

NEWS CULLINGS From Kentucky

Danville.—In a report just issued, \$756,920 was the figure named for the number of pounds of tobacco that was sold in the Danville market this season. The market has just closed.

Mr. Sterling.—James Q. Stephens, aged 80 years, died here of the infirmities of age. He was one of a family of 27 children and was the father of 11 children, leaving 28 grandchildren, and 13 great-grandchildren.

Owensville.—Leford Ingram and Will Pando, Menifee county boys, recently bought a small tract of land for \$500. The land turned out to be in the Menifee oil region and they sold the oil rights on the land a day or two ago for \$12,000.

Lexington.—Printing pressmen here who recently organized the Lexington Printing Pressmen and Assistants' Union, declared a strike for an increase in wages and the closed shop. The increase asked ranges from 25 to 50 per cent, from foremen to press feeders. Three large job plants closed down and others may be affected.

Whitesburg.—An L. & N. passenger train bound for Louisville ran into a slip in the south end of a tunnel near Whitesburg, and a wreck was narrowly averted. Windows were smashed and steps broken. The engine was also thrown off the track. A near panic was created by passengers on the train. Traffic was delayed for several hours.

Columbia.—Mrs. Susan Wilson, probably the largest woman in this section of Kentucky, died in the Milltown section of Adair county. Her weight is said to have been 500 pounds. No coffin could be found in Columbia large enough to receive her body, so a local undertaker was employed to make one, which is said to have been as large as a spring-wagon bed.

Frankfort.—A home for a mother, deserted during the war, and compelled to work in a local factory to support her two children, represents one phase of the activity of the local Red Cross Chapter. A cash payment of \$1,002 is from delayed family allotment and allowance from October, 1918, when the runaway husband was drafted into the service.

La Grange.—The large farm of Newton Butten, deceased, was sold to settle the estate, he leaving three children, Albert and Robert Butten and Mrs. Charles Lamaster. The farm contained over 400 acres and was bid in by the two sons at \$75 per acre. It has two houses on it, the sons having lived there for some years. It is a good farm and well watered, with much creek bottom land.

Frankfort.—A. W. Overton, 75 years old, for many years tilled at Farmers' Deposit Bank, died as result of burns caused by his clothing catching fire from a gas stove in his bedroom. Mr. Overton, when 16 years old, was one of the students at the Virginia Military Institute who joined the Confederate forces in the battle at New Market. He distinguished himself in the war and was awarded a medal.

Louisville.—George A. Francke, formerly of Louisville, who died on an army transport returning to the United States March 1, 1919, under the name of Ralph K. Warrington, left an estate between \$30,000 and \$100,000, it became known when his sister, Mrs. Blanche Skelley, was appointed administrator. A brother, Louis H. Francke, also shares in the estate. It is known Francke had holdings in the Philippines.

Paducah.—Curtilment of the 1920 tobacco crop was favored in resolutions adopted at a meeting of planters of the dark tobacco district here. The purpose of the farmers' meeting was the discussion of the present market situation. Between forty and fifty delegates from five counties of the district were represented. Delegates were present from McCracken, Marshall, Graves, Ballard and Carlisle counties.

Flemingsburg.—The preliminary examination of Richard Stanfield for the fatal shooting of William Stirkrod, was held before Judge Fulton, who fixed his bond at \$1,000, which he gave and was released. Mr. Stanfield is 78 years of age and a tenant on the Stirkrod farm. Stanfield and Mr. Stirkrod got into a dispute which resulted in the latter being killed. Mr. Stanfield stated that he did not intend to injure him.

Lexington.—Suffering from concussion of the brain, John Chapman, a farmer, living on Tate's Creek pike, ten miles from Lexington, was brought to the hospital here in a serious condition. He was struck on the head by a falling tree, which was chopping down, and lay unconscious for several hours before found.

Stanford.—A telegram just received by relatives here states that Truchart Borne, of this place, a major in the army, was killed in an auto accident at Chippely, Fla.

Clinton.—The Clinton Commercial Club has entered into a contract with the Clinton Water and Light Company whereby the Commercial Club rents the water plant for a period of one month with the privilege of running the plant until January 1, 1921.

