Good Banking is Good Business

The Best Business Connection in the World

is a good bank. Most people in this community know the financial stability of this bank, but there are some who do not realize how easily they can get our resources behind them.

This Year of Grace--1920--

will be filled with financial problems. Some of them are likely to perplex the average man of business. These problems are a regular thing with us and because we have mastered so many of them, we may be able to help you with yours. Anyhow, we would like to. Come in and let's talk it over. And of course our talk is confidential.

In the Matter of Investments

let us recommend Liberty Bonds, which may be obtained now at attractive terms, and U. S. Treasury Saving Certificates in \$100 and \$1000 denominations. We will be glad to show you anything that you may want to know about them or any other securities you contemplate buying.

TRACK MEET A SUCCESS

The C. I. A. Track Meet, which was held at Marion on April 16 was an overwhelming success, both from a financial standpoint and from the interest and enthusiasm displayed. This was the biggest event that has been in Marion for some time.

About eleven o'clock Friday morning the special train of seven coaches pulled into Marion loaded to the capacity with happy school-children who were yelling and singing their school songs. The Sturgis band played as the children unloaded and played a march to town. The contestants were all brought to town in cars, which were lent by the good towns-people. Never before was the peaceful little town of Marion stirred into such an enthusiastic school spirit. A few of our rather pessimistic people thought that it would only be a small affair but when the school-children from all over this end of the state came marching and yelling through town, they began to realize just what was about to happen and the older ones forgot their fiftieth birthday and were as a child again.

The grounds were covered with anxious people long before time to start. The different schools were gathered in groups yelling to the extent of their lungs. The track events began at one-thirty, with the half mile race. Marion started the evening right by taking the first event. Hubert Crider won the half mile by several yards, scoring five points for Marion. Sturgis took second and third, time two minutes sixteen, one half seconds. In the hundred yard dash, Funkhouser of Providence took first place, time 24 1-5 seconds. Clay took second and Morganfield third. The shot put was won by Simpson, of Providence, distance 35-7 feet. Clay took second and Morganfield third. In the 440 Morganfield took first place with Marion a close second and Corydon third, time 1 minute and 6 seconds. Marion took the discus throw. John Ed Young throwing it 47-3 1/2 feet while Providence took second and third. Sturgis took first place in the high jump and Morganfield and Providence tied for second place. Sturgis took first place in the low hurdle the time being 30 4-5 seconds.

with Houcher, of Marion second. In the mile run, Collins of Sturgis took first place by a few feet, and Hubert Crider of Marion second. The race should have been won by Crider as he was about twenty yards in the lead when he was told to take his time and save himself for the relay, he slowed down and allowed the Sturgis runner to pass him in the stretch. In the broad jump, Sturgis took first place and Marion jumping 19-2 feet, Providence second and Corydon third.

In all the history of the Central Intercollegiate Association there was never such a hotly contested meet. The score before the mile race was as follows: Marion 21; Sturgis 22; Providence 29; Morganfield 15; Clay 9 and Corydon 2. Marion, Sturgis and Providence were running neck and neck and whoever should win the relay won the track meet. The crowd was nearly uncontrollable at the start of the relay and such a race is seldom seen.

When Miss Nations reported the close second, making the final score Sturgis 32; Providence 29; Marion 26; Morganfield 15; Clay 9 and Corydon 2.

BOY WHIPPED AT TOLU

A very pathetic and sensational event occurred at Tolu last week when Mr. Mark Brown was forced into whipping his nine year old boy publicly.

From all reports, the young chap was trying to use the telephone and the operator, Miss Nations, ordered him off the line and the boy used some insulting language to her. When Miss Nations reported the boy to her father, Mr. John Nation, he at once called the boy's father, Mark Brown and called for an explanation. Mr. Brown told him the boy was only nine years old and that both his mother and he had whipped him. Mr. Nation then requested that the boy be brought to Tolu and whipped publicly or he would be sent to the house of correction. Mr. Brown then brought the young chap to Tolu the next morning to Foley and Phillips store where he was whipped to the satisfaction of Mr. Nation.

