HUSBAND.
I am home—been sick
since Saturday.

One day you asked me how long
I was going to be away. You know
this isn’t really going to happen until
the vacation plan. I have spent 10 years
in the business and need a vacation.

You might want to try to keep
me in touch with the business as well as
the people. I can’t keep up with
everything that makes good
business progress, which
will be good for you.

While in the office, I have
received several letters from
people. I am glad to hear from
them. I hope you are doing
well.