Hopkinsville.—John Russell, prominent young farmer of the eastern part of this county, was found guilty of manslaughter in circuit court here, and was sentenced to two years in the penitentiary. Russell shot and killed Fletcher Cowan last July.

Mr. Sterling.—The Burley tobacco market here is closed. The sales this season have not been satisfactory. Approximately 7,000,000 pounds have been sold at the three warehouses, averaging \$31 per hundred.

Louisville.—The Baptists hope to begin work this spring on the hospital they will erect on the site on Barret avenue they bought some time ago. It is estimated that the cost of the first building will be \$300,000 or more.

Lexington.—A meeting of the State Racing Commission will likely be called within the next ten days or two weeks to decide on dates for the spring meetings, it was stated by Secretary Pete Stoll. The definite date for calling the meeting has not yet been decided upon, as two of the members are out of the city.

Frankfort.—The sale of 116,650 acres of Clark county land for \$146,07 in taxes was recited by an extract from old records made by the Franklin County Clerk for current litigation. The sale was made December 6, 1815, to John Wilson, of Pennsylvania, on the failure of Thomas Franklin to pay his taxes. The tract begins at the intersection of the North and Middle forks of the Kentucky river.

Louisville.—Roundup and prosecution of Kentucky's 1,321 deserters and 2,469 delinquents in the draft during the war will be undertaken jointly by the War Department and Kentucky legationaries, if the War Department accepts the offer of the legion's State Executive Committee, which tendered its services for this work. Names will be made public in a few days through newspapers and the roundup will follow.

La Grange.—The Board of Tax Supervisors, composed of R. L. Ireland, James Fox, Ed. Mason, J. S. Clifton, J. W. Swiney, T. T. Anderson, L. O. Crum, Frank Gottrath and Latt Bennett, is in session at the courthouse to raise the valuation of Oldham property \$120,000, as ordered by the State Board. All property holders whose taxes will be raised will be given a chance to appear before the board and say why the raise should not be.

Louisville.—"Old Man Harris," oil stock promoter, was found guilty in Federal court of using the mails to defraud. Conviction came after the jury had been out almost two and a half hours. It was on the third count, Judge Evans having instructed for Harris on three of the four counts in the indictment. Harris, whose real name is Fred Lewis Harris, is known as "Old Man Harris," through having advertised himself by this name in his oil stock promotions.

Harrodsburg.—After scouring the country for five hours a posse, composed of wood cutters in the west end of Mercer county, apprehended a man, giving the name of Louis Langdon, of Little Washington, Pa., who is accused of having killed Mrs. Wesley Davis, 70, unless she gave him money. The man is described as a giant in stature, and about 60 years old. He was roughly dressed, and told arresting officers he had come to Kentucky to get a place as wood cutter.

Louisville.—The forty-fourth weekly bulletin of the United States Grain Corporation shows 178,177,000 bushels of wheat in all elevators and mills. This is 4,454,000 decrease over the previous week. For the week ending March 5, 2,135,000 barrels of flour was produced. The wheat receipts from the farms was 4,631,400 bushels, which is a decided decrease for the same period of last year. The report shows that from July 1, 1919, to March 5, 1920, 141,327,000 bushels of flour and wheat was exported.

London.—A jury in the Laurel Circuit Court awarded judgment against the L. & N. Railroad Company for \$5,000 in favor of Beveridge Fairbanks Haverly, 16 years old, for injuries sustained while in the employ of the company at Corbin. Young Haverly was less than 15 when the accident occurred and was at work in a cinder pit in the Corbin yards when burning oil from an engine fell upon him and ignited his clothing, causing serious burns before other employees could extinguish the flames. He is the son of former State Representative C. W. Haverly, of Kenos, this county.

Paducah.—An unidentified negro burglar shot and seriously wounded John Clements, an employee of the Paducah Electric Company, in a revolver battle with police and civilians. The negro was discovered in Sloan Bros. grocery in the West End, and a battery of police surrounded the place. Clements, who accompanied the police, forced his way into the rear door and the burglar rushed past him, firing as he ran. He fired another shot after Clements had pitched forward into the snow outside the building. The ball entered Clements' mouth and came out at the back of his neck. The negro escaped.

