HAMBURG LIEBE

MARRIAGE NOTICE

Hunt and Fields was married in Marion, W. Va., on November 25th.
GOOD TO REMEMBER

Minutes of People have been the subject of various editorials and my previous column. The minutes are a record of the work that is done, and are a valuable resource for anyone interested in the history of the church.

As long as the people want to make some changes, then the church should be flexible and open to new ideas. The minutes help to ensure that these changes are recorded and can be reviewed by future generations.

LETTER FROM K. J. BELL

Dear Editor:

I want to comment on the recent meeting of the church council and the decision to hire a new pastor. I believe that the council made the right decision, but I would like to see more transparency in the process.

The minutes are a good way to track the decision-making process and ensure that all members of the church have a voice. It is important to have open communication and fair representation in the church.

BY THE WAY

There was a question about the budget and whether it was being adequately managed. The minutes would be a good way to track the budget and ensure that it is being used appropriately.
