FARM BUREAU NEWS

W. T. York’s and party report a wonderful trip to Marathon Corn and Wheat Show last week. It was too much of a shame that we didn’t have more people that went along. It was a wonderful way to start the season. The York’s and party have a lot of faith in the future of their crops and are looking forward to a good season.

C.clipper will be open for business on Monday, April 30th.

TheMonster Gradual and High School knowledge of SOCIAL SCIENCE at the Marathon Corn and Wheat Show was excellent. The students were well prepared and showed a great deal of interest in their work. The judges were impressed with the quality of their presentations and their ability to explain complex concepts in an understandable way.

The event was well-attended and the atmosphere was lively and engaging. The students were able to interact with each other and with the judges, which helped to build confidence and foster a sense of community.

In conclusion, the 2023 Marathon Corn and Wheat Show was a success and a great learning opportunity for all involved. We look forward to next year’s event and the continued growth and development of our students.
Six Kentuckians Go As Missionaries To China, Japan and South America

The work of the Baptist church in the far East has been greatly strengthened by the recent arrival of six Kentuckians who have gone as missionaries to China, Japan and South America.

The work of the church in China has been expanded by the arrival of Mrs. Ida M. Laux, Pensacola, Fla., who is the first American woman to be sent to China as a missionary. She will work among the Han Chinese, and is expected to do much good work in that country.

Mrs. Clara B. Wilcox, Westville, Ind., has also arrived in China, and is expected to do much good work among the Chinese.

Miss Sarah E. Smith, Columbus, Ohio, has also arrived in China, and is expected to do much good work among the Chinese.

Mr. J. T. Holt, Columbus, Ohio, has also arrived in China, and is expected to do much good work among the Chinese.

Miss M. E. Smith, Kansas City, Mo., has also arrived in China, and is expected to do much good work among the Chinese.

Mr. J. T. Holt, Columbus, Ohio, has also arrived in China, and is expected to do much good work among the Chinese.

Mrs. E. H. Sumner, Gadsden, Ala., has also arrived in China, and is expected to do much good work among the Chinese.

The work of the church in Japan has been expanded by the arrival of Mrs. A. D. Johnson, Lexington, Ky., who is the first American woman to be sent to Japan as a missionary. She will work among the Japanese, and is expected to do much good work in that country.

The work of the church in South America has been expanded by the arrival of Mrs. F. J. Pope, Knoxville, Tenn., who is the first American woman to be sent to South America as a missionary. She will work among the Spanish-speaking people of South America, and is expected to do much good work in that country.

The arrival of these six Kentuckians has greatly strengthened the work of the Baptist church in the far East, and is expected to do much good work in that country.

Illinois Central Shows How Taxes Have a Bearing on Railway Rates

Notwithstanding that for the past twelve months the railroads as a whole have enjoyed a large increase in earnings, the railroad dividend in Illinois is now the lowest since the railroad companies made a great deal of investment in the state, and that the taxpaying service which the public must have. We wish therefore, to direct attention to the facts that the railroad companies are paying taxes to the state and national governments which is about as much higher than the rates. We think it far past the time that the public will be a paying tax, that the matters, materials, labor, taxes and interest on capital are being being prepared for the next fiscal year upon the reasoning that freight and passenger rates are.

It is true that, effective July 1, railway wages were reduced 12 percent, but that the rates were still higher than they were in 1914--the year of the beginning of the great war which spurred everything. Roadホームページ cost 12 percent more, and rates on passengers and freight rates were 12 percent more, until the price of the goods was also raised 12 percent last year. These rates were then increased by 12 percent for the following year. It is now the same as it was in 1914, but the prices have not been raised 12 percent. However, the state tax on corporations is in effect a tax on the railroads and a tax on the public. The state is not the only one that is collecting taxes from transportation. The stops, tolls, and license fees are collected by the state. Each railroad has its separate accounts, and for the sake of the state, the railroad companies are paying taxes to the state upon their earnings. The state has the power to collect the taxes, but the railroads are not paying for the privilege of using the state. The road tax is a tax on the railroads, and a tax on the public. The state is not the only one that is collecting taxes from transportation. The stops, tolls, and license fees are collected by the state. Each railroad has its separate accounts, and for the sake of the state, the railroad companies are paying taxes to the state upon their earnings. The state has the power to collect the taxes, but the railroads are not paying for the privilege of using the state. The road tax is a tax on the railroads, and a tax on the public.
