YOUNG GIRLS NEED CARE

Mothers, watch your Daughters'Health

Health Is Happiness

From the time a girl reaches
the age of ten, her health
becomes of supreme
importance. It is during
this period that her body
is being built up for the
future. It is during these
years that a girl's health
will be affected by her diet,
by the exercises she gets,
by the clothing she wears.

A Little Book Helped Her to Deal
with Her First Menstrual Period

"I was always feeble and runny-
lymphatic," writes a young
woman. "Just as I was about
to enter the important
period of life, when girls
are supposed to be
bravest, I was not at all
fit. My sister gave me a
little book called, "The
Girl's Last Days," and it
was a great help to me.
I have never been the
same since." This book
contains invaluable information.

Effect-the ashes were never seen again.

"Old Mother" is my Secret Comrade.

The secret that why she was?...

LEGS ARE QUITE IMPORTANT

Not only Necessary to Move or to Minion
but They May Appeal
Area of Flavor

The legs of pork are imported not
as a special delicacy but because
they respond to the appearance of
the meat. They are very popular
with men and women of all
ages because of their excellent
flavor and texture.
CALOMEL GOOD BUT TREACHEROUS

Next Dose May Salvage, Shock Liver or Attack Your Bore.

You know what calomel is. It's used for diarrhea, and sometimes for some other things. It's a dangerous medicine, and should be used only when necessary and under proper medical supervision. If you don't have any medical supervision for your condition, it's best not to use this medicine at all. It can cause serious side effects, such as liver damage or other problems. It's best to consult a doctor before using calomel or any other medicine. If you're worried about your health, it's best to talk to your doctor.

Chapter 4

"I think it's all right," the boy mumbled into his mouth. "I don't know what could have happened."

"You're right, son," the woman agreed, her voice soft and gentle. "It was probably just a misunderstanding."

Chapter 5

But when the boy turned to go, he stopped and looked back at her, his eyes filled with a mixture of fear and confusion. "Thank you," he said softly. "I'm sorry if I caused trouble.

Chapter 6

The woman smiled, her eyes warm and understanding. "You're welcome, dear. It's not a problem."

Saws.

J. H. Minor Sawmills Co., Inc.

DRAW YOUR OWN CONCLUSION

Up to the Reader as to the Proper Population of the Various Kinds of Birds to Keep in the Various Regions of the United States.

The list of the birds.

The boy stood idly at the fence, watching the birds fly over his head and alight on the branches above him. He was lost in thought, his mind wandering far away from the present moment.

There was a sudden rustling of leaves, and the boy jumped in surprise. The woman stood behind him, her face gentle and kind.

"Are you okay?" she asked, her voice soft and soothing.

The boy didn't answer, but instead looked up at the sky, his gaze fixed on the birds above him. The woman smiled, knowing that he was simply lost in his own thoughts.

MOTHER'S CLEAN

CHILD'S BOWLS WITH CALIFORNIA FIG SYRUP

Illinois Central System Says Service Is Keynote in Handling Freight

The freight service of the Illinois Central System is founded upon prompt and regular movement of freight and the remedial treatment that he wants an organization which strives to render a service of satisfaction. We hold to be the reasonable elements of freight service.

The Illinois Central System is among the leading railroads of the country in handling perishable freight. For items in the field of perishable freight, which are shipped by rail, there are a number of railroads that handle a large volume of perishable freight. The Illinois Central System, however, stands out as one of the few railroads that are handling a large volume of perishable freight. The Illinois Central System has a large network of tracks and a large number of stations, which makes it possible to transport perishable freight quickly and efficiently.

Quality and quantity are key factors in the well-being and development of the Illinois Central System. The railroad is known for its ability to handle large volumes of freight, and it is committed to providing timely and reliable service to its customers. The Illinois Central System also uses advanced technology to improve its freight handling processes, such as computerized scheduling systems and electronic freight tracking.

The Illinois Central System is continuously investing in infrastructure and technology to improve its freight handling capabilities. The railroad has a long history of innovation, and it is always looking for ways to improve its service and reduce costs. The Illinois Central System is committed to providing a high level of service to its customers, and it takes pride in being a leader in the freight transportation industry.