Mr. Nation and Mr. Brown are both under bond to appear before the court on April 30, for an examining trial.

Mr. and Mrs. T. C. Grisom of Cave in Rock, Ill. arrived Monday for a few days visit with friends and relatives here.

CLEAN UP PROCLAMATION

The State Board of Health has issued the following Clean-up Week proclamation.

WHEREAS, the winter's accumulation of decaying filth and refuse in alleys and streets of cities and towns, and especially in and about the back premises of almost all homes, rich and poor, in cities, towns and country districts, constitutes an annually recurring menace to the health, life and comfort of the entire population of Kentucky, which easily and inexpensively can be hauled away and spread upon gardens and farms where it is much needed if all classes of the people will lend a hand in the work, now,

THEREFORE, be it known that the State Board of Health, by virtue of authority vested in it by law, hereby joins the State Federation of Women's Clubs in designating and proclaiming the period from April 25th to May 2nd as "Clean-Up Week" this to include hazing and white washing, for every home in Kentucky; and in this health and life saving work the Board earnestly appeals for the full and active co-operation for the entire week of all city and county officials, day and night; School teachers and pupils, their duty to begin with the school house and grounds so as to make them models for the community, preachers and church members, women's clubs, Red Cross chapters, newspapers and every family, and especially asking city and town officials and heads of families to furnish teams and the heavy labor necessary in the hauling of the refuse which with this encouragement, the women and children can be relied upon to collect at accessible places; and the Board urges that the press, women's clubs, clergy and teachers give this proclamation such publicity as will make effective, with the plea that the clean up be repeated monthly until cold weather sets in next fall, except that it be weekly as to the manure in all stables where horses are kept in order to put an end to the breeding of flies.

GIVEN UNDER OUR HANDS and the Seal of the Board this 10th day of April, 1920. A. T. McCORMACK, Secretary; John G. South, Pres.

SEALED PROPOSALS

Sealed bids will be received by the undersigned committee, appointed by the Fiscal Court of Crittenden County, Ky. for steel filing equipment and lightweight steel safe for the circuit court clerk's office, and for steel filing equipment for the Tax Commissioner's office, both in the court house at Marion, Ky.

Plans and specifications are on file, and may be seen, at the office of John A. Moore, County Attorney at Marion, Ky.

All bids must be filed with said County Attorney at Marion, Ky. on or before 10:00 o'clock A. M., Friday, April 30, 1920.

The successful bidder shall furnish, if required by the committee or court, an acceptable surety bond for the entire amount of the contract, conditioned upon the faithful performance of the contract with the said plans and specifications.

Each bid must be enclosed in a sealed envelope endorsed with the name of the bidder, and must be in the hands of the County Attorney not later than the above date and hour if it is to receive consideration.

Bids are to be made upon the equipment as a whole, as shown on the plans, and also on each unit separately.

THE COLYUM

Drove a 4d out to, Aunt Sarah Ann Lamb's birthday blow out last Sunday and at this time, Tuesday night, am still so tired and sore that I can hardly move.

Which goes to prove that the roads around Marion are still in a horrible condition.

There is one stretch of abominable road between Repton and Tribune that has been recently worked and left with big bumps every foot or so.

One hundred years in the pen at hard labor is too good for whoever is responsible for that stretch of bumps.

But enough of bad roads for once if I were to say all I thought on this subject it would break us up buying the paper to put it on.

But back to that birthday dinner.

This affair was originally planned as a surprise on Aunt Sarah. She was 75 years old Sunday, which happened to be the regular preaching day at Sugar Grove.

It may have been a surprise all right but if so will add the comment that Germany in her palmy days was never any more prepared for war than Aunt Sarah was for that crowd.

Most of the crowd went to Sugar Grove first and attended Sunday-School. After Sunday School Uncle Billy Joel Hill conducted a short service, owing to the fact that they have no pastor out there now. After this service practically all who were at the church headed toward Aunt Sarah Ann's. Not surprising though as most every body in that neck of the woods is either a relation or an in-law of some kind.