Hopkinsville.—A contract has been let to a Hopkinsville firm for the erection of a handsome and modern graded and high school building at Trenton, in Todd county, at \$34,000. The additional items, including furniture, will cost several thousand dollars more. The funds available for the new building, arising through the regular school fund channels, were not sufficient for the letting of the contract, and twelve of the leading citizens of that town and surrounding section signed the contract as individuals.

Hickman.—After arresting Lewis Warren, George Warren and Leroy Duncan near Clinton, Ky., on the charge of store breaking at Fulton, the boys being brought back to this county and placed in jail here at Hickman, it was discovered they were wanted on a murder charge in Akron, Ohio, and that there is a reward of \$1,000 for them. They broke into Weak's store at Fulton, each donned a new suit of clothes, silk shirt, and then made their getaway, but were later arrested.

CONSTANTINOPLE HELD BY ALLIES

SOLDIERS OF ENTENTE ENCOUNTER SLIGHT RESISTANCE AT TURKISH WAR OFFICE.

GEN. MILNE IS IN COMMAND

Forces of Occupation Landed Under the Protection of Guns of Powerful Ships of Fleet Anchored in the Bosphorus.

Constantinople.—Constantinople was occupied by allied forces under Gen. Sir George F. Milne of the British army. This long-looked-for military demonstration by the allies against Turkey was carried out with only one untoward happening, a serious clash at the war office, where the Turks resisted the allied troops.

An exchange of shots resulted, in which several punjab of the British East Indian forces and a few of the Turks were killed. The excitement caused by the occupation quieted down before darkness fell, brought absolute calm. The allies have occupied the ministries of war and navy and assumed control of the posts, telegraph and telephones, which have been temporarily suspended. Shipping also has been suspended.

The landing of the forces of occupation was carried out under the guns of the formidable allied fleet anchored in the Bosphorus. The British dreadnaught Benbow was moored at the Galata quay, her guns trained upon Stamboul. Another man-of-war faced the arsenal in the Golden Horn, while all the other warships in the Bosphorus were standing by with their decks cleared for action.

Except in the instance stated, however, there was no resistance to the allied forces as they carried out the orders for the occupation of the historic capital of the Ottoman Empire. The population, in fact, showed little alarm, nor was there any sign of panic except in one section of Stamboul as the commanders of the allied troops brought their forces ashore. These forces included 4,000 blue-jackets and marines from the British forces of all the allies represented here. Indian detachments having Moslems on their rosters were among the troops taking part in the operation.

CHILE ASKED TO INTERVENE

United States Secretary Requests That Influence Be Used with Peru and Bolivia.

Washington.—The American government asked Chile as one of the great and powerful nations of South America, to use its strong influence to prevent serious difficulties between Bolivia and Peru. The request was conveyed by Under-Secretary Polk to Beltran Mattheu, the Chilean ambassador, at a conference at the state department.

The Peruvian ambassador and the Bolivian minister had separate conferences with Mr. Polk and each was requested to urge upon his government the seriousness of the situation and to express the grave concern of the United States.

Full Equipment Issued. Coblenz.—The American army of occupation, numbering 18,000 men, is being issued full field equipment under orders issued before the German revolution.

Reorganization Bill.

Washington.—A peace time army of 299,000 enlisted men and 17,800 officers was approved by the house in passing the army reorganization bill by a vote of 246 to 92. The measure goes to the senate.

Crew Killed By Avalanche. Berne.—A train was overwhelmed by an avalanche in the Bernina Pass at an altitude of 10,000 feet. Seven of the train crew were killed. None of the passengers was injured.

Biltmore Changes Hands.

Asheville, N. C.—Practically the entire town of Biltmore has been sold by Mrs. George W. Vanderbilt to Dr. J. A. Sinclair of Asheville, George Stephens of Charlotte, N. C., and the Southern Railway Company.

U. S. Gets \$235,000.

Cleveland, O.—The Cromwell Steel Company of Lorain, O., settled a \$400,000 claim by the United States government with a certified check for \$235,000.

