

FLUORSPAR FROM KENTUCKY

Marion Center for Output of Mineral Essential to Steel and Other Industries

(By Ralph Coghlan, writing for Louisville Post)

Ralph Coghlan, writing for Louisville Post recently says the following about the Fluorspar industry in Crittenden county:

To the region around Marion, in Crittenden county, America looks for its supply of fluorspar. To the average layman fluorspar as such means nothing until he discovers that it has revolutionized the making of steel, that it enters into the manufacture of his pocketknife, his automobile, his watch and every article in common use which contains steel.

Fluorine, the gas which is a constituent of fluorspar, is nature's most energetic chemical element. It has been known in its most useful state only since 1886. It attacks substances except platinum and gold. A tiny drop of it inhaled into the human body would mean instant death. It is infinitely stronger than chlorine the poison gas used in the war, or hydrochloric acid, which eats ordinary substances like fire.

To illustrate again the power of fluorine, it cannot be preserved permanently in any vessels except those of gold and platinum. If it were poured into glass or earthen vessels, such as those used to house most chemicals, it would destroy them. It has been found that containers made of lead and coated with paraffine are temporarily proof against fluorine's ravages, and such containers are sometimes employed.

As a matter of fact, very few persons have ever seen fluorine in its pure state. It took a French chemist, Moissan, many years to isolate it, he found it to be of a pale yellowish hue and very poisonous. If it could be obtained in quantities and, if it were not for the impossibility of transporting it to the battlefield in vessels of precious metal, it would prove more terrible than any poison gas ever used.

At a cost of such strength, it can be imagined, is of unestimable value to industry. It is the greatest fluxing agent and the only ingredient known that is able to make each chemical ingredient assume its proper place and stability. In other words, an application of fluorspar to molten iron will separate the true metal from the dross, gobble up all the impurities and make each chemical function as it should.

Speaking roughly and for purposes of illustration, three fourths of all steel formerly fabricated by the Bessemer process is now worked in open hearth furnaces with fluorspar. Nor is steel making the only industry which employs fluorspar. The artificial marble that is used so extensively now for making soda water fountains and the like, the enamel that goes into bath tubs and wash bowls, the aluminum that is employed in the manufacture of a thousand articles in daily use, imitation cut-glass and other glass products—the making of all these is simplified and made economical by the use of the very little agent—fluorine.

(Continued Next Week)

FOUND UNCONSCIOUS IN FIELD

Sanford Stephens, 78 years old, a well known farmer of the Crooked Creek section was found unconscious in his field Tuesday, where he had been engaged in cutting and shelling corn, and died shortly afterward. Heart trouble is supposed to be the cause of his death.

Funeral services were held Wednesday morning, after which the remains were laid to rest in Maple View cemetery.

JAMES LONG

Mr. Jim James and Miss Rubie Long were united in marriage on last Wednesday at the residence of Rev. E. M. Eaton who performed the ceremony. Both are popular young people of their neighborhood. Mr. M. A. Long and Miss Clara Belt accompanied them.

STOCK FAIR AT FREDONIA

Two Days Exhibit Pronounced by Many to be Best Ever Held At That Place

The two days stock fair held at Fredonia on Friday and Saturday October 13 and 14th is reported as being the best gathering of the kind ever held there. Fine blooded stock was exhibited, fine horses and mules, fine cattle and hogs, large display of agricultural products, domestic science displays, badge lights, etc, were some of the attractions of the occasion.

Col. Byrd M. Guess was master of ceremonies and, like everything else he undertakes, his duties were performed in the best possible way.

The people of the graded school gave a barbecued dinner on each of the two days and the attendants of the fair did not lack for something to eat.

The attendance both days came fully up to the expectation of the promoters of the fair. Prof. Rhodes of the State University gave an address to the people. Mr. Frank Ladd and Dr. King of Cadiz also gave addresses.

On Saturday a big crowd had an opportunity to listen to an address given by Judge R. W. Bingham, editor of the Courier-Journal, on the Dark Tobacco Co-operative Association. The weather was ideal for such an occasion and the fair was, from every point of view, a splendid success.

Farm Bureau Notes

Wyandotte Poultry Sale

The Farmers Bank poultry will be sold at auction on the court house square in Marion next Saturday on October 21. This will be a very good opportunity to secure some pure bred Wyandotte stock. The poultry will be graded and sold in various sized lots at auction. If you want some good white Wyandotte stock come to the south side of the court house at 1 o'clock on next Saturday. A few cockerels will be for sale also.

Tolu Picnic and Show

Last Saturday Oct. 14 marked the second annual Picnic Show of the Tolu Club which was held at Tolu. The day was a very enjoyable affair. Dr. Davis and his band played several selections. A picnic lunch, added much to the event.

First a parade headed by the band and club members took place from the Tolu Bank to the show ring. Mr. Rupert Belt made the address of welcome emphasizing the co-operation and far sightedness of the Farmers and Merchants Bank in sponsoring such an affair. The speaker of the day, Mr. Wayland Rhodes of the College of Agriculture was introduced by the County Agent and he delivered an address on live stock. He also judged the Junior Club pigs from the stand point of breeding gifts giving his reasons for placing as he did the judges. The winners were as follows: Mr. Jesse Hodge, first; Mr. Gariard Griffin, second; Mr. Oris Threlkeld, third.

Junior Club Conference

The people who have helped in Junior Club work this past project year were invited to attend last Tuesday a conference at the school building in Marion on ways and means of boosting Junior Club work. The meetings was led by Mr. Garnett J. McKinney of the Club Department of the University with an able discussion on the various phases of the work as carried on in the state. He emphasized the great need of more work in Crittenden county as best results cannot be obtained without accurate local leadership. He emphasized also the great value of Junior Club in the making of better farmers for the future.

