No. 7

## Farm Bureau News

There have been numerous requests regarding the treatment for weevil and moths in cow pea seed to go into storage.

The best thing to use is carbon disulphide. Put the peas in a tight barrel and on each barrel throw about 2 ounces of carbon disulphide. Cover the barrels with sacks or tarpaulin. Examine at intervals of a month to see that no new infestation occurs. During the cold weather there is much danger of this.

Last Friday evening at the Sisco Chapel meeting it was decided to organize a regular community club and hold meetings with a program each time. Mr. Ben Sisco was elected President; J. Floyd V. President and Bob Allen Secretary. A number of very interesting talks were given at the meeting by the good people present. Facts and figures given by local dairy men furnished food for thought to those interested in obtaining a steady farm income.

### Ensilage

Corn placed in a silo in a dry condition is more apt to spoil than that that contains a great deal of moisture according to farm specialists who say that it is absolutely impossible to get silage too wet.

Have the silage cutter ready some time before the process is to begin. Sufficient attention should be given to the silo itself to insure all the doors being in place and in good repair. If doors do not fit in certain places this can be repaired by tacking felt along the edges. It is sometimes possible to seal cracks around doors by sealing them with wet clay after the silo has been filled. If the corn is placed in a stave silo care should be taken to see that all the hoops are straightened and tightened.

Corn should be cut for silage when it is fairly mature this condition being present when the dent varieties when the kernels are dented and the lower leaves of the stalk broken. The digestible nutrients or the feeding value of the corn increases as the crop nears maturity and for this reason it should not be cut too soon. The corn may be chopped from one-fourth inch to one inch with one-half inch as a good width. The chopped corn should be thoroughly tramped as the silo is being filled as much attention being given the center as the outside to prevent uneven settling. At the Ky. Experiment Station, Farm Silage is kept from spoiling by wetting it thoroughly just after filling is completed and then having a man tramp it for one hour on seven consecutive days.

### Hogging Down Corn

With indications pointing toward a low price for corn and a fair price for hogs during the coming fall, Ky. farmers can market their corn and produce pork in no better way than by turning hogs into their corn fields to hog off the crop.

Experiments conducted by the station show that tankage fed in a self feeder as a supplement to corn made the best combination for hogging off purposes. This method resulted in an average daily gain of 1.5 pounds.

Corn and soy beans ground together and hogged off also make a good combination, this system of feeding resulted in an average daily gain of a little more than one pound on all animals in the lot.

For hogging off use hogs weighing about 100 pounds. If smaller they are unable to get the corn down and larger animals do not make such economical gains. Start hogging down corn and soy beans about the time the beans are in the dough stage putting enough animals in the field to clean up the corn in about 35 or 40 days. When corn alone is used turn in as soon as the grain has passed the glazed stage.

Orchardists, don't fail to attend the annual meeting of the Henderson county Fruit Growers Association in conjunction with the Horticultural Society of Henderson, Ky., September 5th and 6. You who are interested in apple growing could not spend a more profitable two days than at this meeting. See the program at the Farm Bureau Office.

Mr. E. Champion has a lime crushing outfit in operation at Mr. Fred Clements this week. It is producing excellent agricultural limestone.

## WONDERFUL TRIP

W. B. Yates and party reports a wonderful trip to Mammoth Cave, there was a notice in the Press last week but this week is quite different in that the trip is now history.

I came home from Camp Sycar, Mount Vernon Ohio, where we had a most wonderful camp meeting, twenty six hundred people camped on the grounds beside the multitudes that came from the surrounding country. I left Sycar Sunday night came by Chicago and Evansville, arriving in Marion Tuesday at 10:20 A. M. and found the home folks and some neighbors ready for the trip to the cave. To say I was tired and worn and hungry would be putting it mildly, but since the trip had been planned I could not afford to throw a chunk in the wheel so at about three o'clock Tuesday afternoon we made the start for the cave. My family, Miss Eva and William and Cora and L. and Imogene Clark, George and William Harold and Trice Yates, Eugene Guess and Mrs. L. E. Guess and Marie Guess, T. R. Yates and his wife and daughter joined us at Hopkinsville where we had our first experience in camping out under the stars. Wednesday morning we pulled out bright and early thru the rain and pulled thru the rain and mud and water until noon we were at Franklin when the sun shone out nice and bright, and the pike from Franklin to Bowling Green made a fine and lasting impression on our party.

We reeled into the camping ground at the Cave about eight o'clock Wednesday night and soon our tent up and bedding down and were dead to the world until daylight Thursday morning when the pigs began to grunt and the dogs began to growl and the early birds to sing.

