Number 38

Will It Carry the Load?

If your \$5,000 house is insured for \$2,000, you are betting \$3,000 that it won't burn down. That's a needless risk. Most property to-day is under-insured not because owners carry less insurance than formerly, but because values have greatly increased. Wouldn't a little more Hartford protection be a good business move?

SUCCESSFUL CONTEST

Despite the bad weather a good crowd attended the Oratorical and Declamatory Contests held at the school house Monday night. The first on the program was "Cigarettes Ride," by Miss Leoda McWhirter. This heart-saddening story of a girl's ride through the night to save a loved one was rendered in such a sympathetic and pathetic way that the audience was held spell bound, even moving at her gestures. Miss McWhirter is one of the most talented readers ever produced here.

"The Soul of the Viola" by Miss Fannie Moore was excellent. Fannie is a gifted reader and has won a reputation for herself in other contests. Her modulated voice, her gestures and her life-like expressions together with determination characterized her reading.

Miss Elizabeth Dollar, the winner in the Girls Declamatory Contest gave "The Heart of Old Hickory." Miss Dollar won her reputation in the fifth grade, and since that time she has been keeping up her record.

Last but not least came Miss Mayme Claghorn. Her declamation "Franz" was of a pathetic nature and was well delivered. The soft undertone of her pleasing voice caused the audience to think of her story as real.

In the boys oratorical contests some timely and important subjects were considered. Freda Beft gave a splendid oration on "Labor and Americanism." The old subject "No Work, No Pay" was fully discussed by Watts Franklin. Harry Moore was winner of the boys contest. His subject, "The Road to Peace," was excellent.

SEED CORN SHOW

The agricultural classes of the Marion High School held a seed corn show in the court house yard Monday. About thirty seven samples were brought in and exhibited, despite the fact that the weather was very disagreeable. Prof. E. C. Vaughn of the Kentucky Agricultural Experiment Station was here to judge the seed corn. There were thirty prizes awarded, the winners of which will be announced next week.

MOVE TO NEW BUILDING

J. H. Mayes and sons, the up-to-date dry goods firm, that was burned out last summer, are now located in their new building on Main Street. They have a nice building, with plenty of room and convenient fixtures and are ready for business.

PASSED AWAY

John Dodds, formerly of this county, who moved to Missouri many years ago died there last week of paralysis. His wife who survives him was a daughter of Dr. T. L. R. Wilson, a prominent citizen, formerly of this county.

Roomers and boarders wanted. Mrs. Mary Goodloe.

BIG DAY HERE MONDAY

Last Monday was County Court day and also the annual Implement Day staged by T. H. Cochran and Co.

Implement day has become one of Crittenden's big days, as much looked for and expected as some of the big holidays. And according to J. A. Stevens of the big hardware firm this was the first big day they have ever had.

Though the crowd this year was not as large as has been common the past two or three years, it certainly was a tremendously successful day when the weather conditions are taken into consideration and Mr. Stevens, who is advertising manager of the Cochran firm is certainly to be complimented on the pulling powers of his clever advertising.

Around town it was the same story to listen to. Big crowds, big business. Guy Givens, one of Marion's best advertisers, fed so many people that he lost all track of them. He used enough food to feed a young army. D. O. Carnahan advertised a few specials for this day and did a splendid business. And so it goes, it's always the same. Big advertise plus big service equals big business.

BUSINESS MEN ORGANIZE

The business men of Marion met at the school auditorium Tuesday night for the purpose of organizing a Commercial Club. About seventy-five men were present and a temporary organization was perfected with M. H. Cunnann president; Ted Boston, vice president; W. P. Howard second vice president; Orville Lamb, treasurer; and J. C. Bourland secretary.

Another meeting will be held next week, at which time the committee on constitution and by-laws will make its report and a permanent organization will be made.

This was a very enthusiastic meeting and it is expected that every business man in Marion will be enrolled.

NOTICE

To the members of Hurricane Church. On Saturday before the fourth Sunday in April at 11 o'clock which is our regular day, I want all the members to meet me there for a church conference and consultation for the glory of God and the good of our church. Everybody invited, but the members are urged to come. I will preach on Sunday at 11 o'clock also. Everybody come and let's make the next six months the best six months of the year. J. W. CROWE

IN MARION MONDAY

Ray Brantley and Ed Turley of Sullivan.

Drs. John Reynolds and E. M. Newcom. Dr. Newcom has just returned from several weeks stay in the hospital.

C. A. J. C. and Frank Adams of Chapel Hill section.

Dick and George Cruce, prominent farmers of Crayne.

Judge Towery and G. B. Lamb of Shady Grove section.

J. P. Loyd was in the Press office and had the Press sent to his son.

Ben Rankin and Lewis Daugherty of Fords Ferry.

Johnson Crider and Col. Byrd Guess of Fredonia.

J. E. Perry, R. L. Rankin and W. F. Brown of Repton.

Joe Dean, merchant, farmer of Deaewood.

Miss Nora Brantley and Mrs. Belle Walker, of Nanna were in the Press office Monday.

Alger and Henry Hillyard, of the Claylick neighborhood.

IN HIS NEW BUILDING

J. D. Asher, one of our successful grocerymen, who was burned out last summer, is now in his new building. It is a nice building and Jeff is a good merchant.

NOTICE

To the farmers of Crittenden County. Our factory is now completed and in good shape for us to handle tobacco but the present market conditions are so unfavorable that we do not advise the farmers to sell at this time. In order to render such assistance as we can to the farmers we can arrange to prepare for market and prize from four hundred thousand to one million pounds and furnish storage for it and keep it insured until the market conditions improve which we hope will be this fall. Our only charge would be the necessary cost and a reasonable amount to cover the expense of looking after it. We can not afford to make arrangements to prize for a less amount than four hundred thousand pounds.

By pricing your tobacco it will be in the best condition to keep for sale at any time the market may justify a sale. If it should be desired we will also assist you in securing a sale.

Yours very truly
S. T. DUPUY & CO.

Mr. Joe Bourland went to Sullivan, Saturday on business.

Baldwin Pianos--Pathe Phonographs

These instruments are staple as wheat—each the best of its kind and backed up by the manufacturer and us.

Come in and let us show you the merits of the Baldwin line of Pianos. Our shipment of Pathe Phonographs and records has not arrived at the time this was written but we are expecting them in any day. Don't buy any talking machine until you hear Pathe.

J. E. WILLIAMSON at Sowers' on North Side Square - MARION, KY.

ARE YOU GOING?

Sunday, May 2—the first Sunday in May—is go-to-Sunday School Day in Kentucky, the State which originated this annual event which has spread all over the nation and has done our Sunday Schools great good.

Crittenden County has always held her part in this day, and has made some great records in the past. The committee in charge of the observance of the day in the county this year, of which Mr. W. W. Lamb is chairman and Miss Lena Holtzclaw secretary, is making preparations to advertise the event thoroughly over the whole county, and make it possible for every person in Crittenden County to get an invitation to be in Sunday School that day, and as many Sundays as possible.

Let's all boost for the Sunday Schools of Crittenden County, and help put the greatest number of people in them on the morning of May 2 they have ever had. Resolve now to go yourself, and to invite as many of your neighbors as possible to go; begin now, and keep at it until they come.

If we will make better Sunday Schools in Crittenden County, they will make a better county for this and for all generations to come.

Below is a list of all the Sunday Schools of the County which are known to the committee, with an estimate of the number they will have on May 2, so far as the Super-

intendents have reported them. If there are any other schools in the County, will you please report them to the Secretary. Also will the Superintendent or some other member of each school below whose quota is not set, let us know how many you think you can bring in on that day. Then let's beat our own figures, and make it a day to be remembered among all the good people of Crittenden for many a day.

Bolles Mines: Caldwell Springs; Cave Spring; Chapel Hill, 125; Clear Spring; Crayne Cumberland Presbyterian; Crayne Pres. U. S. A.; Crooked Creek; Deans; Deer Creek; Drydenburg; Emmaus; Fox rest Grove; Frances; Greens Chapel; Heath; Hebron; Hills Chapel; Hurricane; Marion; First Baptist; 400; Second Baptist; Christian; Cumberland Pres.; Methodist, 400; Presbyterian; Presbyterian, Main St.; Mt. Zion; New Salem; Piney Creek; Piney Fork; Repton; Rose Bud; Shady Grove; Siloam; Sugar Grove; Sulphur Spring; Tolu; Ty ners Chapel; Union Grove; Union; Weston.

