James H. Woertendyke

The eloquent Californian, will speak on the Greater Prohibition Movement, Friday 7:30 p. m., at the Methodist church.

Banking Change.

For some time it has been rumored but it was not "officially announced" until Monday that the Farmers Bank had added a new department to its banking department and had reorganized as The Farmers Bank and Trust Company. The date set for the organization of the new institution was October 20 and so smoothly and quietly did the change take place that but few people outside of the stockholders of the old institution knew that Marion could boast of a modern, well equipped Trust institution.

The Farmers Bank and Trust Company, whose announcement appears elsewhere in this issue of the Crittenden Press, will be under the same management and control as the Farmers Bank. The officers of the new institution follow: Wm. Fowler, President, Judge Carl Henderson, Vice President; W. T. McConnell, Vice President; O. S. Denny, Cashier; Hollis C. Franklin, Asst. Cashier; O. R. Lamb, Assistant Cashier.

All of the above mentioned gentlemen are well known to the people of Crittenden County and it would be hard to find any movement or step which had as its aim the betterment of Crittenden County which was not being faithfully and earnestly supported by these men. If you will pardon the editor for saying it, perhaps and we will get one better and leave the "perhaps" one reason why the Farmers Bank during the last five

years has grown from a very small beginning to one of the best equipped and most up-to-date institutions of its kind in this part of the state is because it had men back of it who had the best interests of our people at heart and who were willing to work to see these interests advanced.

It goes without saying that the Farmers Bank and Trust Company will be all that the name implies. Their slogan is, "Our business is to serve; we pride ourselves on our ability to serve well." They try six days in the week to live up to that slogan and their many satisfied customers know how well they are able to live up to it. Their steady growth and rapidly increasing business is evidence of what "prompt, courteous and efficient service" will do.

A Good Farmer.

Jim Pickens of Triune and successful farmer of his section made the Press a pleasant call Wednesday.

He reports his corn crop as better than last year's yield and hay crop as splendid. Has baled 20 tons of good clover and timothy.

He has a flock of 15 ewes from which he raised and sold 23 lambs bringing him \$200. He sheared and sold \$50.00 worth of wool in the spring. The wool paid for the caring for the flock giving him \$300 profit on the flock. It pays to grow sheep. He has laid concrete floors in his back porch, kitchen and pantry and put concrete sills under his dwelling.

Flanary--Reed.

Mrs. Ollie Flanary and Mr. Jessie Reed were united in marriage by Rev. T. C. Newman at his Manse October 21, 1919.

ANNOUNCEMENT

WE sincerely appreciate the ever increasing business which it has been ours to enjoy during the past few years.

We believe that we owe to those who have helped us to make this institution what it is today to keep pace with the times and to make such adjustments and improvements in our banking facilities as will enable us to give to our customers and friends the best service that it is possible for the modern up-to-date bank to render.

To this end we have added a Trust Department to our safe, sound and conservative Banking Department and will hereafter be able to give you the same prompt, faithful and courteous service in that line of business that we have always been able to give in our Banking Department.

The new institution will be known as the Farmers Bank & Trust Company, of Marion, Kentucky.

We solicit your business on our ability to give you service equal to the best.

May their voyage, over the matrimonial sea of life, be long and full of joy and prosperity.

Prof. T. F. Newcome, principal of a high school in a sister county was in Marion greeting friends last Saturday and called on us and subscribed for the Press of course. He reports a successful school with a large attendance. Frank is another Crittenden boy who is making good. Success to you Frank.

STOP Being Robbed Of Your Cream Profits

CREAM waste is costing thousands of American dairy farmers \$20.00 per cow per year! Out-of-date and inefficient cream separation methods (such as the gravity system) is actually robbing them of this much profit per cow.

Swedish dairy farmers have stopped all cream waste. Their farming conditions have compelled them to do so. Their demand for perfect, wasteless cream separation has produced the closest-skimming, easiest-running machine in world—the Viking.