Mrs. J. A. Reid accompanied her daughter, Mrs. E. O. Brown, to Crayne to spend a few days.

Prof. I. W. LaRue, teacher at Lillydale was in the city Saturday.

BIG WELCOME GIVEN BINGHAM

Large Crowd Gives Close Attention To Splendid Address at Court House Last Friday

A big crowd of Crittenden county farmers and tobacco growers gathered at the court house here last Friday afternoon to listen to the splendid address given by Judge R. W. Bingham, editor of the Courier-Journal and publisher of that paper and the Louisville Times, on the Dark Tobacco Co-operative Association. The Circuit court room was packed to its utmost capacity and a number failed to gain entrance into the room. Judge C. S. Nunn introduced the speaker.

Judge Bingham was enthusiastically received by his audience and a strict attention was given to the convincing arguments of the speaker on the importance of making the organization of the Dark Tobacco Co-operative Association a success. Judge Bingham is greatly interested in the co-operative plan of marketing and has spent much time and money in traveling over the dark tobacco district and speaking in its behalf.

Judge Bingham was asked by some one in the audience that if in case the Association was a success, there would be a receiving station in Marion. The speaker replied that there would be a receiving station here, that if the Association did not arrange for one he, as an individual, would do so.

After the close of the address an opportunity was given to those who wished to join the association and some 30 or 35 farmers went forward and signed up to become members of the Dark Tobacco Co-operative Association for five years.

A drive will be made in this county between now and Oct. 28 in an endeavor to get the required two-thirds acreage to insure the success of the organization.

LOOSE FLOORS OF HOPKINSVILLE

Will Positively Reopen For Business This Season With Two Sets of Buyers As Usual

Five Loose Floors have announced that they will positively sell tobacco during the coming season at public auction as usual in Hopkinsville, Kentucky, which is the largest Dark Fired tobacco market in the world and has more than twenty-five competitive buyers, representing every foreign and domestic demand for your tobacco, furnishing more competition than on all other tobacco markets in the Dark Tobacco Belt combined, which guarantees you the highest price possible for your tobacco.

This market is easily accessible to every pound of tobacco raised in the Dark Tobacco District.

With double sales we can guarantee you quick service.

Remember: Every pound of tobacco paid for on day of sale. No delay or waiting for your money.

Opening sales December 15th and continuing daily except Saturday throughout the season of 1922-23.

The following houses will be open day and night:

WEST'S LOOSE FLOOR (Incorporated)
HANCOCK WAREHOUSE CO. (Incorporated)
M. H. TANDY & CO.
HOPKINSVILLE LOOSE LEAF FLOOR. S (Advertisement)

A JUMBO POTATO

Mr. W. H. Hughes, residing two and a half miles east of town, exhibited at this office one day this week the largest sweet potato that has been brought in so far. It is fifteen inches long and eighteen inches in circumference and weighs eight and a half pounds. The potato is of the Nancy Hall variety and was grown on Mr. Hughes' farm.

WINS CLOSE GAME FROM GREENVILLE

Saturday's Game A Real Thriller—Marion Wins By Close Margin of One Point

The result of last Saturday's game really hung upon a toe, a well disciplined toe, a steady toe, a toe that was there in the pinch in more ways than one. The two teams being Marion and Greenville, the score was seven to six and the toe belongs to Perry Dillard.

The few who witnessed the game Saturday saw a real thriller filled with all the excitement that forty-four minutes of play could bring forth. According to dope Marion should have won handsily but Marion was tickled to win by one point as was indicated by the pandemonium that broke forth from human throats and fluster horns in the final seconds of the third quarter when Marion put over the tying touchdown and the winning point after touchdown.

Greenville scored the first touchdown in the first quarter on their own good playing and the corresponding had playing of Marion. McNary, captain of the visitors, carried the ball over but they failed to add a point after touchdown by the drop-kick route. Greenville had another opportunity to score in this quarter when they placed the ball within a yard of Marion's goal line but the Blue and White braced and made it easier for the spectators to breathe by refusing to allow the visitors to score.

In the last few minutes of play in the third quarter Marion started a march up the field that could not be stopped. With the ball on Greenville's twenty-five yard line Dick Hicklin skirted left end for fifteen yards. A line plunge added five and Captain Wilson carried the ball over on the next down. Dillard then put his toe to work and on his kick from placement the ball cleared the cross bar by seven-sixteenths of an inch.

Marion plays Clay next Saturday at Cooks Park. Clay has a strong team and Marion will be strengthened for next Saturday's encounter. A good game is assured.

COL. SIMMONS TO SPEAK HERE

Famous Lecturer To Speak to the Public at Court House on October 30

Col. Roscoe Conklin Simmons, one of the world's famous lecturers will deliver a lecture at the Court house on Monday night, Oct. 30, 1922. Hon. Mr. Simmons has a world wide reputation and is known extensively by both white and colored to be one of the greatest entertainers in history. He has also held several prominent government positions and is a nephew of the late Prof. Booker T. Washington.

Mr. Simmons was chosen by our former president, Woodrow Wilson to speak for America Armistice Day in Paris.

We invite everybody to come to hear him.

SHOOT AT POLICE

About 6:30 o'clock Monday evening Chief of Police A. S. Cannon received a telephone message that Marsh Crider was drunk and disorderly at a store near the railroad crossing on Belleville Street. When the Chief of Police arrived at the place and attempted an arrest Crider suddenly drew his pistol and shot, the bullet barely missing the officer's head.

Before a second shot could be fired the officer dealt Crider a blow on the head which knocked him down. Crider was then arrested and disarmed and later lodged in jail to await an examining trail.