We made our coffee and believe me we made it good and strong. There is nothing so good when on a camping trip as coffee and breakfast bacon and fried eggs so we had an abundance of all of that; we had chicken and pie and cakes galore and preserves and jelly and all the rest of it with several big water melons on the side.

At nine o'clock we had our pictures taken at the entrance of the cave and were soon lost to the outside world. It was one jolly bunch of fifty in our party, we went thru all of number 1 and part of number two and number four. Those who have been through know about what we saw and those who have never been through can never know unless you make the trip. It is wonderful beyond description and the power of tongue to tell. After we made the rounds and came out and had our lunch we went to the great Onyx Cave only four miles up the river from the Mammoth Cave and found the most beautiful things my eyes have ever seen, while it is new and unknown it is wonderful and will no doubt rival the mammoth cave in a short time. Don't fail to see the Onyx cave when at the Mammoth Cave.

We made the trip all safe and sound without any serious trouble, very few breaks or punctures along the way for which we were all very thankful. Maybe someone would like to know the distance from here there and back. It measured three hundred and fifty nine miles. We are all home now and happy that we went but don't say any of us want to go again soon. Eva and I will start for Council Bluffs, Iowa Thursday morning.

Your own, W. B. YATES

## HONOR ROLL FOR HAFFAW MINE SCHOOL

The Haffaw Mines School finished their examination for the first month Friday and out of an average attendance of 30 their Honor Roll contained 19 names of those making an average of 90 percent or above.

Beatrice Lewis, Sigler Crider, T. Humphrey, Rebecca Capps, Laura Rushing, Henry McGee, Clodith Lewis, Flossie Lewis, Geo. Hansen

Vernon Williamson, Thelma Lewis, Ruby McGee, Geo. White, Adolph Lewis, Ruby Asbridge, Opal Williamson

Audrey Hansen, Dorothy White, Esther McGee.

We have an enrollment of 46, and are doing our best.

LELA KEMP, teacher

Mr. James Stites of Hopkinsville visited friends in Marion last week.

## CITY SCHOOLS OPEN

TUESDAY SEPT. 6TH

The Marion Graded and High School opens Tuesday, September 6th with R. E. Jaggars as Superintendent. A bulletin announcing the opening date and the course of study has been sent to all eligible pupils and teachers in the county. A larger attendance is expected this year than ever before. Already people in Marion are receiving many calls from pupils desiring room and board. The prospects are indeed flattering for a most successful school year.

The faculty for this year is as follows:

R. E. Jaggars, Superintendent  
John Young Brown, English and history

Miss Ruby Morris, Mathematics and Science

Miss Lurline Lewis, Latin and French  
O. M. Shelby, Smith-Hughes Agriculture

E. Scott Robinson, Prin. Graded School, 8th grade

Mrs. Myrtle Towery, 7th grade

Miss Myrtle Glass, 6th grade

Miss Margaret Hard, 5th grade

Mrs. James, for Miss Asher, 4th grade

Miss Nannie Miller, 3rd grade

Miss Ruby Hard, 2nd grade

Miss Ethel Hard 1st grade

Miss Lena Holtzclaw, oral English in grades, Drama and Classics in High School

Several of the teachers attended summer school during the vacation. Misses Ruby and Margaret Hard attended Peabody College for teachers for the full quarter. Miss Ruby Morris, O. M. Shelby and R. E. Jaggars attended Peabody College for one term. E. Scott Robinson was in the State Normal at Bowling Green finishing his work there.

There will be no changes in the books used with the exceptions of the readers and the Second and Fifth grade Arithmetic and the Fourth and Eighth Grade Grammars.

School opens at 8:30 Tuesday morning with the Chapel hour. The public is invited.

The young ladies class of the Cumberland Presbyterian Church gave an entertainment for the members of the class at the home of Miss Ruby Asher last Thursday evening. After an evening of enjoyable games, delightful refreshments were served. Those present were; Misses Jessie, Stella and Velda Elkins, Stella, Lucy Dorothy and Ruby Dean, Lois Hicklin, Bertie Travis, Hilda Cook, Mabel Morgan, Ruby Chandler and Ruby Asher and Mrs. R. G. Stevenson, Messrs. Marion Minner, Brent Cook, Freda Belt, R. G. Stevenson, Elcie Andrews, Richard Hicklin, Raymond Small, Orville Threlkeld, James Henry, Joe and E. P. Hogard.

