Prohibition Amendment.

By REV. JAMES F. PRICE.

As I go over the state every now and then I hear some temperance man say "We now have war time prohibition and we soon shall have national constitutional prohibition: what is the use of voting on a state constitutional amendment?" I want to answer in Bible language, "Much every way". The sale of intoxicants is going to be one of the hardest matters to control that this government has ever had to contend with. Look at the arrests every day, and yet the law is far from being enforced. Men in order to make money, or get intoxicants to satisfy their abnormal appetites, will almost risk life itself. We need every restriction possible thrown around this nefarious business. We need state constitutional prohibition and then stringent laws to enforce it. When we have federal prohibition and State prohibition and where both federal and state officers co-operate to break up the selling of intoxicants, it can be done.

Some say, "It looks to me like the whisky business is dead". I have killed snakes in my life and would have a pretty hard time to hit one a deadly lick when he was wriggling and striking, but after I got him still and apparently dead I always gave him a lick when I had a good chance at him to make sure of my game. So I want to give this business one more good lick while I have the chance.

Do you know that when war time prohibition went into effect July 1st there were more whisky in bond in Kentucky than in all the rest of the United States put together? And do you think those distillers are going to let it lie there and make no effort to dispose of it? Millions of dollars lying up in these warehouses and make no effort to dispose of it? If you think so you are badly fooled. If any State needs a prohibition amendment certainly Kentucky does. We now have a chance to get it. Shall we avail ourselves of this opportunity? The indifference of the temperance people can defeat it, nothing else can.

Thanks.

The elders and ministers of the Princeton Presbytery which was held at Francis tendered and Mrs. Forest Whitt for their thanks to Miss Nora Yan-the lavished hospitality during its session.

Salvation Army Campaign

Crittenden county's quota is \$700.00.

The campaign for this county's part of the \$13,000,000 Salvation Army Home Service fund which was to have been put on early in the summer along with that of the state, was postponed along with other Western Kentucky counties, until this month on account of unfavorable conditions. Prof. H. M. Oldfield, district director, has been in the county the past week preparing for the campaign, and a Citizen's Committee has undertaken the work of raising our \$700.00.

In the county each school teacher has been appointed the chairman of their respective district and each district is asked to raise not less than \$5 as its share. In Marion, teams of solicitors will call on the people next Tuesday and Wednesday afternoons Oct. 20th and 21st for contributions.

Those who know of the everyday activities of this most unselfish of organizations for the relief of humanity, will be glad to help raise the amount asked from our people. And, when in addition to that we remember what splendid work was done by the Salvation Army workers among our boys in France, it seems there should be no trouble in getting together this amount. Ask any of the boys returned from "over there" and they will tell you that the Red Cross and the Salvation Army are "all right." If you do not feel like contributing now, ask a soldier what to do—he will tell you they deserve every assistance we can give them.

Mr. H. C. Franklin at the Farmers Bank, is county treasurer and all funds should be sent to him. A full list of contributions will be published in an early issue of the Press. Let us all be ready to give what we can and thus help discharge the debt we owe the Salvation Army for what it did for our boys over there.

Citizen's Committee,
C. W. Haynes, Chmn.

Stallions-McKinney

Mr. Doy Stallions of Salem and Miss Mary McKinney of near Siloam church drove to Marion last Sunday and were married at the home of Rev. J. B. Trotter.

Presbytery of Princeton.

The Presbytery of Princeton met at Francis, Ky. Tuesday Oct. 7th. The pre-presbyterial conference met at 10 a.m. This conference was full of interest and prepared the way for a more satisfactory work of the Presbytery.

The woman's work in the Presbytery was ably presented by Miss Grace Adamson. There is doubtless a large per cent of the churches in Presbytery of Princeton that have Missionary Societies than any other Presbytery of the Synod. Yet Miss Adamson is working hard to have a Society in every church and to bring them all to a higher state of efficiency.

The able discussion on evangelism showed the importance of this work. Rev. F. F. Flaniken, D. D., Madisonville, is chairman and is the right man for the place.

As a result of this discussion it was decided in presbytery to have a Counsel Meeting on Evangelism in Princeton, Ky., Nov. 5th, at 10:00 o'clock, consisting of all the pastors, as many church officers as can come and the leaders of Young People's Society, Women's Society, etc. The purpose of this Council is to plan an evangelistic campaign to reach every church during the year with efficient evangelistic services.