By some time around 1:30 baskets and boxes began to be unloaded and I began to suspect that there would be something to eat in sight very soon. Of course I really began to suspect something like that when I arrived at the scene of the festivities and saw Walter McConnell there ahead of me. He is the only living person who can scent a basket dinner farther than I can.

And such a spread as that was! Every one of those elegant cooks who prepared the bountiful dinner laid out in front of us had evidently intended to have every one say that they had the best. And they sure did succeed. I didn't eat near all I wanted though. The spirit was willing but the flesh was weak.

There were about sixty people present to pay their respects to Aunt Sarah—and it is pretty safe to say that it was one of the biggest days in all her life.

And I would willingly drive the 4d over some more mighty rough roads to go to another one.

I thank you. W. P. HOGARD.

It was the largest class ever graduated from this school, the number being forty-one.—Providence Enterprise.

KILLS HIS BROTHER

One of the saddest and most tragic deaths that ever occurred in this county, happened last Wednesday near Tolu, when John Underdown struck his brother, William, with a post hole digger and mortally wounded him.

From reports the brothers had had trouble previous to the quarrel which terminated in death, and the dispute came up over some hog. According to John Underdown's statement, William rushed at him with a knife and John struck him with the post hole digger not intending to severely injure, but the blow fractured the skull.

When John saw that his brother was badly injured he went for help and when he came back William was unconscious. He was put on a launch and started for the hospital but he died before reaching Morganfield. His body was prepared for burial at that place and sent back.

SERIOUSLY INJURED

Mr. Vaughn Wilby was seriously injured at the Aluminum Ore Mines last Friday from an explosion of dynamite caps. He was experimenting with about one hundred dynamite caps when from some unknown cause they exploded, resulting in five hundred wounds on his body.

Three physicians were called at once and his wounds dressed and he was sent to a hospital in Evansville where he is getting along nicely and expects to be able to return in about three weeks.

PROMINENT PASTOR LEAVES

Are You Looking for an Opportunity?

We have under our control 2296 1-2 acres of oil and gas leases located in the heart of the best producing counties in Kentucky. Leases are as follows—

Barren county, 51 acres lying north of the Freeman wells in Allen county, which came in making 2500 barrels a day production.

5 acres, Barren county, lying across the river from the Jewell wells, which the Big Dipper is now shipping oil from.

70 acres, Barren county, lying north of the Moneder Lawrence and McDaniels wells. These wells are shipping several thousand barrels a week.

Warren county, 140 acres, lying in the Davenport field, where recently 100 acres is reported sold for \$160,000.00. Great development in and around this property.

200 acres, Allen county. This county is the best known county in the state of Kentucky. It has the shallowest production that has ever been found.

Logan county, 100 acres, where the Diamond Spring wells are found and several wells are now contracted to be drilled.

Muhlenburg county, 730 1-2 acres, lying west of Diamond Springs wells in Logan county.

New Mexico, 1,000 acres. This is predicted to be the greatest oil state in the United States. The large companies now have at least 200 rigs at work in and adjoining counties. Leases are selling in adjoining county for \$500.00 an acre.

This is No Stock Selling Proposition. We Want You to Come in Help Us Control these Leases.

Our titles are good and leases recorded. We are in to make this county a producing territory. Have several propositions for the interest of our town. After our amount is subscribed to finish our leases no interest will be for sale. It now takes \$200.00 to secure an interest in the 2296 1/2 acres. Our officers are all home people except Mr. Paul Wright, of Bowling Green, which will handle the interest for company as the Officers and Directors see fit. Our trustees now are: Dr. F. W. Nunn, Sec.-Treas., and Mr. W. D. Cannan, President. When the full amount has been subscribed to finish taking over these leases the company will be organized and get to work. Send your check to Dr. F. W. Nunn or Mr. W. D. Cannan. Either will see that everything will be fulfilled and your share according your investment in all the company controls.

