REV. E. N. HART
REIGN CHARGED

Will Stall for London on Dec. 8, to Visit Old Home First

Time in Nine Years

Joseph R. Jackson, of Dreadon, has received permit from the Department of Game and Fish for the County.

Judge J. E. Price, and R. S. Price, owners of the Eagle Creek Fish Farm, have purchased from Federal Fish and Game Company, 2,000 pounds of Crucian Creek legs for their farm.

Anonymous donor of Crooked Creek Fish for the County.

Judge J. E. Price, and R. S. Price, owners of the Eagle Creek Fish Farm, have purchased from Federal Fish and Game Company, 2,000 pounds of Crucian Creek legs for their farm.

The Gila monster is a large, dangerous reptile which can swim and breathe underwater. It has long been known to local authorities as being a menace to public safety in purchasing permits. The Gila monster is frequently confused with the Gila monster, a much smaller species that occurs in the same area.

MOVING PICTURES AT BURRAN ACADEMY

A number of children between the ages of seven and fifteen are enrolled in the academy. Among the students are many who have previously attended other institutions. The academy is well equipped with modern teaching aids, including film projectors and audio equipment. The academy's curriculum includes subjects such as mathematics, science, English, and social studies. Additional classes are offered in art, music, and physical education.

YOU ARE INVITED. COME SEE THE NEW FILM.

The Story of An Automobile

Here's an intimate story of automobile building that will appeal to everyone who has ever ridden in a motor car.

It's more interesting than an actual trip through an automobile factory because the pictures picture those which would escape the eye. It shows how the parts of the car are made, and what goes on behind the scenes.

You see the various parts transformed from the rough block to the finished unit. This film will fill the attention of all those who are interested in automobiles.

It is sponsored under the direction of the United States Department of Commerce in cooperation with the Ford Motor Company and will be shown in all parts of the world. It is an education in manufacturing efficiency.

Mrs. Inez Willison left Friday for a winter's rest in Florida.

Mr. and Mrs. Percy Morgan went to Omaha Saturday to spend Christmas with their daughter.

The second, saw the difference.

MAKE COW RATION TEMPTING

Animal Wheat Not Yet Used on Farm of Manager of University Dairy

A good substitute and actual improvement in the dairy work of the Extension Farm is the untiring efforts of Manager of the University Dairy. His efforts to make the ration attractive, and to provide an adequate and digestible food for the dairy stock, have been marked by promptness and efficiency. The results of these efforts are now seen in the improved condition of the animals. The milk was raised nearly 10 per cent in fat content and 12 per cent in lactose content, and the cream content was increased 4 per cent. The total increase in milk production was nearly 30 per cent.

In the care of the animals, the manager has shown great ability and thoughtfulness. The animals have been cleansed and the barns kept clean, and the milk has been taken to the laboratory regularly for analysis. The work has been well done, and the manager is to be congratulated on the excellent results obtained.

The manager has also made some improvements in the topography of the farm. The buildings have been erected, and the fences have been repaired. The work has been done in a careful and methodical manner, and the manager is to be commended for the excellence of his work.

In conclusion, the manager is to be congratulated on the fine work he has done, and the excellent results obtained. The animals have been well cared for, and the ration has been improved. The manager has shown great ability and thoughtfulness, and the results have been excellent.