THE ELECTION.

We wish with all the emphasis we can command to warn our friends throughout the State against overconfidence and inactivity between this time and November 4th. The State-wide Amendment is to be voted on, and State officers are to be elected, both of which are of vital importance to the well being of the state.

We may be sure the liquor interests are not asleep. They are not upon the housetops, pro-

claiming their plans to the public; they are using the gum-shoe method, knowing that their only hope is to catch the temperance people napping. Various things that have been reported to us are like so many straws, showing the direction of the wind. Certain things that have found their way into the papers could have come from no other headquarters. Let no one think for a moment that the liquor interests have given up and retired from the field.

It is well known that the Central Methodist is not in the politics. We do not take sides in any party affair. We urgently advise our friends, however, never to lose sight of moral issues in casting a vote. And never take chances when one man is known to be straight, and the other because of past record is doubtful. The triumph of this or that party is a matter of small consequence, but the triumph or defeat of a moral issue is of greatest import. In the

present instance, if it openly charged by one of the Louisville dailies, and so far as we are informed it is not denied, that the liquor interests of this city are lining up behind one of the candidates for Governor. If this be true, it is sufficient reason for all temperance advocates to go the other way.

In the state wide contest it is not sufficient that the friends of the measure go to the polls and vote on election day; they must be busy between this time and then remove misunderstandings, stirring up the lukewarm and seeing that the indifferent are aroused. If all do their duty, the amendment will carry by an overwhelming majority. The only danger of its failing is over-confidence and inactivity on the part of its friends.—Ex.

So I am going to start a sale SATURDAY, Oct. 25th, a sale that is the biggest that has ever been in Webster county or any other county in the state, and this great sale will go on until the entire stock is sold out. If you want to make your dollars go as far as they did in the olden times, attend this great selling out sale.

We are right with the statement made above. Thousands of dollars of Winter Goods await you at this great sale.

FREEDBERG'S DEPARTMENT STORE, CLAY, KENTUCKY.

How Mat Cohen Spends Your Money

Facts for the Taxpayers of Kentucky

Mat S. Cohen, Commissioner of Agriculture and Democratic candidate for Secretary of State, employs more people in his department and spends more money than any other three combined departments of the State government. It is very important to the taxpayers, especially the farmers, how this money is spent.

In three years, Cohen's personal traveling expenses, which you taxpayers pay, have piled up to a total of \$4,153.93, an average of \$1,384.64 per year. In 1917 he charged you taxpayers \$5.00 per day for ten days for attending the State Fair in addition to railroad fare and a hotel and taxicab bill of more than \$100.00. How anybody pay you to visit the State Fair?

Vouchers on file in the Auditor's office at Frankfort show what Cohen has been doing with your money. Below are a few samples of the extravagance of this man Cohen who, four years ago, solemnly promised you taxpayers to spend your money carefully and economically:

COHEN CHARGES YOU EXTRA FOR DOING HIS JOB

The minute Cohen was elected to office he got the state legislature to raise his salary, but the legal department of the state ruled he could not have it. As Commissioner of Agriculture, Cohen is a member of all the boards in his department and his duty is to attend their meetings regularly as a part of the work for which you taxpayers pay him a salary. But Cohen charged you from \$5.00 to \$10.00 a day for attending meetings of various boards. The total you paid him for this was \$620.00 for 83 days, an average of \$7.44 per day. Easy money for answering "Here" at roll call.

Cohen was paid \$100.00 upon the order of the Veterinary Examiners' Board and it was charged to the Veterinary License Fund. The Attorney General ruled the claim was illegal.

Certain clerks in Cohen's department draw money in addition to their salaries. One was paid \$36.00 a month for attending four meetings of the Live Stock Sanitary Board. She draws a regular salary of \$2,100.00 a year which you taxpayers pay. Can you beat it?

