't knocked anything yet that didn't deserve it.

Good natured criticism would sound better, wouldn't it?

Death of Ada Terry

Miss Ada Terry, who passed away several days ago was buried at Hurricane cemetery. Rev. H. R. Short conducted the funeral service at the residence. Miss Ada was the daughter of Mr. and Mrs. Guess Terry of the Fords Ferry section and one of the best families in this or any other county. Miss Ada professed faith in Christ early in life and united with the Methodist church and lived a most exemplary life. For 20 long years she was an invalid and for four months she was bedfast.

Marion Boy Makes Good

Marion boys have the reputation of making good when they go out in the business world, and no young man has climbed the ladder of success more rapidly than Raymond E. Minner, son of W. E. Minner of Marion.

Two years ago last August he went with the Illinois Inspection Bureau as a fire insurance rater, with no previous experience, and in the mean time he served five months in the Officers Training Camp at Camp Taylor, receiving an honorable discharge from the army last November and immediately returned to his work with the Illinois Inspection Bureau at East St. Louis, Ill. Last week Raymond was appointed manager of the branch office of the Illinois Inspection Bureau at Champaign, Ill., and is the youngest man in point of experience to land so important a position.

More Boys Back

Jesse Burcklow returned home Friday last. He left the States May 2, 1917 with the First Division, 26th Infantry. The first to go over and the last to return. He sure went through fire and waded human blood but came back hale and hearty, without a scratch. Another of our boys to lay his life on the altar of his country to give liberty and freedom to all peoples. All honor to you Jesse, with the rest of our boys!

Henry James returned Sept. 28th, having been discharged from military service. He enlisted in May 1918 and was "over there" 12 months being connected with the medical corps. Another one of Crittenden's sons who served his country in time of need. Success to you, Henry.

Franchise Sold.

Marion is to have good lights and ice. T. H. Cochran has purchased the franchise which was advertised some weeks ago in the Press.

A company of aggressive, public spirited men like T. H. Cochran, Sam Gugenheim and O. S. Denny is to be organized and they will replace the old plants with new and modern machinery. Under the terms of the franchise they will furnish electricity day and night. It is also the plan of the promoters to keep Marion supplied with ice.

This will certainly be quite an acquisition for Marion people and the citizens ought to get behind the enterprise, subscribe for the stock, have their residences wired for electricity and do all in their power to help the new company put Marion on the map as a city with modern conveniences.

Notice to School Teachers.

The Press has a limited number of report cards on hand at 25c each. They are printed on a better grade of card board than usually found. Order them by mail or come in and get them. Only a few left.

Dick Tudor of Shady Grove, was in town Friday to hear the Morrow speech.

DUNBAR QUARTETTE.

For many years a Dunbar Quartette and Bell Ringers company was one of the most popular of Chautauqua and Lyceum organizations. The present company was organized by Ralph Dunbar of the original Bell Ringers and is most worthy to bear the Dunbar name. The members of the Dunbars appear in solos, quartettes and readings and carry 150 hand bells upon which are played some of the best overtures and solo numbers. In order to secure an especially high quality of talent the singers have all been given a four-year contract. In selecting the repertoire of the Dunbars due attention is paid to the selection of music which is really appropriate for bells. There is none of us but what has thought of the important place which bells play in our mental activities due to their association with so many epoch-making events in our lives. Perhaps no contributor to our literature has so vividly brought out this fanciful use of bells as has Edgar Allan Poe in his poem entitled "The Bells."

The feature which characterizes the programs of the Dunbar Quartette is the absolute blending of their selections into a complete whole. There is a consistency in these programs which has distinguished them among all the Lyceum and Chautauqua attractions of the last double decade. No feature will be remembered longer than the beautiful chimes and harmonies which are introduced in their sacred selections. Their original transcription in which are heard excerpts of beautiful songs sung by the players accompanied by the bells will be counted by many the most beautiful music they have ever heard. The young men introduce a sufficient amount of humor to lighten the program properly and to sustain the reputation long held by the Dunbars as musical entertainers extraordinary.

A Happy Home Coming.

Hamilton L. Sullivan

The subject of this memoir was born in North Carolina in the year 1837 on the 25th day of November. He came to Kentucky in his teens and settled in Crittenden county, where he lived to the day of his death, which occurred October 3, 1919, at his late residence in Marion.

He was married to Miss M. L. Sullivan November 7, 1866. After her death he was married to Mrs. Mattie Spurrier Dec. 18, 1888. Soon after their marriage she passed to her reward, and on April 4th, 1900 he was married to Mrs. N. R. Truitt, who survives him.