Mr. T. E. Belt went to Madisonville Monday on business.

FACULTY PLAY GREAT SUCCESS

Play Given by Teachers of City Schools Drew Large Audience

The faculty play, "Borrowed Money" given by the teachers of the Marion Schools, under the direction of Miss Lena Holtzclaw, was a great success and was pronounced by many to be one of the best ever given in the city by amateur talent. Each member of the cast played admirably well the role assigned to them and the play as a whole was well received by a large audience.

Mr. Jaggars who played the part of Mr. Vantry, a real Kentucky gentleman and Miss Glass, his ambitious wife, were well cast. Mr. J. Y. Brown played the leading male role and he played the part admirably well. Miss Ethel Hard and Mr. Orville Lamb, who played the part of a colored couple, furnished the humor and pathos throughout the play and were especially well received by the audience.

RESIDENCE CAUGHT FIRE

A blaze started just under the roof of the residence of R. B. Cook on East Belleville street about 12:30 on Wednesday morning, burning a hole through the roof. The prompt arrival of the fire department saved the building. A defective flue is thought to have been the cause of the blaze.

NEWS IN BRIEF

Citizens of Harroh, Okla., protest the ringing of the 9 o'clock curfew because it interrupts their slumbers.

During the fiscal year ended June 30, 1922, exports from this country totalled in value \$3,770,000,000 as against the \$6,516,000,000 value of exports in the previous fiscal year.

It has been stated at Prohibition National Headquarters that P. Green Miller, general prohibition agent for Kentucky and Tennessee with headquarters in Louisville will be transferred to some other place.

Chairman E. C. O'Rear of the Normal School Commission will shortly call a meeting for selection of a site at Murray for the new Western Kentucky Normal and a city for the Eastern Kentucky Normal.

Discovery of gold deposits on the farm of Bradford Green six miles west of Joliet, Ill., was announced by J. V. Freeman, local chemist, after a chemical analysis of the ore.

The American Legion opened its Fourth National Convention at New Orleans Monday.

An Evansville auditing firm, after working for three weeks on the books of Paul Lacy, former County Delinquent Tax Collector of Hopkins county, reported to the County Judge that it was ascertained Lacy's shortage for the years 1913 to 1920 is \$7,801.63. Lacy has been indicted on charges of misappropriating money belonging to the Commonwealth.

DIES IN INDIANAPOLIS

Wilbur Burland Vick the thirteen year old son of Lee Vick, of this city, died Monday at the home of his brother, Elder Vick, of appendicitis. The remains were brought here Tuesday afternoon and buried at Maple View cemetery.

CLOSED MEETING AT LIVERMORE

Rev. O. M. Capshaw and Song Evangelist H. O. Franklin have returned from Livermore where they assisted Rev. E. S. Moore in a revival meeting. A very successful revival is reported as a result of their work, being the greatest revival of religious interest for twenty years. A large number of conversions and additions to the church at that place.

BIG SIGN-UP IS EXPECTED

Dark Tobacco Acreage Pledged to Pool Promises to Largely Exceed Minimum of Two-thirds

HOPKINSVILLE, Ky., Oct. 18,—With the success of the movement to organize the Dark Tobacco Growers Co-operative Association seemingly assured, that is the securing of the minimum sign-up of two-thirds of the tobacco acreage of the district, the mark has been moved up and efforts now are directed to making the total as big as possible. Leaders in the movement have stated most positively that nothing short of two-thirds will admit of the successful operation of the association and it will not be attempted with any less.

But the strongest feature of all co-operative organizations is having as near complete control of the total crop as possible. With seventy-five to ninety percent of the crop pledged, the association will be much stronger than if merely the two-thirds is secured.

Realizing this the workers for the organization in every county will put forth extra efforts from now until the campaign closes at midnight of Saturday, October 28th, to run the total sign-up just as high as possible. Even in those counties which are well over the two-thirds the campaign is to be continued just as vigorously as in the counties which still need a little more acreage to put them over the top.

The past two weeks were perhaps the most fruitful in results for the movement of any since the campaign started last spring. Thousands of acres were signed all thru the dark tobacco district.

Not only did the workers show more pep and determination, but the people themselves evidenced a deeper earnestness and stronger inclination to sign up their crops than has been the case at any time yet.

This week even greater efforts are to be put forth and corresponding results are expected.

Realizing that the thing now to be done is to get to the individual grower with information as to the association plan and to get him to sign the contract, activity is being centered this week on house to house drives.

COUNTY DECLAMATORY CONTEST TO BE AT MEXICO

At the suggestion of Supt. Paris the contest is to be held at Mexico school house Nov. 10, 7: o'clock, this date being preferred by Prof. Jaggars. The seating capacity of Mexico school house will far exceed 200.

More liberal prizes are offered than has heretofore been offered in declamatory contests. In addition the people offer free lodging on night of contest to pupils and teachers who cannot conveniently return home.

Knowing the established school spirit of all the teachers is following the wise suggestions of their superintendent many contestants are expected as there will be only one contest this year.

According to custom Miss Reba Hickman, winner of highest honors last year, will be chairman of contestants this year and occupy seat of honor.

MARRIED AT PRINCETON

Mr. Fred Ramage, of Dycusburg, and Mrs. Lou Fritz were happily united in marriage at Princeton Friday of last week. The groom is a well known and prosperous citizen of his town and the bride has many friends here who extend congratulations.

Mr. and Mrs. Ramage will make their home in Princeton.

MOVED TO BELLS MINES

Mr. and Mrs. Guy Lamb and little son, Guy Jr., went to Bells Mines last week to make their home. Their friends in Marion regret their moving away, but congratulate the people of that section on their acquisition of some mighty good citizens.

