A Card to the Public

If you want to know who it is, you've got to stand a little way off. If you want to know what it is, you've got to stand a little way off. If you want to know why it is, you've got to stand a little way off. If you want to know how it is, you've got to stand a little way off. Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. CAMELS are as good as it's possible for skill, money and lifelong knowledge of the tobacco trade to make a cigarette.

Nothing is too good for CAMELS. And bear this in mind! Everything is done to make Camel the best cigarette it's possible to have. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science designed to protect cigarettes and keep them fresh. Heavy paper—secure full wrapping—revenue stamp is on and makes the package as tight as can be. But there's nothing fancy about it. You'll find no extra wrappings. No frills or redundancies.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mildest, nicest cigarette you can imagine—and one entirely free from cigarette aftertaste—

It's Camel for you.
