A DOZENLAND OUTLOOK
The long dark nights are now coming in, and to face them cheerfully we need to keep our spirits high. The best way to do this is to have a light heart, plenty of optimism, and a愿心永远明亮。

What greater emotion could befall us than to realize that we are covered by a blanket of snow? This thought should cause no fear, but rather a sense of security. We are safe and protected from the cold outside world.

While looking over the political field for a good strong man to be our Democratic candidate for Governor of Kentucky, we saw that Senator from the county of North, at least, we considered him the man of Judge C. E. Cook.

Judge C. E. Cook is an attorney of rare ability and a kind soul. He has his politics, of course, with the understanding and support of the University of M. A. Jones. He is a man of the people, wholehearted and capable of being trusted. We are told that he is a good man to have in office.

In honor of Mrs. Emma Hambleton, the author of the famous story, "Miss Hambleton," Mrs. Jones Austin entertained with a dinner party at her home in Yankelton.

When King George Ate Kentucky Ham

A short time before his death Lord Northcliffe invited King George to dinner. The agreement was that he was to give the English ruler a feast such as he had never sat down to before. The King came and the dinner was served. In its proper course one of Trigg County's famous hams was brought on the table. The King was delighted. Never had he tasted anything equal to it.

"My grandmother, Queen Victoria, used to buy her hams in America, but never have I tasted anything like this."

Do you want to know more about the story of the world-famous Trigg County Hams? Never enough to supply the demand. You are lucky if you can get one.

Read the Entire Interesting Story in the Louisville Post

Mr. Ralph Coghlan, a special writer for the Louisville Post, is visiting the 120 counties of Kentucky. You will want to know the story of your own county as well as the other countries of the State. A regular column Monday, October 2, and consecutive daily thereafter. Lots of interesting and little known facts about Kentucky, its roads, schools, business enterprises, industries and other facts. The greatest feature story ever to appear in a Kentucky newspaper.

Do You Know that wonderful metal—Flourour—in its pure state can be kept only in gold or platinum containers? One of the most valuable metals in industries. The world comes to Kentucky for its flourour. What county? The Louisville Post article will tell you. It will appear in an early issue.

—How Pocahontas got the High School Gymnasium? An example of public spirited citizenship.

—The United States Capitol came near being in Kentucky instead of at Washington.

—How an enterprising Kentucky county spent $300,000 to get out of the mud.

President Tyler, as a cool mint in Kentucky, is another unusual story, the facts of which have been dug up by Mr. Coghlan. Every one of the 120 counties has its own interesting story.