Friday evening the young ladies' class of the Cumberland Presbyterian Church gave a watermelon feast at Orme's park. There were plenty of melons and everyone present reported a good time. The party was chaperoned by Mrs. E. L. Nunn and Mr. Walter McConnell.

Ma and Mrs. J. A. Hughes gave a delightful picnic at Hill Springs on Tuesday evening in honor of their visitors, Misses Daisy Buntin and Mary Frances Cox.

Those invited were; Mr. and Mrs. Weems Croft, Misses Elvah Pickens, Evelyn Moore, Irene Daughtrey, Ruby Birchfield, Evelyn Fowler, Virginia Doss, Margaret Murphy and Laura Butler; Messrs. Chas. Cassidy, Robert Jenkins, Calvert Small, Gilbert Denny, J. W. Blue III, Cat Minner, Freda Belt, Carl Henderson, Bill Eskew, Reginald Wilson, John Oliver and Robert Wilborn.

## CHARGED WITH

### PETIT LARCENY

Mark Belt of this city was arrested Tuesday night on a charge of Petit Larceny. He is said to have taken laundry bills belonging to Lawrence Waddell and trying to collect them. According to Waddell the bills taken amounted to about \$9.00. Belt waived examining trial and upon failing to give bond was placed in the County Jail to await action of the November grand jury.

## POLICE COURT

### BECOMES ACTIVE

For the past few days the City Police Court has been extremely active in picking up breakers of the automobile light law. Seven people have already been fined and according to the City Attorney, four more warrants have been issued that have not yet been tried.

Those who have been fined to date are: Andrew Eskew, Press Hill, A. Murphy, Crawford Clark, and Willis Glore, all of Marion. However Marion people are not the only ones subject to the wrath of the law, Zed Bennett of Paducah was fined Wednesday morning and Wm. Hickley of Crayne was one of the first to be picked up. All of the offenders to date have plead guilty and a uniform fine has been assessed on each, that of \$5.00 and costs which brings the amount up to \$8.00.

Ellis Cline was fined \$2.50 and costs on a charge of drunkenness Aug. 25. Wm. Franklin was fined the same amount on the same offense. Both plead guilty.

Complaints by influential citizens are alleged to be the cause of the number of arrests of the motorists.

## GEOLOGICAL SURVEY

### LEAVES CRITTENDEN

After having completed an extensive geological survey of Crittenden county, the party of surveyors under the direction of Mr. C. W. Goodlove, left Monday for Mammoth Cave. The party had been in Crittenden about three months. Marion was headquarters for the camp until only three weeks ago when they went to Sheridan. Of the fifteen in the party that went on to the cave eight were Marion boys. They were Hubert Crider, Douglas and Earl Clement, Ted Frazer, Eugene Summerville, M. Y. Nunn, Leonard Shuttleworth and Lucy Cook.

While in Marion the surveyors made many friends who were sorry to see them leave.

## MARRIED AT HENDERSON

Miss Vera Ordway and Mr. Allie Kirk went to Henderson the 20th and were married in the parlors of Rev. J. C. Rawlings. They were accompanied by Mrs. Guilford Paris, sister of the groom and Mr. Paris. Miss Vera is the youngest daughter of Mr. and Mrs. Will Ordway of Crayne. Mr. Kirk is a prosperous farmer of the View section.

## NEW FIRM FORMED

Mr. R. H. Enoch and Mr. Eugene Guess, of this place, have recently opened a real estate office. They will deal in both town and country property. Both men are experienced in the real estate business and are well known for their integrity and honesty.

## NOTICE TO CREDITORS

All persons having claims against the estate of Jesse W. Sherer, deceased, are notified to present same to me at my office, properly proven, on or before the first day of the next regular November Term of the Crittenden Circuit Court.

D. A. LOWRY, Commissioner

## FOR SALE

Modern Bungalow, six rooms and sleeping porch, Splendid Location. Can give immediate possession. Call or see M. H. CANNAN

## CLAYTON—HORNING

Saturday, August, 27th Mr. Alvis D. Clayton and Miss Lillian Horning were united in matrimony at the residence of Rev. E. M. Eaton. Miss Fannie Stevens and Mr. Barney Thompson were attendants and accompanied the happy couple to Providence where they will reside.

## PUBLIC SPEAKING

Mr. James Raney, an able speaker will be in Marion on Thursday, Sept., 8th and will speak at the auditorium of the school building at one o'clock on "Better Schools in Kentucky." Everybody invited.