Aunt Case Wilson died at her home near Crider, Saturday morning, April 10. The funeral was conducted by Rev. W. T. Oakley in the Cumberland Church at Crider. Sunday afternoon at 2 o'clock in the presence of a large crowd of friends and relatives. The interment was in Bethlehem Cemetery.

—See W. E. Belt if you want to sell your farm. 38tf

Frazer and Son purchased from W. D. Sallenger a registered Hereford bull, this bull comes from the best blood lines in the county.

—For your spring sewing see Mrs. Dora Farmer, phone 197-4. 37 4

James Lee Walker oldest son of the late Paul H. Walker died March 30 at the home of his son, Paul who lives in Columbus New Mexico. Mr. Walker was raised near Marion and has many friends here.

ASPIRIN—Its Uses

First Introduced by "Bayer" in the Year 1900

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for nineteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.

In each unbroken package of "Bayer Tablets of Aspirin" you are told how to safely take this genuine Aspirin for Colds, Head-

ache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and Pain generally.

Always say "Bayer" when buying Aspirin. Then look for the safety "Bayer Cross" on the package and on the tablets.

Handy tin boxes of twelve tablets cost but a few cents. Drug-

gists also sell larger packages.

Aspirin is trade mark of Bayer Manufacturing Monoculture of Salicylic Acid

For Government Regulation.

"I presume you're mighty glad the war is over."

"Well, I don't know about that," answered Mandy. "Cose I'm glad to have my Sam back home an' all that, but I jes' know I ain't never gwine to get money from him so regular as I did while he wuz in de army an' de government wuz handlin' his financial affairs."

Yes, Alfred, about every once in so often a girl just has to have a squaw with her "steady."

A foolish woman is one who can't make her own living and marries a man who can't make it for her.

Every man of sand should have enough sense to build his house upon a rock.

Where is Relief From

Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching?

The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disfiguring and unsightly disorders.

The sensible treatment that will show real results is a remedy that will

cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S., which cleanses the blood of the disease germs, at the same time building up the general health. S. S. S. is an excellent system-cleanser; it is not sold or recommended for Venereal Diseases.

For valuable literature write to Chief Medical Adviser, 100 Swift Laboratory, Atlanta, Ga.

IT'S WRONG FOR WOMEN TO SUFFER

And women NEED not suffer from the ills peculiar to the sex. STELLA VITAE is an eminent doctor's prescription that for three generations has been RELIEVING suffering women and keeping young girls from BECOMING suffering women.

Sold by your druggist; upon the distinct agreement that if the FIRST BOTTLE gives no benefit, he will refund the money. STELLA VITAE can do no HARM, even if it does no good. Why not TRY it—instead of suffering?

Mrs. Susie Sutton, of Dunmore, Ky. says: "I couldn't stand on my feet an hour without lying down. I used one bottle of STELLA VITAE and now I can be on my feet all day."

Plan Clinics to Study Crime

Psychiatric Research Offers Possibilities in the Solving of Problems.

WORK RENEWED AFTER WAR

Preventive Rather Than Cure Is the Watchword of the Modern Psychiatrist—Reach Them Before Crime Becomes a Habit.

New York.—Broad possibilities for the operation of psychiatric clinics in connection with courts and correctional institutions during the reconstruction period are outlined in an article appearing in Mental Hygiene, written by Dr. Thomas W. Salmon, medical director of the national committee for mental hygiene. The title of the article is "Some New Problems for Psychiatric Research in Delinquency."

The work of which Dr. Salmon writes was well under way in a number of institutions, notably in the vicinity of New York City, when war interrupted it, taking many of the trained psychiatrists into the effort to apply the principles of modern psychiatry to the handling of persons accused of crime and those already convicted.

Sufficient progress had been made with the work, says Dr. Salmon, to assure it of an important place in all future efforts to get at the roots of crime and delinquency and to make it certain that these conditions "can" no more be successfully managed without investigating the state of the organ of conduct than disorders of other kinds can be treated without understanding the processes responsible for them.

Its Importance in Courts. The beginning of the application of psychiatry to crime and delinquency was through clinics in children's courts. Successful here, it spread into criminal courts and into institutions, according to Dr. Salmon, it is destined to play an important part in determining the best methods for handling prisoners so as to do the best by them and by society as well.

In connection with the part the psychiatrist is destined to play in modern court procedure, Dr. Salmon believes that the establishment of such clinics, presided over by experts with no connection with either side of the cases tried, will go a long way toward bringing about better conditions. Concerning the so-called "alienist" and his "expert testimony," Dr. Salmon says:

"Why supreme courts and courts of the general sessions content themselves with the so-called medico-legal testimony of 'alienists' employed by the district attorney and the defense—which is neither medical nor legal—remains a mystery. The findings of a psychiatric clinic, scientifically and impartially conducted with the sole purpose of aiding the judges in disposing of human issues before them, have more practical value than all the expert testimony that either side could purchase with the proceeds of a liberty loan."

Wide Field for Investigation.

Interesting especially is the suggestion by Dr. Salmon of the possibilities of finding out the deep, seated causes of anti-social conduct in the individual through psychiatry. He says a comparatively small element furnishes the crimp of a community and affords a field for scientific and impartial, unprejudiced study that is rich and almost virgin.

He thinks that this phase of crim-

inology has barely been scratched as yet and believes it should be carried far in an endeavor to trace to their sources the original impulses for crime, so that eventually remedies may be found.

Prevention, rather than cure, is the watchword of the modern psychiatrist, as it is of the modern physician, although neither is inclined to neglect the person who has fallen ill. Dr. Salmon emphasizes the need of clinics that may reach first offenders before crime has become a habit. These, discovering the sources of criminal impulses and applying the proper remedies, may restore many persons of anti-social tendencies to society as normal citizens, in the opinion of Dr. Salmon.

Shun Powder, Says Photographer.

Atlantic City, N. J.—VIII H. Towles of Washington, D. C., addressing the annual convention of photographers of the middle Atlantic states here, declared that if girls want to look beautiful in a photograph they must not powder their faces, since powder flattens expression and obliterates lines necessary to bring out beauty.

Well Filled With Pigs.

New Haven, Ky.—Mrs. Dennis Dunn of Howelltown, who had missed her pigs for some days, found 17 of them floating in an abandoned well, the cover of which had been blown off.

REFUSES FILM OFFERS

Miss Kitty Dalton, said to be the prettiest Irish girl in New York city, who has rejected many enticing film offers so that she may still serve as a secretary in the Knights of Columbus but at Forty-sixth street and Broadway.

Industries In Need of Women

Small and Agile Hands Are Specially Adapted to Certain Work.

MANY EMPLOYED SINCE WAR

They Now Make Watches, Electric Light Appliances and All Kinds of Garments—Many Married Women in the Industries.

Chicago.—"The forewoman has come to stay," says Mrs. Anna Lator Burdick, special agent for trade and industrial education for girls and women, federal board, for vocational education. "The typical watchmaker of the United States is a nineteen-year-old girl. The number of married women in industry has increased 100 per cent since the war. Certain industries are limited in their expansion only by the number of woman employees to be obtained."

In the course of her work Mrs. Burdick meets all sorts and conditions of women. Following are some of her interesting observations of women in industry:

"Women's small and agile hands are especially adapted to the work of certain industries. Women are needed in garment and hat work, the hosiery industry and soapmaking. The expansion of the hosiery knitting and garment making industries is limited only by the number of women obtainable."

"Women make and assemble the delicate parts of adding machines, office appliances, Mazda lamps, electric light equipment and appliances. In 1914 five-eighths of the employees of the Walworth watch factory were women. It is surprising to know that the typical watchmaker of the United States is a nineteen-year-old girl."

"Before the war there was only the foreman in all industries where women were employed. Since the war there are both the instructional forewoman and the production forewoman in all woman-emplying industries. In the Betts Artificial Limb company, Hammond, Ind., women are admitted to the classes in foreman training along with the men."

