Gluttons for Punishment

Lee Tires ask for favors of the road.
On rough country roads their tough tread
travel almost eliminated road damage and
keeping people that would tear the heart out of
love steady tires. On good streets and
boulevards Lee tires wear down
surprisingly and pleasingly slow.

If you know how to make tires and none but
the best would satisfy you, the Lee Tire is
the kind you look for.

So thoroughly good are Lee Tires that you'll
get an entirely new idea of tire mileage and
satisfaction from the first one you try. Let
us show you why.