Officers and subscribers which have paid in:

M. H. CANNAN DR. F. W. NUNN L. E. CRIDER H. E. MORRIS
W. H. MORRIS W. D. CANNAN J. A. STEPHENS PAUL WRIGHT

An exceptional opportunity as we will own 2296 1/2 acres which will be worth three times the amount invested. These leases were secured early.

Get behind and help us put the pep in our county. We reserve the right to return your check if our amount has been oversubscribed.

During the past week Lummie Clark, C. W. Haynes, Bebe Boswell, Harry Vaughn, O. E. Guess, Levi Cook and T. C. Bennett have become interested in these leases. Only room for a few more.

The 1920 Chautauqua

Begin now to plan to attend the Chautauqua to be held in Marion this year. The program is to be the best one yet. True it is several weeks till time to attend Chautauqua but it is not too soon to talk Chautauqua with your neighbors, and either buy or have your season tickets reserved for you.

Let's make the Marion Chautauqua the biggest one in western Kentucky. This can easily be done if every one will take a hand in boosting it—and the best way to boost is to buy a season ticket for each member of your family—and influence your neighbor to do likewise. The cost is small and the returns big.

SALVATION ARMY BUYS "Y" BUILDING

Hopkinsville Business Men Pledge Their Hearty Support to Further the Work.

The Salvation Army has bought the Y. M. C. A. building at Hopkinsville. Col. William Evans, of Pittsburg, the chief provincial officer, and Brigadier David E. Dunham, divisional officer, of Cincinnati, recently visited Hopkinsville, where they met a number of prominent citizens and consummated the deal.

Seven of the leading business men of Hopkinsville were ready to get behind the movement and pledged their hearty support at the meeting. Others prominent in their offers of support were Dr. Leonard Doolan, pastor of the First Baptist Church, formerly of Louisville; Rev. A. R. Kasey, pastor of the First Methodist Church, and Rev. Everett S. Smith, pastor of the First Christian Church. Members of the Board of Directors of the Y. M. C. A. were also present.

The Y. M. C. A. building was erected some years ago, but a debt has hung over it. A Hopkinsville bank held a mortgage and filed suit to foreclose and the Salvation Army bid in the property. The building is in the center of the city, is built of concrete blocks, and has three stories. On the first floor is a central assembly room, on the second floor will be the Salvation Army corps headquarters, and the third floor will be used for emergency cases. Many changes will be made in the building, and when completed it will be ideal as a community social welfare center.

Envoys Henry Valier has been in charge of the Salvation Army work in Hopkinsville for the past five years.

GOVERNOR COOLIDGE ACCEPTS.

Governor Calvin Coolidge, of Massachusetts, has accepted the chairmanship for New England of the Salvation Army 1920 Home Service Appeal, according to advice received by Commander Evangeline Booth, head of the organization in this country. Announcement of Franklin K. Lane's acceptance as national chairman for the Salvation Appeal was made recently.

"The Salvation Army," said the Governor in accepting the chairmanship, "has never ceased to instill true Americanism in the minds and hearts of those people who, because of their circumstances and position in the world, this wonderful organization alone has been able to reach. The Salvation Army taught its great lesson of Americanism on the firing line of France; it is carrying on the same ideals during this trying period of reconstruction."

The pay of Salvation Army officers runs from \$2.50 per week to less than \$30 per week. Commander Evangeline Booth, who is in command of the Salvation Army throughout America, had an income of less than \$1,000 for the past year, according to the tax man.

President Wilson says, "No one who has watched, even superficially, the work and progress of the Salvation Army, can fail to feel the deepest and most sincere interest in its success."

Sixty influenza patients were taken care of by the Salvation Army during the recent epidemic in Parkersburg. Nearly 170 were nursed through the great epidemic of 1918 in Charleston.

"The efforts of the Salvation Army are worthy of the highest appreciation," says Sir Robert Borden, prime minister of Canada.

Hundreds of colored girls and women have been cured for within the past three or four years at the Salvation Army maternity home for the colored in Cincinnati, O.

S. A. ACCOUNTS FOR FUNDS COLLECTED IN LAST CAMPAIGN

Colonel William Evans Makes Public Financial Statement for "O K" Province.