J. L. F. Paris, Supt.

## FOR SALE

Modern Bungalow, six rooms and sleeping porch, Splendid Location. Can give immediate possession. Call or see M. H. CANNAN

## NEW CREAMERY

R. F. Wheeler, well known grocery man of this city has just completed arrangements whereby he is going to take the agency for the Sugar Creek Cash Cream Buying Co., and wants you to know that he will buy cream from the farmers twice every week.

Mr. Wheeler has always been in the cream business until he had the fire and now since he has rebuilt his store, he has looked the field over to see what company would be most suitable for the farmers in this vicinity and he has decided on the Sugar Creek Creamery Company. Sugar Creek is a concern which operates 5 plants and over eight hundred buying stations, distributed throughout the states of Illinois, Indiana, Kentucky, Missouri, Arkansas and Tennessee. It is a company that has grown from one of the smallest to be considered the largest in the field.

Their methods that they employ through their cream stations has met with the approval of thousands of farmers and is the reason they are so popular. Mr. Wheeler wants it understood that cream will be bought twice a week and that small amounts will receive the same attention that large ones do and he will welcome your business and see to it that you will be served in such a manner you will be pleased. Advertisement

## EXTRAORDINARY PEACHES

Wednesday morning W. H. Jackson of near Mattoon brought into the Press office several of the best peaches that we have seen this year. One of the peaches was measured and found to be ten inches in circumference. It weighed one-half lb.

Thank you Mr. Jackson they certainly tasted good.

## METHODIST CHURCH

The Louisville Annual Conference convenes in Scottsville, September 21, Bishop Collins Denny will preside. The last Quarterly Conference for the year of the local Methodist church convenes on Wednesday night, Sept., 7th. This reminds us that the books on the work of the year are about to close. Let us do all we can to make the books balance for the glory of God.

Sunday Services; Sunday School at 9:30 a. m., classes for all ages, inspiring music, departments organized and graded, devotional spirit throughout and withal a jolly good fellowship. Come and boost your department next Sunday. Preaching at 10:50 a. m., Sermon subject, "The man who is worse than an infidel." Epworth Leagues at 7 p. m. Preaching at 8 p. m., Rev. T. L. Hulse will preach at this hour.

## SHERIFF'S SALE

By virtue of an order of sale directed to me, which issued from the Clerk's office of the Crittenden Quarterly Court, in favor of C. E. Doss and W. D. Perkins against E. G. Stribling for the sum of \$285.00 and cost of this action, I or one of my Deputies, will, on Saturday, the 10 day of September, 1921 between the hours of 10 o'clock A. M. and 2 o'clock P. M., at Resident of C. E. Doss, Marion, in Crittenden county, Ky., expose to PUBLIC SALE to the highest bidder, the following property (or so much thereof as may be necessary to satisfy Plaintiff's debt, interest and costs) to-wit: one lot of household & kitchen furniture, consisting of beds and bedding, chairs, sewing machine, clock, dresser, davenport, 3 piece furniture suit, Moore heater, typewriter, rugs and druggets, washing-machine, 1 player piano and stool, wheel-barrow, 1 pony mare and colt, 2 jersey cows and other things to numerous to mention, levied upon as the property of E. G. Stribling.

TERMS: Sale will be made on a credit of three months, bond with approved security required of the purchaser, with interest from date at the rate of 6 per cent per annum, and having the force and effect of a judgment.

Witness my hand, this 22 day of August, 1921.

V. O. CHANDLER, Sheriff C. C.

## PARIS—HUNT

Mr. Ivan Paris, son of J. B. Paris and Miss Orby Hunt, daughter of Isaac Hunt, were married Sunday morning by Rev. W. T. Oakley.

## NEWS IN BRIEF

Aviator J. R. Blake, Wellesley, Mass., saved three girls from drowning at Hampton Beach by dropping inflated auto inner tubes into the water for them to cling to.

Allie Nolan Vance, 14 year old daughter of Charles Vance has been arrested for the murder of her father as he lay asleep at his home near Bardtown the night of Aug. 19.

Thirty-two spectators in Judge Schulmans court in Chicago were locked in the "bull pen" for two hours Monday. The Judge said that loafing in the court room was no way to spend a vacation and that the next offenders would get twenty days in jail.

Fire destroyed a building occupied by a battery company in Harrodsburg, Monday. Several stored autos were burned. The loss was \$40,000.

A man down in Houston, Tex., was held under a \$2 bond for shooting a Mexican that stole his auto.

The Dove hunting season opens in Kentucky September 1st and continues until December 16. The bag is limited to 15 per day.

