What I Know and Heard

The beginning of my stay was spent in the usual way, but the two best days were at the university. I saw many old friends, and we had a wonderful time. The weather was clear and sunny, and the air was fresh and invigorating. The university campus was beautiful, with its rows of trees and its well-maintained lawns. The buildings were impressive, with their grand architecture and their rich history. The academic community was vibrant, with its passion for learning and its dedication to scholarship. I met many wonderful people, and I learned a great deal. The university experience was truly a highlight of my trip.
