A Most Worthy Cause We Must Help.

The Kentucky Childrens Home Society, Louisville, Ky., which has taken a number of our Crittenden Co. destitute children, has outgrown its present quarters and has bought a farm ten miles in the country where it will build a new home.

The school children of the state who have good homes and their friends, are asked to furnish the necessary money as a memorial for the homeless boys and girls of the state. Crittenden County is asked to raise \$1500 of the \$300,000 necessary. This amount has been apportioned to the various schools of the county and each teacher notified of the district quota.

Every district can easily raise its quota if the teacher and pupils will get busy at once, and everybody help. This should be done in the next two weeks, as we are late getting started because County Superintendent Paris could not take it up with his teachers sooner.

The Marion Graded and High school will raise their apportionment in January.

This drive is backed by State Supt. V. O. Gilbert, Gov. J. D. Black and Gov-Elect Morrow all of whom are urging the people to carry the drive to success. Every teacher doing their part will have the lasting gratitude of hundreds of homeless children who will find love and protection in the years to come and many of them will go from Crittenden county.

If you like a good show full of pep and lots of fun, dont miss the Colored Minstrel at Strand Theatre Wednesday night.

PRETTY WEDDING AT METHODIST CHURCH

One of the prettiest weddings of the season took place at 9:30 o'clock Saturday morning, November 15th at the Methodist church, when Miss Susie Bowers Boston, only daughter of Mr. and Mrs. J. N. Boston, of this city, became the bride of Mr. Archibald Herbert Rodgers of Paducah.

The church was beautifully and elaborately decorated with white and yellow chrysanthemums, southern smilax and autumn leaves.

The ceremony was performed by Rev. H. R. Short, using the beautiful ring ceremony.

Before the wedding a musical program of unusual beauty and effect was rendered, among the numbers of which were "LaPaloma," "Call Me Thine Own" and "Believe Me if Those Endearing Charms" on the harp by Mrs. S. M. Jenkins; "Adante" in G, "Melody in F" and "Traumri," on the organ by Miss Gwendolen Haynes.

The bridal party marched to the altar while the sweet strains of Lohengrin's wedding march came from the organ. During the ceremony Miss Haynes softly played "Because."

Miss Carolyn Pitts of Vicksburg, Miss., former college chum and room-mate of the bride was maid of honor and Mr. Percy Lund of Chicago the best man. Others accompanying the bridal party to the altar were Mrs. Maurie N. Boston, sister-in-law of the bride and Ted Boston, brother of the bride.

Little Miss Virginia Taylor, as flower girl, and Master John Richard Boston as ring bearer made quite a charming couple.

The bride was charmingly attired in a traveling suit of field mouse brown and carried a beautiful bouquet of bride's roses. Miss Pitts and Mrs. Boston carried yellow and white chrysanthemums.

Immediately after the ceremony the bride and groom left for their honeymoon, which will be spent in the south. They drove to Crayne, thus escaping a deluge of rice and old shoes waiting in vain for them at the Marion station.

Mrs. Rodgers was born and raised in Marion and has as many friends as she has acquaintances, being a decided favorite among the young people. She was educated in the Marion schools and at Ward-Belmont, in Nashville and Woman's College, Montgomery, Ala.

Mr. Rodgers is a nephew of Thos. H. Cochran, of this city, and spent some of his childhood in Marion and is well remembered by his boyhood acquaintances. He is now in business in Paducah, where the couple will make their home.

Miss Sarah Blue of Morganfield was the guest of Miss Virginia Blue last week.

F. W. Wastjer, Evansville supply man, was in town a few days last week.

Mrs. J. W. Blue Jr. and daughters Miss Virginia and Mrs. J. H. Beeque and their visitor, Mrs. Krausse of St. Louis, spent Thursday in Morganfield.

Just received car load Jersey heifers, heavy springers. They are all for sale. Call at our farm and see them if interested. Prices are right. J. E. Crider Creamery Co., Fredonia, Ky. 2t.

The candidate for Governor on the Republican ticket achieved a most wonderful victory in our late election.

His majority over J. D. Black, Democratic candidate, was about 40,000, in a Democratic State. He made 150 speeches in the state and won votes each time. His strong personality and superior eloquence as well as constant promise that he would clean house won the day.