TO DIVIDE WITH EMPLOYEES

Cincinnati Tailoring Company, After Retaining 7 Per Cent, Will Split Balance with Workmen.

Cincinnati.—Arthur Nash, president of the A. Nash Company, tailors, announced to his 400 employees that he was giving up the net profits of the business would be equally divided between the company and the employees after 7 per cent had been paid on the investment and the employees had received the regular union scale of wages.

URNS DOWN GUARANTEE

President of Southern Railway System Believes It Can Successfully Paddle Own Canoe.

Atlanta, Ga.—Confidence in the continued prosperity of the south and in the organization of the Southern railway system to such an extent that he is willing to make a wager of over \$12,500,000 on it has been shown by President Fairfax Harrison of the Southern in declining not to qualify for a government guarantee, covering the period of six months from March 1.

This decision was reached by President Harrison after a trip through the heart of the country served by the Southern and resulted from the evidences of business activity which he saw on every side. The decision applies to the Southern Railway Company and to the Cincinnati, New Orleans & Texas Pacific Railroad Company, the Atlanta Great Southern Railroad Company and the New Orleans & Northeastern Railroad Company, all three of which are included in the Southern railway system.

To Stabilize Industry.

Chicago, Ill.—Uniform production throughout the year in the manufacture of clothing as a means of stabilizing conditions in the clothing industry and of preventing further price advances was approved at a joint convention of the National Association of Retail Clothiers and the National Association of Clothing Manufacturers.

Storm Barracks.

Amsterdam.—The occupation of a military barracks by workmen who stormed the place and then announced they had proclaimed a soviet republic is reported by the Handelsblad's Berlin correspondent.

REFUGE SPOTS FOR ELOPERS

Fleet Prison and Gretna Green Were Highly Desirable Places in the Olden Time.

Gretna Green, whose chief industry was once matrimony, is a village in Scotland less than a mile from the River Sark, which marks the English-Scottish boundary line in that vicinity, near the Solway firth. The English marriage laws sent eloping couples to Scotland just as the divorce laws of 47 of our states make Reno desirable for would-be divorcees, and therein lies Gretna Green's first claim to fame.

Fleet prison was the figurative "Gretna Green" of England until the passage of the famous Hardwicke act of 1754, which made unauthorized marriages voidable. Gretna Green thereupon becoming the romance spot of the British isles. All the Scottish law required was that two persons should declare their intention to be married in the presence of witnesses, and the British law, as now, recognizes marriages as legal so long as they conformed to the laws in the places where they were performed.

During the three decades when Gretna Green flourished, there were more than 7,000 marriages recorded there, nearly 800 of which were performed in 1855, the year before Scotland enacted a law which made a three weeks' residence a requisite to marriage. Marriage by declaration is still legal in Scotland.

FIND BRIDE'S BONES IN ROME?

Disappearance of Artist's Wife May Be Solved in a Murder Trial.

Rome.—Two developments in the tangled and mysterious case in which Ignatius Mesones, a Peruvian painter, is charged with the murder of his girl bride, came to light. The skeleton of a woman known as Maria Rotellini, who was supposed to have committed suicide here two years ago, was examined and positively identified as that of Senora Mesones, and Mesones admitted to the court that his wife had disappeared on December 27, 1917, instead of sailing for America, as he had insisted hitherto. He also expressed the belief that Senora Mesones and the Rotellini were the same person.

Mesones told the court that for the purpose of obtaining money from his wife's family he invented the story that Senora Mesones had gone to America. Investigation by authorities has shown the supposed Maria Rotellini first appeared in Rome on the day Mesones says his wife vanished.

BE THANKFUL YOU CAN SMELL

English Woman Writer Went Through Life Keenly Regretting Her Lack of That Sense.

Did it ever occur to you to be grateful for the sense of smell? Probably not, and yet those who have been deprived of it have felt their loss keenly. Harriet Martineau, the famous English writer, lacked the sense of taste, and consequently the sense of smell, which depends on smell. Once and only once she tasted in all the intensity of flavor a slice of a leg of mutton. The sense came to her suddenly and she thought and hoped it had come to stay.

