THE COLUMYUM

January 25, 1930

Some people are foolish enough to think that as long as they keep the road in good shape they will be able to keep the railroads out. I am not going to stand up and shout that they are, in a way. We are glad of either...

The weather was rather poor on Sunday. People went shopping in town and bought clothes and groceries before the sun came out.

Agriculture. Mr. Geo. M. Gagen announced that he had bought 100 bushels of potatoes for 10 cents a bushel and that they would be delivered at the depot.

Schools. The Centerville school is doing well. The children are getting along perfectly and the teachers are doing their best to make the children learn their lessons.

Sports. The Stroupe & Bros. basketball team won their last game against the local team by a score of 46 to 18. The team members are looking forward to the next game.