More than a million and a half dollars will have been spent by the Salvation Army in the "O. K." Province during the twelve months ending May 31, according to the official statement just made by Provincial Officer Colonel William Evans.

Of this amount \$1,296,750.00 had been spent on January 31 last and there remained a reserve of \$222,034.00 to cover the amount required between then and the end of May, making the grand total \$1,518,784.00.

The greatest demand made upon the funds available for this province, which includes Ohio, Western Pennsylvania, Kentucky, West Virginia and Tennessee, was in the liquidation of mortgages on the property of the Army, to which \$100,755.18 was devoted, and in the purchase and erection of new buildings to accommodate the greatly increased work of the organization here. This cost \$568,697.59.

The debt which presented such a handicap to the work of the Army in this, as well as in other provinces, was the natural result of a long period of sacrifice, open-handed charity and insufficient support. For years it has been the custom throughout the country to send the needy to the Salvation Army where they always have received prompt and cheerful help; but it was too often overlooked that some return was absolutely essential if the institution was to maintain its feet.

The necessary support was formerly not forthcoming in the offerings cast into the tambourine passed in meetings and the Army has until now found it imperative to mortgage its property in order to secure money for the carrying on of the work. This old order changed for the better last year when the new plan of making a single annual Home Service Appeal to the whole country was adopted and when, for the first time in its history, the Army was enabled to liquidate any considerable amount of its debts and to pay the full salary of its officers, scanty though that is.

Support of corps activities for the eight months ending with January took \$138,046.00 while there remained a reserve of \$116,300.00 to carry through May. This money covers the rental of buildings in places where the Army does not own its establishments, lighting, heating and maintenance of these places as well as those actually owned by the organization, covers the salaries paid the workers in this province and includes traveling expenses, stationery, telephones and printing.

Maintenance of provincial and divisional headquarters activities cost \$376,650.00 while \$105,733.00 still remains unexpended and in reserve to maintain the work for the four remaining months.

These provincial and divisional headquarters exist for the purpose of supervising the work of the corps and the extension and development of the Salvation Army's undertakings generally within their territory. This expenditure therefore represents the rentals and maintenance of buildings used for officers and headquarters, salaries and the expense of operating fresh air camps and relief work.

This province's share, \$22,627, went to bearing the expenses of national headquarters, while the national pension fund which exists to provide for officers who have grown old in the service entailed the deduction of \$50,000 more from the grand total of the provincial budget. The women's work for the Province took \$39,973.

The 1919 balance sheet for the Province shows the following:

	Expended to January 31	Reserve to May 31
For the support of Corps Activities	\$128,046.38	\$116,300.97
Maintenance of Provincial and Divisional Headquarters	\$76,650.18	105,733.46
National Headquarters	\$2,627.80
Women's Social	\$9,973.00
Pension Fund	\$0.00
Mortgages	\$100,755.18
Properties	\$56,697.59

Following a careful preliminary survey of needs and requirements the 1920 budget for this province has been set at \$3,000,000. This money will be raised in the May Appeal and spent here during the next 12 months for the welfare purposes definitely explained in the foregoing paragraphs.

The Salvation Army makes a public appeal upon the principle that money, a medium of exchange, commands the material things which constitute relief for the worthy poor, the helpless and needy, the fallen and the stricken; upon the principle that the officers and soldiers of the Army have no desire to acquire or accumulate for their personal emolument any stores of money or chattels, but instead have dedicated their lives to the work of relieving others; upon the principles that while its members must live decently, and are therefore entitled to shelter and food, they seek no reward in this life beyond the respect and appreciation of their fellow men and women, and that they are especially fitted, in consequence, both in spirit and experience, to handle money judiciously and with utmost wisdom.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

COMMANDER OF THE SALVATION ARMY

Commander Evangeline Booth, head of the Salvation Army in the United States, will leave for Europe on important business immediately at the close of the Salvation Army's 1920 Home Service Appeal, May 10-20. The Commander will not only inspect the American Section of the Salvation Army work now going on with the American troops at Coblenz, Germany, and other points along the Rhine, but will confer in London with her brother, General Bramwell Booth, world head of the Salvation Army. The Commander intends to remain in London ten days. She will go not only to Germany, in the interests of her organization, but to Belgium, where there has been a vast increase recently in Salvation Army work. In addition the Commander will hold an important meeting in Paris. The Salvation Army is the only relief organization with the American Forces in Germany on the east side of the Rhine. It has five large soldiers' clubs in the Rhine country.