Miss Mary Dean who is attending school at Fredonia, spent the week end at home in Deardwood.

Entered as second-class matter February 9th, 1878, at the postoffice at Marion, Kentucky, under the Act of Congress of March 3rd, 1877.

SUBSCRIPTION RATES
In County and Zone One\$1.50
Zone Two and Beyond\$2.00

THE TOBACCO POOL

The time left for tobacco growers to enlist in the Dark Tobacco Marketing Association is short and every available means should be put forth to get the growers in the district that have not already pledged their crops to the pool to do so.

Some of the growers of this county have expressed themselves as wondering why the business men are so interested in the pool. That can be easily answered by the fact that they depend upon the farmer for their trade and they know when the farmer has money they will have a good trade and also whatever movement works for the betterment of the county, as this movement will, will work for the betterment of the individual citizens.

We have been assured of a receiving station for this county and if the organization can pledge more than its quota it will be more successful. We should pledge every acre of tobacco in the county.

If there are any points that are not clear to any grower who has not as yet signed the contract, get in touch with the organizers and sign the contract before the last day of this month.

THANKS

The editor's thanks are due Mrs. J. U. G. Claghorn for half bushel of fine sweet potatoes. Also to Dr. George W. Stone for a fine pair of spectacle frames. To Mrs. J. T. Terry for a box of luscious grapes.

SHERIFF'S SALE FOR TAXES

By virtue of taxes due the Tolu Graded School District for the year 1921 1 or one of my Deputies will on Monday the 13th day of November, 1922 between the hours of 10 o'clock A. M. and 2 o'clock P. M., at Court House door in Crittenden county, Kentucky, expose to PUBLIC SALE to the highest bidder for cash in hand, the following property (or so much thereof as may be necessary to satisfy the amount of taxes due aforesaid and costs) to-wit:

V. O. CHANDLER
Chas. T. Riley, one town lot in Tolu 1921, \$ 3.50
Mrs. Sue Tabor, one town lot in Tolu, Ky., 1921 15.25
J. A. Sheffield, one town lot in Tolu, Ky., 32.35
Sam Kinsey, 114 acres near Tolu, Ky., 8.50
C. E. Tabor, one town lot in Tolu, Ky., 12.75

SHERIFF'S SALE

By virtue of Execution No. 451 directed to me, which issued from the Clerk's office of the Crittenden County Circuit Court, in favor of R. W. Winters against Marion Zinc Co., for the sum of \$655.80, 1 or one of my Deputies, will on Monday the 13th day of November 1922 between the hours of 10 o'clock A. M. and 2 o'clock P. M., at the Court House in Crittenden county, Ky., expose to PUBLIC SALE to the highest bidder the following property (or so much thereof as may be necessary to satisfy Plaintiff's debt, interest and costs) to-wit:

Winters) thence S 66 E. 213 1-2 poles to a stake; thence N. 2 W. 38 1-2 poles to a stake; thence N. 23 E. 20 poles to a stake thence N. 33 W. 43 poles to a white oak thence N. 12 E. 14 poles to a stake in the state road thence with the meanders of said road N 87 1-2 W. 26 poles N. 74 W. 28 Poles N. 57 W. 55 poles to a stake in the center of said road; thence south 54 3-4 W. 88 poles to the beginning.

TERMS: Sale will be made on a credit of three months, bond with approved security required of the purchaser, with interest from date at the rate of 6 percent per annum, and having the force and effect of a judgment.

Witness my hand, this 7 day of October, 1922

JAMES T. WRIGHT, Sheriff, C. C.

Mrs. Fred Ramage went to Dycusburg Saturday to make her home.

October 22, 1903

Friday was Beckham day in Marion and the day will go down in local history as the date of one of the greatest and most enthusiastic rallies ever held in the county. The crowd in town at a very fair estimate numbered at least 4500. People were here from every section of Crittenden county and many came over from Livingston.

Miss Eva Nunn, daughter of Hon. Eli Nunn, was a guest of Mrs. Nina Howerton last week.

Miss Ada Robinson and Mrs. A. J. Baker went to Paducah Tuesday to attend the wedding of Mr. Robt. Deboe and Miss Marcella Neil. Miss Neil is the niece of Mrs. Morgan of this city.

Mr. Ernest Carnahan and Miss Estelle Gilbert of Paducah were married Monday at the residence of Rev. T. A. Joiner at 7:00 o'clock. Mr. Carnahan is the son of W. G. Carnahan of this city, and the happy couple went to his residence immediately after the ceremony and will make their home there.

Jesse Olive, the whole souled deputy warden of the prison at Middlesboro, was here Friday.

Hutchins Bros., hypnotists, were here last week and gave one or more performances at the Opera House. The same night the big band from Madisonville was serenading the public in front of the new Marion Hotel and the medicine man and his inimitable "oons" were entertaining the public in front of the court house.

Mrs. Annie Orme arrived in the city last Friday at noon and is the guest of her sister, Mrs. J. W. Blue.

W. L. Adams was in Louisville last week to see Barnum's big circus.

The walls of the Dycusburg Bank are under construction and the building will be rapidly pushed to completion.

Mr. and Mrs. M. B. Charles of Dycusburg are rejoicing over a beautiful baby girl at their home.

Dr. Clement and family of Tolu were in Marion Friday.

County Clerk Weldon was in Tolu last week.

The residence of T. T. Thompson of Carraville was destroyed by fire on the 10th.

There was shipped from the Old Jime Mine last week 350,000 pounds of carbonate of zinc.

