J. L. F. PARIS VISITS COUNTY TEACHERS AT STATE NORMAL

Flowing Green, Ky., April 9.—On April 5 we, the Crittenden county students who are attending the State Normal School were delighted to have our worthy County Superintendent J. L. F. Paris to be a guest of the State Normal School. A number of the students met him at the train to show him how much they prized his interest in the betterment of Crittenden county schools. A better Crittenden will no doubt be the result of the hearty co-operation of the Superintendent and teachers.

He was well cared for, rooming with D. H. Postlethweight and eating at the new dormitory. On the sixth we had a meeting of the County Delegation and discussed the many vital needs and how to solve the questions that confront our county. The following students are enrolled here: Jerrie Rankin, Jeanie Kirk, Mattie Lindsay, Grace Lindsay, Mr. and Mrs. Ben Crider; Vernie Leah Lindsay, Harpye Herrin, Mrs. Willie Seymour, Willie Coleman, Lucille Towery, Erenstine Towery, Lola McDowell, Ruth Travis, Sigby Towery Joe Towery, John Yandell, Elbert Crider, D. H. Postlethweight, Ray Hutchinson and Mr. Lynn. The students believe in better qualifications, better Crittenden and better salaries.

We sincerely trust our superintendent enjoyed his stay and will carry back our greetings home, and that after seeing the excellent work that is being done and the inspiration that may be secured through the school may serve to lead the other teachers of Crittenden to "Go and do likewise."

Crittenden County Delegation

Dear Teachers:

I assure you that I did enjoy my visit to the State Normal School and I cannot tell you how much I appreciate the kindness shown me by the Crittenden county teachers. No one could have been treated better. I am indeed proud of the record that our teachers are making and I do not believe that any county has a more enthusiastic or harder working set of teachers in the State Normal than Crittenden. Even the president of the school commended their work and told me that I had some excellent students in the school.

I shall, through the summer be very busy making preparations for you to begin your fall term of school which your training will no doubt help you to direct more successfully. With a thousand good wishes for my teachers, I thank you sincerely
J. L. F. PARIS, Supt.

LETTER FROM COLORADO

A letter from Mr. Blaine Farmer, formerly of this county, but now of Graneros Colorado to his brother Mr. Thos. H. Farmer of this city, contains the following paragraph concerning a knife which Blaine purchased from Mr. T. H. Cochran:

"Say bud you tell T. H. Cochran that I don't believe that his guarantee is worth a snap. I purchased a Keen-Kutter barbo knife from his store on the 15th of Feb 1907 with a guarantee to give satisfaction, well that was fourteen years ago, and I am still carrying the knife and don't believe that temper is any good, I carried the knife in Kentucky, Indiana Illinois, Missouri Iowa, Kansas Colorado New Mexico, Texas, Oklahoma, Arkansas, Louisiana Alabama Mississippi Tennessee, Ohio, Pennsylvania New York New Jersey Delaware on the high sea, through England, cross the English Channel; run the huns out of France and put Harding in Washington and the knife still has both blades now I think that I have given it a fair test and don't believe it is any good and think that I am entitled to a refund of the purchase price which was twenty-five cents or a new knife."

VOTE OF THANKS

Main Street Baptist church (colored) wishes to thank the many white friends of the city who contributed to the soliciting committee and very effectively helped us to raise \$99.35 in a rally service April 17. We appreciate your kindness and take this means to thank you.

JOS. HUGHES
J. A. BRICE
MRS. MARY H. CRUCE

COMMUNITY CLUB NEWS

At the Monday night meeting of the farmers around Tolu after some discussion a Community Club was organized. Mr. W. E. Dowell is the president; Kit Shepherd the vice president and T. T. Guess the secretary. The next meeting is to be May 3rd at the school house. Every one who is interested in farming is cordially invited.

