The mammoth popularity and subscription contest which has been running on the Press for the past week is steadily gaining interest in the county and the contestants are working tooth and nail in order to win the Dodge touring car and other valuable prizes to be given away. Mrs. Fred Brown of Mattoon, is leading the list by a small margin, but the entire list of candidates are closely following, and when it is taken into consideration that each one year subscription taken during the opening period counts 15,000 votes, it is readily seen just how few subscriptions some other candidates will have to get in order to dislodge the leader.

New and renewal subscriptions are pouring into the Press office daily and present indications are that the Press will have the largest subscription list of any paper in western Kentucky at the close of the campaign.

All of the contestants should bear in mind that they have an equal chance to share in the distribution of the prizes as practically three fourths of the subscribers of the Press live on the Rural Routes and smaller towns and each and every resident of each section should be seen personally and given a chance to subscribe to the paper. The Press is undoubtedly one of the best papers published in the section and is under the management of experienced newspaper publishers and no difficulty should be experienced in securing the subscription of practically every citizen of the vicinity. Merchants will find the Press a much better medium in which to place their advertisements as more people are reading the Press than ever before.

Candidates should bear in mind that the bonus offer, the largest extra vote offer to be allowed during the campaign, will come to a close at the close of business for the day on Wednesday, September 15th, and all subscriptions turned in, up to and including that date will average three times as many votes as will be allowed during the closing week of the campaign. Each and every candidate should do all in her power therefore to get every subscription possible before the close of this offer. Several of the contestants have been advised by people who do not understand the rules of the contest to hold their subscriptions back till the close of the contest. Any candidate who does this would indeed be acting very foolish as each rule will be enforced to the very letter and each and every con-

REV. TROTTER WELCOMED AT ELIZABETHTOWN

The spirit of good fellowship and common interest was breathed at a Union service of all the Protestant congregations in Elizabethtown, held Sunday evening at the Methodist church.

The service was arranged as a welcome to Rev. J. B. Trotter, of the Baptist church, and Rev. L. A. Warren, of the Christian church, both of whom assumed their pastorates here on the same day.

Every seat in the church auditorium and Sunday School rooms of the Methodist church was taken when the service began.

Rev. J. R. McAfee, pastor of the Methodist church, presided, and introduced Keen Johnson, L. A. Faust, H. A. Summers and J. A. Payne, who spoke words of welcome for the four congregations which they represented.

Rev. Trotter and Rev. Warren were called upon to respond, and each made a very appropriate and pleasing address.—Elizabethtown News.

Mrs. Henry Moore, of Hampton, Ky., was in town this week.

TEACHERS ARE HOLDING SESSION

The Crittenden County Teachers Institute convened in this city Monday morning with Prof. Charles Evans of Oklahoma as Instructor.

The Institute was called to order by J. L. F. Paris who spoke in his introductory remarks, of the past records and urged all the teachers on in their work.

Prof. Evans made the opening address, taking for a lesson the thirteenth chapter of 1st. Corinthians. M. T. Pogue was elected President; Miss Jane Thompson, Secretary; Miss Clara Belt, Assistant.

Hon. C. S. Nunn spoke on "The Moulding of Character". This was a fine talk, emphasizing the thought of character and personality. He was followed by Prof. Evans, endorsing Mr. Nunn and putting great stress on the personality and character of teachers.

"How Can We Secure Better Qualified Teachers?" was discussed by Hon. M. F. Pogue. We need a chain of Normal schools in the state and a teacher in every school room with tact, trained and educated for their work and then give time and attention to their work during their school.

Followed by Miss Ethel Hard and others.

Roll Call.
A good beginning for a lively, interesting Institute.

TUESDAY

Roll call. Song. Scripture reading prayer by Rev. H. R. Short. Opening address by Prof. Evans.

Professional training was discussed by Miss Dorothy Dean. In a paper read by Miss Dean she presented well defined reasons for professional training of teachers. Essentials in training of rural teachers by Miss Mary Towery. This was another fine presentation of facts of what must come to the rural teachers that they may be better equipped for the great work of training children.

Granting certificates was fully discussed by P. M. Ward. The new law of grading and granting certificates by the State Board was discussed by the Institute pro and con. Prof. Evans said this was a great step in advance but could be used as a political machine for the advance of some party but hoped it would not.

