REMAINS OF OVERSEAS HERO BROUGHT HOME

Ellis Ordway was a volunteer in the World war, having enlisted in June 1917 and was sent to Columbus, Ohio, where he was kept in training for only a short time, going over in the last of June. He was in Co. A, 16th Infantry. His comrades speak of him as a brave soldier. He was sent to the front on Argonne Forest, where he was wounded twice by a machine gun in the eighth leg on the 17th day of July and he died the 28th from his wounds.

Ellis was the son of Mr. and Mrs. W. H. Ordway, of Crayne. He made a profession of faith in Christ in his eleventh year and united with the Cumberland Presbyterian church.

His remains arrived in Crayne Tuesday morning from overseas and the funeral was conducted by Rev. Smith of Dawson, Ky., in the presence of a large crowd of sympathetic friends. The remains were wrapped in the American flag, for which he fought and died. One of his officers sent a beautiful wreath of flowers from Amarillo, Texas.

The body was laid to rest in the Crayne cemetery.

FARM BUREAU NEWS

Last Thursday evening the Forest Grove Community Club held its first meeting at the school house. The program was rendered as printed last week to an enthusiastic audience of over fifty. The second Thursday in each month was selected as the regular meeting date. The program will be printed the week before the next meeting.

Monday the directors of the Farm Bureau held their regular monthly meeting at the office. Considerable business was transacted relative to the future growth of the Bureau. Members are enrolling right along to this greatest of all farmers organizations. The Farm Bureau working together as an united body can solve many of the farmers' problems of Crittenden county. For example take limestone something that all thinking farmers realize is badly needed on the soils of this county. However one cannot always get limestone just as he needs it as convenient. The Farm Bureau appointed a committee to see about maintaining a lime shed right here in Marion where a Farm Bureau member can obtain it whenever convenient.

They adopted a program of work for the year:

- 1.—The establishment of a limestone Depot in Marion.
- 2.—The enrollment of 100 Junior members.
- 3.—The establishment of 50 flocks of sheep in the county.

Mr. Farmer is your name in the Farm Bureau list?

The Community Club meetings this week are: Friday night at New Salem, Saturday at Chapel Hill. Every farmer and his wife in the respective communities are cordially invited to attend.

County Agent R. S. Spencer spent Wednesday and Thursday at Henderson at a District County Agents Conference.

New Members—Miss Grace Condit, J. V. Claghorn, O. H. Ford, Beverly Herrin, Hubert Morris, Paul I. Paris, P. P. Paris.

The County Agent received recently a warning from the Experiment Station advising all farmers to test their seed corn. Better be safe than disappointed with your corn.

MARTIN-ORR

Last Monday Mr. Allen Orr and Miss Rose Martin were united in marriage by Judge R. L. Moore.

The ceremony was performed in the office of Dr. Young, before only two witnesses.

Miss Martin is a native of Piney Fork and Mr. Orr is from the Cave Spring section. Both are popular young people of their neighborhood.

This will be a pleasant surprise to their many friends as no one, besides the happy couple, the officials, and witnesses were aware of the wedding.

George Hill and Ed Dean of Deanwood were mingling with the crowd Monday.

V. Y. M. CLASS NO. 3 TO HAVE BANQUET

Elsewhere in this issue of the Press appears the program for the Banquet to be given by the V. Y. M. Class No. 3 of the Marion Methodist Sunday School in the basement of the Methodist church Friday evening. This class which is one of the largest men's classes in Kentucky has long been noted for its get-together meetings of this kind and the meeting for Friday evening promises to eclipse any meeting the class has ever had. The two hundred men of this class will have as their special guests at the banquet representatives from the Mens Bible Class of the Methodist church at Madisonville.

All members of Class No. 3 are invited and urged to be present next Friday evening at 7:00 o'clock. We call attention to their program which contains the names of some of the best speakers to be had in this part of the state. The music will be furnished by that orchestra which has made Marion famous as a musical town. The menu will be taken care of by the ladies of the church and it goes without saying that it will be an affair "de luxe."

At a meeting of the officers of the class Monday night the following committees were named: Special Committee: T. H. Cochran, Jno. A. Moore, R. I. Nunn. Reception Committee: A. C. Moore, J. H. Orme, Alvis Stephens, Maurie Nunn, R. F. Haynes, Neil Guess, C. W. Grady, G. P. Dillon, C. A. Daughtrey, T. C. Bennett.

IMPLEMENT DAY

Last Monday was a red letter day in Marion. The day was bright and cloudless and the air cold and crisp just enough to make one walk with quick step.