Four of Mr. Sullivan's children preceded him to the grave and four survive him. W. R., A. L., M. E. and J. R.

Some weeks ago Mr. Sullivan went to Nebraska and Kansas to visit his children and relatives. After enjoying his visit for a season he arranged to return home and before leaving for Kentucky he became unwell and seemed to have a presentiment that his days on earth were numbered and told his children he was coming home to die.

On arriving home he sent for his physician and after a few days under his care began to improve and his wife and friends were quite hopeful that he would speedily recover but on the afternoon of October 3rd he passed on to the great beyond quite suddenly.

Brother Sullivan was a splendid citizen, good neighbor, loving father and devoted husband. He often remarked that he soon must go but that he was ready. Peace to his memory. W. F. H.

One of the social events of last week was a bacon-fry picnic on Thursday evening. The picnic was given by a number of the city's business women, or breadwinners as they styled themselves. Those present were: Misses Mabel Minner, Anna Findley, Mary Findley, Anneliza Johnson, Lena Woods, Sallie Woods, Frances Gray, Katherine Yandell, Clara Nunn, Leaffa Wilborn, Nelle Walker, Mary Lou Wilborn, Jane Thompson, Margaret Moore and "Dude" Pierce, who on account of his growing interest and loyalty to the High School was asked to serve as "Knight-protector."

A bountiful supper of bread, bacon, ham, onions, pickles, dressed eggs, stuffed tomatoes, sandwiches, cakes and candy was served and again "Dude" came in as a handy man, furnishing and carrying the biggest watermelon of the season.

After supper Miss Johnson related in her interesting and vivacious way some thrilling experiences of her life on her ranch in New Mexico. Other stories and songs added to the merriment and all reported a "sure enough" good time.

Hon. Edwin P. Morrow, republican candidate for governor spoke here to a crowded house last Friday. His address was well received by the large audience of men and women who heard him. Mr. Morrow is a finished orator of unusual ability. He is a genius socially and a man of fine personality and will no doubt receive the full support of his party at the coming election.

Hon. Henry Turner, democratic candidate for state treasurer spoke in the court house last Tuesday, in the interest of the democratic party. His speech was well received by the small audience that heard him.

HOWDY.

I am here—a bona fide citizen of Marion—

One man asked me how long I expected to make this my home. My reply was, "Perhaps until the resurrection." I have spent 39 years in public life. I have sought to be true to every trust committed to my hands. The results of the sincere toil and care show for themselves.

The strain of the last eight years' arduous tasks tells keenly on my nerve force. To be true to my Master, my afflicted wife, my church and myself, I was forced to slow down and run, a while at least on low gear. I was not forced out of the active ministry. A splendid charge, and such as would entice me, was offered me. It was my choice to superannuate. So among "our" (wife and myself) kin people we decided to sojourn.

It was in Crittenden county my good father, John P. Hogard, and good, quiet country mother, Mary Hogard, who was sister to Dr. T. L. R. and Frank N. Wilson, were born

and reared. My wife was the daughter of Maxwell P. Phillips. So here we are—one of you. We are here to do our bit for our own people. One of the mediums is the Crittenden Press. Though our road has been rocky since we took charge of the plant. The big fire put us out of business completely—only saved the key to the front door. By the unstinted kindness of our good friend Joe Bourland, my son was enabled to go right on with the business, of space to do our work and we are much crowded for lack are not away from the confusion brought on by the fire but before many more moons we will be in better shape to take care of the business as well as our friends.

The Press will stand for every thing that makes good citizens—The churches, schools, pure social life, better roads, better stock, better farming etc. Very cordially,
William F. Hogard.

We place the Elizabethtown News on our exchange list. Mr. Harry Summers is one of the best of the Kentucky editors. A voluminous writer and always on the right side of every question.

Birthday Surprise

"No matter how dark and dreary the day, somewhere the sun always shines" was demonstrated last Sunday at the home of Mr. and Mrs. Sam A. Nunn, near Blackford.

The morning dawning with the sun on a vacation and a slow rain falling, naturally Mr. and Mrs. Nunn were planning on a quiet day at home. One can imagine their surprise when up in the morning, cars and carriages began to appear on the scene, not only loaded with relatives and friends but with baskets of all the good things to eat that old Crittenden has the reputation for and that only our ladies know how to serve.

By the time the hands on the clock had traveled to the half way station there were fifty people there to show Mr. and Mrs. Nunn just how much they loved and appreciated them by serving for them one of the best dinners anyone ever tasted.

