**FARM BUREAU NOTES**

Fred Top's.

There have been several articles in the various tribunes and papers about the condition of farms, crops, prices, and the like.

What about the children? It is a fact that the children are the most important part of any farm. If the crops fail, the chickens and the cows, which are essential for the family, may not be affected. However, the children are the ones who will suffer the most if the family is forced to move elsewhere.

It is important to consider what can be done in the daily life of children to make their lives better. There are several programs available to help children in need. However, if these programs are not effective, there will be no improvement.

Any pretty woman was ready to fall under the spell of a man. With a friendly smile and a decorative flower in her hair, she was the toast of the town. But not all men were so fortunate. For some, even a simple task like bringing home groceries could be an adventure.

Chapter VIII

Martha, she was married, as the story went, to a man named Martin. His name was John. They were very happy, living in a cozy little apartment in the city. But one day, something happened that changed their lives forever.

New York

A new York City newspaper decided to focus on the lives of ordinary people. Among them was a young couple, Martin and Martha. The story was a success, and the couple became overnight sensations.

The New LIGHT-SIX
$1045
J. H. Smith, South Bend

Studebaker

Studebaker is the world's largest builder of six-cylinder motor cars!

1929 was the TEST YEAR for motor car value. It was a year of discriminating buying. People did not buy cars, last year, as the result of a whim or fancy. They bought on the basis of intrinsic values.

And in such a year Studebaker built more-six-cylinder cars than any other manufacturer in the world.

Look for these Features in the New Light Six

A car of 12-inch wheelbase, built commodious, a car that is always easy on gasoline. A car that is safe, solid, safe, solid, safe, solid.

Patent interior hot-spot which reduces gasoline consumption. Completely machined, one-piece shaft and connecting rod.

Coast controller, controlled from dash. Coast control, automatic. Thermometer, controlled system. Windshield, driver's side also included in rear view. 12" diameter tires.

NERVOUS AND
HALF-SICK WOMEN
These Letters Recommending Lydia E. Pinkham's Vegetable Compound Will Interest You

For Your Own Good Please Read Them

Today's health troubles seem to fall on half of the women. Nervousness, fatigue, headaches, colds, and many other ills, which harass women today, are not new. Some of these ills are related to the “hurried pace of life.” ‘“Yes, madam, I know what that means,”' one woman replied the other day. “I've seen enough of it, ... I've even seen my own husband wear a pager.”

Lydia E. Pinkham’s Personal Testimonials

Aunt Ellen, New York City: "Lydia E. Pinkham’s Vegetable Compound has given me relief from kidney trouble. I am a strong believer in its value."

Mrs. Anderson, Seattle, Wash.: "I was very nervous and was not able to sleep. Lydia E. Pinkham’s Vegetable Compound gave me relief."

Mrs. Smith, Chicago, Ill.: "I was very weak and had no energy. I took Lydia E. Pinkham’s Vegetable Compound and now I feel strong and energetic."