"I was going out to a great dinner that night," she said when telling of her one taste, "and I looked forward with great eagerness to the duties that I knew would be set before me. How I should enjoy practicing my new-found sense of taste!"

But, alas, the sense of taste disappeared as suddenly as it had come, and never returned, and she went through life remembering that taste of roast mutton as one of her keenest joys.

Fish, Given "Drink," Comes Back to Life

London.—The whole town of Yarmouth has viewed a small fish, a bream, and marveled. It has been named Jonah No. 2. Robert Watling, Colchester, Norfolk, caught a 20-pound pike on Barton Broad. Some time later, when the pike was cleaned, a bream was found inside it. When examined, the bream's tail was seen to quiver. "Thereupon," said Watling, "I poured a drop of brandy down the fish's throat and placed it in a bait can, changing the water every 20 minutes. It soon began to revive, and in a short time was swimming around as full of life as ever."

Kentucky Mothers

Paducah, Ky.—"I wish to state some facts about Dr. Pierce's excellent medicine 'Favorite Prescription.' I used it during pregnancy and found it the best remedy I could get. I always feel strong and my back never gives me any trouble at all. I have used it at other times and it acts like a charm, it takes away all aches and pains and promotes regularity."

A Kentucky Woman Who Suffered

Paducah, Ky.—"After first becoming a mother, I was in miserable health. I developed a nervous condition and suffered with backaches and pains in my side. I got so bad that I was a complete nervous and physical wreck and had given up hopes of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that I had found the right medicine for my trouble. I kept on taking the Prescription, and my health was completely restored."

Dr. Pierce of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He has tried it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, nervousness, dizziness, irregularity, and for the many disorders common to women in all ages of life. In liquid or tablet form, Dr. Pierce's Favorite Prescription, Buffalo, N. Y., for the large trial package tablets.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PER-UNA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PER-UNA and can truthfully say I am well. When I began to use PER-UNA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PER-UNA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PER-UNA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PER-UNA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and loins and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PER-UNA. You can buy PER-UNA anywhere in either tablet or liquid form.

Your New Home

should be made artistic, sanitary and livable.

These walls should be Alabastined in the latest, up-to-the-minute nature color tints. Each room should reflect your own individuality and the treatment throughout be a complete perfect harmony in colors.

The walls of the old home, whether mansion or cottage, can be made just as attractive, just as sanitary, through the intelligent use of

Alabastine

Instead of kalsomine or wallpaper

How much better, when you have a new home, to start right than to have to correct errors afterward from former treatment with other materials, when you come to the use of Alabastine, as does nearly every one sooner or later.

Once your walls are Alabastined you can use any material over it should you desire, but having used Alabastine you will have no desire for any other treatment.

Alabastine is so easy to mix and apply—so lasting in its results—so absolutely sanitary—and so generally recognized as the proper decorative material in a class by itself that it is becoming difficult to manufacture fast enough to supply the demand.

Alabastine is a dry powder, put up in five-pound packages, white and beautiful tint, ready to mix and use by the addition of cold water, and with full directions on each package. Every package of genuine Alabastine has cross and circle printed in red.

Better write us for hand-made color designs and special suggestions. Give us your decorative problems and let us help you work them out.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calatob, the Nauseous Calatob Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calatob at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calatob are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calatob.—(Adv.)

KING HAD SOME IMAGINATION
Wonderful Story of "Waterless Sea" Would Have Done Credit to Baron Munchausen.

Prestor John as a title was like the Egyptian Pharaoh, and belonged to whole lines of king who reigned in the East and in Ethiopia in particular. One writer of long ago sets Abyssinia under the name of "Middle India." It is related that before the year 1241 a letter was addressed by Prestor John to Manuel Comnenus, emperor of Constantinople, saying that in Prestor John's country there is a "waterless sea," which once have ever crossed. It consists of tumbling billows of sand, never at rest, and contains fish of most excellent flavor.

Three days' journey from the coast of the sand sea is a mountain where rolls down a "waterless river," consisting of small stones, which crumble into sand when they reach the sea.