ALL KENTUCKIANS ARE MADE WELCOME

Booth Memorial Hospital at Covington is Operated By the Salvation Army.

Kentuckians from every part of the State will always find a hospitable welcome at the famous Booth Memorial Hospital, at Covington, whether they have money or not. Support of this hospital is one object of the Salvation Army's Home Service Campaign, May 10-20.

The Booth Memorial Hospital was the home of the late Anne Shinkle, the founder and promoter of the suspension bridge connecting Covington and Cincinnati. When the home was erected many years ago it was famous all over the United States as one of the finest in this section of the country.

Mr. Shinkle left the beautiful home to the Salvation Army upon his death, and since that time it has been used as a hospital. It is strictly un denominational. Men and women from all churches and representing all creeds are on the advisory board and the various committees. They are among the most prominent citizens of Covington. There is strictly a labor of love, and they receive no compensation. The same care and attention is given to patients who have no money as to those who can afford to pay part or whole of the fees required. Not a single patient without money has ever been turned away from this hospital, although many patients who offer to pay are not received because of lack of room.

Thirty per cent of all the cases in Booth Memorial Hospital have been charity patients. This record is by far the best of any hospital in the United States.

The medical staff of the hospital is made up of the best-known physicians in this section. Dr. J. B. Bick Meek, a Pendleton county boy, is chief of staff. In connection with the hospital a nurses' training school is maintained. Miss Catherine A. Webb is superintendent of nurses. She is an experienced nurse and has had post-graduate work in five of the largest hospitals in the country. Seven of the graduates of the school went into Red Cross work during the war, and two of them were overseas. They were Miss Dunlap, who recently passed away, and Leannan Sorrell, formerly of Pendleton county, Kentucky. Both of them rendered splendid service.

Great interest is being shown in Booth Memorial Hospital in all sections of Kentucky because patients are received from all parts of the state, charitable as well as full-pay and part-pay patients.

Salvation Army officers give 10 per cent of their meager earnings to charity. During the week of March 28th to April 5th, known to them as "Self-Denial Week," they cheerfully gave "what's left."

The Salvation Army has a commissioned officer staff of more than 18,000 working in 60 countries and speaking 48 different languages.

The Salvation Army knows no service too difficult, no task too great.

ECZEMA!

EXPENDITURES OF SALVATION ARMY SHOW \$13,257,552

Commander Evangeline Booth Makes Public Annual Home Service Fund Accounting.

EXPANSION OF WORK IN ALL DEPARTMENTS NOTED

Popular Organization's Budget for 1920 Totals \$10,000,000—Details of Figures for 1919 and 1920.

New York, April 12.—Expansion and advancement in every department of Salvation Army work as a result of the 1919 Home Service Fund are shown in a full accounting of that fund just made public by Commander Evangeline Booth at the National Headquarters of the organization here. The financial statement, which is of January 31, 1920, shows total expenditures throughout the country up to and including that date of \$13,257,552, with a remainder on hand for the four months to May 31, of \$910,130.

Details of the statement disclose that the sum of \$1,441,185 was expended up to January 31, for the maintenance of 930 corps and outposts in all parts of the United States. This item includes rentals of halls and their maintenance, salaries of 1,800 officers, the expenses of work for children and young people, the cost of all local relief work of whatever nature, and such incidental expenditures as postage, printing, stationery and the like.