Women in Many Lines.

"In the Betts company women also do the set-up work. Certain machines have to be 'set up' to run a job for through. Formerly a 'set-up' man set up the machine and a woman operated it. The machine got out of order and she raised two fingers as a sign for the set-up man to come. Today women do this set-up work."

"In Milwaukee, Wis., a street car advertisement from some factory which needed woman workers exhibited a picture of a bride, groom and preacher. Underneath were the words: 'Many marriages are made in our plant. Come down and pick out your job.' Then there was a long list of the social advantages accruing to the girl who would work in that factory. Needless to say, the factory did not expect the girl to quit work after her marriage."

"Married women in industry have increased 100 per cent since the war. At Grand Rapids, Mich., the furniture factories advertise for housewives who will work at least two hours a day, suiting their own convenience as to when they will come."

They Marry Young.

Burnside, Ky.—Fifty-five years is the combined age of four children participating in the "youngest" double elopement known. Mont Lee, fifteen, and Dora Brown, fourteen, and George Lee, fourteen, and Lizzie Campbell, twelve, eloped to Tennessee and were married.

STOWAWAY HAS HARD LUCK

Slippery Pile Falls Italian Who Tries to Swim into New York From Ellis Island.

New York.—Giovanni Nardi, a young Italian, was held at Ellis island for possible deportation, despite the fact he was so anxious to enter this country that he tried to smuggle himself in by swimming from a steamer in the harbor.

Nardi dived from the steamer Pesaro from Naples shortly before it was docked. He might have made a triumphal entry into the city had not the piling he tried to climb proved too slippery. He was hauled aboard a police launch and returned to the Pesaro, where it was discovered that he was a stowaway.

Why the Superintendent Quit.

Connersville, Ind.—Earl Lee, superintendent of schools in Fayette county, has placed his resignation in the hands of the school board. He says he can't live on the salary of \$450 per day.

ESTHONIA MAKES PEACE WITH RUSSIA

The Esthonian delegates at the conference at Dorpat, signing the peace treaty between Esthonia and the soviet government of Russia.

Cannot Speak English

Three Normal American Boys Never Taught to Talk.

Invent Queer Gibberish When Neglected by Hard-Working Parents.

Pomona, Cal.—How easily the chain of civilization is broken and how definitely its very maintenance depends upon every parent's training of the child, is dramatically illustrated here in the case of the three Keown boys.

Harold, Udeli and Roy Keown, ten, nine and eight years old, are healthy, physically normal American youngsters, living in a bustling town, who have never learned to talk, simply because their parents neglected to teach them how.

The astonishing case was placed before the Welfare league of Pomona a few days ago by a teacher who, when

the boys appeared at school, discovered that while apparently otherwise normal, they seemed bereft of speech.

The gibberish of the three Keown boys, who never learned to talk intelligibly, has a curious similarity to Hawaiian dialect. The following words comprise most of their vocabulary:

"Ban"—hunger. "Wan"—thirst. "Dan"—sleep. "Ber"—dog. "Moah"—eat. "Oh'h"—spunking. "Ooon"—tree. "Sw'h"—water. "Uckuck"—chicken. "Bap"—shoes. "Doodie"—pants. "La'h"—shirt. "Choo"—train or trolley cars. A whistle designated a bird. What they lacked in words they made up in signs.

An examination by specialists showed no defects.

The boys' father and his wife have worked early and late for years, having a hard time making a living for their brood. In addition to Roy, Udeli and Harold there are five older children. The harassed parents, too busy

to give them much attention, simply turned the younger ones over to the older.

The boys have now been placed in three separate homes, where they are associating with other lads and where they are rapidly learning to speak.

Dog Ends Five-Year Vigil, Dying on Master's Grave

Faithful unto death. This is the tribute that can be paid to Jack, a homeless yellow cur, known as the graveyard dog, found dead on his master's grave near Hamburg, O., having perished in a recent blizzard.

For five years he had kept a lonely vigil over the grave of John Dindore, leaving it only long enough to obtain food in the neighborhood each day. County ministers have preached sermons on the love, devotion and grief shown by this dog.

The Flavor Lasts

MONKS MADE FIRST PANCAKES

Delicious Comestibles Once Formed Supper of Holy Men on Eve of Ash Wednesday.

Perhaps you admit ignorance as to knowing how pancakes first came to be produced? Well, the story is very interesting and worth telling, London Answers says.

Monks were the originators of pancakes, and we are told that on Shrove Tuesday their supper consisted of thin cakes, made in a pan with flour, milk, eggs, fat, lard, etc.—hence pancakes. The idea was to use up all the food-stuffs remaining, which were prohibited on the following day—Ash Wednesday, the commencement of Lent. In the old days the poor people would gather round various monastery gates, it being the custom for the monks to distribute what pancakes they had left after supper among the hungry and shut-doorers.

Shrove-tide, and Shrove Tuesday by the way, were, in the first place, called shrove-days. They were so called from the fact that in the Roman Catholic church confessions are then made and received preparatory to the fast of Lent. Shrove, which meant confession, later came to be called Shrove—thus we now get Shrove Sunday and Shrove Tuesday.

Ferocious Artists.

"What are those Paris Apaches we hear so much about?" "Benjamins of the underworld, my dear."

"Are they as desperate as we have been led to believe?" "I hardly think they are as wildly wicked as they are made to appear in the movies. If they were they'd drink blood instead of brandy."—Birmingham Age-Herald.

Willing to Try.

"The Wombats have rented a haunted castle."

"Well, my dear?"

"Our castle is not haunted. We must have a ghost."

"Well, if they will loan me their ghost I'll see if I can match the shade!"—Louisville Courier-Journal.

The after-effects of a cup of Postum Cereal

are good cheer and satisfaction. No frayed nerves, no unnatural wakefulness at night.

What wonder, then, that so many housewives serve Postum instead of coffee as the table drink!

Postum Cereal must be boiled fully fifteen minutes after boiling begins, to develop its full, rich flavor.

"There's a Reason" for Postum

Made by POSTUM CEREAL COMPANY Battle Creek, Mich.

I SUFFERED THREE YEARS

Finally was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lowell, Mass.—"I was all run down and had an awful pain in my right side, as if I was constantly being stabbed, and had very dizzy spells. I suffered for three years and was perfectly miserable until a friend was telling me to try Lydia E. Pinkham's Vegetable Compound and I found it a wonderful medicine. I can now do twice as much work and I recommend the Vegetable Compound to other women. You can use these facts as a testimonial."—Mrs. M. THEALL BESSEY, 188 Appleton Street, Lowell, Mass.

Why women will continue to suffer so long is more than we can understand, when they can find health in Lydia E. Pinkham's Vegetable Compound! For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FIGHT IS NOT OVER YET

Plan Is Launched to Strip Bill of All Training Provisions—Proposed Scheme Places Ages at 18 to 28.

Washington.—Compulsory military training was shelved today in the senate and, after a plan for voluntary training of youths was substituted, a fight was started to eliminate this and strip the bill of all training provisions. The senate voted 46 to 9, to substitute the voluntary for the compulsory method. There was no direct vote on the compulsory plan. Its defeat was conceded, and to provide for some method for training American youths many advocates of compulsory training supported the amendment of Senator Frelinghuysen, incorporating the voluntary method.

Chairman Wadsworth of the military committee gave notice that a vigorous fight would be made to eliminate the voluntary plan, under which all youths between 18 and 28 years of age could enlist for four months' training in any year selected by them. Upon concluding training they would enter the organized reserve for five years, and during that period be required to participate twice in annual maneuvers lasting two weeks.

In substituting the "voluntary for the compulsory" training provisions, 22 republicans and 24 democrats supported the Frelinghuysen amendment. Seven republicans and two democrats opposed the substitution, the democrats being Myers and Pittman.

Advocates of compulsory training made a spirited final stand. Senator Chamberlain declared that President Wilson had advocated the policy, but Senator Hitchcock of Nebraska, administration leader, and Senator McCallister challenged the statement. The senate vote eliminates compulsory military training from consideration in future development of the army reorganization bill. The house bill has no training provisions, compulsory or voluntary, and the enforced method, therefore, will not come before the conference.