The opening sermon was preached at 8 o'clock, p. m., by Rev. Willis Smith, the retiring Moderator. After the opening sermon Rev. T. G. Koontz, D. D. representing the New Era Movement, made an able address.

F. P. Flaniken, D. D. was elected Moderator.

The Presbytery made a complete apportionment for our New Era proportion, and it is planning completely to organize every church and to raise the full amount.

The communion service was one of the sweetest we have ever had. A strong sermon was preached by Rev. F. P. Flaniken after which the elements were most impressively administered by Revs. John A. Tropler and J. H. King.

An appropriate Memorial Service was held in sacred memory of Rev. A. J. Thomson.

The Frances people were remarkable generous and noble in their entertainment, and the entertainment committee, headed by W. W. Millikan, could not have been excelled. The boys who met us at the train and carried us back and forth are worthy of our sincerest gratitude.

The Presbytery decided to endeavor to put a New Era Magazine in every home in the Presbytery before the first of January. This is only a step toward putting a church paper in every home.

It was one of the sweetest spiritual Presbyteries the writer has ever seen, not a single negative vote being cast during the entire Presbytery and not a note of disharmony occurred at any time.

Dr. Koontz will visit several of the churches, organizing the New Era Movement in them, before he leaves the Presbytery. The next meeting of Presbytery will be held, the Lord willing, at Providence, Ky.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

In Belgium.

Hunger, disease and exposure were not all that Belgian children were subjected to, for many shells constantly dropped into what little of their country the invaders did not hold. In this picture Red Cross nurses are seen taking some of the fifty babies from the American Red Cross nursery at La Paine into a bomb-proof structure as the Germans opened fire from the sea.

ITINERARY

In the past 39 years this pencil pusher has ridden many thousand miles. I drove one horse more than 13,000 miles. He was a good one—a fine large game fellow—I called him Charlie. He knew his name. My itinerary last Friday was to Tribune and return.

TRIBUNE

Is a country store and general blacksmithing, conducted by Mr. W. M. Towery. He does about \$35,000 worth of business per year. He cares for a goodly number of bee colonies. Because of the continued drouth the honey crop is light this season. This is a splendid business for this community. He subscribed for the Press.

On the Duncan Hill I broke bread with W. J. Hill and wife. My! that peach cobbler was delicious! For this hill grows as fine flavored fruit this side of Pecos Valley, N. M. And the big yams! They are the finest. There the untainted Kentucky hospitality of this young (?) couple added flavor to the good dinner. The Press goes to Duncan's Hill from now on.

I found John and Henry Hill hauling in their crops of hay, which they had just baled. Their hay crops are splendid. They have a fine crop of corn. Each one reads the Press from now on. Thank you!

I found A. J. Baker grubbing up persimmon bushes—a sweat producer. His wife, Annie Phillips Baker was ironing out the clothing while her daughter-in-law was preparing dinner—I just got to smell the dinner—it made me hungry—After talking with Annie a little while I soon discovered she was sad—the effects of the cruel war left one of her dear boys sleeping among the flowers of Flanders in France. I soon found that Jimmy Renfro had been in the home and got a good grip on the boys. The Press goes to this home.

George G. Baker and Linda were out on their front veranda to give me a Kentucky welcome. I knew George and Linda before their marriage. Linda and myself were school-mates. She was much the best looking then. Several of us boys wanted to "spark" her but George wouldn't give us a chance. They have a lovely home, splendid farm, two good barns and one silo. George speaks highly of his tenant, Press. He is sowing 20 acres of wheat.

Two miles east of Marion John M. Baker owns one of the best farms in that section. He bought the 150 acres more than forty years ago. There was not a stick amiss. He cleared it up, built him a commodious residence. In the meantime he married a handsome young lady, raised a respectable family and now lives on easy street. He threshed over 400 bushels of wheat this season. He has housed and already cured 8 acres of tobacco and has a good corn crop to gather. I always liked you, John. Yes, and the Press goes there.

The next stop was with Mr. W. L. Hunt, who owns a good farm, well stocked and a good

Fiscal Court Notes.

A levy of fifty cents on each one hundred dollars worth of taxable property, and a poll tax of one dollar and fifty cents on each poll tax payer over twenty-one years of age, were levied for the purpose of defraying the current expenses. A tax of fifteen cents on each one hundred dollars worth of taxable property was levied to create a fund for building a court house, and a tax of twenty cents on each one hundred dollars worth of taxable property was levied for the purpose of creating a sinking fund with which to retire the road bonds together with the interest thereon.