Whoever Prestor John may have been, if he invented that story, he certainly possessed a vivid imagination and considerable originality.

"Father of the Chapel."

This term, as applied to the printing industry, is one of religious devotion. When, centuries ago, printing was done in monasteries, it was customary to discuss all matters connected with the work in the chapel, with the father superior in the chair. Hence the term "Father of the Chapel."

True Forgiveness.

It is the sweet and entire forgiveness of children, who ask pity for their sorrows from those who have caused them, who do not perceive that they are wronged, who never dream that they are forgiving, and who make no bargains for apologies—it is this that men and women are urged to learn of a child.—Alice Meynell.

Anyhow, They Saw Action.

The untired and aircraft battery had gone into position for the first time in the Toul sector. Determined, like most newcomers, not to let anything get away from it, it blazed away indiscriminately and vociferously at every speck that appeared in the sky.

After one particularly active session its commander ran across an old friend, who asked him how the outfit was coming along.

"Oh, not so badly," answered the C. O. without elation. "We brought down five planes the other day."

"Five? Why, that's wonderful! Mighty few batteries have done that. Are you sure you got the figure straight?"

"Fact, no doubt about it," replied the captain, gloomily. "One Boche and four allied."—The Home Sector.

The Itching and Sting of Blazing, Fiery Eczema**Seems Like The Skin is on Fire.**

There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source. The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. S. S. S. is an excellent system cleanser; it is not sold or recommended for Venereal Diseases. For advice, Address Medical Director, 110 Swift Laboratory, Atlanta, Ga.

DR THACHER'S LIVER AND BLOOD SYRUP**You're as Sick or as Well as Your LIVER**

How's your liver? Are you constipated, bilious, groggy? Have you dizzy spells, dull headaches, bad taste in your mouth, foul breath? If so, you need Dr. Thacher's Liver and Blood Syrup; which has been knocking out troubles of your sort ever since the good old southern doctor first prescribed it way back in 1852. On sale at your drug store.

You're as Old or as Young as Your BLOOD

If you would stay young in health as you grow older in years, have a care for your blood. Dr. Thacher's Liver and Blood Syrup puts life into your blood; purifies and enriches it; makes it tone up the whole system. Also keeps your bowels open and is a tonic and a cleanser combined. Good for the whole family. Sold at your drug store.

Andy Adams, Thompsonville, Ill., wrote Aug. 31, 1918: "I feel that I should send my testimonial for Dr. Thacher's Liver and Blood Syrup, which I have used for twelve years. Before I used it I could not do a whole day's work because I was so weak in my kidneys, but I am now strong and healthy."

J. M. Sexton, Box 147, Ocala, Fla., wrote Jan. 21, 1919: "I used a bottle of your Dr. Thacher's Liver and Blood Syrup in my family with a four-year-old child that had bad kidneys, caused by measles. Result is to do your good to all the medicine that ever got used."

AFTER 6 YEARS—STILL WELL**I'm Strong and Hearty Though Case Looked Hopeless**

"Six years ago I was in awful condition," says E. K. Chase, 36 E. Cross St., Ypsilanti, Mich. "My family was told I couldn't live more than two months. I was in constant pain from the uric acid and was so bad with rheumatism my legs seemed all drawn up. My back never stopped hurting. The kidney secretions were held back until only a few drops came, and I bloated until I thought my skin would burst. My legs were twice their normal size. The water seemed to fill my chest and press against the heart. For three months I never moved out of the chair and I choked and gasped for breath like a dying man. All the doctors failed, and my weight went from 145 to 125 pounds. 'Doan's Kidney Pills' saved my life. Eleven boxes cured me of every complaint. I have been well six years and able to work as hard as any man."

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example, Dr. Kilmer's Swamp Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp Root is due to the fact, so many people claim, that it fulfills all most every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair, and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

CONCERNING NEW PASTIME CLOTHES

SUITS for outing, or general sports wear have never been as much in demand as they have been by southern tourists this year. We need a new name by which to describe these very smart clothes that retain a flavor of sport attire, even when they are made of rich materials. "Pastime clothes" has been offered and comes more close to fitting their character than any other term suggested. No matter how handsome these pastime clothes they must continue to remain informal. They are here to stay, for they are very becoming to the appearance of older women—and everyone wears them.