The program follows:
Address by President

Preparation of seed bed and planting of corn: T. T. Guess, John Guess, Kit Shepherd, P. Shepherd Care and feeding of hogs: W. E. Dowell, Al Easley, J. B. Croft P. B. Croft

Music by orchestra

Junior Club work: W. E. Dowell, P. B. Croft, J. H. Grimes
Home Decoration: Mrs. T. T. Guess Mrs. Frank Flanary, Miss Emma Terry

Better Sires—Better Stock: Bourbon Stock Yards representative
Talk by the County Agent

The New Salem Community Club will meet Saturday night, April 23 with the same program as planned for the last meeting.

The Chapel Hill Community Club will meet April 30 with the following program:

Music—Orchestra

Preparation of Seed Bed and Planting of Corn—Tilford Bigham, Eura Bigham, Ed Beard

Limestone—James Fowler

Dairying and Soil Fertility—Milley Hill, John Cochran, J. C. Adams

Recitation—J. P. Daniels, Morris Hill

Home Beautifying—Mrs. James Fowler, Mrs. Albert Walker, Mrs. Milley Hill

Talk—County Agent

There will be a general farmer's meeting at the Green school April 25th and one at the Cisco Chapel on April 27.

Have you joined the Farm Bureau? It is the greatest farmers' organization in existence.

While eggs are cheap why not preserve them in water glass and use later when eggs are expensive? Eggs laid during April May and June have been found to keep better than those laid later in the season according to the Experiment Station experts.

The secret of success in preserving eggs for winter lies in getting them into the solution while they are fresh, clean and if possible infertile. Don't use a badly soiled egg for preserving and don't wash for it will remove a protective coating which prevents spoiling.

In using water glass take one quart of water glass to nine quarts of water that has been boiled and cooled. This mixture placed in a five gallon crock or jar will be sufficient to preserve 15 dozen eggs. Use only earthen ware and clean thoroughly and scald before putting in the solution. Have at least two inches of solution covering the eggs. Place the crock containing the eggs in a cool dry place. Waxed paper covered over and tied around the top of the crock will prevent evaporation of the solution.

THE LARGEST EGG

Calhoun, Ky., April 15.—The largest hen egg ever seen by people of Calhoun was exhibited by Jim Cary, who lives near town. The specimen measured 7½ by 6½ inches and weighed 3½ ounces. The hen that produced the egg is of mongrel breed of white plymouth rock, minorca and game.

Shucks! Mr. Cary come down to Marion and see a big egg. Mr. Press Guess brought an egg into our office today that measures 7½x6½ inches and weighs 4 ounces. The hen that produced this remarkable egg is pure bred Buff Orpington.

Come to the Press office and see a sure enough egg.

FOR SALE

My home on Elm St., five rooms two large porches, large barn; fine well. Buildings all new. Bargain for a nice home. GEO. W. STONE

Dr. F. W. Nunn attended a meeting of the Dentists' Association in Louisville last week.

LET US NOT BE WEARY IN WELL DOING

Mr. Editor:

Will you allow me to say through the "Press" a word to the supporters of Marion Public Schools? Most men do their best under any kind of circumstances but all men do their best when the job is easy and circumstances are favorable.

When I came to Marion, I met people who pledged to me their full support in making school conditions better in the district, they made these pledges in such a way that I believed them. I have found that my faith was well founded and that I need fear no evil from lack of support.

The school has been supported loyally and royally. If the Orchestra was needed, music burst forth. If tickets were to be sold for games, a ready market was found. If a special train was needed to go to Sturgis, it always carried passengers. If a special was needed to carry contestants to Morganfield, crowds arose from all sides to crowd the coaches. If cheer was needed for defeated athletes or speakers, Marion was true. If an entertainment was given at the school building, an audience was present.

When the citizens of Marion organized a School Club, 95 members joined the ranks.

This School Club represents in the finest way, Marion's interest in schools. This is a body of loyal women; loyal to the state, loyal to Marion and loyal to the childhood of the community. They have provided four or five splendid entertainments and raised nearly \$800 for school improvements. This money is an expression of their interest in school; these activities are expressions of determination to give childhood a chance to do its best. Through the leadership of these women every man and woman in Marion has been given a chance to help the school and they are responding.

I have never seen a town like Marion in loyalty to schools. Let us therefore, lay aside every bit of selfishness and fight the battle with patience. "And let us not be weary in well doing for in due season we shall reap if we faint not."