This surprise and pleasure for the old people had been planned by their children, all of whom were present but two, and they were too far away to get there.

Mr. Nunn is 85 years young and his wife 80, but if you had have asked them their age that day they would have probably answered, "something like sweet sixteen."

It was a delightful day for all but to Mr. and Mrs. Nunn it will be one of the sacred occupants of their memory chest where all their pleasant memories are stored away.

The democratic campaign for Crittenden county will be in charge of W. U. Howerton, chairman and Lee Morse, secretary.

SAYS NEIGHBORS GIVEN SURPRISE BY THE CHANGE

Couldn't Understand Remarkable Improvement Trutona Wrought, Woman Avers.

Owensboro, Ky., Oct. 9—"My neighbors who knew the condition Trutona, are surprised to find I was in, before I began to see me working again," Mrs. Fannie Grundy, well known Owensboro woman, of 616 Trip-let street, said recently. I'm certainly grateful for this new tonic, for it has given me more relief than any other medicine most all of them" she added.

"I had been troubled with ulceration of the stomach for the past 20 years. My bowels were in a very bad condition. I would be severely constipated for three or four days at a time and laxative I'd have a hard time to check the bowel action. Naturally I became very weak.

"I had been bedfast for six weeks before I began taking Trutona. You can imagine my surprise, when, at the end of the first week's treatment I was able to get out of bed and began to do my housework again. I'm eating food now that I haven't dared to touch in the past two years. Why, I can even eat corn bread now and that's one food that used to make me very sick. I have never before given a testimonial for any medicine, but I feel that the public should know of the wonderful relief I've gained from a dollar bottle of Trutona. Trutona is now being introduced and explained in Marion at J. H. Orme's drug store.

Sapping the Public Schools of Kentucky

Taxes Going Up; Teachers Underpaid

Under Stanley Democratic rule, in the three years 1915-1918, the equalized value of all property assessed for taxation in Kentucky has increased the enormous sum of \$27,273,483.00. During the same period, the amount distributed by the state to the counties to pay the salaries of school teachers has only increased the pitiful sum of \$45,784.37.

Taxpayers, This Is Your Business

The new tax law making this huge increase in taxes was passed to raise more money for general state expenses, to pay off old debts and to give more money to the public schools. If this law has raised enough money to pay general expenses and to help pay off some old debts, why has the school fund not received a proportionate increase for the education of your children?

The School Teachers' Merry-Go-Round

The records show that in 40 counties in Kentucky, the salaries of school teachers were more in 1919 than in 1917, 1918 and 1919. There also show that in 71 counties the salaries were more in 1919 than in 1917 and 1918. This has forced hundreds of teachers to travel from one county to another seeking better pay to meet the high cost of living. In one county in Kentucky, out of 104 teachers last year, only 22 returned this year. In another county only seven out of 48 returned. In another county only 5 out of 16 returned. In one of the largest and best counties of the state only one rural teacher has not changed location within the past five years.

Holding Up the Teachers' Pay

In the same month that Governor Stanley approved the law cutting down the teachers' salaries, the state owed the teachers for back pay, \$548,372.00. Three months later this amount had jumped to \$1,452,807.64. On June 30, this year, the state still owed the teachers for back pay \$483,434.87. In 1917, the first month's salary was paid in October after three and a half months of teaching. The final payment was not made until August, 1919, eight months after the close of the season. Last year a law was passed to remedy this, but at that salaries are still running late. In addition to having their salaries cut, the teachers also have their pay held up.

Cutting Down the School Year

Three months after Governor Stanley signed the bill cutting down the teachers' pay, the school year was cut from 7 months to 6 months. The children were deprived of a whole month's schooling. This year, the school year ending June 30, 1920, was kept at 6 months instead of being put back to 7 months, thus depriving the children of another month's schooling. Twelve months' schooling in two years in place of 14 months.

Gilbert's "Sore Toe" Book

Sup. Gilbert's printing bill is costing the taxpayers three times what they paid under Governor Wilson (Republican). Among the books paid for by the taxpayers at a cost of \$15,000, was the famous "Sore Toe" book, compiled by the equally famous Dr. W. L. Helzer, whose "Physiology" was ridiculed by the leading Democratic newspapers of the state. This "Sore Toe" book tells little Johnnie how to wrap up a "puncture" in his foot, warns little Jennie not to eat meat more than once a day, tells on how to shave off his whiskers, advises mother to wash an egg before boiling it, and demands the killing of all dogs and cats.