Early in the morning the people began to enter the city from every direction, in wagons, cars, buggies horse-back and on trains they came—men women and children until the town was jammed.

The social feature was fine. Old friends met and greeted each other and new acquaintances were formed. Everybody seemed to be in a good humor, a characteristic of our people.

It was a big day in Jockey lot, quite a good number of jockey stock changed hands but few sales reported. The blind and maimed were absent, only the street preacher with his fad was to be heard.

The candidates had a big harvest. They were all smiling and shaking hands with the dear people.

A very enjoyable feature was at the lunch stand where the ladies of the School Improvement Club served lunch. The proceeds to go to improve the school building; they report a very satisfactory sale. The orchestra, composed of the musical talent of Marion gave a concert in the Court House yard. Music was also furnished for the occasion by G. W. Yates Music Store.

The climax was reached by a parade given by the Marion City schools. It was an imitation of a circus street parade—ponies, animals, clowns and the band wagon. One of the clowns, William Eskew, riding a little mule, caught the attention of the crowd. The parade was given under the auspices of the School Improvement Club and the talent secured from the school with the exception of Eb Sullenger. To those who witnessed the Womanless Wedding Mr. Sullenger needs no introduction. Watts Franklin was Mr. Sullenger's partner and made a very becoming young lassie.

The merchants all report exceptionally fine sales, mostly for cash, the people desiring to take advantage of the discount. Some houses had extra help but say they could have sold more had they had the help. Both banks were thronged and report good business.

This was the ninth Annual Implement Day, given under the auspices of T. H. Cochran Co., Mr. A. Stephens Manager.

Mr. Stephens with the co-operation of the merchants of Marion made this the greatest Implement Day in the history of our town.

R. C. McMASTER FOR SHERIFF

It has been reported in different parts of the county during the last ten days that I had withdrawn from the Sheriff's race. I want to take this opportunity to tell my friends—those who have shown an interest in my candidacy since I first announced as candidate for Sheriff—that I am still in the race. All reports to the contrary are absolutely false and without foundation. I know it will be impossible for me to see my friends in the different parts of the county during the next few weeks and talk to them about the matter so I want to call your attention through the paper to the fact that I AM STILL IN THE RACE.

To me the field looks better than ever before and very encouraging things come to me from all sections of the county. When I went into this race I had figured that I would meet opposition and I have met opposition of various kinds but I was never more determined nor more encouraged to keep up the fight than at the present.

Mr. Voter, regardless of whether man or woman, I want to call your attention to the fact that in all the opposition you have not heard a single word from reliable sources that I would be unable to fill the duties of the office if elected. If you think I am not qualified to fill the duties of the office of Sheriff of Crittenden County I am willing to abide by your decision but before you decide on the qualifications of any candidate for Sheriff, I believe you owe it to yourself and to those about you to make investigations and see where I stand and have always stood on things of a public nature. If I am qualified in every way—and if you find on examination that I am qualified—then I am not afraid of what your decision will be.

You can tell your friends that I am still in the race for Sheriff of Crittenden County. I will appreciate your vote and influence.

Very sincerely yours,

R. C. McMASTER

A BIRTHDAY DINNER

Wednesday April 6, a delightful dinner was given to Mrs. Sallie Allen at the residence of her daughter, Mrs. F. M. Davidson.

Those present were all the children and grand-children of Mr. and Mrs. F. M. Davidson, Mr. and Mrs. H. Crider and family, Rev. T. C. Carter and wife; U. G. Hughes wife and daughter, Mary Sue; E. M. Eaton and wife; Messdames Sullenger, Grubbs, Elder; Misses Della Farmer, Katie and Leoda Sullenger, Edith and Grace Crider; Mr. Robt. Davidson and Mr. Mick.

To hear Mrs. Davidson tell of her planning the celebration as a surprise demonstrates loyalty and great love and devotion to her mother. The dinner was excellent in every way served in three courses; boiled ham, baked chicken, peas and potatoes; coconut pie, cake and ice cream with cherries.

Mrs. Allen was the recipient of many nice and useful presents. Her only regret was that her three sons who live in Nebraska could not be there.

Brother Carter in his impressive way offered a fervent prayer. We certainly had a pleasant day and left wishing her many more happy birthdays.

THE FREDONIA REPRESENTATION

Fredonia, one of the most enterprising little towns near Marion was well represented here County Court Day. The crowd that they brought with them carried back many purchases and added generally to the successful trade of that day.