MANY WILL WEAR OVERALLS

People in Birmingham Adopt This Method of Fighting High Cost of Clothing.

Birmingham, Ala.—Two thousand men in all walks of life have joined the Birmingham Overall Club in a campaign against the high cost of clothing.

Started in a spirit of jest, the idea rapidly gained converts, and the headquarters of the club was thronged with volunteers anxious to sign the roster.

Theodore Lamar, a prominent business man and secretary of the club, is responsible for its organization. He advanced the idea in conversation with several friends and within 24 hours he was joined by hundreds of men, some of whom constitute themselves membership committees in the city's latest "drive."

To Investigate Police.—New York.—Investigation of the bank accounts and stock speculations of five police officials was started by Assistant District Attorney Smith.

To Probe Election.—Washington.—The Newberry-Ford senatorial election contest from Michigan—long delayed—is soon to get its airing by the Senate. Steps were taken by the committee on privileges and elections to have the whole investigation "started without more delay."

New Foreign Minister.—Berlin.—The appointment of Dr. Adolf Koerner as minister of foreign affairs, was announced. The portfolio of foreign minister was held by Dr. Mueller before his recent assumption of the premiership.

Desire Further Time.—Paris.—Dr. Goepfert, head of the German peace delegation, has addressed to Premier Millerand as president of the peace conference, a note asking for an extension of three months after April 10 for the reduction of German military effectiveness.

Seaplane Is Wrecked.—Washington.—Navy seaplane N-9 was completely wrecked when it fell from a tall spin into Pensacola Bay, the navy department was informed.

Would Buy Ships.—Washington.—Offers of large shipping interests to purchase the 29 former German passenger liners taken over by the government during the war, are under consideration by the shipping board.

Cannot Fix Prices.—Washington.—Because of conditions in the Cuban sugar industry it would not be possible to fix a price for the crop, President Menocal said in a cablegram.

Famous Inventors Meet.—Kokomo, Ind.—Traveling by airplane, Elwood Hayes of Kokomo, designer of the first American automobile, and Orville Wright of Dayton, O., inventor of America's first airplane, met at Fountain City.

Claude Kitchen Stricken.—Washington.—Representative Claude Kitchen of North Carolina, democratic leader in the last congress, was stricken with a slight attack of paralysis.

STOMACH TROUBLE AND CONSTIPATION ENDED

Suffered So He Couldn't Work for a Year, but Mr. McCormick Was Cured Promptly.

"I had stomach trouble and constipation for five years. One year of this time I was unable to work, suffering untold agony. I doctored with some of the best physicians, also took many proprietary medicines, but could not find permanent relief. Finally a friend recommended Milks Emulsion. The first few doses relieved me greatly, and three bottles of it effected a permanent cure."—C. A. McCormick, Anderson, Ind.

Mr. McCormick is only one of many hundreds who have endured torture for years and then found that Milks Emulsion gives blessed relief and real, lasting benefit. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy and natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.00 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

Well Named.—Wheelie—I say, Jack, what is the name of the club you've joined? Guiffer—"The Office." Wheelie—Isn't that rather an odd name? Guiffer—Not at all; you can tell the wife that we were detained at the "office" without any pricking of conscience.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California"—Adv.

Microbes With a Double Life.—The transformation of microbes from one form to another has been described by many investigators, and it has even been suggested that the same microbe in different forms may be responsible for different diseases.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Unfinished Business.—Sambo—Say, Doc, what was that you gave me? I dreamed I was chased in a large chicken and just as I was about to grab 'im I woke up.

Doctor—Why, that was a quartet, of a grain of morphine.

Sambo—Please squirt 20 more grains in me—I want that ketch that chicken.—Medical Pickwick.

Cuticura Comforts Baby's Skin.—When red, rough and itching with hot baths of Cuticura Soap and touches of Cuticura Ointment. Also make use now and then of that exquisitely scented dusting powder, Cuticura Talcum, one of the indispensable Cuticura Toilet Trio.—Adv.

His Most Important Function.—"An editor is a man who puts things in the paper, isn't he, pa?"

"Oh, no, my son; an editor keeps things out of the paper."—Boston Transcript.

Dr. Peery's "Dead Shot" is not a loogie or "sneep," but a real old-fashioned dose of medicine which cleans out Worms or Tapeworm with a single dose.—Adv.

Wrong Question.—"What'll you be if there's another war?" "What'll I be? Better ask me where I'll be."—Home Sector.

Cheer up! It's only a matter of time until you will be selecting a straw bed.

FRANCE ACTED ON OWN INITIATIVE

ALLIES WERE OPPOSED TO OCCUPATION OF RUHR VALLEY TERRITORY.

THE SITUATION IS DELICATE

Conference Is Held in London—One Result Is That Germans Must Restore Status Quo, or the Allies Will Act.

London.—After a long conference which the French ambassador, Paul Cambon, had with Premier Lloyd George and a full discussion of the Franco-German incident by the cabinet council, at which the French view was fully explained to the British ministers, an authoritative statement was issued to the effect that France acted entirely on her own initiative in deciding to occupy German towns; that Great Britain, the United States, Italy and Belgium were all opposed to the plan, and that France's action has caused a delicate situation.

The matter is under discussion of the British and French governments and the hope is expressed that the situation may be eased.

The statement recites various expedients suggested for dealing with the Ruhr situation, among others the sending of allied officers with the German troops to supervise the German withdrawal. Another alternative was that the decision should be left with the German government with the stipulation that unless the status quo was sufficiently restored, the allies themselves would occupy German points to enforce their demands. The statement proceeds:

"The German government appears to have acted precipitately and France to have responded by adopting a plan which was only intended as a last resort method, and even then to have been the affair of the allies and not of any one of them simply."

Great Britain, Italy, Belgium and the United States, it is declared, all felt that the task of restoring order should lie with Germany and all were opposed to their regular forces being called upon, except as a last resort to undertake what are virtually police duties. It is pointed out that France feared some ulterior motive on the part of Germany and doubtless acted in good faith, but, adds the statement, "the immediate result is that the responsibility for her action cannot be shared by the allies as a whole, and certainly there is no intention on the part of the British government to allow British soldiers as police between hostile German factions and incur all the odium of such a position, to say nothing of its risks."

Berlin.—The conference between the cabinet and officials of the trade unions and leaders of both Socialist parties, has brought about an agreement by the government to grant certain concessions in connection with the demands recently made. The government agrees to withdraw the troops from the Ruhr Valley at the earliest feasible moment and to halt their advance into the region south of the Ruhr.

Catholics Increase.

New York.—The official Catholic directory for 1926 made public, announced an increase of 186,224 in the membership of the church last year, bringing the total membership up to 27,650,204.

ATTACK TRA'NS IN MEXICO

Claim Is Made That Francisco Villa Has Four Strong Bands Operating in Chihuahua.

Juarez, Mexico.—Two new attacks on trains of the Mexican Central railroad by followers of Francisco Villa were reported here. Villa, it was said, has four strong bands operating in the state of Chihuahua, with Jimenez as director of operations.

FRENCH-BELGIAN ALLIANCE

Negotiations Expected to Be Entered.—Brussels.—It is stated that once the question of the Luxembourg railways is settled between Belgium and France, negotiations will commence for the conclusion of a Franco-Belgian military alliance. France and Belgium, it is asserted, now are negotiating concerning the composition and the date of the departure of a Belgian contingent for the occupation of the Ruhr region.

Many Outrages in Ireland.—London.—One thousand and eighty nine outrages were committed in Ireland between January, 1919, and March 20, 1920, according to an official white paper, which attributes them to the Sinn Fein movement.

Labor Party Victors.—East St. Louis, Ill.—Complete returns showed that the recently organized labor party was victorious in municipal elections here and in Belle ville, Harrisville and El Dorado.

Remove Duty on Paper.—Washington.—The House bill permitting the importation duty free of news print paper valued at eight cents or less a pound was reported favorably today by the Senate finance committee.

Declare 100 Per Cent Dividend.—New York.—The International Motor Truck Company declared a stock dividend of 100 per cent on its common stock, of which 70,717 shares are outstanding.