A battle was staged in Rosiclare, Ill., Thursday night between union and nonunion miners. Seven people were wounded.

## HOME TOWN HELPS

### WORTH FAR MORE THAN GOLD

Value of Good Credit Must Never Be  
Forgotten by the Community or  
Its Citizens.

The following little story has aroused  
much interest among Kansas mer-  
chants and credit men. It was re-  
cently published in the bulletin of the  
Pittsburgh, Kan., Merchants' associa-  
tion.

"I buy your groceries, your dry  
goods, your home—everything you use  
or need."

"I am not money; I am its superior.  
I buy many times more than all the  
gold in the world. With me money  
may be bought."

"I am the very basis upon which  
the business life of the world has been  
built, more so in modern times than  
ever before."

"I am founded upon honesty, and  
built upon faith in mankind, and woe  
unto the man or woman who wilfully  
abuses me."

"I have given men the means to be-  
come rich, means which nothing else  
could place within their reach."

"I am, when rightly used, the  
greatest means of prosperity and  
happiness, but when abused, I have  
brought misery into the lives of men  
and women."

"I am confidence placed in a man's  
ability and reliability to meet his future  
obligations."

"I am greater than industry and  
capital, for I demand industry and  
capital of others on the strength of  
ability and disposition to make my  
promises good."

"I am good credit."

—From the Nation's Business.

### GET AFTER THAT BACK YARD

One Unsanitary, Neglected Place Will  
Spoil the Appearance of Other-  
wise Well-Kept Street.

Back yards are something big city  
dwellers long for and small town  
dwellers long to get rid of. But back  
yards are a geographical condition;  
the yearning is about as close as a  
cityite ever gets to one, while the  
small townite finds it hard to dispense  
with for want of something to take  
its place.

A back yard in some seasons of the  
year is not exactly an object of beauty.  
Paintless fences are in a more or less  
acute state of unrepair, tin cans, old  
shoes and worn out brooms have some-  
how eluded the garbage can.

Why not get busy and give the back  
yard a thorough house-cleaning? The  
exercise will do you good, and the  
neighbors will rise up and acclaim you.  
—Montreal Family Herald.

### Oklahoma Club Members Feel at Home.

Even at home, "the little piece of  
home" taken overseas by the Y. W.  
C. A. for our boys, comes in handy.  
Out in Oklahoma in building a club-  
house, Lock Sanders post, No. 50, of  
the Legion has decided that it will  
borrow the plans of the Y. W. C. A.  
hostess house. In camps and over-  
seas it met such a need that now,  
back in their home town, Hugo, Okla.,  
the boys are building one for them-  
selves. So interested has the whole  
town become in the scheme that every-  
one is helping. Citizens are buying  
boards at one dollar apiece and paint-  
ers and carpenters are donating a day's  
work. The plot has been given by  
the city. The structure will contain  
an auditorium with a seating capacity  
of 200, a reading and writing room  
and an office, all on familiar lines.

To meet the demands, the national  
board, Y. W. C. A., 600 Lexington av-  
enue, New York city, offers to share  
with other Legion posts or commu-  
nities a plan for a delightful clubhouse.  
Pictures are available.—Exchange.

Prize bread and pie smells will set  
every one crazy when they attend the

## Six Kentuckians Go As Missionaries To China, Japan and South America

(1) Mrs. Ulin W. Leavell, Paris, educational work at Wuchow, China; (2) Miss Elizabeth Rose Mariows, Wil-  
Hamsburg, work among Cantonese women and children at Shanghai, China; (3) Mrs. Edwin D. Smith, Louisville,  
medical work, Kweilin, South China; (4) Mrs. George E. Goodman, Henderson, agricultural and industrial work,  
Matto Grosso, Brazil; (5) J. Griffin Chapman, Dry Ridge, educational work in Japan; (6) The Hawkeye State, of  
the Admiral Line, which sailed from Seattle, Saturday, August 27, carrying the new missionaries to China and  
Japan; (7) Dr. Edwin D. Smith, Louisville, medical work, Kweilin, South China.

From the larger proceeds of the  
Baptist 75 Million Campaign the For-  
eign Mission Board of the Southern  
Baptist Convention has been enabled  
to send out more than 160 new mis-  
sionaries since that movement was  
launched. It is announced, and of that  
number sixty young men and women,  
representing fourteen states, have just  
sailed for China, Japan, Africa, Brazil,  
Argentina and Chile. In addition to  
these, Dr. and Mrs. Everett Gill of  
Kansas City will sail September 14 to  
become representatives of the Board  
in Europe, while Dr. and Mrs. W. A.  
Hamlett of Austin, Texas, have just  
sailed for Jerusalem, where they will  
maintain headquarters in acting as the  
Near East representatives of the  
Board.