COURT HOUSE NEWS

Charlie Ray Croft, 18 years old, son of J. N. Croft, was adjudged of unsound mind by a jury Saturday and sent to the Hopkinsville asylum for the insane.

The examining trial of Marsh Cridder, charged with drunkenness and shooting with intent to kill was called in the City Court Tuesday. The case was continued until Thursday.

AN OLD COFFEE MILL

Mr. T. G. Travis has in his possession the oldest coffee mill perhaps in the county. The mill was originally the property of John Travis, great grandfather of the present owner. The elder Travis brought it with him from Ireland when he came to this country in about 1722, two hundred years ago. Though it did the grinding of the coffee for its first owner and was handed down to his son, Francis Travis, who likewise used it to grind coffee for himself and family and at his death handed it down to his son, Cullen Travis, who in like manner used it to grind coffee for his family use, and when he passed away it was bequeathed to his son, T. G. Travis it is still a good mill, though Mr. Travis uses it mostly for grinding chick feed for his poultry. The mill is very simple in construction. It has a hopper to contain the coffee, with grinding machinery below, a crank to turn and a funnel underneath for the ground coffee to pass out. The mill is screwed to a four-sided wooden block ending in a pile, which when driven into an auger hole in the kitchen wall, it is ready for business.

NOTICE

By mutual consent and by majority vote of the stockholders on July 1, 1922 the corporation known as The American Spar Company, incorporated under the laws of the State of West Virginia and formerly conducting a business in Crittenden and Livingston counties, Kentucky, was dissolved and the charter of said company surrendered, said company having previously made an assignment of its property for the use and benefit of its creditors and the indebtedness of said company having been paid in full.

OLD MINISTERIAL ORDERS

Mr. T. G. Travis, of this city, remains in his possession the ordination orders of his grandfather, Francis Travis, as a Methodist itinerant preacher. He was ordained at a meeting of the Tennessee Conference held October 3, 1813, 109 years ago, with Bishop William McKindrie as presiding officer.

DIES IN MISSOURI

George W. Conyer, who left this county some fifteen years ago, died at his home in Caruthersville, Mo., Sunday, Oct. 8, of heart trouble. The remains were buried at Caruthersville.

Mr. Conyer was twice married, both wives being from this county. His first wife was Miss Alice Threlkeld, daughter of Thomas Threlkeld and his second wife was Miss Addie Alexander, daughter of the late T. J. Alexander.

He is survived by nine children, only one of whom, Mrs. Herman George, lives in this county. He is also survived by two brothers, John Conyer, T. M. Conyer and a sister, Mrs. Kate Threlkeld.

—A \$2.00 value for \$1.00 A ten-quart aluminum dish pan for \$1.00 at RUBIN'S Bargain Store.

Miss Seth Stephens spent the week end in Princeton.

LEVIAS

Our pastor, Rev. T. C. Carter of Marion preached at Union Sunday. Mr. Fred Love and family motored to Clay Sunday.

Mr. Kelly LaRue, wife and children visited near Deer Creek Sunday. Mesdames Mellie Franklin and Lenah Sisco were guests of Mrs. L. L. Price and daughters Saturday.

Mrs. Mayo Taylor visited relatives near Siloam Sunday.

Mr. Barger of Hampton is assisting J. H. Price in building a bungalow for Homer Settles.

Mrs. Mayo Taylor returned from Louisville last week.

Aunt Dean Franklin visited Sunday and Monday at the home of Mrs. Ada Watson.

Dr. Dallas LaRue of Illinois spent several days last week with relatives here and at Marion.

Mrs. L. L. Price and daughter visited recently at the home of her granddaughter, Mrs. Zetta Clark, near Marion.

Miss Guyda Franklin returned last week from Indiana.

Mr. Homer Settles, wife and son were guests of Mr. and Mrs. Willie Lyon near Siloam Sunday.

DANGERS OF A COLD

Marion People Will Do Well to Heed Them

Many had cases of kidney trouble result from cold or chill. Congested kidneys fall behind in filtering the poison laden blood and backache, and headache dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Marion resident's example:

A. J. Duval, 8, Walker St., says: "If I lifted anything or took cold I had an attack of backache. There was such soreness across my kidneys I could hardly get about. Other members of my family had used Doan's Kidney Pills with good result so I got some at Haynes & Taylor's drug store. Doan's entirely relieved me of the trouble and I can surely recommend this remedy."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Duval had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

CONDITIONS OF CONTEST

CONDITIONS—In one of the advertisements on this page a word is missing. To be a winner you are to find this word, mention it in which advertisement it is omitted and between what words it should be inserted. A word will be omitted each week and may be omitted from the same advertisement more than once. The contest will continue for thirteen weeks.

The person finding the greatest number of correct missing words will be given \$25. The second \$10, and the third \$5, and ten \$1 prizes will be awarded to the next ten highest.

All answers must be at the Press office not later than the following Tuesday at 5 P. M. Address all answers to the Missing Word Editor, Crittenden Press, Marion, Ky.

INSURANCE

WHAT OUR PRESIDENT THINKS
OF LIFE INSURANCE

"I consider modern safeguarded life insurance a protection to the family and the home, a substantial aid to business security and credit, and a great encouragement for thrift and practical economy."—Warren G. Harding

YOU SPEND MOST OF YOUR
EVENINGS IN YOUR LIVING
ROOM

Winter, with its bleak nights, is nearly here. Son and daughter stay at home in the evening—and the living room lives up to its name—you spend your evenings there.

How essential, it is then, that it be cheerfully furnished. Your furnishings need not be expensive, but they should be up to date. Pretty draperies, a few choice pictures, add much to the cheerfulness of this room.

Come in and make your selection from our lines.

