This time of year it's a good idea to combine fresh fruit or berries with your morning dish of Grape-Nuts. The blend of flavor proves delightful and is in tune with June. "There's a Reason"

These Special Prices on Low Shoes Continue

The following low prices are the most decisive blow that has been struck at the high cost of shoes for years. Profits are gone in the effort to lighten your burden of high expenses. Some of these goods are actually priced below cost. These prices are made on just a few undesirable oxfords that nobody wants but on every low shoe in our entire big stock of desirable and high-grade oxfords bought for this season's selling.

If you have never traded at this store this is a wonderful opportunity for you to begin. Those who have traded with us know that when we sell any article for less than our regular price it is a real bargain, and when such drastic cuts as we have applied to our oxford stock are made the values are so unusual that we hesitate to use an adjective that would describe them for fear you would think it "hot air."

So all we ask you to do is to come in and see the values for yourself, try on a pair that suits you, and you be the judge. If you think the value is there, and then some, take them home and if not you are under no obligation. And remember that we absolutely guarantee satisfactory service from every pair of shoes we sell at any time.