The new missionaries to China and  
Japan sailed from Seattle, Saturday,  
August 27, on the Hawkeye State of  
the Admiral Line, while those for Bra-  
zil, Argentina, Chile and Africa sailed  
from New York on the Aeolus August  
17. They will be engaged chiefly in  
evangelistic, educational, medical and  
agricultural work and will be sta-  
tioned at various points in these fields.  
While a large number of new workers  
have been sent out by the Board since  
the beginning of the Campaign, at  
least 100 other capable young men and  
women could be employed to advan-  
tage if they were available. Secretary  
J. F. Love advises.

### Mission Money Gets Results.

Of the more than \$75,000,000 that  
has been collected in cash on the 75  
Million Campaign to date, about \$2,  
000,000 has gone to foreign missions.  
This has made it possible not only to  
strengthen the old work on all fields  
but to employ a large number of new

missionaries, but to do much other  
work, including building or making  
substantial additions to 15 boys'  
schools, 17 girls' schools, 37 mission  
residences, five hospitals and dispen-  
saries, four light and power plants for  
mission compounds; 36 church build-  
ings, four colleges, seven theological  
seminaries. In addition, assistance has  
been given seven church building loan  
associations, six new stations have  
been opened and equipped, land has  
been bought for the enlargement of  
several mission compounds, a home for  
orphans in Italy has been established,  
and a block of ground has been pur-  
chased in the heart of Rome for head-  
quarters for the work in Italy, a theo-  
logical seminary, publishing house,  
church and mission residence being  
provided on this property.

### Enlarge European Field.

As a result of the Campaign, South-  
ern Baptists have been enabled to  
greatly enlarge their work in Europe.  
They have carried on mission work in  
Italy since 1870, but now they have  
opened up new work in Jugoslavia,  
Hungary and Roumania, and have made  
a beginning, through the distribution  
of Bibles, in the Ukraine and Southern  
Russia and Siberia. To act as the  
European representatives of the Board  
in this enlarged program, Dr. and Mrs.  
Everett Gill of Kansas City were re-  
cently named. They will probably  
make their headquarters in Switzer-  
land.

The first work Southern Baptists  
have ever done looking to the evangeli-  
zation of Mohammedan lands has just  
been undertaken in Palestine and  
Syria, and Dr. and Mrs. W. A. Hamlett  
of Austin, Texas, have gone to Jeru-  
salem, where the

work of the native evangel-  
ists. It is planned to establish a  
church, theological seminary and col-  
lege, hospital and orphanage at Jeru-  
salem as soon as practicable and thus  
seek to reach other points in Pale-  
stine and Syria from this center.

### Minister to 900,000,000 People.

With the enlarged foreign mission  
program of Southern Baptists that do-  
mination is now operating in 18  
countries on every side of the globe,  
and has in its employ practically 500  
foreign missionaries and twice that  
number of native workers trained in  
the mission schools. Through its  
present missionary operations the  
Board is seeking to minister to 475,  
000,000 yellow people, 4,000,000 brown  
people, 200,000,000 black people and  
225,000,000 white people, making a  
total of 900,000,000 people, or more  
than half the population of the globe.  
Numbered among its workers already  
on the field are 31 foreign physicians  
and 8 foreign mission nurses who last  
year gave 154,970 treatments. There  
are now 611 mission churches on the  
foreign fields and of this number 184  
are self-supporting. The average con-  
tributions of these mission churches  
last year to denominational causes was  
\$5 per member, the Christians on the  
foreign fields responding more liber-  
ally as a result of the 75 Million Cam-  
paign.

The new missionaries sailing at this  
time were contributed by the following  
states: Alabama two, Arkansas one,  
Georgia five, Kentucky six, Louisiana  
two, Mississippi four, Missouri four,  
North Carolina three, South Carolina  
five, Tennessee five, Texas fifteen,  
Virginia six, Iowa one and Pennsylv-  
ania one.

Miss Effie Watson of Henshaw is visiting her sister, Mrs. Fred Brown this week.

