CHAPTER II: ETTA'S BLOCKHOUSE

This struck me as the quintessence of a typical Southern story. It was all there: the small, unpretentious house, the Negroes working in the fields, the old woman sitting on the porch, the children playing in the yard. It was a scene that I had thought I had never seen before, but which I had often imagined. The Negroes, I thought, were doing a good job. They were working hard and making a living. The old woman, I thought, was content. She was sitting on the porch, enjoying the sun, and making friends with the children. The children, I thought, were happy. They were playing and laughing, enjoying the day. It was a scene that I had often thought about, but which I had never seen before. I thought, as I looked at the scene, that it was a beautiful one. Perfect Health is Yours

If the Blood is Kept Pure

Almost Every Human Alcoholic is Directly Traversable to Impurities in the Blood.

You would say certainly not, but did you once see the body of a human being? At the time of your birth you were a little child, the purest form that humanity lives. As you grew older, you became more and more contaminated. Your stomach is filled with hot and cold foods, your lungs are filled with the smoke of many fires, and your brain is filled with the dust of many books.

By keeping your blood pure and by taking a proper diet you can stay healthy. This is the great secret in the prevention of most diseases.

Wintersmith’s Chill Tonic

This is the only tonic that will purify the blood and supply the necessary nourishment. It is a mixture of 100% pure ingredients and is made under the supervision of a doctor.

Instead of Buying. All Years of Way to Old, Faded Geraniums with “Diamond Dust.”

Fight high brings from Winter’s chill, and the blood is a little hazy than it should be, and the beauty is a good deal less. But with Wintersmith’s Chill Tonic you can have the beauty of a young woman, without the effort of a young woman. It is the perfect tonic for all ages and all skin conditions.
