Let us give thanks unto the Lord. Let us exalt His

A TALE OF WOE

Three sons went dead and his wife went lone.

And he lived on in a poor place,

With no bread and not a cup of wine;

And the house where he lived was lone.

Then he removed himself to another place

And lived there in a place where he was known.

And celebrated the passing of the house where he stood.

And there was a cottage he came to

And there lived one with that hole in the roof.

39th ANNIVERSARY SALE

In celebrating our 39th anniversary Red's has devoted much thought and time to making this sale a success. The entire organization has concentrated on the preparations by securing scores of remarkable values in desirable merchandise. Our one object is to show appreciation to the thousands of people throughout this district for their patronage in the past. You have been factors in making this store the institution it is today.

We have not the space to go into details about this sale—We do want to say, however, that we want to extend every one of our out-of-town customers and all others, a special invitation to attend this sale. Great stocks of wanted goods are here at attractive prices. It will pay you to come here and do all your holiday shopping at one time. Remember the date, sale begins Saturday, December 2nd.

DAIRY HINTS

FEED POINTS FOR DAIRYMEN

To Obtain Maximum With Productive
Use Less Feed, Refer to the
Preparatory Chart.

If you would get a maximum with your
livestock, but have trouble with
feed, refer to the preparatory chart
in the cartoon, appropriately named
"Feed Points for DaIRYmen." 

MEASURABLE FEEDS More Important
To United States During Past 30 Years Than Any Other
Value. Farmers cannot produce and save, if they do not save
on feed. 

1. First of all, the farmers who use the more
measurable feeds are better off financially. 

2. Second, these feeds are better adapted to
the needs of the animal. 

3. Third, the animals get better care when
they are fed according to the calendar.

4. Fourth, it is easier to control the
animals when the feeding is done to
the point at which they need it.

5. Fifth, the weight of the animals can be
accurately determined by the weather.

6. Sixth, the feeding is more economical
when the feed is measured to the
point where it is needed.

7. Seventh, the feeding is more healthful
when the feed is measured to the
point where it is needed.

8. Eighth, the feeding is more productive
when the feed is measured to the
point where it is needed.

9. Ninth, the feeding is more economical
when the feed is measured to the
point where it is needed.

10. Tenth, the feeding is more healthful
when the feed is measured to the
point where it is needed.

11. Eleventh, the feeding is more productive
when the feeding is done to
the point at which it is needed.

12. Twelfth, the feeding is more economical
when the feeding is done to
the point at which it is needed.

13. Thirteenth, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

14. Fourteenth, the feeding is more productive
when the feeding is done to
the point at which it is needed.

15. Fifteenth, the feeding is more economical
when the feeding is done to
the point at which it is needed.

16. Sixteenth, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

17. Seventeenth, the feeding is more productive
when the feeding is done to
the point at which it is needed.

18. Eighteenth, the feeding is more economical
when the feeding is done to
the point at which it is needed.

19. Nineteenth, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

20. Twentieth, the feeding is more productive
when the feeding is done to
the point at which it is needed.

21. Twenty-first, the feeding is more economical
when the feeding is done to
the point at which it is needed.

22. Twenty-second, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

23. Twenty-third, the feeding is more productive
when the feeding is done to
the point at which it is needed.

24. Twenty-fourth, the feeding is more economical
when the feeding is done to
the point at which it is needed.

25. Twenty-fifth, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

26. Twenty-sixth, the feeding is more productive
when the feeding is done to
the point at which it is needed.

27. Twenty-seventh, the feeding is more economical
when the feeding is done to
the point at which it is needed.

28. Twenty-eighth, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

29. Twenty-ninth, the feeding is more productive
when the feeding is done to
the point at which it is needed.

30. Thirtieth, the feeding is more economical
when the feeding is done to
the point at which it is needed.

31. Thirty-first, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

32. Thirty-second, the feeding is more productive
when the feeding is done to
the point at which it is needed.

33. Thirty-third, the feeding is more economical
when the feeding is done to
the point at which it is needed.

34. Thirty-fourth, the feeding is more healthful
when the feeding is done to
the point at which it is needed.

35. Thirty-fifth, the feeding is more productive
when the feeding is done to
the point at which it is needed.

LITE-SEA SEDAN $1550

Studebaker

Let Us Show You the Difference!

Vibration is destruction. It shortens the life of a car. It takes the pleasure out of driving because it causes ruts, bumps and other irritating motions.

Vibration is particularly annoying in closed cars.

This is the perfect time to have your car winterized. The Light-Sea Sedan is made for a full-speed winter. It is equipped with the latest in all weather equipment. The Light-Sea Sedan is the most perfect car you can buy.

And every driver is similarly enthused over the way it achieves this driving comfort in high gear and the quick response that follows the touch of the accelerator.

Achieve by mechanical excellence, the Light-Sea Sedan is made for its full-speed winter work. The lightweight and flexible frame in conjunction with the Sage six-cylinder motor in Studebaker plants. Materials and this year's production are of highest grade.

Long, semi-elliptic springs and double, silent, multi-cylinder shock absorbers give perfect comfort. Upholstery of a rich, mohair, jet black plush—good looking and durable. Today's price is the lowest at which the Light-Sea Sedan has ever been sold.

The name Studebaker on your car is the best protection you can have!
YOUR SHOPPING WILL BE EASY IF YOU SHOP WITH US