Among those present from Fredonia were:

Misses Robbie Mae Hughes, Sarah Jackson, Mary and Lola Patterson, Ruth Smith; Messrs. Henry Tally, J. Lowery, Ray Lowery, George Loyd, Albert Boaz, Jno. Lowery, L. Young, Charles and John Alec Wilson, Miss Edna Cole; Mr. and Mrs. H. C. Rice, J. A. Guess and wife; Mr. and Mrs. John Morgan, Mr. and Mrs. J. E. Hillyard, Mr. and Mrs. Frank Smith and small daughter; Mr. and Mrs. J. C. Lowery; Col. Byrd M. Guess, T. Y. Ordway, Wm. Loyd, J. R. Lowery; Mr. and Mrs. J. M. Patterson, and Reginald I. Rice, candidate for representative of Caldwell county.

Some of these men were seen on Jockey lot keeping up that old Kentucky custom of "swapping" horses. The entire company reported a very delightful time, mixing with old acquaintances and enjoying the good music.

TWO COUNTRY BOYS IN TOWN

After doing chores for some time to secure the change for railroad fare and other expenses, they boarded the 8 o'clock train on Sunday morning for Evansville to see the sights to be seen in the city. The journey to the city was of no small interest. When the flagman called out Nunn, Blackford, Grove Center and other stops of importance the boys from their windows saw many interesting sights.

On schedule time the train arrived in the city. The cries of the hotel porters, taxi drivers, and news boys and the arrivals of street cars made it a little trying on the boys' nerves, but the ride up town quieted their nerves so they were composed enough to stop and read the big bill boards, such as Bull Durham, Camel Cigarettes, the movies, etc.

So the day passed off with thrill after thrill making it an epochal day for the country banker and country lawyer—"Virge" and "Dumps."

PICKENS FOR SHERIFF

John L. Pickens announces in this week's issue of the Press, his candidacy for the office of Sheriff of Crittenden County. Mr. Pickens made the race for this office 24 years ago and was elected. While in office he made a very satisfactory official and doubtless would do so again.

HOORAY! THE RED WAGONS ARE COMING

Sangers Greater European Shows combined will exhibit in Marion Saturday, April 23.

This announcement is hailed with delight by the juvenile element, while some of the "older boys" are already looking about for their stray nephews and nieces. They are saying, they will probably have to go and carry the children to see the animals. But deep down in their hearts they know they would not miss the big show if there were not a small boy within a thousand miles of Marion on show day.

Many new and novel features will be seen in this year's program of the Great Sanger Show. Foremost among these will be the Flying Jordans, daring and intrepid aerialists; the Silverton Trio, dancers on a lofty double wire; the Alpine Sisters, dainty and marvelous equilibrists; the peerless Potters, gymnasts; the Nelson family acrobats and two-score educated Shetland ponies, monkeys and dogs. The clown congress is a large one and is headed by Arthur Berry, Andy Rice, Sam Lewis and Valdo. In the menagerie will be seen Tom Tom the largest elephant in captivity. The big show travels aboard its own special train of railroad cars.

There will be two performances, at 2 and 8 P. M., the doors opening an hour earlier to permit a concert of popular and operatic music by Prof. Fred Melvin and his military band. A series of free exhibitions will be given on the show grounds at 1 and 7 P. M., in addition to a band concert on the down town streets at noon. The town and surrounding country is heavily billed for the appearance of the big show and local merchants anticipate the largest crowd in town on show days in years.

EYE TALKS

By Essie E. Gilchrist, Oph. D.

In myopia or near sight the eye is either too long on its axis or there is too much curvature in the cornea. In either case, rays of light from distant objects focus in front of the retina; and as the action of accommodation would only make the myopic condition worse, it simply rests except during near work. This is why there is no bad physiological effects in myopia. Of course if there is more than three hours close work daily or if they have been overcorrected with minus lenses, which makes them artificially Hyperopic, they will have eye strain also, and it will be worse than natural Hyperopia because in natural hyperopia the muscles have been accustomed to work from childhood, while in artificial hyperopia it puts muscles to work which have been accustomed to idleness.

Monday was County Court Day in Marion.

Perhaps the biggest County Court Day crowd ever in Marion was here that day.

No crowd in Marion ever seemed to be jollier.

The merchants of Marion all report good business for the day. The people of the county took advantage of the three per cent off for cash. Many of them too found out that just as good goods could be bought in Marion for less money than could be bought from any mail order house.