THE CRACK OF DOOM FOR NASTY CALOMEL

Folks Abandoning Old Drug for "Dodson's Liver Tonic" Here in South.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tonic for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it can't salivate or make you sick.—Adv.

Two of a Kind.—"Do you find any excitement at the aquarium?"

"No excitement," replied the genial old gentleman, "but a little quiet amusement when I see a heeppened man of my acquaintance studying a jelly fish."—Birmingham Age-Herald.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Magie! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers! Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.—Adv.

Somewhat Popular Error.—"It's all right," said Miss Cayenne, "for a man to say he is just as young as he feels, but it is frequently a mistake for him to try to act that way."

25 MILLIONS!

"Cascarets" is biggest selling Laxative-Cathartic for Liver and Bowels

Twenty-five million boxes of Cascarets were sold last year to folks who wanted relief without injury, from Constipation, Bloating, Indigestion, Gases, Colds and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without gripping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They never weaken or shock the liver like calomel or harsh pills. Cascarets cost so little too.—Adv.

Alterations.—Many a self-made man is self-made except for the alterations subsequently made by his wife and family.—Fargo (N. D.) Courier-News.

An Inference.—He—"Accidents will happen." She—"What have you done?"—Boston Transcript.

Naturally.—"There is no royal road to good writing." "Of course not. You have to begin by taking a subject."

For more than Forty Years Cotton Growers have known that POTASH PAYS

More than 11,651,200 Tons of Potash Salts had been imported and used in the United States in the 20 years previous to January, 1915, when shipments ceased. Of this 6,460,700 Tons consisted of

KAINIT

which the cotton grower knew was both a plant food and a preventive of blight and rust,—with it came also 1,312,400 Tons of

20 per cent MANURE SALT

which has the same effects on Cotton, but which was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have been resumed but the shortage of coal and cars and high freight rates make it more desirable to ship Manure Salt, which contains 20 per cent of actual Potash, instead of Kainit, which contains less than 13 per cent actual Potash.

MANURE SALT can be used as a side dressing on Cotton in just the same way as Kainit and will give the same results. Where you used 100 pounds of Kainit, you need to use but 62 pounds of Manure Salt, or 100 pounds of Manure Salt go as far as 161 pounds of Kainit.

MANURE SALT has been coming forward in considerable amounts and cotton growers, who cannot secure Kainit, should make an effort to get Manure Salt for side dressing to aid in making a big Cotton Crop.

Muriate of Potash

50 per cent actual Potash, has been coming forward also,—100 pounds of Muriate are equivalent to 400 pounds of Kainit or 250 pounds of Manure Salt.

These are the three

Standard GERMAN Potash Salts that were always used in making cotton fertilizers and have been used for all these years with great profit and without any damage to the crop.

The supply is not at present as large as in former years, but there is enough to greatly increase the Cotton Crop if you insist on your dealer making the necessary effort to get it for you.

Another Royal Suggestion

BISCUITS, BUNS and ROLLS

From the NEW ROYAL COOK BOOK

BISCUIT! What delicate light this word suggests. So tender they fairly melt in the mouth, and of such glorious flavor that the appetite is never satisfied. These are the kind of biscuits anyone can make with Royal Baking Powder and these unusual recipes.

Biscuits

2 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
2 tablespoons shortening
3/4 cup milk or half milk and half water

Sift together flour, baking powder and salt, add shortening and rub in very lightly; add liquid slowly; roll or pat on floured board to about one inch in thickness (handle as little as possible); cut with biscuit cutter. Bake in hot oven 15 to 20 minutes.

Royal Cinnamon Buns

2 1/2 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
2 tablespoons shortening
1 egg
1/2 cup water
1/2 cup sugar
1 teaspoon cinnamon
4 tablespoons ground raisins

Sift 2 tablespoons of measured sugar with flour, salt and baking powder; rub shortening in lightly; add beaten egg to water and slow; Roll out 1/2 inch

thick, on floured board; brush with melted butter, sprinkle with sugar, cinnamon and raisins. Roll as for jelly roll; cut into 1 1/2 inch pieces; place with cut edges up on well-greased pan; sprinkle with a little sugar and cinnamon. Bake in moderate oven 20 to 25 minutes; remove from pan at once.

Parker House Rolls

4 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
2 tablespoons shortening
3/4 cups milk

Sift flour, salt and baking powder together. Add melted shortening to milk and add slowly to dry ingredients stirring until smooth. Knead lightly on floured board and roll out 1/4 inch thick. Cut with biscuit cutter. Crease each circle with back of knife one side of center. Butter the small section and fold larger part well over the small. Place one inch apart in greased pan. Allow to stand 15 minutes in warm place. Brush each with melted butter and bake in moderate oven 15 to 20 minutes.

THE COLYUM

After hibernating for the winter while I knew that a nice ornamental concrete bridge could not be built across that chasm on Bellville street near the railroad, am back on the job of conducting this colyum for the edification, amusement and uplift of the county.

Now that it is an assured fact that the Federal road is not coming into town by this Bellville street route, there is nothing to prevent our city dads from getting busy and fixing up that disreputable contraption down there.

But it is far better to have that old bridge rot out and fall into the gulley and the street be closed up than to put another absurdity there like the one that was put in on North Main last year. Any thing that is worth doing is worth doing well.

A mighty good motto for anybody is "It is not good enough if it can be better."

Not so very many weeks ago I started out into the country a little way and got stuck in the mud in a place so deep that the wheels never did find the bottom of the hole. Most any one would have been tempted to think hard of my good friend E. Jeffrey Travis. A week later I tried to drive around town in a 4d and got into a worse place than the other one. Right away the thought occurred that E. Jeffrey was doing pretty well to keep the miles of dirt roads in better shape than some of the streets not half a mile from the court house.

But better things are coming for us not only in town but all over the county. County Attorney John A. Moore told me today that he had made up his mind to add a few cows to his herd, install a milking machine and go after some real money. He did not say real money in so many words but whenever you think of cream these days you can hear the clink of gold.

And other progressive men will follow his lead until it will be only a few short years until this will be an important dairying center. And what few herds there are in the county right now are bringing in a lot of money to their owners. Let the good work go on.

Last week's issue of The Press carried the opening advertisement of a very nice campaign telling the merits of Lee tires over the signature of T. H. Cochran and Co. My good friend J. Alvis Stephens tells me that he sold more than four hundred dollars worth of these tires the two days following.

And still there are some business men who think that advertising does not pay. It sure does if you have the goods, backed up with the right kind of eye service and live up to your advertising. If a merchant cannot do this he had better take the advice of one who knows and not spend his money in advertising.

The present city council was elected on a platform of giving to Marion some modern necessities. I have R. F. Hynes word for this. And this paper is going to keep right after this said council until we get 'em. Cost a lot of money? Of course they do. Costs a lot of money to support a family too but a lot of people are getting married. Anything costs money that is worth having.

But the beauty of waterworks is that we would not only have the convenience of using the water every day in the year but we would save more than a enough on our insurance to pay the bill. Pretty soft isn't it.

Of course a lot of people say that it can't be done in Marion. But did any body ever start anything new that he was not discouraged by his friends and others in the attempt. This applies to every invention that we are now blessed with from sewing machines down to 4ds or the other way if you want to rev some.

Of course if a man lets his wife draw the water hand over fist we have no argument for him. He don't need water works—he already has 'em. But everybody else is in favor of having machinery do the water drawing.

I thank you. W. P. HOGARD.

DEANWOOD.

Misses Willie Travis and Reba McConnel were the guests of Mrs. Raymond Drennan Saturday and Sunday.

J. H. MAYES & SONS

Announcing the removal of our Dry Goods Store from our temporary location with Moore & Pickens to our new building on Main Street

This is to be the handsomest store of its kind in Marion and the quality of our merchandise and service will of course be up to the standard we have always maintained.

We invite you to come in and see us in our new home. We'll be glad to see you here and will be pleased to show you any merchandise you care to see--

Remember our new location--Main Street--right in front of the Court House.

J. H. MAYES & SONS

Are You Looking for An Opportunity?