## Illinois Central System Shows How Taxes Have a Bearing on Railway Rates

Notwithstanding that for the past twelve months the railroads as a whole have earned almost no net return on the capital invested in them, many persons insist that freight and passenger rates be reduced, regardless of the costs of producing that transportation service which the public must have. We wish therefore, to direct attention to the fact that the costs of producing transportation are still relatively much higher than the rates. We think it fair to ask the public to give consideration to what the railroads are having to pay for labor, materials, locomotives, fuel, cars, taxes and interest on borrowed capital before passing final judgment upon the reasonableness of present freight and passenger rates.

It is true that, effective July 1, railway wages were reduced 12 percent, but they are still 108 percent higher than they were in 1914—the year of the beginning of the great war which upset everything. Road locomotives cost 123 percent more, switch engines cost 144 percent more, gondola cars cost 117 percent more, refrigerator cars cost 107 percent more, box cars cost 122 percent more, steel passenger coaches cost 100 percent more and locomotive fuel costs 138 percent more at present than in 1914. The Illinois Central System sold bonds in 1914 on a basis yielding less than 5 percent to the purchasers. It recently sold \$8,000,000 of bonds running for fifteen years, and the best terms it was able to secure yielded a return of more than 7 percent to the purchasers.

Take the single item of direct taxes for a ten-year period. The Class 1 railroads which include all railroads having gross operating incomes of \$1,000,000 or more annually, paid \$98,626,848 in taxes in 1911. In 1920 the same railroads paid \$278,868,668 in taxes, an increase of \$180,241,820, or 183 percent.

The Illinois Central System paid \$3,278,107.96 in taxes in 1911, while in 1920 it paid \$9,575,680.87, an increase of \$6,297,572.91, or 192 percent.

But these are not the only taxes affecting transportation charges. When the shipper pays his freight bill, he should remember that 3 percent of what the railroad's bill otherwise would be added and collected by the railroad as a transportation tax. Likewise when the passenger pays for his ticket he should remember that 8 percent of what he otherwise would pay the railroad is added and collected for the government as a transportation tax. Patrons generally consider only the total cost of freight and passenger transportation, and many think the railroads get the whole amount.

The transportation tax collected by the railroads for the government on freight bills in 1920 totaled \$129,710,329.80, and on passenger fares, \$103,099,633.36—a grand total of \$232,809,963.16! This vast sum is not included in any of the railway accounts. It was collected by the railroads acting as agents for the government and remitted directly to the government.

As the agent of the government the Illinois Central System collected from its patrons in 1920 the sum of \$3,084,072.54 as transportation tax on freight, and \$2,254,256.87 as transportation tax on passenger fares, a total of \$5,338,329.41! This is not included in the above mentioned item of \$9,575,680.87 direct taxes paid, but was collected and remitted directly to the government.

The question of abolishing the transportation tax is having consideration at Washington. The abolition of this tax would reduce railway rates without injury to the railroads.

We do not bring up the question of railway taxation in a spirit of complaint. We realize that all citizens and all businesses must bear their just proportion of the expense of government. We refer to the matter just now to make it clear that railway taxation must be added to the cost of transportation and necessarily has a bearing on freight and passenger rates.

The Illinois Central System has been striving for more than a year to present facts in regard to railway problems for the consideration of the public. The public will be able to decide for itself the advisability of such a course when it considers that the management of the Illinois Central System is the trustee of an investment in roadway and equipment of more than a half billion dollars. We realize that this property and all railway property will be dealt with accordingly as public sentiment develops and crystallizes. We feel, therefore that we must present our case before the court of public opinion, and we are glad to do that, having an abiding faith in the fairness and justice of the people when they have the facts before them. Constructive criticism and suggestions are invited.

C. H. MARKHAM,  
President, Illinois Central System

Everything for **QUALITY**  
—nothing for show

**THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.**

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

**Camel**

## "Just as the twig is bent, the tree's inclined"

Habits formed in childhood and early youth govern and control the whole life, and it is just as important to train the child in habits of thrift and saving as it is to see that they are morally and physically as near perfection as it is possible to bring them. May your child grow up to be a joy and comfort to you, and a power in the community.

Beginning October the first we will place \$1.00 to the credit of every new born babe in Crittenden County, the parents meeting this deposit with equal amount, and depositing \$1.00 per month for twelve months.

Come in and we will explain.