The sweater, the sweater coat, and specially designed military play most important roles in pastime clothes, but one may be outfitted in this sport wear and leave a sweeter out of the reckoning, for there are substitutes

for it. Wide scarfs and capes of angora and coats of this and other materials are among them. A clever sport costume, shown in the picture above, includes a skirt of cross-bar silk worn with a plain blouse and a velvet coat—lined with silk like the skirt. Black and dark blue are the colors liked for these coats. Dark blue cloth coats with plain white skirts, find a good many admirers among women who borrow this crisp combination from the men who wear, with one accord, dark blue coats with white trousers in their outing suits.

The second suit pictured demonstrates that very handsome fabrics are used with fine judgment in outing clothes. A heavy white silk woven in the effect of corduroy makes the coat and skirt with a crepe silk in a light color, figured with white, used in collar, cuffs, sash, and a wide band on the skirt.

SOMETHING NOVEL IN SUITS

THE pursuit of suits, which has been going merrily on for the past two weeks at a snail's pace, has now many daring novelties to shoppers. The younger women like these new things that answer their demand for "something different," and they are to be recommended when circumstances allow two or more suits in the spring outfit. But if only one is to be bought it is usually best to select it in conservative rather than unusual style and rely upon accessories to add the spice of novelty to it. However, suits with fancy vests, like those of last spring, are well represented in this season's displays; the young woman, who owns one may furnish it with a new vest in this spring's mode and indulge her vagrant fancy when she buys a new suit.

One of these suits furnished with a handsome vest is shown here. Its important feature is this vest of black satin with applique of silver ribbon and silver embroidery. The vest has a narrow yoke at the top and upturned facing at the bottom of black satin; the narrow grille is made of it and finished with pendant silver flowers. A vest of this kind works a transformation in a plain suit and the same coat may have a variety of vests of different character.

The oddity of the other suit is its appealing feature. It is a fur cry from this coat to the panniere dress, but the panniere is its inspiration, nevertheless. Soutache braid, sewed on edge in a simple pattern, makes a border that finishes all the edges of the coat and the sleeves. It is also put on in three motifs at each side. The very narrow belt of cloth, like the suit, goes once and a half times around the waist and the square buttons that finish the collar and fasten the coat add their part to its pleasing eccentricities.

Spring Hat Comments. Leather is popular in many of the new hats—leather crowns, leather brims, and, even more frequently, leather trimmings. Satin hats with straw facings or straw crowns or brims are in higher favor than the all-satin hats. Most of the straws this season will be fine, and some of them absolutely unstiffened. All hats show an inclination to rise at the center-front, whether in crown, brim or trimming.

Trimming for Waistcoat. A black satin waistcoat of a navy blue suit was trimmed with Bulgarian embroidery.

BRIEF FASHION HINTS

Women's suits for spring are characterized by uneven hems.

Spring coats are to a large extent of three-quarter length on loose, belted and semifitted models.

Raffia embroideries in bright colors are much in evidence on hats for spring, especially on hats of the sport order.

Headresses of tiny colorful flowers arranged on metallic ribbon with matching girdles are a delightful in-

novation recently introduced by a firm of French origin known for its ability to produce novelties in the way of dress accessories.

Red jackets are among the latest novelties in negligee. One of yellow taffeta, lined with coral, and another of turquoise velvet recently seen are especially worthy of note. The velvet model is cut on circular lines and trimmed with lace ruffling; the taffeta one was a square with upstanding collar and was trimmed with a border of darning stitch done in chenille.

I'M SO GLAD I DIDN'T TAKE NASTY, SICKENING CALOMEL

"Dodson's Liver Tone" Makes You Feel Just Grand and You Can Eat Anything and Not Be Salivated

Calomel salivates! If you feel bilious, headachy, constipated. If your skin is sallow, your breath bad, your stomach sour just go to any druggist and get for a few cents a bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous Calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty Calomel and without making you sick, you just go back and get your money.

If you take Calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, with a hearty appetite, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children.—Adv.

