It would cost a much greater sum to buy and maintain a large variety of grain, building, and farming implements than it would to rent the services of a good grain broker, a good farm equipment dealer, and a good farm implement dealer.

To Our Subscribers:

The print paper is in a bad shape. We have paper on hand for the next fifteen weeks and are doing our best to get more. We are working hard to keep the paper in the market.

Selling Under Disadvantages—BUT SELLING!

Our future has not been as bright as in the past, and we are not able to properly serve you as we have in the past. We are trying our best to meet the demands of the market.

A Word to the Good Deed:

We now have the Clothing Store, Linen, Silk, and Cotton, Underwood, Sells, and Disposers, that you have.

We do not propose to carry a general line, but we expect to concentrate on certain lines, namely, the clothing and furnishing needs of men, young men, and boys. By doing this, we can serve our customers better and make them save money on buying.

Who Will Be Our Next President?

The 1980 Republican Primary for the State of Tennessee is going to be held on November 8th. From 15 to 25 candidates are entering the race, but the real race is between two men, Jim Wilson and Wilson Wilson.

If you want a voice in your own affairs, you must vote. The whole issue of the political arena is at stake, and we urge you to vote.

Love and Fighting Are the Concave and Convex Sides of the Same Thing.

By DEAN C. BROWN, Take Bury School.

I have been a peace fighter too. But I have never actually won a battle in my life, and I don't know why. I have been in a few wars, but even in those I never really won. I think the secret is that I never really wanted to fight. I just ended up in the middle of things.

One of the great dangers facing our society today is its irresponsibility. We have a tendency to blame others for our problems, instead of taking responsibility for ourselves. But we must remember that we are all responsible for our actions and their consequences.