This gives him a wonderful opportunity after having gained

the confidence of the people. He not only inspired his party but demonstrated his ability as a leader.

We salute you, Governor-elect as our Governor and will stand by you in every effort to make a better and greater Kentucky.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. T.C. F. J. CHENEY & CO., Toledo, O.

SECURES A NEW LEASE ON LIFE THROUGH TRIAL

"I'm 67 But I Feel Young And Strong, Since Using Trutona," Stephens Says.

Louisville, Ky., Nov. 14.—"I'm sixty-seven years old but regardless of my age I feel young and strong today, since taking Trutona," Joseph Stephens, a Louisville carpenter who lives at 3411 West Kentucky St., said recently.

"I had a bad cough," Mr. Stephens said in describing his case. "During the severe winter of 1917-1918 I moved from the country into town and contracted a bad cold at that time. I didn't dare to exert myself as I would invariably suffer a severe coughing spell if I did. I think I used every cough syrup I could find and I tried several other means but I didn't get relief from the cough until I began using Trutona.

"My friends told me I looked wretched and I certainly felt that way before I began taking Trutona. I came home from the south, where I had been working, presumably to die, but now I feel like a different man. The severe cough has practically disappeared now. As I said, I'm feeling young and strong at the age of sixty-seven.

Here is another of thousands of cases where Trutona has brought long needed relief after other medicines had failed. The perfect tonic is almost unailing in its successful treatment of stomach, liver and bowel troubles, nervousness, sleeplessness, loss of appetite and the like. As a reconstructive tonic, system purifier and body invigorant, Trutona is equally as efficient.

Trutona is now being introduced and explained in Marion at Jas. H. Orme's. Adv.

WHAT YOU GET FOR WHAT YOU PAY IS MORE IMPORTANT THAN WHAT YOU PAY.

You have found that everything you buy costs more than it formerly did. It applies to every necessity of life as well as the things you wear.

You will find that clothes cost too much to attempt to let the price mark decide what you shall buy. It is all right to experiment if you care to when things are normal, but now the risk is too great.

There is no risk when you buy High Art clothes. The High Art guarantee is just as broad as it ever was. High Art prices are just as fair in every way as they were 5, or 10, or 50 years ago. You will find you still get the most for your money here.

GO FAR BACK IN HISTORY

English Towns That Have Been Established for Centuries, and Almost Equally Old Families.

A story coming from the picturesque village of Lynton in Devonshire, England, of a resident of three score and ten who informed a visitor that his father was "upstairs putting grandfather to bed," recalls another interesting example of Devonian links with another century. The hamlet of Wreyland on the little stream known as the Wrey is composed of but six houses. Four of these come within the wide sweep of beautiful Devonshire landscape commanded by an eminence in the district. Each of the four was the manor of a Saxon thane in the days of Edward the Confessor, and each was inscribed in the Domesday book of William I—the first Vluelei, now Woolbrook; the second, Polebroch, now Pullbrook; the third Haucomore, now Hawkesmere, and the fourth Eilausford, now Elsford. According to a book recently published by the owner of one of the houses it is not only the homesteads that possess so remarkable a tradition, since there are families in the hamlet of no less historic interest than the houses in which they dwell.

CYNICAL

TREATING SEVERED NERVES.

When a limb is amputated special attention has to be paid to the nerves. For these, as Dr. Edred M. Corner pointed out in his recent Harveian lecture in London, have the peculiar power of regenerating. They will invade all contiguous structure, such as bones, vessels and muscles, in a wild growth between the cells.

The pain consequent on an amputation is due to the cutting of the nerves; it passes away in a few days. But if the wound be infected the infection spreads to the nerves and produces neuritis.

Doctor Corner said the divided nerves must be cut short, their mouths must be closed and infection must be avoided by abstaining from handling and manipulation.

Many Young Men and Women Offer Themselves For Christian Service

Southern Baptists Will Have Ample Working Force for New Program—Campaign Hopes to Strengthen Local Churches and Win 2,500,000 Lost to Christ During Next Five Years.

Group of Young Women Volunteers, Preparing Themselves for Special Christian Service at Baptist Women's Training School, Fort Worth, Texas.