PREPARING STOCK FOR SHOW

Much of Improvement in Breeding is Made Possible by Comparing Animals in Ring.

(Prepared by the United States Department of Agriculture.)

There are many of the elements of sport in preparing live stock for the show ring and in competing with other breeders for prizes, and showing animals at fairs and expositions is no mere fad, although there are still some people who seem to think so. Much of the improvement in the various breeds of animals in this country, says the United States Department of Agriculture, has been due to the comparisons made possible by bringing animals together in competition. Not only do the breeders who compete reap a benefit, but also every farmer and breeder who attends the show as a spectator. Many a man marks the beginning of his success from the time of some live-stock show where he was brought to a realization of the inferiority of the stock on his farm.

A good illustration of the value of a state fair as a live-stock improver comes from a state in the Middle West. A bill providing for the appropriation of \$50,000 to build a hog barn on the state fair grounds was up before the legislature where it was encountering much opposition because of the comparatively large expenditure planned and the short time the building would be used each year. Finally, one legislator, a small-town banker who had never made a speech before, got the floor and in a few words convinced his hearers that the \$50,000 would be well spent. He told of having studied the list of depositors in his bank with the idea of finding out which were breeders of purebred stock and how they stood in comparison with the others. He found that 14 of them were breeders of purebred hogs and all of them were prosperous, far above the average. Then this banker went to see each one of the 14, and he found that almost without exception they gave the state fair or some other fair credit for having taught them the value of better blood and the right type for the market.

There are farmers who find it next to impossible to pick a real good animal unless they have the opportunity to make comparisons. They may be able to pick the best animal in a herd, but if the herd happens to be a mediocre one they will pick an ordinary

Champion Poland China Sow.

animal in the belief that they were getting a good one. By making his selection at the farm of a successful breeder or at a show where many excellent animals can be observed, his chances of getting the right sort of stock are greatly increased.

SHADE AND WATER FOR STOCK

Abundant Supply Will Result in Rapid and Economical Gains With Hogs and Cattle.

Experience has taught cattle and hog men that a good shade with an abundant supply of pure water near the feeding place will result in rapid and economical gains, whereas lack of shade or shortage of water or stagnant impure water make slow and costly gains. Flowing springs or fresh well water are the best sources of supply for stock.

USE PATIENCE WITH HORSES

Nothing Gained Where Animal is Abused and Continually Kept Nervous and in Fear.

Horses that are handled quietly and patiently will do much more work and keep in better condition on a given amount of feed than will horses that are abused and continually kept nervous and in fear of the driver.

Beef Producer's Problem.
The beef producer's problem is so to feed roughage that it will bring him the greatest return. Corn fodder when fed with some kind of legume hay or nitrogenous concentrate to balance, makes a cheap and satisfactory ration.

Study of Feeding Value.
The beef producer must study the feeding value of the different concentrates and roughages, and should be guided by the market prices in balancing rations and feeding.

Patterned Somewhat After Farmers and Home Makers' Weeks Conducted by Agricultural Colleges—Leadership Important.

(Prepared by the United States Department of Agriculture.)

Over 60,000 boys and girls, enrolled in club work under the supervision of extension workers employed co-operatively by the United States Department of Agriculture and the state agricultural colleges, enjoy the advantage of junior short courses and camps every year. These short courses have become a popular feature with the farm boys and girls and are eagerly looked forward to by them throughout the year.

The courses are patterned somewhat after the farmers and home makers' weeks, which have been conducted by the agricultural colleges for several years. Besides the instruction given, emphasis is laid on the social and recreational side of junior extension

Club Boy and His Purebred Calf.

work. Most of the colleges give a course in rural leadership, emphasizing the importance of boys and girls becoming local leaders of clubs.

West Virginia, which, besides having three state camps for rural leadership for boys and girls, also maintains 40 county training schools. These schools are held in connection with county camps, and the farm boys and girls enjoy an outing of from one to 10 days at very small expense. Most states provide similar programs at the college or at some desirable location in the state, and a considerable number—as, for example, Montana and Minnesota—conduct county camps.

FARM NAME LENDS DIGNITY

Farmer Takes More Pride in His Place and Markets Much Higher Class of Produce.

The farm that has been christened adds dignity to itself, its owner and the entire neighborhood.

The result is the farmer takes pride in it, makes it a better farm and markets a higher class of produce because he wants to keep the name of his farm in good standing before the public, all of which means more money for the farmer, and that means greater prosperity for the city. Give the farm a name just like any other business institution and see how quickly people will start commenting on your enterprise.

One farmer suggests why not urge state representatives to pass a law, where there is none at present, giving a farmer the exclusive right to a certain name by his registering it with the county clerk and paying a \$1 fee for so doing. This will pay all the expense incurred. It will give him a standing in his community and dignify the business of farming. The business men of the city will help you, as they are commencing to realize the importance of the farm, and the fact that the city grows just as fast as the surrounding country is developed. Now everybody boost and do this one little thing as a start for bigger things.

CONTINUE INBREEDING TESTS

Department of Agriculture Has Now Taken Up Investigations With Poultry and Swine.

After 15 years of inbreeding and cross-breeding experiments with guinea pigs, in which more than 34,000 animals were used, the United States Department of Agriculture is continuing the investigations with poultry and swine, making use of many facts developed in the tests with the smaller animals. Six pens of White Leghorns have been set aside for the purpose, and it is planned to breed continuously within each pen, using one male bird each year. A similar test will be carried on with five pairs of Poland Chinas and four pairs of Tamworth hogs. This experiment will make possible a later comparison of crossing within a breed and between two breeds with inbreeding.

STANDARD SIZE IN LEGHORNS
It is Necessary to Cull and Fowls Nearest Right Proportions Should Be Selected.