Gilbert's Extravagance

The minute Sup. Gilbert got into office he began filling up his own office, at Frankfort, with clerks and stenographers. The salaries in his department have gone up to three times what they were under Governor Wilson (Republican). The Democratic legislative probe committee of 1918 condemned the Bureau of School Inspection for giving salaries to people who did no work, but there has been practically no change. Morrow will change it.

Text Book Commission Farce

The Stanley Text Book Commission changed most of the books in the grades and would have asked the parents of the children \$500,000 more for their books, but the whole adoption was thrown out by the Court of Appeals. Urged by leading Democrats all over the state to also throw out the Text Book Commission, Governor Black turned a deaf ear and by the time a new adoption was made the publishers were so delayed that many schools have been forced to get along with old books, and some of them won't get the new books at all for proper work this year.

FORDS FERRY

The barbecue at Clements-burg proved quite a success even though the weather was not very favorable. There was a large crowd and about fifty soldiers and sailors present. In the afternoon the soldiers drilled quite a bit and then later marched up to the ball ground where there were two very interesting ball games, as our team played Caseyville and Tolu. The scores were, Fords Ferry ten, Caseyville five and Fords Ferry six and Tolu five. Every one had a delightful time and we parted with very thankful hearts that our creator had given us the opportunity to meet with each other and those boys who so nobly had done their duty to help maintain the liberty of this fair land of ours.

Do Kentuckians want a hand
picked, hand controlled
Governor?

It is common knowledge that the Republican Party in Kentucky is a "one man" party—solely in the control of A. T. Hert. It was shown at Lexington where the rank and file of the party were disfranchised of their primary rights and forced to accept a slate already prepared for them.

Witness the high handed methods of Searcy, Hert's man "Friday", in his treatment of George W. Jolly of Owensboro who was clearly within his rights in seeking preference at the primary. Witness also the disgraceful primary election in the negro ward in Louisville where the Republicans did not dare let the negroes vote as they wished.

Put Morrow in the Governor's chair at Frankfort and Kentucky will be governed from Louisville. It will be dominated by this one man whose interest is selfish and whose purpose is clearly to use Kentucky merely as a stepping stone to influence and authority in National politics. Hert will push the button! Searcy will pull the string! And Morrow will do the jumping!

tist churches in Europe today, with
2,000 pastors and missionaries and 566,
500 church members. It is announced
by the headquarters of the Baptist 75
Million Campaign, and a considerable
sum from this campaign will go toward
supporting needy families of Baptists
and others in the war-torn regions as
was as in the propagation of the gos-
pel and the establishment of Chris-
tian institutions there. It is announced
before sailing on the Adriatic on his

European mission, Dr. Love made the
following statement outlining the pur-
pose of the commission:

"When the call came to help save
promote and secure democracy in Eu-
rope there came a louder call to help
save, promote and secure evangelical
Christianity in Europe. That which
alone will now preserve and perfect
the democracy for which brave men
have died on the battlefields of Europe
is the Christianity of the New Testa-
ment. Southern Baptists can not long
remain passive. Southern Baptists can-
not decline a challenge like that
which is now presented to them to
bear witness to their faith among the
peoples of Europe. Our people never
before faced such a challenge and such
a responsibility.

Of course we can not go to the men
and women of Europe who have been
stripped of earthly fortune and reduced
to direct necessity with a message of
Christian love and brotherhood if we
decline in our abundance to carry
some substantial pledge of our love
and compassion. Mothers will not be
able to stay the crying of their little
ones to hear us preach if we decline
to practice the gospel of compassion
and feed those little ones and build
fires at which they can during the com-
ing winter warm their frost-bitten toes.
Southern Baptists are under the most
solemn obligation to help relieve the
want and suffering of Europe. But if
there were no reconstruction work in
Europe, Southern Baptists have mo-
tives numerous enough and strong
enough to compel them to make a com-
plete success of the Baptist 75 Mil-
lion Campaign. I would therefore, as
my parting word to my brothers and
sisters of the South, implore them to
give themselves to this campaign and
carry it to a triumphant conclusion
during Victory Week, November 26
December 7."

See the big Nobs

The 'Nobby' is a big rough
husky fellow. The tire they are
all talking about.

A great road gripper—a sure
enough non-skidder and non-
slipper.

Makes easier riding and easier
driving. More safety, more com-
fort—more mileage.

'Nobby' is a United States Tire,
—which means none better. Just
right for our roads.

United States Tires are Good Tires

We know U. S. Tires are GOOD TIRES. That's why we sell them.
