Why Castoria?

YEARS ago Castor Oil, Petroleum, Draps and Breathing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so dispensed as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpalatable and officious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fitchett's Castoria; and for over 30 years it has proven its worth, received the praise of physicians everywhere and became a household word among mothers.

A remedy DEPENDABLY prepared for Infants and Children and no mother would think of giving her baby a remedy that she would use for herself, without consulting a physician.

Children Cry for Fitchett's CASTORIA

Everybody Help Boost Marion!

It is not often in towns the size of Marion that a whole train load of boosters from a big city comes to meet us and talk with us about those things which will help us to get better prices for our produce, better stock for our farms, and better schools for our children.

This train load of men has expressed a desire to meet every man and woman in the county when they come to Marion on May 25th. You know why they want to come. They want to make business in Louisville better. They want to make business in Kentucky better.

All of us know that when business in Louisville is better and when business in Kentucky is better, that business in Crittenden County will be better. And all of us are hoping for better business in Crittenden County.

We want to see the Mines in operation again. We want to see the stock market open up good and strong. We want to see the price of corn and hay go up. We want to see tobacco sell as it should.

Then let's get together. Let's come together and plan for some of the things that we would really like to see come to pass. Come to Marion May 25 and do your part to show others that Crittenden County means business.