C. Carter & J. B. Carter; thence north 19 deg. east 32 poles to a steel stake, formerly a poplar; thence north 23 deg. east 32 poles to an elm in the old Franklin line; thence with said Franklin line north 79 3-4 deg. west 52 poles to a white oak to a corner in the old Franklin line; thence with another Franklin line south 3 1-4 deg. west 109 1-2 poles to a stone; thence with another Franklin line south 61 deg. west 117 1-2 poles to a stone, Price's corner; thence with Price's line south 26 1-4 deg. east 54 3-4 poles to a post oak; thence with Price's line south 30 1-2 deg. east 6 poles to a steel stake in Carter's line; thence with Carter's line north 39 3-4 deg. east 192 1-4 poles to a Willow corner; thence north 75 deg. west 13 1-3 poles to the beginning; containing 48 acres, more or less, and being the property leased by the Keystone Mineral & Mining Company, a Kentucky corporation, to Glenn B. Dunmore, by lease dated January 1, 1919, for a period of 20 years from the date thereof; one shaft composed of 2 compartments

4' by 5' in the clear, timbered with oak ring sets 8" by 10" each bolted together with 1" soft steel bolts and lagged behind with 2" oak planks, present depth of shaft 200 ft.; one 12' by 12' Hoist House constructed of 1" boxing and composition roof; one Freeman Single Cylinder, direct drive, steam hoist; one No. 6 Cameron Sinking pump; one No. 7 Cameron sinking pump; one 2" Cameron Centrifugal pump; one 3" Sullivan Air Lift; two Rocker Bottom Dump Cars; two 1000 lb. Steel Hoisting Cams, necessary Ingersoll-Rand Jackhammers; one boiler room 18' by 36' made of 1" oak boxing and composition roof in which is installed the following equipment, one 100 H. P. Brownell steel incased boiler complete with 60 ft. steel stack, two 2" Burnham Boiler Feed Pumps, one 800 gal. water storage tank; one Boiler Room extension 12' by 24' made of 1" oak boxing and composition roof in which is installed the following, one 50 H. P. Heilmann Locomotive type, boiler, complete with 25 ft. steel stack, one 1 1-2" Burnham Boiler Feed Pump; Power House 18' by 36' constructed of 1" oak boxing and composition roof, in which is installed the following, one 25 H. P. Fairbanks Morse Type "Y" Special Electric Engines, one 7" by 6" Ingersoll-Rand Air Compressor one 30" by 6" Air Storage Tank, necessary counterline, friction clutch pulleys, belting, etc.; one Blacksmith shop 18' by 20' constructed of 1" oak boxing and composition roof, with forge and necessary small tools; one small Rack driven saw mill for sawing logs on property, all necessary piping, tracking, pipe fittings, hoisting cable, etc.

In addition to the above the following general equipment; one hundred sixty 6" bolts complete with nuts and washers, one 3 ton Four Wheel Drive Truck, one 2 ton International Truck, one Fairbanks Morse Truck Scale, capacity 48,000 lbs., one Ford car 1918 Model, one Storage Bin lease on Railroad switch, capacity 2,000 tons, two roll top desks, one typewriter desk, two swivel desk chairs, three common office chairs, one 2 compartment wood letter file, one small stove, three tons of Floor Spar, thirty 8" by 10" by 10' cut timbers.

Terms of sale: for realty, 1-2 of the purchase price on a credit of six months from date of sale, balance in twelve months from date of sale; for personal property, credit of three months from date of sale. If one purchaser shall buy the entire property, real, personal and mixed, the sale may be made on a credit of six and twelve months from date of sale. The purchasers will be required to execute purchase money bonds having the force and effect of judgments, with good, sufficient and approved securities, bearing interest at the rate of six (6%) per cent per annum from date of

sale. A lien shall be retained on all the property sold for security of purchase money. The purchasers shall be privileged to pay the entire amount of the purchase money in cash, without executing bonds, or to pay the balance of the purchase money at any time before the same shall become due and payable under the terms of the sale.

All taxes and assessments for the year 1922 and thereafter shall be assumed and paid by the purchaser. All taxes and assessments prior thereto will be paid out of the purchase money.

The receiver is authorized to offer the Fisher, Manley and Eaton tracts, and the personal property situated thereon, as described above, either in gross or in parcels, or in ways inconsistent one with another. The Keystone tract and the personal property situated thereon shall be sold separately from the other tracts, for the purpose of satisfying out of the proceeds thereof a mortgage held thereon by The Matthews Addy Company.

The receiver is authorized to sell the machinery and equipment apart from the realty, if thereby a greater sum may be obtained, and to accept and to be bound only by the sales

by which the greatest sum may be obtained for the entire amount of said property.

GLENN B. DUNMORE, Receiver  
Standard Spar Mining Company of America, Marion, Ky.  
NELSON B. CRAMER, Attorney,  
Cincinnati, Ohio.