We have under our control 2296 1-2 acres of oil and gas leases located in the heart of the best producing counties in Kentucky. Leases are as follows:

Barren county, 51 acres lying north of the Freeman wells in Allen county, which came in making 2500 barrels a day production.

5 acres, Barren county, lying across the river from the Jewell wells, which the Big Dipper is now shipping oil from.

70 acres, Barren county, lying North of the Moneder Lawrence and McDaniels wells. These wells are shipping several thousand barrels a week.

Warren county, 140 acres, lying in the Davenport field where recently 100 acres is reported sold for \$160,000.00. Great development in and around this property.

200 acres, Allen county. This county is the best known county in the State of Kentucky. It has the shallowest production that has ever been found.

Logan county, 100 acres, where the Diamond Spring wells are found and several wells are now contracted to be drilled.

Muhlenburg county, 730 1-2 acres, lying West of Diamond Spring wells in Logan county.

New Mexico, 1000 acaes. This is predicted to be the greatest oil State in the United States. The large companies now have at least 200 rigs at work in and adjoining counties. Leases are selling in adjoining county for \$500.00 an acre.

This is No Stock Selling Proposition. We Want You to Come in Help Us Control these Leases.

Our titles are good and leases recorded. We are in to make this county a producing territory. Have several propositions for the interest of our town. After our amount is subscribed to finish our leases no interest will be for sale. It now takes \$200.00 to secure an interest in the 2296 1/2 acres. Our officers are all home people except Mr. Paul Wright, of Bowling Green, which will handle the interest for company as the Officers and Directors see fit. Our trustees now are: Dr. F. W. Nunn, Sec.-Treas., and Mr. W. D. Cannan, President. When the full amount has been subscribed to finish taking over these leases the company will be organized and get to work. Send your check to Dr. F. W. Nunn or Mr. W. D. Cannan. Either will see that everything will be fulfilled and your share according your investment in all the company controls.

Officers and subscribers which have paid in:
M. H. CANNAN DR. F. W. NUNN L. E. CRIDER H. F. MORRIS
W. H. MORRIS W. D. CANNAN J. A. STEPHENS PAUL WRIGHT

An exceptional opportunity as we will own 2296 1/2 acres which will be worth three times the amount invested. These leases were secured early.

Get behind and help us put the pep in our county. We reserve the right to return your check if our amount has been oversubscribed.

Catarrh Cannot Be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonic known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials free.

HARRY PERRY, MARION KY.

Three Types of Tires for Three Kinds of Use

YOU don't want a truck motor in a touring car; you use a different oil in the cylinders than in the transmission.

Different conditions must be met differently. That is why Lee builds three types of tires for three kinds of uses. The right type for your purpose is the one built especially for that use.

Consult us on tires. We'll survey the conditions your tires must meet and prescribe the Lee Tire that will serve you best—the Lee Tire that will give you maximum mileage and comfort.

The Lee Tire Distributor

T. H. COCHRAN & CO.
Marion, Kentucky

LEE Tires

"Smile
at
Miles"

The Lee Cord Puncture-Proof

1. For the hardest possible service on all kinds of roads. A real cord tire—easy riding—economical and absolutely puncture-proof. The wavy puncture-proof cord tire. Dependable under all conditions.

The Lee Cord

2. For greater service in town and in the country. Lee Cord construction makes these Lee Cord tires practically free from the usual tire troubles—blowouts, tread squaring, sidewall breaking, irregular friction, etc. Hand made.

The Lee Fabric

3. A bulky tire that rights itself under conditions and is infinitely more quality-built from lining to tread, good looking and as good as it looks, oversized, with miles of extra service.

—We have just received two cars of 16% Acid phosphate. This fertilizer is in fine mechanical condition for drilling. Now in order to get the fertilizer to the farmer at as near factory cost as possible, will as usual sell strictly for cash. Thanking you in advance for your business, we are yours truly Marion Milling Co. Incorporated.

Evert Quattermouse and Miss Sarah Simpson were quietly married last week at the home of F. L. McDowell. Miss Simpson is the daughter of Mr. and Mrs. J. H. Simpson and Mr. Quattermouse is the son of N. C. Quattermouse, both of the Belles Mines district.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather to Face the Facts.

IN 2000 counties in 36 states the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. The charts and maps will amaze you. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys the program of the Interchurch World Movement is being built.

What the Movement Is.

This movement is a clearing house for the activities of the "forward movements" of 30 denominations. It is the basis of co-operation for the churches of America in a mighty effort to face the facts revealed in the surveys which are being conducted by the movement.

You, as a minister of the Gospel, or earnest layman vitally interested in the upbuilding of God's kingdom on earth, should know the task which lies ahead and the part which the Interchurch World Movement is to play in facing the situation.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

INTERCHURCH WORLD MOVEMENT

SOUTHEASTERN DIVISION—517 Peters Bldg., Atlanta, Ga.

The publication of this advertisement is made possible through the co-operation of 30 denominations.

Get More Wear Out of Your Clothes

That's the answer to your clothes problem for spring

All clothes are higher priced whether they are good or bad. So there's just one way to make your clothes cost less.

Get good ones; the kind that wear the longest; that lowers your clothes cost per day; you spend less by the year.

That's the kind of service we can give you; more wear and a lower cost in

HART, SCHAFFNER & MARX CLOTHES

Evansville

We refund fares on M. R. A. plan.

Mrs. John Glass returned from the hospital at Evansville Sunday where she has been for some time. She is very much improved.

Money Is Not the Chief Thing—

In life or in the Kingdom of God. Yet if God's people are to adequately discharge their duty to others in the world, large cash funds must be available for this purpose.

The first year of the

Baptist 75 Million Campaign Closes May 1, 1920

And one-fifth of all subscriptions to that cause should be paid in before that time.

Missionaries at home and abroad will be retarded in their work, colleges and seminaries will be crippled, aged ministers will be seriously embarrassed, orphan children who look to us for food, clothing and training for citizenship may be compelled to go hungry, the sick and suffering who are seeking aid from our hospitals must be denied admission for lack of room, and immortal souls at home and abroad will be lost if we do not respond promptly with what we have promised for carrying forward God's work.

23,000,000 People Are Unsaved

Within the territory of the Southern Baptist Convention there are 23,000,000 men, women and children above twelve years of age who are not Christians. Southern Baptists have a large responsibility in reaching these people for God.

What are you doing in your community to right this situation?

COMING

A Tale of Two Cities

NEWS CULLINGS From Kentucky

Versailles.—Mrs. J. W. Hawkins sustained a fracture of her left hip in a fall at her home, and was moved to the hospital.

Winchester.—Clarence E. Ackley, of Anchorage, has been elected superintendent of schools to succeed O. H. Harris, resigned.

Marion.—Buck Markey, negro, convicted of shooting and wounding Geo. Manley, deputy sheriff, in resisting arrest, was fined \$250.

Corbin.—The body of Fred Moore, switchman, run over by a car which he believed he had uncoupled, was sent to Corinth for burial.

Owingsville.—Richard Bigstaff, 83, last of the four sons of Dr. O. S. Bigstaff, pioneer physician here, died from a stroke of paralysis.

Grayson.—Mrs. Goldie Colegrove, who went to Ashland for a visit to her cousin, died after an illness of a few days from pneumonia.

Carlisle.—Schools were closed in honor of Prof. Frank M. Carter, superintendent of schools, who died after a short illness of pneumonia.

Lexington.—A verdict for \$10,000 was given John Offutt in his suit against Thomas W. Bowles on grounds that defendant had shot him.

Hopkinsville.—Miss Evelyn Parkins, 27, who spent the two years of the war in Washington working for the government, died of pneumonia.

Somerset.—As the result of a "sing" held at the home of Thomas Silvers, an old-fashioned singing school is to be organized in that vicinity.

Bowling Green.—A reward of \$1,200 has been offered by the Bank of Woodburn for apprehension of the yegmen who robbed the institution of \$8,200.

Paris.—The burial of Annie Osborn, 6, who died of burns sustained when her dress caught fire from an open fire, took place at North Middletown.

Mayesville.—All bids for building 24 dwellings in the new housing move were rejected as being too high, and bids will be asked for under a different proposal.