R. E. JAGGERS

ASSAULTED BY AFRICAN

Jeff Asher, grocer of this city and former Deputy Sheriff of this county and who also served a term in the Eddyville pen—as a warden, being a public spirited man felt like he should attend the Carnival. The trip would not be complete without seeing every side show so he was induced to enter the African tent. No sooner had he entered some fellow of gigantic proportions, about the size of Walter McConnell, landed on him and a sure enough tussel followed. However Mr. Asher got out alive and is still selling groceries.

WOFFORD-HUGHES

W. R. Wofford and Miss Mary Lee Hughes, both of near Fords Ferry were united in marriage Thursday April 14 at 1:30 at the home of Rev. W. T. Oakley in this city.

Mr. Wofford is the son of Mr. and Mrs. Thomas Wofford of near Fords Ferry and was a soldier during the late war. Miss Hughes is the daughter of Mr. and Mrs. Darby Hughes of near Weston. She is generally known by the name of Mamie.

The young couple have been sweethearts since childhood days. They are both very popular in their community and their many friends wish them well. They were married by Rev. W. T. Oakley.

GOOD REVIVAL BEING HELD AT METHODIST CHURCH

Evangelist Lear is doing some splendid work at the Methodist church resulting in wide spread interest.

The revival is now in its second week and great interest prevails the attendance growing each day.

Sunday morning and evening quite a number united with the Methodist church, mostly young people, and some professed faith in Christ who will unite with other churches of the city. Several infants were christened making the services quite interesting.

The choir, with Miss Hattie Lamb at the piano and under the direction of the Rev. A. D. Litchfield, is rendering excellent music.

Evangelist Lear's sermons are very strong and effective, each one seeming greatly appreciated by the large audiences that greet him.

The services afternoon and evening at 2:30 and 7:30 will continue thru Sunday and everybody is cordially invited to attend and take part.

Special seating capacity has been added and there is room for all who get there early.

Saturday evening and Sunday morning Evangelist Lear's aged mother from Marion was present to hear him expound the gospel in his strong and effective way, which added greatly to the interest of the revival.

The business and professional men of the city are especially invited to attend the Friday evening service.

A male quartette from Marion, is expected to be present at the Friday evening service.—Princeton Leader

FELL AMONG THIEVES

Mr. Ed Hunt, who is making a swift race for jailer attended the carnival last week and was induced to make a trip through Dark Africa. He had scarcely entered when, lo and behold he found himself among a caravan of Cannibals or man-eaters, that fell upon him. But being a good athlete and well trained on the track, he finally out-generalled his African tribe and came out with only a few bumps and bruises.

EAST MARION

Mrs. Albert Agee has been quite sick for the past week.

Mr. and Mrs. Louis Gass visited his sister, Mrs. Charlie Dillard, Sunday.

Mr. and Mrs. Dillard are on the road to recovery after an illness of several weeks.

Mrs. Ellen Conger visited her brother, J. L. F. Paris, the past week.

Mr. and Mrs. B. Paris visited relatives in Salem last week.

Mr. and Mrs. Shelby Matthews visited her parents, Mr. and Mrs. D. Hill, Sunday.

Wilma Paris and Eveyn Wring visited in Pleasant Hill neighborhood last week.

Master James Al Moore visited at the home of his grand-father, Mr. Allie Moore, Saturday and Sunday.

Mrs. Roy Davidson was the guest of Mrs. Amy Agee Saturday.

—Stovewood and kindling \$1.75 per mixed load. Drayage 25c
J. N. BOSTON & SONS

William Wyatt of Tolu underwent an operation at the Riverside hospital at Paducah recently.

THE V. Y. M. BANQUET

The banquet was held at the Methodist church last Friday evening with 300 present. This closed the attendance contest between the mens classes of Madisonville and Marion Sunday schools.

Hon. A. C. Moore was the toast-master and made the opening address which was pointed and full of wit and humor, Allie is a past master in that art.