The new salary schedule law was presented by J. B. McNeely. By

securing the official bulletin sent out from the state office and endorsed by the county board, he presented the real facts in detail. Questions were asked and facts brought out by the Institute until all understand the subject.

The arrangement of the building to secure health of the pupils was presented by Dr. Frazer. He made an unusually good talk by which all the teachers were benefited.

WEDNESDAY

Instructor spoke briefly to the teachers in regard to the importance of song in school.

Prof. R. E. Jagers, the new principal of Marion Graded school was introduced by the Instructor. He spoke briefly.

The following subjects were discussed by teachers as named:
"The Value of Play"—Miss Lela Kemp.

"Teachers' Duty on the Playground"—Miss Bertha Graves.

"The Water Supply"—R. M. Allen.

"The Lunch Hour"—Miss Sue Moore.

Rev. Jas. F. Price, D. D., addressed the Institute.

THURSDAY

Trustee's Day. Many subjects relative to the duty of the trustee were discussed.

A CARD OF THANKS

We wish to express to our many friends of Marion our heartfelt thanks and sincere appreciation for all the favors you extended to us while preparing to move from your city.

The girls in the telephone exchange were unusually nice to us. Mrs. Trotter feels under many obligations to the Ladies' Aid for the surprise reception at Hotel Crittenden.

Not only do we thank you for these last expressions of your devotion to us but for all the favors you have shown during these seven years we have lived in Marion. Again accept our thanks.

MR. AND MRS. J. B. TROTTER

—WANTED— Lady or gentleman agent in the city of Marion for Watkins Famous Products. Known everywhere. Big profits. Write J. R. Watkins Co., 56, Memphis, Tenn.

DORR FINALLY GETS TO MOVE

For many long months R. F. Dorr has had his furniture store in a little old building across the street from the jail, and only about half enough room.

Mr. Dorr was about the same shape as The Press was for the next few months after the fire. Sherman said war was it.

But now things are different for him. He has a nice roomy store where he will have an opportunity to display his fine stock of house furnishings to good advantage and to change his mind without going outside.

He is now located in the same room which was formerly the Marion post office, which the Marion Bank has just vacated. Mr. Dorr will no doubt be glad to see his many friends in his new place of business.

WILL EXHIBIT HEREFORD AT KENTUCKY STATE FAIR

W. D. Sullenger, who lives just west of town during the summer and in the antipodes during the winter, drove a very fine Hereford bull to town Thursday to ship the gentleman to Louisville for exhibition at the State Fair.

The bull weighs 2,500 pounds, is seven years old and a Perfection Fairfax Hereford.

WATERMELON "FEST" IN HONOR OF PROF. EVANS

Yesterday afternoon a few of the friends of Prof. Charles Evans, former head of the Marion city schools and now president of Kendall College in Oklahoma and one of the entire southwest, promoted an old-fashioned melon cutting or watermelon "fest" in his honor and to welcome the new city school superintendent, Prof. R. E. Jagers to the city and as a citizen.

W. D. Cannan, chairman of the school board, first introduced Prof. Jagers, who spoke briefly, requesting the parents and tax-payers to co-operate with him and pledging himself to exert every effort to make the Marion school one of the best in th business. Prof. Jagers was well received and made a good impression.

Prof. Evans needed no introduction,

Mr. Cannan merely getting up and saying a word or two to give him an excuse to begin.

Always a master speaker it seemed that the environment brought forth all the eloquence in his repertoire. Amost surrounded by old friends and admirers, a slight breeze sighing through the maples on the lawn, with the anticipation of nature's most wonderful confection—the watermelon—delighting his palate as soon as he finished speaking furnished the inspiration for the tribute he paid the citizenship of Marion and Crittenden, and the teachers of the county with whom he has been associating all week.

The piles of spoiling melon rinds around the public square, the bareness of the school house yard, the broken down pumps on the corners, the ramshackle old outbuildings, et al, must have been his inspiration for his frankness in telling his friends how he was disappointed in them not taking pride in the appearance of their little city. He told them that these conditions could be easily remedied, and would be if everybody took a hand and "pulled together" a little.

There are a lot of things that he overlooked, he said it was for lack of time, but in all probability it was because his mouth was "watering" for something that most everybody in America has stolen, even at the risk of a charge of buck shot.

