MARION HIGH STREET LIGHTS

City Council and C. M. Jenkins Come to Agreement on Monday Night

The citizens of Marion are relieved of all controversies of rewarding or detracting. At the regular meeting of the City Council Monday evening, November 30, the city moved into exact agreement with the Marion Electric Light Company. The discussion was opened with a brief report from the light company's engineer, Thos. T. Jenkins. The bill for the electric lights for the past month was submitted, but was not discussed. The city council passed a resolution for the purchase of the light plant for $30,000. The next step is to secure the necessary consent of the Marion Electric Light Company to accept the money for the plant.