In the period covered by the report the sum of \$1,088,429 was expended by thirty-four provincial and divisional headquarters for fresh air farms and camps, comprehensive relief work of a special nature among the poor, the sick and the distressed. These headquarters are charged with the oversight and direction of all corps and similar activities in their jurisdiction as well as the extension of Salvation Army effort to unoccupied fields and localities. Hence, this item includes also salaries of executive officers, of clerical and other employees, necessary traveling expenses, postage, the cost of advertising, publicity and a portion of the expenditures incidental to the organization of the financial campaign.

Details of Expenditures.

Other items detailed in the report include the sum of \$921,066, representing administrative and other expenses borne by National Headquarters in New York and Territorial Headquarters in Chicago; \$187,300 representing the cost of operating and maintaining 25 rescue homes and maternity hospitals, a general hospital and one for children, 3 children's homes and 11 slum settlements and nurseries; and \$400,000 apportioned according to the 1919 budget for the pension fund for aged or disabled officers.

Most significant, as indicating the remarkable advancement made by the Salvationists during the past year as a result of the 1919 fund contributed by the country, are the lifting of mortgages to the amount of \$1,881,193 and the outlay of \$7,038,834 for new buildings and additions, making a total of \$8,919,528.

Hitherto demands upon the Salvation Army's efforts have been so much greater than its income that it has labored under a tremendous indebtedness. Its officers have been reduced to part pay year after year, and the organization has been handicapped in its operations.

Not All Mortgages Liquidated.

Only a part of the mortgage indebtedness was paid off last year, however; the increased demands upon the Army everywhere in the country being so great that increased and new facilities for hospitals, rescue homes and other Army institutions called for the outlay of more than \$7,000,000. Army officers hope that the response to the 1920 Home Service Appeal will be such as to permit of the wiping out of much of the remaining mortgage indebtedness, provide for the maintenance of the organization's established activities and make urgently needed extensions and development possible.

The 1919 balance sheet shows the following:

Expenditure	To Jan. 31.	To May 31.
For support of corps activities	\$1,441,185.15	\$447,225.49
Maintenance of 34 provincial & divisional hdqrs.	1,688,429.62	297,133.93
Maintenance of national & territorial hdqrs.	821,099.97	63,474.09
Maintenance of institutions for women and children	187,300.73	102,797.09
Pension fund	400,000.00	
Mortgages and properties	5,919,528.43	
Total expenditures	10,947,543.90	\$10,140.59
Reserve for four months	\$10,140.59	
Grand total	11,048,684.49	

(Amount contributed in 1919: 14,167,693.50)

The Army's 1920 budget, asking for \$10,000,000, calls for \$4,000,000 to carry on its evangelistic and relief work in 1,000 separate centers; \$3,000,000 for relief work among the poor, sick and unfortunate, work for mothers and children, and other social work under provincial and divisional headquarters; \$250,000 for the maintenance of national and territorial headquarters; \$400,000 for rescue homes, nurseries, hospitals, slum posts and other institutions for women and children; \$150,000 for the retired officers' pension fund, and \$2,200,000 for the liquidation of mortgages and the acquiring of new properties made necessary by the Army's 1920 extension program.

Cox for President

Those Democrats in Kentucky who believe that Governor James M. Cox of Ohio because of his great ability and superior qualifications should be the next President of the United States, have decided to lay his claims before our Democratic voters with the delegates to the San Francisco convention, who will favor his nomination.

To secure a delegation from Kentucky to San Francisco it is first necessary that all Democrats who are for Cox shall attend the county mass conventions to be held in the various counties at 2 o'clock in the afternoon of Saturday, May 1st, and see that the delegates they send to the Democratic State Convention at Louisville, Tuesday, May 4th, are COX MEN.

This is no time for factional strife within the Democratic party. The man who undertakes to create the impression that the COX MOVEMENT is a movement in the interest of any individual branch, wing or faction of the Democratic party in Kentucky, is not a well-wisher for party unity and party success.

Former United States Senator John M. Camden in a statement given to the press, said:

Gov. James M. Cox of Ohio

Senator Camden in a statement given to the press, said:

"I am for Governor Cox because I believe him to be the one man who can win against the Republicans in November. He is safe, sane and liberal, has a record in Congress, and three terms as Governor of Ohio. He is a man every inch of him, and one around whom every element in the Democratic party can rally. He began life as a newsboy and made his own way. He is a sound and successful business man, has never had any serious labor trouble during his administration in Ohio. He is broad-gauged in every respect and has proved that he can draw strength from every element of the voting population."