Probably the most encouraging development that has come to the Baptist 75 Million Campaign, so far, is the large number of young men and women throughout the South and Southwest who have volunteered their services for special Christian work wherever God may need them. A special day was set apart in the Baptist schools and churches for "calling out the called," when it was expected to secure a minimum of 5,000 volunteers for special Christian service, this number being necessary, it was held, if the enlarged program of the campaign was to be carried out. Returns from these services are still coming in with the prospect that the number will reach at least 12,000.

These volunteers will enter the ministry, go as missionaries, Christian doctors, nurses and teachers to foreign lands, labor in the homeland for the advancement of the kingdom of God or serve in any special capacity where they feel the Lord directs them. Baylor College, Belton, Texas, an institution for young women, led the list of schools with 420 volunteers; Besse Tift College, Forsythe, Ga., responded with 248; Louisiana College, Pineville, La., 93; Women's Training School, Louisville, Ky., 114; Southwestern Theological Seminary, Ft. Worth, Tex., 53 for the foreign field alone; Oklahoma Baptist University, Shawnee, 57; while similar responses came from numerous other institutions in the various states comprising the territory of the Southern Baptist Convention.

Prominent among the many interesting accounts of the special services held in the churches was a report from E. Allison, a Baptist minister of Ash, N. C., who, now in his eighth

year, looks back over an active ministry of sixty years, practically all of which has been spent in the vicinity which he is now serving. Mr. Allison has the unusual distinction of having baptized 5,526 persons and at least 100 additional converts under his ministry have been baptized by an assistant pastor since Mr. Allison's health has not been good due to his advanced years. When this aged minister of the gospel presented the call for volunteers for special Christian service in this campaign, three young men, all of whom were converted and reared under Mr. Allison's ministry responded for the ministry themselves, one of them being his nephew.

But the campaign hopes to enlist a large number of Christian workers other than these several thousand who will give themselves entirely to special religious work. The campaign hopes to enlist 2,000,000 additional pupils in the Sunday Schools of the South and Southwest; win 2,500,000 additional souls of this section to Christ during the next five years; bring the Baptist church membership in the South to 5,500,000 and enlist all these in all forms of church work; increase the number of Baptist churches in the South to 40,000 and enroll 40,000 young men and women in the denomination's schools where they will prepare themselves for lives of Christian usefulness in their communities or for service in any part of the world where they may be needed.

While it is the hope to raise \$75,000,000 to be invested in the larger program of Christian service which gave the campaign its name, raising the money is only one of the objects sought. Baptists are being implored to give themselves and all of their talents as well as their money to God. Director Scarborough announces.

The Mexican work the campaign has appropriated \$575,000 to it alone for the next five years.

But the Americanization and evangelization of the foreigners is not confined to Mexicans. This work is carried on also among the newly-arrived immigrants at the various Southern ports, among those of foreign birth in the mining districts of Alabama, Oklahoma and Illinois and among other groups of people of foreign birth in Florida, Louisiana, Texas, Maryland and Virginia. Some of the state organizations carry on work of their own among these people, while in many places the program is carried out co-operatively between the state mission boards and the Home Mission Board. In many instances a large work is done by the latter agency alone.

Believing that both Americanization and evangelization can be accomplished most effectively by first reaching the children, Baptist agencies have established schools where the English language is taught, along with American and Christian ideals. Such schools are already being conducted with great success among the Italian and Cuban children at Tampa, Fla., for French-speaking children at Church Point, La., for Mexican children at El Paso and other Texas points, while community center work is carried on extensively at many of these points and at numerous towns and mining centers where people of foreign birth make up a large percentage of the population, the social work of this character being conducted by Baptist women.

Large results are expected to follow the work of the Baptist Bible Institute at New Orleans, where instruction is given in English, French, Italian and Spanish. All foreign-speaking people are required to take some English work and the Bible is taught in certain practical subjects to them in their own languages thus facilitating their grasp of it. Practical Christian activities are also required of all the students, some of whom are training for foreign mission work and others for service among the peoples of foreign birth in this country. Patriotism and high ideals of Christian civilization are given emphasis throughout the institution and it is the belief of those familiar with its work that it will prove a potent factor in the Americanization and Christianization of the peoples of foreign birth in this country.

BAPTISTS PLAN TO FIGHT BOLSHEVISM

SYSTEM IS RECOMMENDED FOR PREVENTION OF RADICALISM IN THE SOUTH.