To get standard size in Leghorns it is necessary to cull. Choose the birds nearest to standard size as breeders. If you get a male that seems to increase the size of the flock, do not sacrifice him after one year, but mate him to good hens.

Patrons of the big trotting meeting at Date Park the week of October 17 will have the opportunity of seeing practically all of the trotting and pacing stars which have raced on the Grand and Great Western Circuits this year, and it is doubtful if any Grand Circuit meeting has brought together such a grand array of trotting stars as will be seen in the \$5,000 Kentucky Trot which will be decided on the final day of the big meeting at the new racing plant near Evansville and Henderson.

The wealthy Lexington horseman, J. L. Dodge, has named his great trotting stallion, Great Britton 2:03 1/4, in the feature trotting event of the week, and the master of Hollywood Farm, is planning on carrying away the money. Great Britton is a wonderful trotter. He has a tremendous burst of speed, can go the route, and no other stake trotter is trotting a faster mile this year. In his race at Syracuse, Great Britton trotted the final quarter of the third mile in 29 seconds, and over a track which was soft and slippery. Last year the

rugged son of Peter Chenault 2:04 1/4, was given to making breaks but Mr. Dodge, who drives his own horses, seems to have corrected this fault, and Great Britton is now a perfect racing tool.

The Lexington trotter will be forced to clash with one of the greatest fields of trotters that has ever faced the starter for in the group in the big race at Date Park will be found such stars as The Great Volo, 2:03 1/4; Kilo Wette, 2:03 1/4; Clear Worthy, 2:03 1/4; Prince Lotze, 2:03 1/4; The Great Rose, 2:04 1/4; Manlick, 2:01 1/4; David C., 2:05 1/4, and others of class.

All of these trotters have been going big along the Grand Circuit but this will be the first time that they have been all here at together. The Green River Jockey Club early made a lot of money for the horse men for the 2:04 trotting for the real class of the country has been named and a wonderful race will be seen when these trotting celebrities start on the long day of the meeting, (With Cut of Great Britton)

Mr. and Mrs. Ben H. Price visited in Clay Saturday.

Mrs. D. H. Nation was in Marion Friday.

Miss Annie Laurie Howerton, who is teaching at Mt. Olive school spent the week end with her parents of this place.

Mrs. L. C. Truitt visited relatives in Sturgis the last of the week.

Mr. Jeff Brantley was in Marion Saturday.

Mr. and Mrs. Chet Pruit are the proud parents of a fine baby girl.

Mrs. H. Sullivan of Marion is visiting relatives here.

Mrs. Joe Foster spent the week end with relatives in Sturgis.

Mr. Carrier of Morganfield was the guest of Mr. H. T. Summers recently.

Miss Fannie Thurmond spent Sunday with Miss Laura Summers.

Studebaker

Comparison Will Emphasize Its Value

The Studebaker Big-Six Sedan delivers everything you can ask of a motor car.

If you pay more than the Big-Six price, you may buy more weight, but it is impossible to get finer materials or better craftsmanship than are used by Studebaker.

Compare this Big-Six Sedan with the most expensive cars. Check the body with any body built, compare the chassis construction, look into the endurance records of the Big-Six as compared with any other car.

Get behind the wheel yourself. Test its performance, its comfort. Check its appearance with any car at any price. And don't overlook this point: Studebaker has more than 3,000 branches and dealers throughout the country who are always ready to render efficient service.

And finally, compare the equipment and appointments.

Consider the Big-Six Sedan as an investment. There is no reason to pay more. The name Studebaker stands for satisfaction.

THIS IS A STUDEBAKER YEAR

CAMPAIGN HAS MADE POSSIBLE VAST ENLARGEMENT OF EVERY PHASE OF GENERAL WORK

GAIN 500,000 NEW MEMBERS

Effort Will Be Made to Enlist These and All Other Baptists in Share in Forward Movement During November

Total cash collections on the Baptist 75 Million Campaign up to May 1, 1922, had reached the sum of \$35,152,211.69, according to the general Campaign headquarters. This represents an advance of nearly \$20,000,000 over what Southern Baptists did for their general missionary, educational

DR. L. R. SCARBOROUGH
General Director Baptist 75 Million Campaign.

and benevolent work for the three years preceding the Campaign. The contribution of larger gifts to religious work has been accompanied by larger spiritual results in the local churches. It is pointed out. For instance, Southern Baptists baptized 150,000 more converts during the first three years of the Campaign than they did in the three years before, gained 3,600 new Sunday schools and 400,000 new pupils, enhanced the value of their local church property by \$18,000,000, enlarged their contributions to local causes by \$22,390,000, and increased their contributions to all causes by \$43,480,490.

Baptist Institutions Grow. Some other phases of denominational progress made possible by the Campaign include increasing the number of Baptist hospitals in the South from 12 to 19, with three others under construction and four more definitely planned; strengthening of 17 Baptist orphanages and the establishment of two new ones, lifting 32,000,000 indebtedness on 119 Baptist schools, colleges and seminaries, completion and projection of permanent improvements there in the sum of \$4,000,000, and the addition of substantial sums to the endowment funds. Over 2,500 ministerial students are enrolled at Southern Baptist schools.

Church Loan Fund Raised. Among the outstanding accomplishments in the work of the Home Mission Board are the raising of 1,000 churches in building new houses of worship, the completion of the million-dollar Church Building Loan Fund, strengthening the work among the foreigners and Indians and the 35 Mountain mission schools. The Board has employed an average of 1,495 workers during the Campaign and reports for that period 134,332 baptisms, 218,371 additions to churches, 2,276 Sunday schools and 739 churches organized, and 1,499 houses of worship built or repaired.