The general routine business was attended to.

OUR NEEDS.

Marion needs ten new residences for rent—and then some.

A new building for the High school. Our young life is our greatest asset. What do you say to the two needed public buildings—court house and high school? Fine. Here's hoping to have them.

Then add to these a good water plant. Sure going some. To get them—agitate! agitate!!—and educate.

Every farm house a light, water and power plant.

Every farm with blooded stock. Cattle, horses, mules, hogs, sheep and poultry—it pays to raise good stock.

Some more of the house keepers to churn and bring the butter to town. Nothing better than good, fresh country butter—and nothing harder to get right now.

To give more attention to fruit. Crittenden's soil and climate produces the best on earth.

Why not a company in Marion to manufacture cigars?

Why not some citizen spring a proposition to install a system of water works in Marion?

The Press needs two thousand new subscribers to help us sing the praises of Crittenden and to boost for the upbuilding of this community in every possible way.

LEST WE FORGET

(From a poster circulated last summer.)

"The undersigned, who have been appointed to serve as commissioners in the matter of the proposed Road Bond issue in Crittenden county, hereby accept said appointment and will qualify as such, and promise to serve the people to the best of their ability, if the bond issue is approved by the people at the election to be held on June 18th, 1919. J. W. Blue, Jr., O. S. Denny, J. I. Clement, H. C. Rice, Jr., T. M. Dean, W. B. Yandell, T. A. Enoch."

The bonds carried and the word of these enterprising men is perfectly good—and we are going to get the Federal road—so why not boost and boost a lot.

Anyone who has or will gather any hickory nuts for sale can get rid of some of them by bringing them to the Press office.

DOG JUSTIFIES VERDICT.

That there might be circumstances when even a dog would be justified in using direct action in the defense of his person was the substance of an opinion by W. S. T. Derr, Justice of the Peace, in deciding at Vancouver, Wash., the case against C. Cady for harboring a vicious dog. The complaint against Cady was filed by Andy Johnson, who charged the dog has bitten his boy. The boy testified he had done nothing to aggravate the dog and that the canine was not justified in his retaliatory methods. In rendering his decision the judge said: "A dog remembers a grievance all his life. If he is abused he will always remember the man that abused him. I am satisfied the dog bit the boy, but probably the dog was justified. Even dogs have feelings."

AGED RESIDENT SAYS BENEFITS TOTALED \$1000

Relief Trutona Gave Worth That Much To Her, Mrs. Benner Declares.

Louisville, Ky., Oct. 10.—"For six dollars I've paid out for Trutona I feel that I've received \$1000 worth of benefits," Mrs. C. Benner, 1123 Bardstown Road, said recently. Mrs. Benner, who is 52 years old, has long been a resident of Louisville, having been born here, and she is well known in this city and vicinity.

"I'll admit that I didn't have much faith in Trutona at first but it soon proved to be the medicine for my ailments," Mrs. Benner continued, "I used to suffer severe bilious attacks. No one knows the terrible feeling I'd experience during these spells. Some times they would attack me while I was down town and I'd have a hard time getting home. My appetite was so poor there was hardly any kind of food that would tempt me. My liver has been out of shape for the past two years."

"After I had taken three bottles of Trutona I realized it was helping me and now, with the fourth bottle finished, the bilious attacks have ceased to occur. I haven't had a spell for the past week. My kidneys are in better shape, too. I can truthfully recommend Trutona to those who are suffering as I did."

Trutona is especially beneficial for stomach, liver and bowel troubles, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like and as equally as efficient as a reconstructive agency for overcoming after effects of pneumonia, influenza, deep colds and the like. Trutona, the perfect tonic, is now being introduced and explained in Marion at James H. Orme's Drug Store. Adv.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Toupin, 1418 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief."

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bleeding, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

WHY TAXES ARE HIGH IN KENTUCKY

In the past eight years in Kentucky, 214 new officeholders have been given jobs at an increased cost to you taxpayers of \$125,000.00 a year. That is \$1,915 on a month or over \$1,400 every day including Sunday.