AMERICANIZE FOREIGNERS

Teaching Them English and Ideals of United States and Christianity Is Part of Program of 75 Million Campaign.

Southern Baptists have no sympathy for the I. W. W.s, Bolshevists and bomb throwers, and while radicals of that type are not numerous in this section of the country as yet, it is the hope of the Baptist 75 Million Campaign to make the spread of such destructive propaganda here impossible by so pervading with the gospel all centers where radicalism might expect to obtain a foothold as to make it impossible for the professional agitators to receive a sympathetic hearing. In other words, it is the hope of the campaign to so extend the work of Americanizing and Christianizing the foreigners living within the territory of the Southern Baptist Convention that they will measure up to the highest standards of patriotism and religion.

There are 4,000,000 persons of foreign birth and children of foreigners living within the territory of the Southern Baptist Convention, and while considerable work has been done already along the line of teaching Americanism and the Christian religion to these people, this work will be greatly enlarged as a result of this campaign. In the Southwestern states there are 1,000,000 Mexicans, 600,000 living in Texas, 200,000 in New Mexico, 75,000 in Louisiana and a large number in Arkansas, Oklahoma and Missouri. Because of the growing importance of

the Mexican work the campaign has appropriated \$575,000 to it alone for the next five years.

But the Americanization and evangelization of the foreigners is not confined to Mexicans. This work is carried on also among the newly-arrived immigrants at the various Southern ports, among those of foreign birth in the mining districts of Alabama, Oklahoma and Illinois and among other groups of people of foreign birth in Florida, Louisiana, Texas, Maryland and Virginia. WHY HEBRIDES ARE SPLIT

Interesting Legend That Accounts for the Breaking Up of the Famous "Western Isles."

The Butt of Lewis, where the first news was received of the safety of Mr. Hawker and Commander Grieve, is the most northerly point of the Hebrides, or "Western Isles" of Scotland. Doctor Murray, who represents the islands in parliament, tells that the rock at the Butt is pierced right through by a hole, forming a romantic natural arch, and that is known as "the eye of the needle."

The legend is that in old days the Norsemen put a rope through the "eye" and tried to tow this most westerly land of the British Isles away to Scandinavia. Then the land, as they tugged, began to break up bit by bit on the map. First Barra broke away, then North and South Uist, and as Harris began to show signs of breaking away from Lewis, the Norsemen gave the job up in despair and sailed away home. That is why "the Western Isles" are not today one continuous island.

The Butt rises sheer from the sea to a height of 142 feet. The lighthouse on it was built in 1863.—Montreal Herald.

BABY'S NAME.

Every one called the young father Roy, so it was only natural for his three-year-old daughter to wish to do the same. But finally with a great deal of persuasion, bribing and threatening, she was made to understand that Roy was a forbidden term in her vocabulary and that papa took its place.

Then came the new baby, and being a boy it received father's and grandfather's names—the combination being Joseph Roy. Wee Virginia was very proud of him, too. To the neighbors she told of the baby's arrival. Someone asked her the name of the new baby and back came the ready answer, "Joe-papa."

Mr. and Mrs. John Cullen, of Repton, were guests of friends here Sunday.

REAL CONTEST.

Representative Walsh of Massachusetts, the "watchdog of the treasury," is about the best domino player in Washington. He recently inveigled "Uncle Joe" Cannon into the game and now they play almost nightly. Walsh also has many hot contests with Representative Scott of Michigan.

"Who would have thought, when I was chucked away in that fishing station up at Woods Hole, Mass., many years ago, that some day I'd be playing this great indoor game with famous ex-speakers and great statesmen," Walsh said the other night.

THE FAVORED ONE.

First Returned Soldier—Did you get a job?
Second Returned Soldier—Yes, I was mighty lucky. I got one that pays \$8 a week now. I understand that during the war the slacker that had the job made \$80 a week.—Whizz-Bang.

SOME DETAIL.

Reporter—I understand you were treated like dogs overseas. Can you give me an instance?
Humorous Private—Well, sometimes they put us in pup tents.

MILITARY MIXUP.

"Is this League of Nations to be a general league?"
"Of course."
"But that won't prevent it from being a major league, too, will it?"