On the foreign fields the equipment for mission work has been practically doubled, more than 250 new foreign missionaries have been sent out, more than 400 new native workers have been employed, and the Board has entered the new fields of Spain, Yugoslavia, Hungary, Roumania, Southern Russia, Palestine and Siberia. The Board reports for the period of the Campaign 117 new churches on the foreign fields, 21,723 baptisms, 211 new Sunday schools, gain of 17,574 pupils, native contributions of \$1,001,390.65, and \$29,642 treatments administered by medical missionaries.

Another result of the Campaign is that the Relief and Annuity Board, which is seeking to care for the aged dependent ministers and their families, has been enabled to double the number of such persons helped and the amount that is given these beneficiaries. Last year the Board was able to dispense \$128,966 among needy ministers. It has invested assets of \$1,149,688.

Receive 500,000 New Members. More than 500,000 new members have been received into the local Baptist churches of the South since the Campaign began, and in the hope of enlisting all those in the Campaign, as well as reaching the older members of the churches who have not shared in the forward movement heretofore, the month of November & December 3 has been designated as Re-enforcement Month by the Campaign Conservation Commission. During this month it is planned that every Baptist church in the South will call upon all its members who are not already participating in the Campaign and secure subscriptions from them covering the two remaining years of the movement, and cash offerings to the Campaign from all the members. Dr. L. R. Scarborough, of Fort Worth, Texas, who was general director of the original Campaign, has been elected to serve in that capacity for the Re-enforcement program, although the details are being worked out in the various states under the leadership of the secretaries of the state mission boards. It is hoped to secure several million dollars in additional subscriptions and several million in cash as well by December 1.

CONTEST NEARING CLOSE

The Missing Word Contest is now drawing near the closing week and keen interest is being shown by the many contestants. Last weeks word stumped many of the contestants. The word was ATTRACTIVELY and should have been in the ad of Foster and Tucker between the words home and furnished.

This week the word is easily found and we expect all of our contestants to find it with little trouble. All you have to do is read every ad carefully and see if you can find a missing word that begins with O and ends with the letter R.

Anyway, it's a Pretty Legend. There is an ancient Chinese superstition that if you eat enough peaches you will live forever. Many years ago, it is said, a Chinese girl, believing in this superstition, gave her sailor sweetheart a peach seed to carry for luck on a trip to America. While in this country he lost the seed, and from it grew the first peach tree in the United States.

Of Course the Star Prints This. The Wamego (Kan.) Times tells of a little boy of that city who was taking his first lesson in astronomy the other night and was very much interested in the names of the various stars and planets to be seen from the sleeping porch. Finally he asked, "Mamma, which one is the Kansas City Star?"—Kansas City Star.

PADUCAH, KY.

Mail Orders Receive Careful Attention

Rudy's Plans to Distribute Xmas Charity Fund of \$500.00 to Churches, Hospitals and Charitable Institutions

ALL CUSTOMERS EVERYWHERE TO DECIDE BY VOTES WHO GETS THE MONEY—YOUR COMMUNITY IS INCLUDED.

One of the duties and delights of prosperity is that of giving. The people of Paducah and surrounding territory have made Rudy's a prosperous store and we have always recognized it as their right to ask us in return, to give liberally to worthy charities and purposes.

We have usually responded to such requests and with pleasure. But we have always been in doubt if the distribution as carried out is really the wisest. We have no time nor method for the proper investigation of applicants for donations. Doubtless some are unworthy of any help and some are deserving of double what we give. But how can we discriminate?

Method of Securing One of These Donations for Your Church Hospital or Charity.

IT COSTS NOTHING TO VOTE but naturally we confine the privilege to customers of our store.

EVERY SALES SLIP IS A BALLOT When you make a purchase at Rudy's and wish to help your church or charity to one of these donations, write the name of that church or charity AND ITS ADDRESS on the back of the duplicate sales slip and enclose every purchase.

EVERY 100 OF PURCHASE COUNTS AS A VOTE That is, if your purchase is for 100 it counts one vote. If it is for \$1.50 it counts for 15 votes for the charity written on back of the slip.

SALES SLIPS MUST BE DEPOSITED in the ballot box situated next to the elevator on Main Floor within ten days of their dates. A score board will be maintained, which will show the progress of the voting at all times.

CHARGE PURCHASES May be voted by writing the name of the designated Charity, on the bill when sent back with remittance.

And so We Intend to Leave the Matter Entirely to You.

We will appropriate \$500.00 for this Xmas charitable donation. Our customers shall decide by their votes what churches or charitable organizations shall get the money.

The \$500.00 Will Be Divided As Follows:

| | |
|---|----------|
| One donation of..... | \$150.00 |
| One donation of..... | 75.00 |
| Two donations of \$50 each making..... | 100.00 |
| Five donations of \$25 each making..... | 125.00 |
| Five donations of \$10 each making..... | 50.00 |

Or a total of 14 Beneficiaries and.....\$500.00

Voting Begins Mon. Oct. 16, 1922

Voting Closes Sat., Dec. 23, 1922

Donations will be distributed in the order in which the Organizations stand in total vote after the close of business, Dec. 23rd. Checks will be sent as soon as the count of vote is completed. In case of two organizations having equal quantities for first or second donations amounts shall be equally divided.

The following committee has agreed to supervise the plan and audit the count:

MRS. JAS. C. UTTENBACH
MRS. W. J. HILLS
MRS. O. C. COVINGTON
MRS. ED. HANNAW
REV. J. R. CRAWFORD

Only such Societies and Organizations as have charitable or "welfare" work for their chief purpose will be recommended to this voting.

J. A. RUDY & SONS