The new material's office costs you taxpayers twice as much under Stanley as under Wilson (Republicans). In the Agricultural Department Stanley cost \$1,000.00 more than Wilson. In the Department of Public Safety Stanley cost \$1,000.00 more than Wilson. In the Department of Education Stanley cost \$1,000.00 more than Wilson. In the Department of State Stanley cost \$1,000.00 more than Wilson. In the Department of Transportation Stanley cost \$1,000.00 more than Wilson. In the Department of Public Safety Stanley cost \$1,000.00 more than Wilson. In the Department of Education Stanley cost \$1,000.00 more than Wilson. In the Department of State Stanley cost \$1,000.00 more than Wilson. In the Department of Transportation Stanley cost \$1,000.00 more than Wilson.

Increase in Job Holders and Extravagance of Those Already in Office the Cause of Increased Taxes

Leading Democrats say there is no hope of better things under Governor Black. "The people want a house cleaning at Frankfort. They want to see some new men and so it is new faces in the offices and departments. They want to get rid of the names that have become familiar only because of long tenure of office. I would repeat to the Democrats of the State know it that the officeholders have taken possession of the State in which they are not leading every effort to secure the nomination. IF HE IS GOVERNOR THERE CAN NOT BE AND WILL NOT BE ANY BUSINESS REFORMS OR ANY CUTTING DOWN OF UNNECESSARY EXPENSES OR CUTTING OFF OF USELESS OFFICERS OR EMPLOYEES."

Miss M. Logan, former Attorney General, said: "Before he became Governor the officeholders under the present administration put a ring in his nose and have been leading him around ever since."

Democratic Papers Denounce Stanley Administration

The Louisville Post (Dem.) said: "The whole state is clamoring for a man who will clean house. Mr. Frank never did the house as it is. He has had a good opportunity and he has failed signally and before the whole state to take advantage of it. He is a failure. We speak of the office. Under him things would be largely as they are."

The Louisville Courier Journal (Dem.) said: "If he is a strong, able and effective man he will set about at once to cure defects which have hampered the administration of his predecessor. He will make special effort to destroy expensiveness and remove which are at large in the effort that he has entered into an alliance in understanding with Senator Stanley and the latter's personal adherents by which he is committed to an amiable attitude toward the Stanley record."

KENTUCKY IN THE HOLE

The United States Census Bureau at Washington has just issued a report. Financial Statistics of States for 1918 which says that 39 of the 48 states paid an expense, including interest and money for permanent improvements. Kentucky was not one of the 39. This report also says that Illinois, Indiana, Ohio and West Virginia not only paid expenses but were a minimum amount to the good. Kentucky, within a stone's throw of all of them did not even pay expenses.

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions \$12,000,000 will be devoted to missions at home, it has been officially announced. Home missions is regarded by the Baptists as one of the most essential of foreign missions, the larger sum being set aside for the latter cause by reason of the larger field to be covered—practically the entire world.

DR. B. D. GRAY, Of Atlanta, Ga., Secretary of Home Missions for the Southern Baptist Convention.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. B. D. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small in comparison with the needs of the Home Mission fields."

Setting forth the particular obligation which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thoroughly Christian in fact as well as in theory. In this way we are to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 8,000,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 10,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss. Racial relations are tense and the situation calls upon Southern Baptists for a worthy program in behalf of the religious uplift of our brothers in black. We must lead them in sane missionary and evangelistic work and likewise in the development of their religious life on sane and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere, is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. This work among the foreigners not only gives them the Christian religion, but makes them more contented and better American citizens. It is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from 300,000 to 500,000 people in the South who are not Christians during the period of the campaign.

RALLY FOR THE THIRD RED CROSS ROLL CALL

THE quota of funds for the Lake Division—Ohio, Indiana and Kentucky—for the Third Red Cross Roll Call, November 21, is \$1,880,000, according to the recent announcement of MacKenzie R. Todd, campaign manager for the division.

This is the Lake Division's share of the \$15,000,000 fund asked from the nation to complete American Red Cross relief work abroad during the coming year.

The goal of the Third Red Cross Roll Call is universal membership. In the last drive for funds, the Lake Division quota was \$940,000. It was oversubscribed by more than four and a half million.

State and county quotas will be announced shortly by state managers: J. E. Grant, Ohio; John R. Dowling, Kentucky; Clarence Stanley, Indiana.

This will be the only Red Cross campaign this year. Each year hereafter there will be an annual Roll Call for members, to perpetuate in America the service to Americans that is to be the Red Cross peace time work.