The band concert put on through the influence of the business men of Marion was no small feature of the day.

A big crowd, good business, everybody happy—That's County Court day (And evidence that it pays to advertise in the Press.)

CAN RID SHEEP OF INSECTS

Irritation Causes Animals to Pull Their Wool and Thus Injure Fleece—Use Any Dip.

Dipping is the only practical way to rid sheep of ticks and lice, say experienced sheep men, who further point out that lice cause sheep to pull their wool and thus injure the fleece.

Bad as ticks are, lice are said to be even more dreaded. Sometimes it is even difficult to find them. If a sheep has pulled its wool badly, however, and the farmer looks closely at the skin over the spots where the wool is most disturbed, he will likely find small black specks which at first he may take for timothy seeds or chaff. As he watches them closely, however, he will see that they move.

After the sheep has been shorn it should be dipped. The lambs also, as

A Flock of Purebred Sheep.

soon as they are of any size, may be given the same treatment. In order that the sheep may go into winter quarters in good condition and free from ticks, it is well to dip again in the fall.

Any of the well-known dips are satisfactory, say the sheep men at the New York state college of agriculture, but whatever one is selected it is important to follow directions closely, they point out. Dips are of two kinds, the powder dips and the so-called coal-tar dips.

TUBERCULOSIS CASES FOUND

Cattle on Indiana Farm Discovered With Disease in Advanced Stage—All Purebreds.

Following the tuberculin testing of 37 cattle on an Indiana farm, 14 animals which reacted to the test, when slaughtered in an establishment under federal supervision, showed lesions of the disease not only on the organs, but even in some of the meat. In reporting the incident to the United States Department of Agriculture, Inspector R. R. Newman explained that the demonstration was of unusual interest because all the cattle were purebred.

One of the cows, which had supplied milk for local use, showed extensive lesions of tuberculosis in the mammary glands, a condition associated with probable infection of the milk. Several stock raisers, who saw the tuberculous carcass, have signified their desire to have their herds qualify for a place on the accredited-herd list. Herds on this list are officially recognized as free from tuberculosis.

EQUIPMENT TO BREED SWINE

Up-to-Date Devices Save Time and Labor and Add Much Pleasure to Management of Hogs.

It is not true that one needs the most expensive equipment to breed swine successfully, but an up-to-date equipment saves labor and adds much to the pleasure of business. Where possible, all buildings should be so constructed that they can be easily cleaned and disinfected. Concrete makes possibly the best floors and feeding yards.

START FLOCK OF SHEEP NOW

Best Time to Begin With Animals is When Prices for Breeding Ewes is at Low Mark.

The best time for the farmer to begin raising sheep is when the price is low, as it is at the present time. In addition to the reasonable figure at which breeding ewes can be secured, the fact that there is plenty of hay and other roughage and short grain and much waste in the stubble due to rust, makes this a fine year for the farmer to get started with a small farm flock.

HEAVY BEDDING IS FAVORED

Tends to Cleanliness and Comfort of Animals and Saves Much of Fertilizing Elements.

There are several good reasons for bedding stock heavily in the winter. The comfort of the animals and the cleanliness; the saving of valuable fertilizing elements; and protection of the feet from the troubles resulting from either wet manure under foot or the hard concrete floors where this material is used.

Selling is my business, been at it for over fifteen years and I've never loaned my name for any sale that was not on the square.

I'm taking this entire stock--piling it high on counters--hanging it on racks--stacking it in bins and marking it in plain figures, so come for the bargains of your life, and you'll surely not be disappointed in a single thing. I have full authority to go the limit, to ignore all cost and profit. But SELL, SELL is the order. It would take many pages to list the hundreds of bargains, but space forbids. SOME SMILES

From the Old World.
P. K. Chu, editor of the Shanghai Daily News, who is in this country making a tour of American newspaper offices, has an Occidental sense of humor. A newspaper man during an interview with him jollied the editor by asking, "By the way, have you read the great Chinese novel, 'Chaw Main Street'?"

To which Mr. Chu promptly asked, "By Sin Loo?"—New York Evening Post.

A Beverage Disdained.
"I think I shall set up a soda fountain in Crimson Gulch," remarked the stranger.

"Don't do it," rejoined Cactus Joe with great earnestness. "The boys that used to ride in and shoot up a regular bar were only playful. What they would do to a soda water fountain would be plum vindictive."

Still There.
"Hello, old man! Seen Bobby Sponger lately?"
"Yes, Bobby's down at my shore place. I invited him down for a week-end."
"Why, I thought that was two weeks ago."
"It was, but you know Bobby is an expert at making both ends meet."