Rev. J. C. Rowlings pastor of the First Methodist church of Henderson followed Mr. Moore with an elegant address. H. C. Franklin, J. W. Blue, Rev. J. W. Weldon, Mr. Ellis president of the Sturgis Bank all made telling addresses. Our pastor Rev. G. P. Dillon brought up the rear with an effective address.

Strange as it may seem the ladies were speechless. But that was one time that actions spoke louder than words. The menu consisting of several courses was excellent and proved that our women are experts in cooking as well as serving.

The Marion Orchestra furnished the music for the occasion.

NOTICE TO CONTRACTORS

Plans and specifications for additions to and remodeling of present building of First Baptist Church, Marion, Ky., will be completed by Monday April 25, 1921. Bids for construction of said building will be received from April 25 to May 5, 6 P. M., 1921. All contractors desiring to submit bids may have access to plans and specifications by application to Levi Cook, Secretary of Committee, Marion, Kentucky.

W. D. CANNAN, Chrmn.

MRS. HENRY E. CAMERON DIES

After an illness of only a few days Mrs. Henry E. Cameron died suddenly at her home on Main Street Monday night.

Mrs. Cameron was the daughter of Mrs. Marble who afterwards married the late J. N. Wood, and was born in Madison Ill., and moved to Marion in early life.

About the close of the Civil War she was married to the late Thos. J. Cameron, who for many years was a prominent merchant of this city.

The funeral services were conducted at the residence at 1:30 by her pastor, Rev. G. P. Dillon, after which the remains were laid to rest in the beautiful Maple View Cemetery.

THE CARNIVAL A SUCCESS

The indoor Carnival given by the School Improvement last Thursday evening was a merited success in attendance and of thrilling interest from start to finish. Many kinds of delicacies to eat, entertaining music, fortune tellers, "Men Only" show—in fact everything that goes to make a sure enough carnival were to be found.

One great feature was the trip to Darkest Africa, but the great attraction for men was the Men Only show. Jesse Olive and ninety-nine other men were lured by the attractive placards displayed on the outside of this booth.

The financial success was all that could be desired, netting the School Club over \$300.

Three cheers for our women!

A HOLD-UP

The watchful police force at the Carnival Thursday evening held things well in hand and the crowd was exceptionally quiet for such a number of people. Only one or two serious hold ups were reported. Rev. G. P. Dillon, who was duty bound to take his small son to see the sights, was held up by his son German far all the pocket change that he had. Joe Bourland was run in before two o'clock, Ted wanted his change.

JUDGE R. L. MOORE

Last week the Press announced the candidacy of Judge Moore for County Attorney. He is well and favorably known over the county and is now serving as County Judge, being elected without opposition. He is a clean, progressive citizen and one of the leading attorneys of the Marion bar. Mr. Moore is worthy and well qualified and if elected will make an excellent attorney.

CARNAHAN'S BONA-FIDE SALE DREW THROGS DESPITE BAD WEATHER

The first day of Carnahan's sale attracted throngs of people. The big crowd was waiting at the front door when the store opened and continued to file in all through the day. Even the rain could not stop the eager buyers.

People came from a distance of over thirty-five miles to secure their share of the bargains that are offered during this sale. The second, third and following days saw people in town from many miles away—many entire families coming who had never been in Marion before.

You would think they were reducing their stock on certain lines, but every line in the stock is being reduced. The crowds scattered thru-out the entire store and the clerks were busy every single minute. Mr. H. E. Parker, who has charge of the Carnahan stock during this gigantic sale sure has old Mr. Hi Price backed up against the wall. He claims he going to make him dozed, dippy and dizzy before he leaves town.

Mr. Carnahan says he was most agreeably surprised by the response from the double page advertisement which appeared in the Press.

He says people are somewhat difficult to attract to a sale right now but the real bargains brought the people in crowds.

This is a real sale from every stand-point and is needless to say that the crowd Saturday and the days next week will be bigger than those of the first days, because Mr. Parker says he is going to make some very attractive prices for the balance of the sale.

Saturday will be Bargain Circus day and Parker says he's going to do some regular stunts with the prices on many lots of goods for Saturday. hosiery, shoes, underwear etc are all bound to come down from their "High Horses."