And dog gone it he never said a word about that bridge. For the benefit of the new subscribers of the Press will pass out the information that this bridge is located between Marion and the Illinois Central right of way on Bellville Street.

SCHOOL BEGINS NEXT MONDAY

School begins Monday, the 13th, with R. E. Jagers as superintendent.

George M. Gumbert, Principal of Smith Hughes work.

Misses Jane Thompson and Ruby Morris are teachers in the High School. One other is being sought.

The grade teachers are as follows:

- 1st—Miss Ethel Hard.
- 2nd—Miss Ruby Hard.
- 3rd—Miss Nannie Miller.
- 4th—Miss Clara Belt.
- 5th—Miss Margaret Hard.
- 6th—Miss Myrtle Glass.
- 7th—Mrs. Myrtle Todd Towery.
- 8th—Mr. Towery.

LIKE THEIR NEW BUILDING

Everybody connected with the Marion Bank is wearing a smile that wont come off. Mr. Yandell is just too proud for anything—and he has a perfect right to be for they certainly have a most comfortable banking house in their new building.

For the benefit of our readers who may not know where the building is located, it is on the same corner that has been occupied by this bank for many years.

The building is a nice two story brick, the interior of which is trimmed in dark oak and marble. The upstairs contains a number of offices all of which are finished as beautifully as the bank down stairs.

MRS. VAUGHN IN RUNAWAY ACCIDENT

Mrs. John T. Vaughn, and her daughter, Miss Atwell Vaughn, who reside near Fords Ferry, were both bruised up in an accident near their home when their horse became frightened and ran away, throwing both women out of the vehicle.

A serious accident was averted by both being thrown clear of the buggy, but both Mrs. Vaughn and Miss Atwell are confined to their homes as a result of the accident.

The accident was doubly distasteful to Miss Atwell as she has entered the big subscription drive and is working for the Dodge touring car to be given away this month. She was out securing subscriptions for the Press when the accident occurred. The many friends of Mrs. Vaughn are hoping that her recovery will be speedy and that the accident will not deter Miss Atwell from continuing her excellent race for the prizes to be given away.

RUN DOWN TO THE PRESS OFFICE BRO. PRICE

Rev. James F. Price, D. D., spent the first two weeks of his vacation at Winona Lake; the part of other two weeks at home, but in the meantime ran down to Sturgis one day and raised the salary of their preacher \$300.

He leaves this week for Ebenezer, in Green county, to hold a meeting.

LET 'EM OBJECT

You have noticed, no doubt, that
some well intentioned people are al-
ways objecting.

No matter what kind of a sugges-
tion is made or proposition is ad-
vanced, they object. Not always to
the suggestion in its entirety, but
more frequently to some of its salient
features.

A few will tell you that they are
a nuisance, always throwing cold wa-
ter upon every project.

But are they?
When a proposition is put before
the people of this town it should be
subjected to every reasonable test
before it is adopted. Every weak
point should be detected and eliminated
or its weakness corrected and strength-
ened.

If left to the judgment of optimists
entirely it is in danger of being
rushed through without proper con-
sideration.

If the objector is on hand there
will be no such haste.

Some of his objections may be
wearisome, but others will be valu-
able.

It is human nature for him to fer-
ret out something to which he can
object, and the more he objects the
more certain we are to avoid the dan-
ger spots.

Let him object. It pleases him and
is good for the community—provided
of course that you don't get disgusted
and quit trying to do anything for
fear of having it objected to.

EVANSVILLE WANTS A BRIDGE ACROSS THE OHIO RIVER

EVANSVILLE, Ind.—The fight for
a bridge across the Ohio river was be-
gan last Friday by the Chamber of
Commerce when the board of direc-
tors passed a resolution empowering
President S. L. May to appoint a
committee to work out the first steps
of the undertaking. Mr. May will
announce his committee later.

One of the first steps will be to
get the Kentucky and Indiana state
highway commissions interested in
the proposition. It is believed that
the bridge can be built largely by
state and federal aid.

The directors do not expect to build
the bridge in a year, but they do ex-
pect to create a sentiment for the
bridge that will grow until the job
has been carried through.

