To the Voters of Crittenden County:

Sullivan, Kentucky, R. D. No. 1, June 21, 1921.

Dear Friend,

Owing to my home affairs it seems that I am not going to be able to see all the voters regarding my candidacy in the County Judge race. After I resigned my place as County Road Engineer I moved to the farm and have been working on it about two months now. The time is so short between now and the coming out of the Primary that I may not be able to visit you at your homes as I am writing you this letter.

Now I have no formal introduction to make of myself because the people of Crittenden county county know my ability and my readiness to deal honestly and impartially with the public affairs of the county.

The County Judge is ex-officio chairman of the Fiscal Court of the county. The Fiscal Court fixes all salaries, levies all taxes, etc., besides makes all appropriations for roads and bridges. In short, they pay out all monies that are paid out of the county funds for all purposes. If I am the County Judge I want to acquire the knowledge and the tax money of the county that there will be no appropriations of the county’s money made until the Fiscal Court has been fully informed as to the advisability of such appropriation.

If I am the County Judge I will feel perfectly free to express my opinion or give my advice in such matters.

In questions connected with the office I will endeavor to inform myself thoroughly and then act freely and honestly.

Crittenden county is paying a heavy tax. I may not be able to reduce it, but I will bend every effort possible with the full assurance of the board of supervisors to get something for the money we are paying out.

My interest is with the farmer, the laborer and the producer, and I will do every thing in my power to see that he gets his share of the tax money paid, in the way of better roads and bridges, schools, churches or other things where the County Judge may have any influence.

I want to be the County Judge for all the people of the entire county regardless of race, creed or color.

If you think from what you know of me by my past work as a public officer of the county, and my qualification generally I believe you will say for the interests of our good county, and support us as much as any man could. I will do all I can to not let our dear old county’s interests lag.

Yours for a better Crittenden County.

E. JEFFREY TRAVIS