Next week there will be a big Dollar Day Sale, Penny Day Sale and in fact every day will hold a big thrill for every one who attends. Then the final smash comes the following Saturday—when the sale will end. It will behoove the most careless of you to step into Carnahan's and see the wonderful offerings there are right now.

GOOD ROADS MEETING

LOUISVILLE, Ky., April 22.—Planning to make its annual convention this season the largest and most effective good roads meeting ever held in the state, the Executive Committee of the Kentucky Road Engineers' Association has extended invitations to all County Engineers, County Judges, Fiscal Courts and good road interests to participate in the sessions.

The Convention which will take the form of a good road congress will be held in the Jefferson County Armory, Louisville, June 7-10 inclusive. No county can afford to fail in sending delegates to attend this important meeting if it is to be progressive. Nothing is of greater importance in the development of a county than good roads. Advocates of the cause are urged to see that their county is well represented.

The status of the highway system, Federal and State aid will be intelligently discussed and explained by State Highway Commissioners. Road experts will tell of the different methods of road building and maintenance. Every phase of the question as it exists in each section will be considered.

In connection with the convention there will be a big exhibit of modern road equipment. Material men and manufacturers and dealers will be on hand to demonstrate their products. Delegates will be taken on automobile tours of inspection. Close examination will be made of various types and their durability.

Arrangements are well under way to provide royal entertainment for visitors during their stay in this city.

MRS. NANCY L. BARNES

One of the oldest citizens passed away at the ripe age of ninety years on April 6, 1921. She was a devout saintly christian and an acceptable member of the Union Baptist church. She was married to Mr. Barnes on November 3, 1853.

BIDDERS WANTED

Sealed bids will be received until Wednesday, April 27, 1921, 6 P. M., by the undersigned, for the sale and removal of the residence located on the lot adjoining the First Baptist Church, Marion, Ky., now occupied as a Pastor's Home. Purchaser will be required to remove the building from the church property before May 15th, 1921. The house is in good state of repair, consists of five large rooms, hardwood floors throughout, closets and porches, all under a good metal roof. The Building Committee reserves the right to reject any or all bids submitted.

PRESIDENT MARKHAM ASKS FOR SUSPENSION OF JUDGEMENT OF RATES

President C. H. Markham of the Illinois Central has written a very interesting and enlightening letter to the public on the subject of existing freight rates. He deals with all phases of the subject and makes the point against those who argue that the present rates are too high that even if the rates were reduced to the pre-war level on cotton for instance, not a bale more would have moved than has actually moved because of low prices and stagnation in the market. He argues that the same condition exists with commerce and trade the country over and rail rates have nothing whatever to do with the period of business depression which is just now beginning to pass. Nor, from his argument has any advocate of a reduction of rail rates as a stimulant to traffic a plank to stand upon after reading the presentation by this practical railroad man.

He goes on to show that the pre-war freight rates were really too low; under those rates there was not sufficient earnings to make their securities yield an attractive return, with the result that those securities were not taken sufficiently to enable the roads to maintain their properties as they should, and to make improvements or betterments with further result that the various properties now need a great amount of money spent upon them. This money can only be had if the roads are allowed to earn sufficient to induce investors to take their stocks and bonds.

Even as it is, freight rates have not kept pace with the cost of operation and material. Since 1917 freight rates have been increased on the whole about 68 per cent and passenger rates about 45 per cent; but during the same period railway wages have been increased more than 100 per cent while materials and supplies have increased from 100 to 200 per cent—and even more.

Evidently Mr. Markham is writing to warn against propagandists who seek to undermine confidence and faith in the railroads when he says:

"However, this is a time when clear thinking is needed—a time to stand by the principles that gave America the greatest and most efficient systems of railways in the world. Above all it is not a time to lend encouragement to those who are seeking to fasten permanently upon the railways the very evils from which they are now struggling to free themselves."

