Poster Tells Dramatic Story

This picture, painted especially for the Near East Relief by M. Loose Bracker, vividly portrays what words fail to express—the horrible suffering of the women and children of Armenia and adjacent countries. Peace has blessed Europe and America for more than a year but in Western Asia conditions more frightful than any war time experiences of the martyred populations of Belgium and France still exist. Thousands of women and children escaped massacre by the Turkish soldiers only to face the terrible agonies of death by starvation. At the present time it is estimated that 1,250,000 adults and fully 250,000 orphaned children are completely destitute and in imminent danger of death by starvation and exposure.

The Near East Relief, 1 Madison Avenue, New York, is at present the only organization giving sid to these suffering people and lack of funds still.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes - the waste of war, under-production, credit inflation - have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 161/2 cents.

We've got him now, but we must get the noose tight, so that he won't wriggle out of it. And he'll twist it tight next time he wriggles. That's my idea, Mr. Askew."

"I guess you're right as usual Lafe," onswered Hilary. "But I've been lying low a thundering long time."

No more was said upon the subject. Out in the Gulf the choppiness of the waves had changed to a steady sweep toward the island, which, lying in midstream, received and broke the full force of the daily tides. The wind aided them, and they swept through the water. Hilary watched the nearing land with interest that deepened as he began to make out the luxurious growth of conifers that covered it almost to the sea's verge.

In the center he could now make out a ridge of low hills, which seemed to ascend to a terminal cliff, having on one side a gentle slope and, on the other, a precipitous descent toward

PATRON SAINT OF HATTERS

Why St. Clement Has Long Been Ac-corded Recognition by Makers of Head Coverings.

St. Clement is known as the patron saint of hatters, because of his discovery for the making of a compact fabric out of wool without pressure or weaving. The story goes that this devout priest, while on a journey, became footsore and tired, and, removing his sandals, sought rest by the roadside.

St. Clement was soon disturbed by the bleating of lambs. Looking up, he beheld a fox that had just seized one of the helpless young sheep. He cleared a hedge just in time to destroy the fox and rescue the lamb, in the process of which act he observed loose wool, which he gathered and examined.

The priest was struck by the sudden inspiration that here was relief for his lacerated feet. Binding the yielding wool on his wounds, he was able to continue his journey. On reaching his destination St. Clement removed the sandals from his feet, discovering instead of the fine soft wool a piece of unfinished cloth, seemingly so firm and thick that he couldn't pull it apart. He cailed the

matted material "felt." This accidental knowledge of the priest caused the basic principle that underlies the men's hat industry. November 23 has been named St. Clement's day and & a red-letter day for the hat manufacturers of many countries.

SALTS IF BACKACHY AND KIDNEYS HURT

Stop Eating Meat for a While i Your Bladder Is Troubling

You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much ment, says a well-known au Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three

times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four onnees of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithin, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jnd Salts is a life saver for regular ment enters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.-Adv.

BACK GIVEN OUT? A COLD OR CATARRH

There's surely some reason for that lame, achy back. Likely it's your kidneys. A cold or strain offitness congests the kidneys and slows them up. That may be the reason for that maging backache, those sharp pains, that tired, worn-out feeling. You may have headaches and dizzy spells, too, with annoying bladder irregularity. Use Doan's Kidney Pills. They have helped thousands. Ask your neighbor!