TAKE ASPIRIN RIGHT

Bayer Company, who introduced Aspirin in 1900, give proper directions.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years. "Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylic acid.—Adv.

MODERN YOUTH HARD TO TRAP

Little Near-Tragedy Story That is an Example of His Quick Wit and Duplicity.

Of course, he shouldn't have done it and all that sort of thing, but both Hazel and Betty were charming girls, and it was summertime, and he was young, and he had gone and got himself engaged to both of them. He was sitting on the beach pondering the various problems this situation presented, when two soft hands were laid lightly over his eyes and a soft voice whispered at the back of his head "Guess who?"

Now, the voices of Hazel and Betty were much alike, too much alike when heard as a whisper to make identification sure. And it didn't help any when the voice cooed—"I'll give you a hint—it's some one you told you loved."

Still he hesitated, his mind in a whirl. Should he name either girl and chance it? Already he felt a cooling of the air, as the voice continued: "Well, if that doesn't tell you who—"

"Of course I know who it is!" he exclaimed. "It is the prettiest, sweetest, dearest, smartest little girl in all the world!"

"Oh, you dear old boy!" she chirped in satisfied delight. "How did you really know for sure it was I?"

Had Experience.

FASCINATED THE FAIR SEX

Marat, Repulsive in Person and Manners, Was Noted for His Attractiveness to Women.

Jean Paul Marat, one of the leading and most infamous figures of the French revolution, was described by a contemporary as "beyond any question the ugliest man in the whole of France—and not merely ugly, but positively repulsive in person, habits and manners." And yet, in his early years, he was the most popular physician in Paris, not because of supposed professional skill, but on account of his attractiveness to women, the most wealthy and beautiful women of France daily crowding his consultation rooms, pushing, almost fighting, to get a word or perhaps, a single frown from him. That he turned a cold shoulder to their attentions seemed only to inflame their ardor, and at one time he contemplated flight, so embarrassed by their attentions. Even when he contracted a loathsome skin disease while hiding in the sewers of Paris, fair women continued to adore him.

Catarhal Deafness Cannot Be Cured
by local application, as they cannot reach
the diseased portion of the ear. There is
only one way to cure catarrhal deafness,
and that is by a constitutional remedy.
Catarrhal deafness is caused by an in-
flamed condition of the mucous lining of
the Eustachian Tube. When this tube is
inflamed, you have a ringing sound or im-
perfect hearing, and when it is entirely
closed, Deafness is the result. Unless the
inflammation can be removed and this tube
restored to its normal condition, hearing
will be destroyed forever. Many cases of
deafness are caused by catarrh, which is
an inflamed condition of the mucous sur-
face. Hall's Catarrh Medicine acts thru
the blood on the mucous surface of the
system.
We will give One Hundred Dollars for
any case of Catarrhal Deafness that cannot
be cured by Hall's Catarrh Medicine. Cir-
culars free. All Druggists. The

SOMETHING FOR NOTHING?

Something for nothing? It can't be
done, nor do we promise it. The man
who responds to such a promise usually
gets it the other way nothing for
something. That is expensive also em-
barassing.

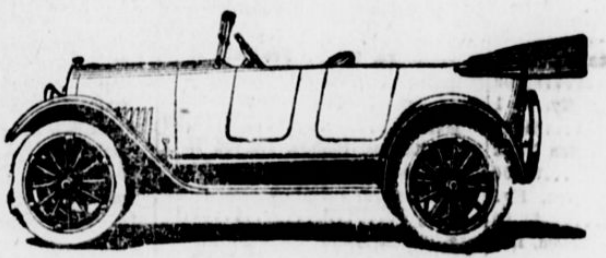

We are in business to serve and must
not only make expenses but an honest,
fair profit in order to make a living for
our employees as well as for the families.
We prefer to promise less and give you
more. This invites the patronage of
level headed Americans who buy with
their eyes open and who understand the
economy of quality.

Folks have faith in the concern that asks
an honest price including an honest pro-
fit for honest goods. We are prepared to
prove to our out of town patrons the
wisdom of this store's principle and prac-
tice.