Undoubtedly there is a strong propaganda being now fostered with the evident intention of weakening and breaking down the railroads so that the government will take them over. That is precisely what these socialistic "borers from within" want. There may be a degree of selfish interest in it also. Under government control it was so easy to organize a demonstration and intimidate Congress that the scheme appears susceptible of being worked again and again—provided the railroads can first be gotten into the government's hands. Then, every time wages are desired to be boosted it will be easy. All that is necessary to do is to threaten Congress with "the railway vote" and such raises, bonuses or other demands will be speedily forthcoming.

But the people will have to pay the bills—even as they are now paying the bills for the expensive government experiment. Mr. Markham has done well to sound a warning against the insidious effort to reopen the most wasteful and extravagant regime the world has ever seen in the whole history of transportation. The high rates the railroads charge now are a necessary legacy from period.—Birmingham (Ala.) News.

HENDERSON FARMERS TO RAISE STRAWBERRIES

Farmers of Henderson county will plant between 300 and 500 acres of strawberries this year. A strawberry association with 100 members has been organized by Ben E. Niles, secretary of the State Horticultural Society.—Providence Enterprise.

Fred Love of Levas was in Marion Wednesday.

PINEY CREEK

Mr. Jim Hodrick and family were guests of their daughter, Mrs. Mamie Myers Monday.

RAISING WINNER IS GREAT HONOR

Heredity Plays Important Part
in Helping Owner to Secure
Blue Ribbon.

FIRST OBSERVE CALF'S DAM

Good Breeders Should Be Familiar
With Individuals and Blood Lines
Instrumental in Building Up
Favored Breed.

(Prepared by the United States Department of Agriculture.)

It is a science and an art to produce a famous breeding animal or a noted winner in the show ring. Every year thousands of stock breeders contest for this honor, and as soon as the blue ribbon is placed the owner of the animal is besieged with questions as to just how the winner was originally selected and reared.

Kings and queens of the beef-cattle world sometimes are selected when they are calves only a few months old so they can be taught to eat grain before they are weaned and specialized of the United States Department of Agriculture. The first step is to observe the calf's mother, noting whether she is a wide, deep-bodied cow with plenty of size, and is giving a liberal supply of milk. If the mother qualifies in these respects and was bred to a good bull, it may be reasonably expected that the calf will grow into a useful breeding animal and can be developed into a type suitable for show purposes.

Studying Calf's Pedigree.

The calf's parents, grandparents, etc., should have been useful and profitable to their owners. These facts may be learned from a study of the calf's pedigree. To know a good pedigree requires study, and in this connection it is advisable to read a history of your chosen breed. It is essential that the good breeder become familiar with individuals and blood lines which have been instrumental in building up the breed.

In every breed there are certain blood lines that are known to "nick" well with one another. Ascertain what "nicks" or crosses have produced the best results, and look for these combinations in a pedigree. Do not be misled by family names, which in some cases are derived from a female that appears as far back as the twelfth or fifteenth generation. Cattle breeders are fast losing sight of family connection on the female side and are giving more attention to the bulls that appear in the first, second, and third generations.

The calf which is selected must have good form, which is sometimes spoken of as type or conformation. To become familiar with types of the breed, study pictures of famous animals. Make use of a score card in selecting

Select a Calf, if Possible, When It May Be Seen With Its Mother.

and judging stock. Learn the different parts of the animal and become familiar with the methods of examination used by experienced judges.

In selecting a calf, first get an idea of its general appearance by looking it over carefully at a distance of 10 or 15 feet. When viewed from the front it should have a short face, large muzzle, wide forehead, short neck, and a wide, deep chest, indicating a strong, vigorous constitution. When looked at from the side, its back should be straight and level from the top of the shoulders to the tail. It should have a deep body and smooth, long hind quarters. When viewed from the rear, it should present a wide deep appearance. While as much width as possible is desired, it should not be accompanied with roughness about the shoulders and the hips or hocks. The legs should be rather short, stout, and set wide apart.

Indications of Quality.

Quality may be determined by the eye of the experienced judge, but the hand may also be used in determining the "condition" or "quality" which has reference to the flesh or fat. The beef calf should have deep natural flesh, but should not be excessively fat or coarse. The flesh should be smooth and firm, but not hard along the back, sides, and over the shoulders.