Eddyville.—Rev. J. D. Woodson, who has had the grim duty of giving consolation to condemned men for two terms, has resigned as chaplain of Eddyville Penitentiary.

Louisville.—Two pianos belonging to the Alder Co. were smashed to pieces when, in avoiding a collision with another machine, the negro driver steered a truck into a telephone pole, broke off the pole and turned over the truck.

Paducah.—Owners of two picture theaters and one dance hall were served with notices that they would be closed unless extensive improvements dictated by fire regulations are made at once.

Mt. Sterling.—Prof. H. A. Babb, former principal of the Frankfort city school, has been elected to succeed Prof. W. O. Hopper, resigned, as superintendent of the city high school in this city. Prof. Babb has assumed his duties.

Irvine.—The 12-year-old son of Kit Withers, of Harget, in this county, had both legs broken by a falling tree. Seven men were holding the tree with lines to make it fall in the desired direction, when young Withers ran under the tree just as it was falling. It crushed him to the ground, breaking both legs above the knees.

London.—At a meeting of the Library Committee a campaign for membership in the Laurel County Library Association was outlined by the chairman, Mrs. Nat B. Sewel. A house-to-house canvass will be made, the annual dues being 50 cents for adults and 25 cents for children. The books, numbering 500 volumes, are being catalogued.

Louisville.—The police have been unable to find the person who fired a shot which struck Miss Clara Keith, 29 years old, a trained nurse and missionary, in the right arm while a Brook street car, on which she was a passenger, was crossing the intersection of Fifth and Market streets. The wound was a superficial one, the bullet entering and passing out of the arm just above the right elbow. It was dressed at the City Hospital.

Mayfield.—Seven counties were represented here in a tobacco meeting. There are two factions, both being opposed to the chute method of selling. Felix G. Ewing, of Cedar Hill, Tenn., was here and made a talk, explaining a new method which he thinks is the best for farmers. He favors a loose floor system, conducted and supervised exclusively by the farmers.

Lexington.—The issuance of 44 more marriage licenses this year than for the same period last year is attributed to leap-year activities.

Bardwell.—Millard Copely, tried three times on the charge of having murdered Oliver Fraser in 1918, was given his liberty on motion of the commonwealth, which despaired of a conviction. He entered an agreement to leave this part of the state within three months.

Wilmore.—A fire built to smoke meat resulted in the destruction of Homer Combs' meathouse, with his year's supply, and his coalhouse. His home would have been destroyed save for the heroic work of 50 neighbors.

Louisville.—The Rev. H. B. Cox, of Middletown, who came here to attend a meeting of churchmen, lost his pocketbook containing \$107, and his railroad ticket.

Hyden.—A. B. Napier, convicted of being implicated in the robbery of Will Osborne two years ago, was pardoned on evidence that he had been made a scapegoat.

Columbia.—Elsie Young has entered a contract with a New Albany concern to furnish it between 3,000,000 and 4,000,000 feet of lumber from this section this year.

Danville.—Mrs. Thornton Conquest, 40, died from measles, which attacked also her husband and six children at the same time. Her body was sent to Liberty for burial.

Lexington.—Mrs. Kate M. Forsythe, 86, who died here, was a sister of General John Morgan and the last of her family. Her second husband was General A. P. Hill, of Virginia.

Greensburg.—Circuit Court was adjourned when Brooklin Harding, Campbellsville, commonwealth's attorney, was seized with appendicitis and taken to Louisville for an operation.

Paducah.—In a signed statement, particularly every industry in Paducah, led by the Board of Trade, declared for an "open shop," and a general strike of union men is a possible outcome.

Louisville.—A restraining order was issued against Mrs. J. L. Reynolds prohibiting her from annoying her husband or interfering with his work, pending a decision in his suit for divorce.

Greensburg.—Young Marion Sholly died from a gunshot wound said to have been inflicted by Lee Ford, 20, a negro. In a deathbed statement the boy said the shooting was not accidental.

Richmond.—The new educational program, following 1920 enactment of the Legislature, will be the chief topics before the conference of school superintendents of Eastern Kentucky here May 5-7.

Campbellsville.—Next to tobacco, poultry was the largest money crop of this country last year, returns reaching a quarter of a million, and many pure-bred chicken clubs are being organized.

Hartford.—J. H. Hamilton sustained a broken arm when a log rolled from a car which he was loading. Ed Hendricks had his leg broken by the fling of a wagon chain, which caught on a root.

Greenville.—Harry Williams, Central City negro, is in jail charged with having taken a horse from Walla Whitmer and after riding it to South Carrollton, to have taken it to Evansville by boat at midnight.

Campbellsville.—Goegel and Addas Cox, brothers, and Paul Phillips, accused of robbing a store at Mannsville, were brought to this place from Lebanon, where they were arrested while in an automobile.

Lancaster.—Prof. B. F. Evans will become custodian of the National Cemetery at Chattanooga temporarily and later be assigned to a permanent post, after having been an educator here for half a century.

Hodgenville.—A ewe belonging to Puckett & Hayes has repeated for the third consecutive year the production of three lambs. She raised the six others to maturity, and this set of triplets all are thriving.

Lexington.—The trials of James Welch, farmer, and Mrs. J. S. Thomson, under indictment on the charge of having murdered her husband, a traveling salesman, will be entered April 7, according to the new docket.

Frankfort.—An additional labor inspector for the State Department of Agriculture will be sent here by the Federal Government, says Commissioner W. C. Hanna, as a result of recent legislation extending the scope of this department. The new inspector will receive a salary of \$2,040 a year. The franking privilege has been extended to the department, and office equipment and supplies will be furnished by the Federal Department of Labor.

Frankfort.—Prof. D. V. Terrell, head of the Department of Civil Engineering, University of Kentucky, in conference with road officials here, announced plans for the annual inspection trip for seniors in the College of Engineering to Chicago and vicinity. The twenty-nine members of the graduating class in engineering will make the trip, accompanied by Dean F. Paul Anderson and Professors W. E. Freeman, J. B. Dicker, Julius Wolf and D. V. Terrell.

Frankfort.—Kentucky is a pioneer state in introducing the teaching of thrift in public schools, and has made a good record in the organization of thrift societies in the schools, says D. W. Clayton, of St. Louis, in charge of the War Savings division in schools of the Eighth Federal Reserve district, which includes Kentucky, Arkansas and Missouri.

Bowling Green.—Phil Finn, oil man, was brought back to answer to charges of having given worthless checks here several months ago.

Clinton.—Under an experimental rental arrangement the Clinton Commercial Club is operating the plant of the Water and Light Co., shut down for three weeks because of deadlock between city and company as to which should operate it.

Lexington.—As the result of serious burns received when her clothing caught fire from a kitchen stove, Frances Chilton, 10-year-old daughter of Henry Chilton, died at a local hospital. Her mother was badly burned about the hands trying to save her.

APPROVED WRAPS -- FOR SUMMER --

SUMMER time will see some of the most beautiful wraps that have ever been made under the inspiration of its sunny skies. Designers must be dreaming of it when they begin, in the heart of winter, to fashion cloaks and coats to be used months afterward, but destined to have their first airings at the fashionable winter resorts. The styles favored by women of trained judgment, are promoted, and they become the fashions of the summer season.

Among the taffeta wraps there are such masterpieces of superb designing as that which compels our homage in the garment shown in the picture. You must imagine it in peacock blue silk, with wide black satin ribbon having a line of gold along the edges, outlining the sleeves and simulating a deep yoke that reaches to the waistline in front. The skirt of the coat is cut in long pointed panels that overlap, and there is a large and very becoming collar with silk cord and tassel in the color of the cloak that ties about it. Huge, embroidered roses, set in leaves cut from black satin and outlined with gold thread, make a decoration that measures up to the excellence of the design. They are placed at each side on a panel and at the waistline on one side.

Another wrap of taffeta has a deep yoke with a full cape gathered to it under a band of embroidery. Black taffeta was chosen for this cape with embroidery in sapphire blue and blue satin lining. It was shorter than the wrap pictured.

