NEWS IN BRIEF

The Marion Tribune Co. has completed the installation and has been in operation for several weeks.

RACING WILL BE BEST EVER

At the Spring Fair at Hopkinsville and Fort Saskatchewan, Saskatchewan, the racing will be best ever.

A fair would not be a fair without the races, and the more the races, the better the fair. The races at the Spring Fair, which is fast becoming one of the most popular of the season, is fast becoming one of the most popular of the season. The racing is now being advertised in the paper and will take place on the first day of the fair, September 4th.

A preliminary application for the races is being made at this time, but it is expected the races will be advertised in the paper in a few days.

A favorable weather condition is expected, and the races will be run on time.

The races will be run on the first day of the fair, September 4th, and will continue until the last day of the fair, September 13th.

A CARD OF THANKS TO THE CRIBBLE DISTRICT

This is a small boy, and if he is found in the crib, I will be very grateful.

A CREDIT CITIZEN SEEK NEAR MARION

Mr. B. T. Ford, a model farmer, has just moved his farm to the vicinity of Marion and is now living there.

Mr. Ford is a progressive farmer, and his farm is one of the best in the vicinity.

A few weeks ago, Mr. Ford was at the hotel in Marion, and while there, he mentioned that he was moving to the vicinity of Marion, where he expected to live the rest of his life.

**GONE HOME**

On the morning of August 2, the Dugdale family had just finished breakfast when the phone rang. Mrs. Dugdale, who was the president of the local PTA, was about to head over to the church for a volunteer session when the call came in. It was from the local hospital. Mrs. Dugdale’s daughter, Jennifer, had gone into labor and was in active delivery. The hospital needed her to come in as soon as possible. Mrs. Dugdale dropped the phone and rushed out the door, leaving her husband and son to manage the breakfast dishes.

---

**LOOKOUT**

“The weather looks clear for the next few days,” the lookout reported to the local authorities. “No signs of storms or severe weather.” The lookout was a key personnel for the community, ensuring safety and security. In the event of an emergency, the lookout would provide early warnings, allowing the community to take necessary precautions.

---

**FISH TRAP**

Mr. and Mrs. Tom Powell passed their home to Sherry Wednesday. They had lived in the neighborhood for over 10 years and were excited about their new adventure. Sherry, a young woman with a heart full of love, had been the Powell’s neighbor for a few years. She had been integral in organizing community events and had become an important part of their family. The Powell’s were looking forward to making new memories and contributing to their new community.

---

**FRANCES**

Mrs. J. W. Matthews visited Mr. and Mrs. Russ Davidson.

Mrs. Russ Davidson and daughter Mary were visiting relatives in the city. They were spending the weekend together, enjoying each other’s company and exploring the city’s attractions.

---

**DEVIL’S DROP**

“Devil’s Drop,” a well-known local waterfall, has been a popular destination for hikers and nature lovers for decades. The waterfall is located in a lush forest, surrounded by a variety of plant and animal species. It’s a perfect spot for a refreshing dip on a hot summer day.

---

**MAKE FENCE ATTRACTION**

Mr. and Mrs. John Smith were working on their front yard fence. The couple was passionate about their home and spent many hours designing and building the fence. They were excited about the final result and hoped that it would be a focal point for their neighborhood.

A GOOD many motorists
do not realize what an
intimate relation there is
between the life of a tube
and the life of a tire.

Hartford Tubes are made
to lengthen the life of Hartford Tires—of any good tires.

A tube has the slightest
thing the matter with it, let

there be a slow leak around
the valve or any imperfections in
the rubber, and the tire suffers.

It is always safe to be very
particular about the tubes
you buy. Just as particular
as we were when we selected Hartford Tires and Tubes
to uphold our business
reputation.

DEATH DEFYING AUTO POLO GAMES
Will Be a Daily Free Attraction at the PENNYROYAL FAIR
Hopkinsville, Ky., Aug, 30, 31, Sept, 1, 2, 3

The first time such a big novelty and thrilling act has ever been offered by any fair in Western Kentucky. It is the same act and the same player, who will play at the Kentucky State Fair in Louisville the coming week. Big and small automobiles, the players dash madly over the field in pursuit of a large orange or orange-colored ball which is presented to the clowns. It is a game of skill and a game of speed. There are no knockdowns and no real hurt. It is a thrill for both players and spectators. It is an attraction that will be enjoyed by both the young and the old. It is a game that will make the fair memorable.

GOOD HIGHWAYS

ONE-MAN ROAD GRADER PAYS
Professor Roy Parsons, in connection with the department of civil engineering cultivate a 12-acre lot in his own yard at South Chicago.

One man two horses and a wheel will cut a 40-foot-wide strip of land, and 24 inches deep. The horses are the only power used in the operation. The blade is made of heavy steel and is 10 feet long. The man rides a horse in front and operates the blade, while the other horse is in the rear. He can work from 6 to 12 hours a day, and in a day he can cut a strip of land 40 feet wide and 24 inches deep, and in a day he can cut a road 40 feet wide and 24 inches deep.

I am informed that this new machine is being used in France with great success, and that it is now being used in England and Wales. The operators are doing a large amount of work, and the machine is proving to be a great success. It is a novel and a valuable invention. It is a machine that will revolutionize the method of cutting roads, and it is a machine that will save a great deal of money.