All the following indicate quality: A thick coat of hair that feels soft and silky and looks glossy; a loose, pliable skin that does not seem thick, rough, or tightly stretched over the body; and rather short legs that appear to have strong, clean bones without roughness or coarseness. Color is of little importance so long as the calf selected has the approved color of the breed desired.

BAPTISTS REPORT WHERE MONEY GOES

GENERAL DIRECTOR 75-MILLION
CAMPAIGN TELLS PURPOSES
TO WHICH MILLIONS GIVEN.

EVERY CAUSE IS BENEFITED

State, Home and Foreign Missions,
Christian Education, Hospitals,
Orphanages and Ministerial
Relief Share in Receipts.

DR. L. R. SCARBOROUGH,
Chairman Conservation Commission
Baptist 75 Million Campaign.

Dr. L. R. Scarborough, who was general director of the Baptist 75-Million Campaign, and who was later elected chairman of the Conservation Commission that is seeking to conserve all the interests of that campaign, has issued a report from the Nashville headquarters showing the various interests that have profited from the \$16,551,100.65 collected on campaign pledges up to Dec. 1, 1920.

With its receipts of \$2,958,808.97, the Foreign Mission Board has added to its territory five new provinces in China and made the beginning for opening up work in the new fields of Spain, Hungary, Roumania, Jugoslavia, and the Ukraine in Russia; strengthened its work in Syria and Palestine, made a beginning in Eastern Siberia, added 100 new workers to its force of American missionaries in foreign lands, provided new houses of worship, hospitals, schools, publishing plants and other institutions needed in the prosecution of missionary work. What is of even more importance, in the estimation of Secretary Love, is the completion of many institutions and undertakings that had been held up for lack of funds.

Home Missions Doubles Budget

By reason of the larger receipts from the campaign, the Home Mission Board has been enabled to practically double its annual budget for its work of evangelism, church building, work among the foreigners, Indians and negroes, mountain mission schools, enlistment, and general mission work in Cuba and Panama. The appropriations to evangelism have been practically doubled, those to church building increased between 500 and 600 per cent, those to the mountain schools, forty in number, 100 per cent, and those to the work of enlisting undeveloped churches, 500 per cent.

In the realm of state missions, which embodies such work as providing missionaries and other special workers for needy fields within the states and aiding weak congregations in the building of houses of worship, the advance made possible by the campaign ranges from 25 to 100 per cent in the sixteen states of the convention territory.

Returns to the Conservation Commission by forty-five of the Baptist institutions of learning which are sharing in the returns from the campaign show that they have received \$2,712,754 so far. Of this sum, \$1,640,000 has been expended on improvements, \$400,000 has gone to endowment, several hundred thousand dollars in old debts have been wiped out and other improvements are under way.

Ten New Hospitals Provided

Southern Baptists were operating fourteen hospitals when the campaign began, and as a result of the new interest in this work aroused by the campaign ten additional hospitals have been launched. These hospitals have received \$1,111,459.45 from the campaign so far, while local communities in which the hospitals are located have subscribed approximately \$2,000,000 additional. The hospitals have practically \$1,000,000 in improvements under way. The seventeen Baptist orphanages have likewise come in for much larger support as a result of the campaign, their receipts from this source being \$1,018,798.67. As a result of this income the orphanages have been enabled to make improvements valued at \$225,000.

The work of aiding aged preachers is a new one among Southern Baptists as a whole, but as a result of the campaign the Relief and Annuity board has received \$408,148.82 from that source and \$200,000 from Mr. Rockefeller, Sr.

CAMP ZACHARY TAYLOR AT ABSOLUTE AUCTION

Beginning Monday, April 25, 1921, at 10 a. m.

And continuing day by day until all land, buildings and equipment have been sold. The properties to be disposed of at this sale, represent an outlay on the part of the Government of

Ten Millions of Dollars

All of which will be sold, in units, to suit purchasers at
The Greatest Auction Sale in History

Sectional view of one of the areas at Camp Zachary Taylor showing character of buildings to be sold.

This Army Camp comprises 2,000 acres of valuable land, adjoining the city of Louisville, together with 2,000 buildings of various sizes, and a vast amount of equipment, such as boilers, plumbers' supplies, stoves, hot water heaters, radiators, electrical equipment, motors, heating and refrigerating plants, etc.