FOR THE YOUNGER GIRLS

THE outstanding excellence of children's clothing for spring lies mostly in their simplicity and their neatness, and neatness in children's apparel is another name for smartness. Leaving furbelows to party frocks, designers have taken blue serge, plaid woolsens and many substantial cotton goods and turned them into enchanting things for little girls to spend their days in.

For the younger girls serge dresses with bloomers to match or with bloomers of plaid material leave nothing to be desired in dresses for everyday wear. Detachable white collars and cuffs of linen or heavy cotton or flannel, start the little maid off in the morning properly freshened up for school. When the weather is warm a pretty chambray or gingham dress replaces serge for daily wear. The care and the success with which they have been designed is convincingly shown in the box-plated school dress of chambray pictured above at the right.

Paris Millinery.

New hats appear earlier than new spring gowns do. Perhaps it would be more correct to say that hat fashions are changing all the time, since each fortnight in Paris sees the rise and fall of some favored model. A good rule to follow is that there should be no hard edges. Even the close-fitting caplike toques achieve the desirable softness of outline by a soft drapery, a somewhat shaggy garland of velvet flowers or large flower petals, or a mass of feathers. These

toques are serviceable when made in draped American cloth (the kind which once covered nursery table tops) or provided covers for school books, boldly embroidered in brushed wool.

Dresses of Black Chiffon.

Among the newer ideas are dresses of black chiffon with wide black crepe satin ribbon set on the skirt in three or four-tiered ruffles, and the plain fitting body with rounded neck and short sleeves.

Julia Bottomley

ONE OF THE OLDEST METALS

Abundant Proof That Iron Has Been in Use Since the Very Earliest Days.

Iron must have been familiar in the time of Moses. A wedge made of iron was left in the great pyramid by the builders, which proves that the metal was known and in use about 1,500 B. C. Besides, in the fourth chapter of Genesis, it is mentioned that Tubal Cain was a pioneer in developing the arts of iron making and brass working. Brass, however, was a very indelible form among the natives. When spoken of in the Scriptures it is seldom to be understood to signify the alloy of copper and zinc now called by that name. The "brass" tempered for edged tools or weapons of war was a bronze, usually a compound of copper and tin.

Copper was also known to mankind at a very early period. Articles of copper were found 81 feet under the statue of Rameses the Great, which was erected 3,500 years ago. Debris has accumulated there to a depth of nine feet, and the copper articles were found, on further excavation, 72 feet lower down.

Gretna Green.

Gretna Green, the rendezvous of eloping couples, was once the haunt of persons who exercised cupidity at the expense of Cupid, and innkeepers, ferrymen and tollhouse tenders exploited the couples who fled there. Any witnesses served to make the marriages recognized as legal, but the "professional witnesses" there, like the "marrying parsons" of some American towns, effaged "bouts" to bring couples to them, and when the railroad from Glasgow to Carlisle started running, the station platform at Gretna Green thronged with these obnoxious "commissioned men."

According to a popular legend, blacksmith shops were favorite places for eloping couples, but authority is lacking for stories of smithies who would pause while shoeing horses to help legalize marriages.

Testimony of a Kentucky Woman

Louisville, Ky.—"Some time ago I was in a badly run-down condition. I had no energy whatever, was nervous and lost my appetite. I knew I was in need of a tonic and decided to try Dr. Pierce's Golden Medical Discovery, which had been recommended very highly. The first bottle helped me so much that I kept on with it until I had taken the fourth bottle when I was completely restored to health. I certainly recommend Dr. Pierce's Golden Medical Discovery most highly to all persons in need of a tonic and builder."—MRS. ANNA MURPHY, 1608 Practice St.

Stomach Trouble Indigestion—Nervous—Sleepless

West Frankfort, Ky.—"For many years I suffered with stomach trouble; my food would not digest, it would sour on my stomach and gas would form and cause me to be distressed and cramped until I would be almost bent double with pain. I was extremely nervous, could not eat or sleep and was nearing a physical wreck when I was advised to take Dr. Pierce's Golden Medical Discovery. It soon relieved me of my stomach trouble and built me up in health and strength. Golden Medical Discovery did wonders for me and I am glad to give it a recommendation."—MRS. MARIA E. COX, 632 Kentucky Ave.

There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it.

A LINGERING COUGH

a tender throat, frequent colds, impoverished blood, loss of weight or lack of energy, are all ear-marks denoting lowered resistance. The system needs

SCOTT'S EMULSION

three or four times a day to help restore the resistive powers of the body. Coughs, colds and the like do not linger long when Scott's Emulsion is taken consistently and regularly. Better try it!

The exclusive grade of cod liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed.

Scott & Bower, Bloomfield, N. J.

MISTAKES ABOUT SEA WAVES KNOW ALL ABOUT WEATHER

Really They Are Not Nearly as High as Some Voyagers Have Asserted.

Voyagers on stormy seas come safely ashore and tell their friends of waves that rose mountains high and at times threatened to overwhelm the vessel on which they braved the deep. The untrained eyes of the amateur seafarer generally exaggerate the height of the waves, and when the statement is made that the water rose at least 100 feet above the vessel it is seldom that any of the auditors can disprove it.

Exhaustive observations made by scientists give the maximum height attained by waves at not more than sixty feet, and then only when the wind has been of hurricane force. The average height of waves in a strong gale is about thirty feet, in a whole gale about thirty-seven feet, and in a storm about forty-five feet. The scientists further state that if waves travel as fast as the average velocity of the strongest winds and if there be swifter waves produced directly or indirectly by action of the wind upon the sea they do not attain sufficient height to form noticeable breakers.

"RESULTS MORE THAN CLAIMED"

So testifies Mr. J. F. ARENDT, Box 44, Remig, Texas

PE-RU-NA THE REMEDY FOR EVERYDAY ILLS

"I have used Pe-ru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. Have also taken Lacupia and can easily say it is one of the best blood purifiers I have ever used."

Mr. J. F. Arendt

For Catarrh and Catarrhal Conditions

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Pe-ru-na than any written words of ours. For fifty years Pe-ru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Pe-ru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition. If your suffering is the result of a catarrhal disorder try Pe-ru-na. It is a true, tried medicine.

Sold Everywhere Tablets or Liquid

Ninety-seven per cent. of the people have catarrh in some form.

PRINCE ALBERT the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert!

That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Tippy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidors with sponge moisture top that keeps the tobacco in perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Attention!

To Tobacco Growers!

As the tobacco growers have not had a season for their tobacco to be stripped, I decided to extend the time which we will continue to keep open instead of closing on April 15th, I will keep open to April 29th, and will be ready to receive all the tobacco you will favor me to sell for you.

I am running at a loss, and my expense is great, but I am making this sacrifice to accommodate my patrons. Rush your tobacco to our market.

TO THE PEOPLE OF CRITTENDEN COUNTY

Who Bought Cross Salve when I Canvassed the county some time since

If any of you are dissatisfied in any way with the results obtained I want to give you back your money.

And if any of you are pleased with the results let me know about it, won't you? Mr. J. C. Gupton says:

Marion, Ky., March 12th.
This is to certify that I had what two good doctors call cancer on my lip and Cross's salve completely cured it. There has been no sign of it for two years. I can heartily recommend it. I would not be without it in my house if there was any chance to purchase it. I remain,
J. C. GUPTON, Marion, Ky.

Jim Henry, Mgr. Cross Salve

Let me hear from all who have used Cross's Salve. If you like it, say so—if you don't you get your money back.

CROSS SALVE CO.

Don't Neglect Even a Slight Cold or Cough

It's foolish to neglect a cold or cough and take chances. At the first sign of a sneeze, "snuffle," sore throat or cough, take GOFF'S (No-Dope) COUGH SYRUP. It will stop the cough quickly, relieve the irritation, raise the phlegm and soothe and heal the inflamed throat. GOFF'S contains nothing harmful—No Narcotics or Opium of any kind. It's the good, old-fashioned cough syrup. Safe and pleasant for babies and children. Keep it in the house always.

Get GOFF'S
The Original No-Dope
COUGH SYRUP

From Your Grocer or Druggist
at 30c. and 60c. a Bottle

GOFF'S is Guaranteed to help you and your children. Every dealer is authorized to return your money without question if you say it did not help you.