A STORM

On Tuesday afternoon the Press office was raided by twenty of the teachers attending the Institute. They came in to see the Linotype operate. Most of the bunch were young ladies. We were delighted with their presence. Come again. The following are the names:

H. O. Franklin, Owen Davenport, Johnson Postleweighth, Rosalie Dean, Velma Dean, Carrie Morse, Reva Dean, Lola McDowell Sallie Sullenger, Marjorie Burklow, Margaret Hard, Ina Coleman, Lela Kemp, Glens Rankin, Clara Belt, George Wofford, Ruby Hard, Dorothy Dean, Gladys Graves, Grady Sisco, Fannie Thurmond, Stella Elkins and Leecie LaRue.

A SOUVENIR OF "HEINIE"

Last Saturday Dr. Frazier removed a piece of glass about the size of a pea from the head of Walter H. Hillyard of the Tribune section that Walter had been carrying around to remember "Heinie" by. Young Hillyard was wounded by the bursting of a shrapnel shell while on the battle fields of France, which contained broken glass and has more than 100 scars on him from this cause. Glass was used to fill the shells because an X-Ray will not show the location of the foreign substance and makes its location more difficult.

Walter and Kelsey Walker were both wounded by the same shell.

SHERIDAN

Mr. Tom Jones is very sick. Kelly LaRue, wife and son, Paul Edwin and daughter, Clara Neal attended church at Deer Creek Sunday.

It's dollars to doughnuts—

no man ever smoked a better cigarette at any price!

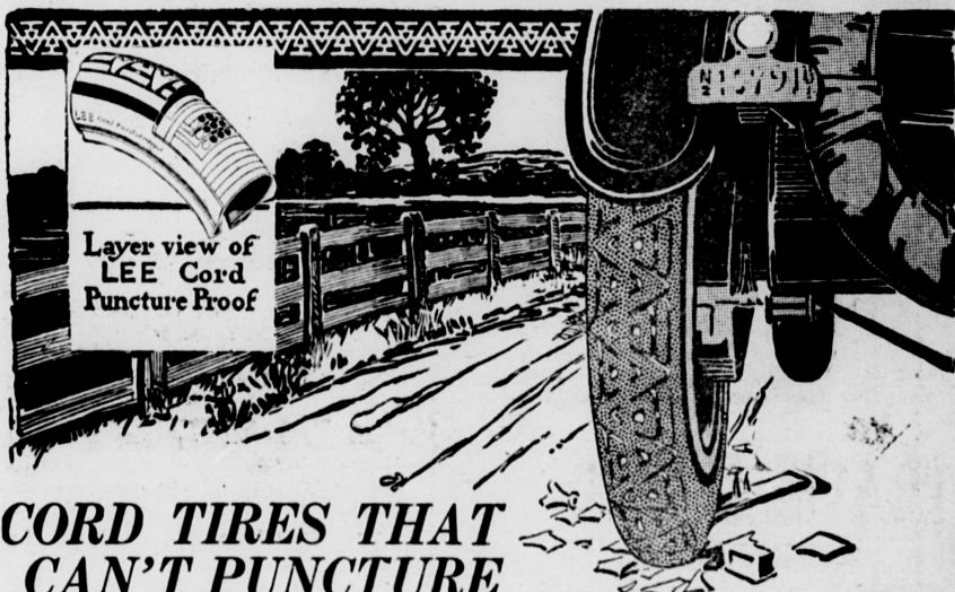

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in identically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

THERE'S only one really puncture-proof pneumatic—the Lee.

Users of Lee Fabric Puncture-Proof Tires urged the making of a Lee Cord Puncture-Proof. Car owners generally hoped for its coming. Endless experiments to combine the exclusive Lee Puncture-Proof feature with Cord construction were finally successful. Then, before the tire was offered to the public it was subjected to 18 months of continuous heart-breaking road

tests to prove that Cord economy and Cord resiliency were preserved.

Tread troubles—so common to Cord tires—were practically eliminated; the tread became as strong and long-lived as the rest of the tire.

They're here now—Lee Puncture-Proof Tires—Fabric or Cord—each alone in its class.

Cut the cost of mileage with Lee Puncture-Proofs.

Not A Tack—Not A Nail.

Billiken Shoes

Are made without a tack or nail; of the softest, toughest leather known, on broad, sensible, improved foot-form lasts—the most perfect child's shoe ever made—The shoe a child outgrows.