THE BUILDING PROBLEM

For years building has been at a practical standstill. The high cost of material, especially lumber, and the scarcity of labor have compelled a stoppage in the erection of homes, storehouses, barns, etc. That time has now passed. Workmen have been released by the hundreds of thousands and Camp Zachary Taylor will release lumber and equipment. 68,000,000 feet of yellow pine will be disposed of at this sale and at such prices as bidders see fit to

pay. Come to this greatest of bargain sales and buy what you want at your own figures. Join with your neighbors in making up car lots to save freight rates. A vast number of cedar, white oak, chestnut and creosoted fence posts, water troughs and grain bins will interest every farmer. There are miles of woven wire hog-tight fencing. Two grain elevators, completely equipped with motors, conveyors and chutes.

OUR GUARANTEE

This is an absolute sale. You win or you lose on April 25th. We sell no one privately, but do an exclusive auction business. No set price, no reservation, no by-bidding, no private sale. This has been our motto for the twelve years we have been in business, during which time we have operated from the Great Lakes to the Gulf, and have never failed or refused to sell a single piece of land, or property of any kind, after it was placed under the hammer. You make the price. The Government makes the deed. That's all

As One Raised From Dead Stomach Pains Gone

Eaton Made Him Well

"After suffering ten long months with stomach pains, I have taken Eaton and am now without any pain whatever. Am as one raised from the dead," writes A. Percifield. Thousands of stomach sufferers report wonderful relief. Their trouble is too much acidity and gas which Eaton quickly takes up and carries out, restoring the stomach to a healthy, active condition. Always carry a few Eatons, take one after eating, food will digest well—you will feel fine. Big box costs only a trifle with your druggist's guarantee.

HANNA'S GREEN SEAL PAINT

Where One Gallon Equals Two

Quality does tell! Measured by covering capacity and length of wear, one gallon of Hanna's Green Seal Paint proves itself equal to two gallons of so-called "cheap" paint. And there's a reason: viz.,—no paint can be better than the ingredients that go into it.

HANNA'S GREEN SEAL PAINT contains only highest grade ingredients, universally recognized as necessary in making good paint. If a paint is sold at a ridiculously low price it simply means that it is lacking in these necessary ingredients and contains cheap adulterants. The exact formula is printed on every package of Green Seal.

Mrs. Crandall (Iowa) Tells How She Stopped Chicken Losses

"Last spring, rats killed all our baby chicks. With I'd known about Rat-Snap before. With just one large package we killed scores of rats. They won't get this year's hatchlings, I'll bet." Rat-Snap is guaranteed and sells for 35c, 65c, \$1.25. Sold and guaranteed by

J. H. Orme and T. H. Cochran Co.

Fertilizer Going at the Lowest Prices

The rush for fertilizer is on. We have 14% Acid Phosphate at \$19.50 per ton; 16% Acid Phosphate at \$21.00 per ton.

The season is also on for Oil Stoves, Corn Planters, Riding and Walking Cultivators, Disc Harrows and general farming tools, Deiker Buggies and up-to-date Harness.

This is the time of year that the cream business pays most, we have the Cream Separator that gets all the Cream.

As to price on what we have in stock we make that part right as we keep up with the declining market.

WHAT you lose thru baking failure must be added to baking costs—it has to be paid for.

Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it.

Pure in the can - Pure in the baking.

CALUMET BAKING POWDER
"BEST-BY-TEST"

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way—it is the best way to keep down baking costs. That is what has made it the world's biggest selling baking powder—has kept it the favorite of millions of housewives for more than thirty years.

Good wholesome bakings can be made only of good materials, no other way, so use only good baking powder and good plain flour (not self rising flour).

Calumet Sunshine Cake Recipe
1 1/2 cups of butter, 1 1/2 cups granulated sugar, 2 1/2 cups flour, 1 cup water, 2 level teaspoons Calumet Baking Powder, 1 teaspoon lemon, yolks of 9 eggs. Then mix in the regular way.
