WILLIAM H. GUSSE

A few weeks ago there was given in the Press a story of Mr. Willoughby G. Gross to the effect that he is 87 years old, could not read or write, had never been married, had lost but one tooth, and that his own children claimed he was incapable of being a benefactor.

Nothing is further from the truth. Mr. Gross is a gentleman of deep understanding, a man of capable ability, and a leader in his work. He is not only a benefactor but a benefactor of society, and his influence is for the good of humanity.

Mr. Gross was not only a benefactor but a benefactor of society, and his influence is for the good of humanity.

Mr. Gross was not only a benefactor but a benefactor of society, and his influence is for the good of humanity.

WILL ROGERS

"ALMOST A HUSBAND"

Adapted from the story by Opie Ray. This new comedy play is perhaps the most original thing that has ever been shown on the screen. There are two reasons for this. One is the fact that the other in the star, Will Rogers, brought the "Almost a Husband" play as you never have been before around the world. It is refreshing. He is really funny—yes, I'll say so.

Illinois Central Reviews Transportation Conditions of 1920

The railways of the United States have just emerged from a year of unprecedented difficulties. With a transportation system unsteady to the de- gree of one in six months, there made a record of which railways are not nearly, and in which forward looking citizens generally may well be disheartened.

Commercial requirements were the greatest in the records. In November, the peak month of 1920, the merchandise handled by the railways was the greatest in the records. In November, the peak month of 1920, the merchandise handled by the railways was the greatest in the records.
