MARION NEWS

The second Wednesday of September will be the final meeting of the Marion Handball Club. The Club will then take a break until the next season. All members are invited to attend.

Falling Stage: On March 1, Mrs. Morris G. Leake, a long-time member of the Marion Opera House, died at the age of 72. She was survived by her husband and two children.

Education in Kentucky: Judge C. W. Lamb, writing in the Marion News, states:

"This is an excellent program and no one in the community should miss it."

An interesting test has just been completed at Hopkinsville, Ky. A test carried out by the Hopkinsville Board of Education showed that the city's schools were in good shape.

Missing Wheat: Restored by the Laboratory of the Kentucky Agricultural Experimental Station, which has been operating in the area for the past two years, is a meeting where grains are sown as the most suitable seed mixture. The station has been working on a new method of restoring the old variety of wheat, which is badly needed in the area. The method has been found to be very successful and is expected to be used extensively on the farms.

J. A. Bald and the Big Barn Dance: Balderdash! J. A. Bald and the Big Barn Dance.

A recent report from the Marion High School states:

"The Marion High School football team has won its first three games this season. The team has played under the control of Coach George W. King, and has shown great improvement in the last few games."

FOOTBALL TEAM PROGRRES TO BE A RUNNER-Up

The Marion High School football team is expected to make a good showing in the upcoming football season. The team has been working hard and is expected to do well.

MARION SCHOOLS OPEN WITH LARGE ENROLLMENT

The Marion High School opened for the new year on Monday evening with a large enrollment. The school district has been growing in population, and the number of students enrolled for the first half of the year has reached a new high.

The opening ceremonies of the new school year were attended by a large and enthusiastic crowd. The principal, Mr. J. A. Bald, welcomed the students and wished them success in their studies.

The Marion High School has a new building, which has been under construction for several months. The building is well-equipped and is expected to provide a good educational environment for the students.

The Marion High School is one of the few schools in the area that has received federal aid for the construction of new buildings.

The Marion High School is a model of modern educational facilities. The building is well-equipped with classrooms, laboratories, and other facilities. The school is expected to provide a good educational environment for the students.

The Marion High School has a new football field, which has been under construction for several months. The field is expected to provide a good playing surface for the students.

The Marion High School has a new gymnasium, which has been under construction for several months. The gymnasium is well-equipped with basketball courts, track and field facilities, and other sports equipment. The school is expected to provide a good recreational environment for the students.

The Marion High School has a new library, which has been under construction for several months. The library is well-equipped with books, periodicals, and other resources. The school is expected to provide a good learning environment for the students.

PADOCAH MERCHANTS WILL PAY YOUR FARE TO AND FROM PADOCAH EVERY DAY

The Fall displays this year have an especial appeal to you because you will find merchandise priced lower than it was a year ago—and:

Because the Paducah merchants are making unusual efforts to demonstrate more positively that “Paducah is the shopping center of this section.”

Paducah retail merchants, under the rules of the Retail Association, pay your fares to and from Paducah every day of the year. Few other associations anywhere does that.

**PRINCE ALBERT**

The national joy stick

**First thing you do want**

—go get some makin's paper and some Prince Alberta tobacco and put away on a home made cigarette that will hit on all your smoking cylinders!

No use sitting by and saying maybe you can't cash this bunch tomorrow. Do it while the going’s good, for man, you can’t figure out what you’re pausing by! Such stock, such coals, such niceties more—is—well, the only way to get the words embracing enough to go to it and know yourself!

And, besides Prince Albert’s delightful flavor, there’s its freedom from bite and harshness which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you alight between the sheets without out a comma.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It’s a smoking emollient enough to go to it and know yourself!