OVERSEAS NURSES TURN TO PUBLIC HEALTH WORK

FIFTY Red Cross nurses, most of them recently returned from overseas service, are to meet in Cleveland, Sept. 18-20, to discuss means of preventing disease.

They have chosen as their peace-time occupation the teaching of home hygiene and dietetics to women and girls outside the nursing profession, and hope in this way to increase the number marching with the American Red Cross in its advance against disease.

CAMP WORKERS AID MEN RETURNING TO CIVILIAN LIFE

RED Cross Home Service workers in Camp Taylor (Ky.) and Camp Sherman (O.) have found their assistance required more and more as time passes by soldiers returning to civilian life who need aid in making the change.

During July 24,677 men passed through the Kentucky demobilization camp and of this number 2,502 new cases are recorded in the camp Home Service records. In addition, 2,270 men applied for information, mostly in regard to insurance. This total puts Camp Taylor at the head of the list for all camps in the country in volume of work of this kind.

Camp Sherman stands third.

HOME SERVICE USED TO FIND MISSING MEN

THE Home Service Sections of the American Red Cross in Ohio, Indiana and Kentucky are helping to locate soldiers who have disappeared since their discharge from military service.

One is Sgt. Russell Irving Viles, discharged June 17 from service with the Motor Transport Corp. #13.

Private Harry E. Ross, Co. H, 26th Infantry, First Division, A. E. F., was wounded while serving at Soissons July 19, 1918. Since that time only indefinite reports have reached his mother, Mrs. Clark D. Ross, 4042 Third St., Des Moines, Ia.

Private Joseph Burch Walker of Monticello, Tenn., is believed to be mentally disabled as the result of gas. He was discharged from Camp Dodge in June.

Private George Nelson, C. E. F., has been missing since February 1, 1919. He is suffering a lapse of memory following shell shock.

Any of these men may be in the Lake Division, ignorant of names and addresses.

JUNIORS WANT MILLION MEMBERS FOR THIS YEAR

A MILLION Juniors in the Lake Division in 1919—that is the slogan of the Red Cross department of Junior Membership.

The division is 200,000 short of that number, but hopes to enroll that many—and more—in the membership drive the Juniors will conduct in the schools during September.

VOLUNTEER

Be one of the million workers in the country who will help to enroll Red Cross members in the Third Roll Call November 21.

The Red Cross needs \$15,000,000 to complete war relief obligations overseas. The Lake Division's share is \$1,880,000.

The Red Cross needs new members for 1920 to carry on Red Cross service for Americans. YOUR CHAPTER NEEDS YOU. VOLUNTEER.

GOLDA MAHAN PASSES AWAY AT HER HOME NEAR CYPRESS

Golda Mahan, daughter of James and Susan Mahan, was born March 24, 1893 in Crittenden county, Ky., departed this life August 21, 1919, at her home two miles northeast of Cypress, aged 16 years, 4 months and 27 days.

Funeral services were held at Hopewell church, Friday, August 22nd, by Rev. Davidson, pastor of the M. E. Church at Cypress, after which the remains were interred in the Fair cemetery.

Golda was a picture of good health and a perfect type of young womanhood. She hardly knew what it meant to be ill, but on Monday, August 18 she was stricken with appendicitis and answered the call of the grim reaper, Thursday, August

21 at 4:20 p. m.

Thus we are once more brought to a realization of the fact that even in youth we have not the promise of a tomorrow and that while making preparations to live we should also make preparation to die.

Golda prepared for the summons at the age of twelve years, but she had never united with any church. Nevertheless she lived a devoted Christian life. She was loved by all who knew her and at all times was patient, lovable and kind. She bore her intense suffering with great fortitude. Her aim in life was to make others happy. She had a kind smile and took great delight in lightening and word of cheer for every one, the burden of father and mother.

She will be greatly missed by her associates; in the Sunday School and

Church we shall miss her, and her death has made a vacancy in the home which never can be filled.

She leaves to mourn her untimely death a father, mother, two brothers, four sisters and a host of relatives and friends.

And while in life's late afternoon, Where cool and long the shadows grow.

I walk to meet the night that soon Shall shape and shadow overflow, I cannot feel that thou art far, Since near at need the Angels are.

And when the sunset gates unbar, Shall I not see thee waiting stand And white against the evening star The welcome of thy beckoning hand.

—Vienna, Ill. Times.