We endorse Governor Cox because we know James M. Cox to be one hundred per cent American, because he has demonstrated his Americanism and we know that he is the only kind of American that will be elected to the White House as the successor to Woodrow Wilson.

We know that it takes an extraordinarily good man of the Democratic party to even once carry the State of Ohio which normally is Republican by over one hundred thousand majority.

And, so we know that when a man carries Ohio three times as has Cox, he is what the fellows who go to the races call "a stake horse."

We want first a capable man in the White House and we want him to be a Democrat.

Cox is capable, Cox is honest, Cox is a Democrat, and he is the best runner in our party as it seems to us. That's why we are for Cox at this time and that's why we want Kentucky to be for Cox.

The COX HEADQUARTERS will be in the Seelbach Hotel at Louisville where communications from all who are interested in behalf of this great man should be addressed, and where all Democrats will be welcome.

Attention!

To Tobacco Growers!

As the tobacco growers have not had a season for their tobacco to be stripped, I decided to extend the time which we will continue to keep open instead of closing on April 15th, I will keep open to April 29th, and will be ready to receive all the tobacco uoy will favor me to sell for you.

I am running at a loss, and my expense is great, but I am making this sacrifice to accommodate my patrons. Rush your tobacco to our market.

Carry The Country With Cox

Cox Can Win

Kentucky Democrats, you are asked to send delegates to the San Francisco Convention pledged to nominate a man who can win.

That man is James M. Cox, Governor of Ohio.

Here is a candidate whose record as a vote-getter is known.

Three times he has been elected Governor of the normally Republican State of Ohio.

Twice he was elected to Congress by big majorities over strong opposition.

He has been a winner in business, too, by his own merit and courage.

There is nothing in his record that should alienate a single Democratic vote.

There is much in his record that will command thousands of Independent and Republican votes.

His popularity was a big factor in putting the pivotal State of Ohio in the Democratic column in 1916.

Ohio's electoral votes are needed this year; he can swing them.

What other Democratic candidate can?

The Cox Movement in Kentucky is backed by citizens who see in the nomination of Governor Cox Democracy's best chance for victory in State and Nation.

It is simply an effort to put Kentucky Democracy behind the one man who can win in November and, to insure success, all factionalism should be avoided and representative Democrats of character, intelligence and independence should be elected as delegates.

Cox Is Worthy

Kentucky Democrats, you are asked to send delegates to the Democratic National Convention instructed to nominate a man who is worthy to sit in the White House.

You are asked to use your influence for the nomination of a self-made man, one who personifies the best traditions of red-blooded Americanism.

—A man, who, born as a farm, without favoring conditions, has risen from newsboy and printer's "devil" to reporter, from reporter to editor and publisher of two great papers.

—A man, whose neighbors, who know him best, have called him three times to the highest office in their State.

—A man whom no interests have been able to swerve from what he considered to be his plain duty.

—A man who adjusts differences between capital and labor without resort to troops.

—A keen business man who says "profitless is the result of conditions carrying opportunity, if not preference, to one individual or class over another."

—A normal American, neither reactionary nor radical, the kind of man who will restore normal conditions in a normal, American way.

Such a man is James M. Cox, the man who can win.

COX HEADQUARTERS

have been established in Rooms 1, 2 and 3, The Seelbach, Louisville, where Democrats who want to see a winner nominated will be welcome. Come in, write or telephone.

Send Cox Delegates to the State Convention

Democrats, if you want a winner as your Presidential candidate, if you want to see Democracy triumphant, attend the mass conventions in your county seats at 2 o'clock, Saturday afternoon, May 1, and vote for delegates who will insist on a Cox delegation to the San Francisco Convention.

Women, who will cast their votes in November, are entitled to representation and are urged to attend these conventions.
