FARM BUREAUS NOTES

Telecommunication Development
As was stated last week in the
Farm Bureau Journal, at the
Convention of the American
Federation of Labour, the
Farm Bureau was able to
make a great stride forward
in the matter of telecommuni-
cation development. A
resolution in favor of the
establishment of a telecommu-
nication system was passed
at the convention, and the
Farm Bureau is now able to
make a greater effort in
this direction than at any
previous time.

IN AND ABOUT THE CITY

A new film will be shown at the Skouras theater this week. The film is entitled "The Great Dictator." The showings are scheduled for Thursday, Friday, and Saturday nights.

MANY STRANGE STORIES have been told about the town of Skouras. Some say that the town is haunted by the ghost of a former mayor who was executed for corruption.

SHIP AND SAIL UNDER THE STARS AND STRIPES AT ALL PARTS OF THE WORLD

With the Stars and Stripes flying high, America is enjoying a period of peace and prosperity. The Navy has been busy preparing for a new season of voyages to all parts of the world.

The U.S. Navy is preparing for a new season of voyages to all parts of the world. The ships are being equipped with the latest technology to ensure a safe and comfortable journey for all passengers.

EAST MARION

Mrs. John Smith and Mr. Jane Brown are expecting a baby later this year. They have been married for three years and are looking forward to the arrival of their first child.

Life

Two words were very frequent at the YWCA meeting last night. They were "happy" and "joyful.

There were two present who had never been present before. One was Mr. John Smith, and the other was Mrs. Jane Brown.

There were two people who were not present. They were Mr. John Doe and Mrs. Jane Doe.

There were two children who were present. They were John and Jane Doe.

From the PENCIL's POINT

Life is not all fun and games. Even the great Francis Ford Coppola had his ups and downs.

A man must always have hope in his heart. Even the great Charles Dickens was known for his optimism.

A beautiful sunset can bring a smile to anyone's face. Even the great Vincent van Gogh said so.

The ship's bell tolls at the end of each voyage. Even the great Henry David Thoreau said that life is a series of tolls.

The children's choir sings at the end of each service. Even the great Wolfgang Amadeus Mozart said that music is the highest form of art.

CANDY

Mrs. William Smith and Mr. John Doe have been married for ten years. They have three children and are expecting a fourth.

Famous Ben Greet Players in Shakespeare’s “As You Like It,” at Chautauqua

**Chautauqua Week Her, June 18th to 25th**

**Contest Day**

G) to me, madam, a contest day is a day when the county, city, or township engages in a friendly rivalry to promote civic pride and spirit. In the context of the Chautauqua Week Her, June 18th to 25th event, the contest day is likely a day full of activities, performances, and competitions aimed at showcasing the best of the region. The text suggests that on this day, the contest day, the Ben Greet Players will perform Shakespeare’s “As You Like It,” adding cultural richness to the day’s festivities. The performance of such a classic work could heighten the sense of community and cultural heritage, making it a memorable event for those in attendance.
HEN von Humboldt was asked how to develop a great Prussian Empire, he replied: "Whatever you will put into the life of the nation, you must first put into the schools of the nation."

This advice was followed. Militarism, the glorification of force, the idea of the German super-state, and the ethics of the jungle went into the schools. And when von Moltke led the triumphant hosts of Prussian militarism through the streets of conquered Paris, he remarked: "Heed the triumph of the Prussian schoolmaster."

Wrong Education Wrecked the World

Germany scrapped civilization by wrong education. In two generations she transformed gentle, God-fearing, peace-loving people into ruthless hordes of war-mad fanatics.

This kind of education glorifies might and physical prowess, while it despises the gentler virtues of humility, truth, and honor. It exalts the ethics of the jungle and considers, as Nietzsche did, the ethics of Jesus as fit only for "women, all cows, and Englishmen."

Thus it trained a generation to believe that the supreme interest is the state, that war is a legitimate activity, that might—military, industrial, physical—is the final arbiter of all things. So when at last "Der Tag"—the day—arrived, the product of the Prussian schools marched across Belgium, spurred on by their preacher's declaration: "We execute God's almighty will, and he calls us to murderous battles, even if worlds should thereby fall in ruins."

Are Americans willing for the Prussian tendency now manifest in our education to become dominant?

Christian Education Can Save the World

Over against Prussianism, Christian education presents the principle that right makes might and implants in the soul the fundamental principles of religion—love for God, faith in Jesus Christ, justice, humility, love.

Christian education is necessary to cultivate and the world's salvation. It alone can produce a generation of men devoted to righteous principles of moral, social, national and international action. It alone can save us.

A $33,000,000 Christian Education fund will be raised between May 28th and June 5th.

Send your contribution now to the pastor of any M. E. Church, South.