Another clerk gets a salary of \$1,200.00 a year and in addition she is paid an extra \$100.00 as clerk of the State Board of Veterinary Examiners. Profits soft.

WHAT'S IN THE STATE FAIR BOOKS?

On Oct. 6, the Republican State Campaign Committee asked the privilege of having the State Fair Books examined by certified public accountants. Cohen, at first consented, but later denied the privilege. When threatened with a law suit, he said he would submit the request to a meeting of the State Board of Agriculture, Oct. 25 a few days before the election.

The books of the State Fair belong to the taxpayers who contribute huge sums of money each year to keep it going.

Among other items in these books are vouchers showing Mat Cohen's personal expense account. Why does Cohen object to an immediate examination of these books?

KENTUCKY BAPTISTS PUT CAMPAIGN FIRST

Indications Point To Certain
Victory In 75 Million
Drive.

Situation There Outlined

Rev. J. R. Black, Publicity Director, Describes Progress
In the Blue Grass State
To Date.

REV. J. R. BLACK

By REV. J. R. BLACK
Kentucky Publicity Director

The organization of Southern Baptists for the raising of 75 million dollars for all phases of work fostered by this people has now been pushed out until all of the 18 Southern states have followed the suggested organization.

Kentucky is not behind in the number. In the 75 district associations there are now 70 associational organizers, 74 associational publicity men and 60 W. M. U. organizers. It is the purpose to have one of each of these in each association and then in the local church there will be an organizer in addition to the pastor, who is the director, a W. M. U. organizer and three boosters, who will do the publicity work. The organization was also extended until practically all of the 1,850 Baptist churches in Kentucky have these officers in charge and every effort is now being made to bring information and prepare for the great drive which will be made in one week's time, the date of which is November 30th to December 7th.

The state organization is in charge of Rev. O. E. Bryan, Corresponding Secretary of Missions, Louisville, Ky., Prof. John L. Hill, of Georgetown College, State Organizer and Director, Georgetown, Ky., and Rev. J. R. Black, Publicity Director, Louisville, Ky.

At the general office in Louisville the most encouraging news is being continually received. The people all over the state are so enthusiastic about the campaign that from every quarter responses are now coming and some churches cannot wait for the drive to begin but are now pledging and giving more than was asked of them. The last message received was from Poplar Grove church in Graves county, which was asked for \$5,000, and after a sermon by the pastor pledges were made and the amount was more than raised. This has been done in many other places.

The information that is coming to the Baptists is probably one of the greatest benefits that is being derived from the campaign. A pastor in a mountainous association who had been preaching for over thirty years and had always maintained a position against the support of the ministry, and who did not believe in missions, stated at the meeting of the district association which he attended that he had learned more in this meeting of what God intended he should do to send the gospel to the other side, as well as to his neighbor, than in all his life before. A layman who had never given to missions or much for any object of the church, said he wanted to give \$200 a year for the five years of the campaign. A railroad man upon hearing the call gave a fifty-dollar Victory bond and said this was not to be counted as his part when the drive was made. From these to a great gift of \$5,000 by Mr. George E. Hays of Louisville the Baptist people are being aroused and are enthusiastic to have a part in the great undertaking.

The one day in October that will be emphasized above all other days is the fourth Sunday, October 26th, which is the day set aside and known as the day for "Calling Out the Called." Kentucky expects to have at least 500 young people to dedicate their lives for special religious work on this day. Ministers, pastors, Sunday school workers, pastors assistants and B. Y. P. U. workers will bear the call for these different lines of service on this day.

One of the most hopeful signs that the Baptists have is the fact that the Southern Baptist Theological Seminary had on October 1st the largest opening of any in the past three years. The W. M. U. Training School at Louisville had 125 young ladies enrolled for special training. Everywhere the campaign has gotten its start in the thinking of the people and at this time Kentucky Baptists are going to do a little more than they have done in the past.