His Mind Clearing.
Doctor—Has your husband come out of his semi-unconsciousness yet, madam?
"Yes, I believe he had a lucid moment a little while ago."
Doctor—What did he do or say?
"He refused absolutely to take the medicine, and remarked that you were an ass."

Barring the Bard.
"Why don't you put on a good Shakespearean play?"
"Because," replied Mr. Stormington Barnes, "people who don't appreciate Shakespeare wouldn't go to see it; and people who do appreciate Shakespeare for some reason fail to care very much for my acting."

SELLING FOR \$65 TOO
I understand that there is only about \$5.27 worth of wool in the new "all wool" spring suits.
Horror! I'd not be seen in such an indecent outfit.

Test of Philosophy.
"I care not for the fling of fate," said one whose name was Jephtha Tate. But when he to a dentist ran He was a sad and mournful man.

Symphony of Street Sounds.
"How can I compose in this racket?" snarled the composer. "The doorbell is jangling constantly, people are putting in coal, automobiles honk, and here comes a fish cran with his horn."
"Work 'em all into a jazz composition," suggested his wife.

An Experience.
"Don't you believe a soft answer turns away wrath?"
"What makes you doubt it?"
"My wife asked me what I thought of her biscuits and she got hopping mad when I told her they tasted like mush."

Experience.
"How is Dubwaite's game of golf these days?"
"He's improving."
"Makes a better score?"
"No, but he has an easier flow of language when he loses a ball."

She Wasn't a Fan.
She—I'm so interested in football. I have a cousin you know, who was on the college team last year.
He—Indeed. What did he play?
She—Well, I forget just whether he was a touchdown or a punt.

Success.
Efficiency Expert—"I am very gratified to see how many new men you have taken on since I installed my system."
"Yes, I hired 'em to take care of the system."—Judge.

Freedom.
"Is that what you call free verse?"
"It is," replied Mr. Penwiggie. "It gives me a glimpse of enlightenment. I begin to understand what the old poet meant when he wrote 'Freedom shrieked!'"

Just Two Kinds.
Ockenford—"The world seems full a get-rich-quick people."
Pritinson—"And they always go to find sufficient reason for it."

YOU certainly want to save money, and you would like to have better bakings. Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs.

Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality.

It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY—LOWERS THE COST
OF ALL BAKINGS

CALUMET
BAKING POWDER

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives and domestic scientists than any other brand.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

Gluten is the muscle building part of flour which is of great importance. To be sure you get it in your bakings use plain flour and good baking powder, (not self-rising flour).

Calumet Green Cake Recipe
—3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1/2 cup granulated sugar, Yokes of 3 eggs, 1/2 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

Beauty & Protection

"Green Seal"
Your Property

Every gallon of Hanna's Green Seal Paint contains 300 Sq. Feet, (two coats), of paint protection and beauty. In some cases it's a good deal more than 300 ft., according to the surface to be painted.

And if properly applied, Green Seal covers this surface without laps or brush marks showing. It supplies a smooth, evenly-spread film which weather cannot break through. Thus Green Seal does the double duty of beautifying and arresting decay. It gives both good wear and good looks. It's the time-tried brand.

Formula on every package.

Bad Stomach
Sends Her to Bed
for 10 Months

Eatonic Gets Her Up!

"Over a year ago," says Mrs. Dora Williams, "I took to bed and for 10 months did not think I would live. Eatonic helped me so much I am now up and able to work. I recommend it highly for stomach trouble."

Eatonic helps people to get well by taking up and carrying out the excess acidity and gases that put the stomach out of order. If you have indigestion, sourness, heartburn, belching, food repeating, or other stomach distress, take an Eatonic after each meal. Big box costs only a trifle with your druggist's guarantee. Dreaming of Ditches.

It's bad luck to dream of ditches. If they are deep, it foretells all kinds of misfortune, lessened in degree only by growing shallowness. Thieves will rob your house. When your children grow up they will be undutiful. If you are to love, you'll have a quarrel with your sweetheart. If you are in business, you will suffer heavy loss.—Chicago Herald and Examiner.

Petty Coat.

This was the former spelling of petticoat, which meant the little or short coat worn in other days by men. Henry V. had a "petty coat" of red damask with open sleeves. Afterward the fashion, with skirt variations, was imitated by women, who copied the gown, robe, frock, and blouse, which were all worn in the first place by men.