Buy "Billiken" Shoes and let the children romp and play to their heart's content without annoyance to you, injury to the home or discomfort to themselves.

The growing feet of children are easily irritated by stiff soles or narrow shoes. "Billiken" Shoes are made by specialists in the largest shoe factory in the world, devoted exclusively to the manufacture of Children's High Grade Shoes.

The soles on "Billiken" Shoes are Pure Oak Flexible Leather—the softest and most pliable leather known, being especially prepared to withstand hard service. The absence of nails, tacks, etc., prevents the children scarring the floors and furniture. The soft soles render the shoes noiseless. Flexible soles make them as comfortable as a moccasin. The durable leather makes them as lasting as a man's heavy shoes. And they are extremely stylish.

Let Us Show You "Billikens".

DOF FROM PRINCETON

Princeton Citizens Speak Out Publicly.

In Princeton we find that people are raising Doan's Kidney Pills as highly as here in Marion. Being so near by, the statement of a Princeton resident is of particular interest. Marion people will do well to profit by the experience of C. C. Terry, N. Harrison St., Princeton, Ky. He says: "Some years ago I suffered with my back and kidneys. The trouble was caused, I believe, by heavy lifting. The action of my kidneys was irregular and I was greatly bothered on this account. My back annoyed me at times with sharp pains. I read of Doan's Kidney Pills and used them. Two boxes of this medicine relieved me greatly and I gladly recommend it." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Terry had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement

REPORT OF COMMISSIONERS

Appointed to Change the Voting Precincts in Crittenden County, Kentucky.

In compliance with Section Four Chapter 64 of the Acts of the General Assembly of Kentucky, 1920, I hereby publish the report of Commissioners appointed by the Crittenden County Court, to divide the justices' districts of this County into Voting Precincts.

Crittenden County Court, Regular Term, August 9, 1920. Present and Presiding, R. L. Moore, Judge.

Pursuant to the Acts of the General Assembly of Kentucky, Chapter 64, 1920, directing County Judges of each and every County of this Commonwealth to divide the Justices' Districts of each of said Counties into Election Voting Precincts, and establish the name, or number and boundaries of the same and the place of voting in each precinct, this Court did on the 12th day of July, 1920, that being the Regular Term of said Court, appoint Aaron Towery, W. R. Cruce, and George T. Belt, Commissioners to divide the Magisterial Districts of the County into election voting precincts. Now, therefore, this day comes the said Commissioners and in open Court file their report in writing, which report is approved and confirmed by the Court and ordered to be recorded, said report being in words and figures as follows, to-wit:

"We, the undersigned Commissioners, having been appointed by the Crittenden County Court, at the July term 1920, to divide the Magisterial districts of said county into voting precincts so as to contain as near as practical 350 voters, would offer this report.

"That we met at Marion on the 25th day of July, 1920, and, after being duly sworn, we proceeded to examine the several districts. We found that the county is composed of Eight Magisterial Districts. We also found that three of said districts are not susceptible of division, they not having more than the required number of voters, including male and female; said districts are Union No. 11, Fords Ferry No. 15 and Bells Mines No. 16 and Rosebud No. 17. They are to remain unchanged at present.

In Marion Magisterial District No. 1, which is composed of two voting precincts, we found it necessary to create a new voting precinct, which is known as Crayne No. 7.

In like manner we found that Marion Magisterial District No. 2, which is composed of three voting precincts, had to have a new voting precinct created, which will be known as Crayne No. 6.

We also found that Hurricane Magisterial District was composed of two voting precincts. Here we found voters enough to create a new voting precinct, which will be known as Blooming Rose No. 13.

We also found that Piney Magisterial District, which was composed of two voting precincts, had the required number of voters to form a third district; therefore, we created a new voting precinct at Fishtrap, on Tradewater River, and will be known as Fishtrap No. 20.

Also Dycusburg Magisterial District, which was composed of two precincts, contained enough voters for a new voting precinct, therefore, we created a new voting precinct at Mexico, and it will be known as Mexico No. 8.

For metes and bounds of all voting precincts described in this Report, are filed herewith and made a part of this report. This the 9th day of August 1920.

AARON TOWERY
GEORGE T. BELT
W. R. CRUCE.
